Walid Romaya

CEO for On Demand, SaaS based Marketplaces for Consumers and Professionals
Long Beach, California, United States

Summary

Walid is the founder and CEO of software technology companies that has developed on demand marketplaces for service industries like law, real estate and construction. Walid's mission is to empower pros to stay relevant, thrive and grow. Armed with geotagging technology, pros can conduct their business in real time and offer their menu of services to consumers and other professionals in a mobile first world.

Experience

Vikktoria

Founder and CEO
June 2019 - Present (3 years 7 months)
Greater Los Angeles Area

Vikktoria is the first open on demand marketplace to discover and connect with 1.3 million lawyers and legal professionals.

Realstir

Founder and CEO
January 2014 - Present (9 years)
Greater San Diego Area

Realstir is a software technology company building real estate on demand technologies for consumers and real estate professionals.

Prince of Wine

Wine Critic
2007 - Present (15 years)

As a holder of Diploma from Wine and Spirit Education Trust (WSET), wine is my passion. I enjoy discovering, tasting, writing and educating about wines from around the world.
