Dushan Batrovic, CPA, MBA, BASc

Tech Founder, Investor, CEO and CFO
Toronto, Ontario, Canada

Summary

Strategically minded investor, founder, CEO and CFO with tech company experience. I spent the first 10 years of my career in the capital markets as an equity research analyst covering US and Canadian technology stocks. I then transitioned into venture capital where I was involved in due diligence and managing portfolio investments. Previously, I joined a multi-million dollar technology company as CFO, where I helped expand revenues by over 5x. Currently, I am Managing Director with a venture capital and merchant banking firm. I have an engineering degree, MBA and CPA. A few of my favorite hobbies include food, wine, film and basketball.
