(D) The Company's Business and Business Plan

The Team

David Luke Baxter, Co-Founder

David is driven by a deep seeded mission to end poverty and help others to live decent lives. Because of his own experiences with poverty and those of his closest family and friends he has decided to put his entire life's savings of 200k into starting this coffee shop. He is our first investor and is entirely committed to creating a fair, kind, and thriving coffee shop where he and others can serve the people of Mesa for years to come while making a fair living wage!

David Baxter has 10+ years experience working in the service industry and 5 of those were serving coffee! He's worked at coffee shops that are fast paced drive throughs and coffee shops that focus

more on the sit down and dine in crowd. Though he started in the service industry his career has taken him lots of places.

For the last 5 years he's worked as a Front End and Full Stack engineer at companies like Allstate, Carvana, and ADP. Over the course of his career in tech he's trained many other engineers and worked in teams large and small. The skills gained in the areas of leadership and communication will help him tremendously as he trains our future baristas!

Shannon Kathleen Baxter, Co-Founder

Shannon's affinity for helping others started at a young age and her passion has taken her down many different roads during her life. Starting with her pre med degree and working in various hospitals around the valley, and ending up with an equine science degree where her time was spent at a local equine rescue. She has always had her heart and mind set on helping those in need and her career choices reflected that.

While receiving her degrees Shannon was a waitress and barista at a well known breakfast restaurant, Snooze an A.M. Eatery, for over 5 years. It was there that she discovered her love for early mornings, the smell of coffee, and chatting with people about their day.

With her past in mind it comes as no surprise that she is the co-founder of a worker directed coffee shop. Her past experiences have not only given her a gritty real world view of what it means to need help but it has shown her the amount of work that needs to be done. She is very excited to continue her journey in helping others at Beanchain. She believes a better world starts with us!

The Space

- Shared work space
- 3 offices
- Conference room
- Coffee shop
- Large kitchen to support local bakers

The Beahchain

The Beanchain will be a shared workspace, coffee shop, bakery, and roaster! We want to be a pillar of our community and will be reaching out to local clubs, businesses, and schools to make sure that this coffee shop becomes a nexus of conversation and connection for everyone.

This coffee shop is a labor of love for my wife and I. We've both experienced poverty, and lost a great deal to it, so we want to make sure that no one else has to go through that. Our hope is that by building a responsible worker directed coffee shop we can inspire others to do the same with other businesses. We'll be working to teach others how to start worker directed organizations like co-ops, discos, daos, and unions. This is what we want to give back to the world and our community.

Guest Bakers

We will be reaching out to all local aspiring bakers and offering them the opportunity to bake out of our shop! This will help those that want to get their business started by allowing them to use us as a jumping off point but will also help to make our store feel like home for a large chunk of our community. We're all stronger when we help each other and we hope that by empowering our

local bakers we can show that!

Coffee Shop

We are a large coffee shop in the heart of Mesa that is the perfect place to relax and get some work done. The atmosphere is cozy and welcoming, with soft lighting, comfortable seating, and a warm vibe. The coffee is always freshly brewed and the selection of teas and pastries is delicious. The staff is friendly and helpful, and they are happy to refill your drink or give you a recommendation. The music is always low and the ambiance is peaceful, making it easy to focus on your work. There is also free Wi-Fi and plenty of outlets, so you can easily stay connected and powered up. Overall, it's a wonderful spot to spend an afternoon studying or working in a relaxed and comfortable environment.

Shared Workplace

Shared workspaces can help communities in a number of ways. They provide a place for people to work, collaborate, and connect with others, which can foster a sense of community and belonging. Shared workspaces can also stimulate local economic development, as they provide opportunities for entrepreneurs and small businesses to grow and succeed. In addition, shared workspaces can help to reduce the environmental impact of commuting, as they allow people to work closer to home and reduce the need for long distance travel. Overall, shared workspaces can be a valuable resource for communities, promoting social, economic, and environmental sustainability.

Worker Directed

We'll be allowing our workers to propose changes, vote, enjoy a living wage, and receive profit sharing with the goal of making our shop one of the very first worker directed coffee shops in Arizona. We want to show people that its possible to run a profitable business while still respecting and including the people that are creating the value in that organization, the workers.

This is a deeply held believe for my wife and I. We will be working tirelessly to help as many people build a middle class life for themselves through the Beanchain as possible.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	2.0 - 7.1% ²
Payment Deadline	2028-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.5 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	3.79%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 2.0% and a maximum rate of 7.1% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$35,000	2.0%
\$57,250	3.3%
\$79,500	4.5%
\$101,750	5.8%
\$124,000	7.1%

³ To reward early participation, the investors who contribute the first \$20,000.0 raised in the offering will receive a 1.5x cap. Investors who contribute after \$20,000.0 has been raised in the offering will receive a 1.4x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
David Baxter	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

(S) The Company’s Financial Condition

Historical milestones

Beahchain Coffee has been operating since 10/22/2021 and has since achieved the following milestones:

- Developed a comprehensive business plan
- Built a Coffee Cart
- Obtained all licenses / permits needed to operate coffee cart
- Signed a lease with a great rent rate!
- Made our first dollar!
- Started developing our customer base by running the cart in the plaza our shop will be located in until construction is finished

Heart, Commitment, and Liquidity

The founder of the Beahchain started by investing nearly all of his own savings into the shop. It has many of the assets needed to run the shop already purchased and a good reserve of cash built up. We believe in our mission to our core and we're willing to put our money where our mouth is.

Beahchain Coffee has a strong liquidity position due to its high cash reserves as compared to debt and other liabilities. Beahchain Coffee expects its liquidity position to decline upon raising capital on Mainvest and deploying the capital to grow the business.

No other outstanding debt or equity

The capital raised through Mainvest will make up the entirety of the Beahchain Coffee’s fundraising. However, beahchain may require additional funds from alternate sources at a later date.
