Why San Jose, CA?

San Jose, CA has an extremely diverse population and happens to be part of Silicon Valley. Flush with exciting growth opportunities. The area is ripe for a gourmet dessert donut place and local competition does exist - that is NOT plant based.

Uniquely, Veggie Grill, is planted in an area called Santana Row. Santana Row draws locals and tourists (like our Monterey and Santa Cruz locations).

This is particularly attractive because we can learn how being near Veggie Grill plays into the revenue model.

In Monterey and Santa Cruz, we are near local vegan eateries, Veggie Grill has a lot of locations and is expanding, it will be nice to learn how this adds to the model for Southern California locations and out of state interests.

Additionally, San Jose will make delivery to the Oakland Zoo profitable as there will not need to be an additional delivery fee.

Production Facility in Salinas, CA

Salinas is Centrally located to support the production for the Monterey, Santa Cruz, and San Jose.

Northridge Mall in Salinas is also a bustling center in it's own right and many businesses in the food court are over \$1M annually.

There is no gourmet desert competition, except Crumbl, cookies in the entire metro.

Residence from Salinas frequent Monterey and are literally "pulling" us into the area per their request.

Intended Use of Funds

We're looking to open a new, premium location in Downtown Santa Cruz and a production facility in Salinas, CA Northridge Mall.

- Santa Cruz ->Major Tourist Area - Projecting \$1.8M first year, target open window approximately June 17th..
- Local University - UC Santa Cruz, 2 High Schools nearby, movie theatre, shopping mall, restaurants, street performers and Apartment Complexes. 5 Minutes from the Beach Boardwalk.
- Santa Cruz is known for plant based population and there is no designer donut shop within hours or high end dessert shop.

Our Mission

Rock N Roll Donut Bar plans to become one of the first, nationwide Plant-Based Donut Shops. We sell happiness, an entertainment experience, not just donuts!

- Big, Bold and Beautiful gourmet donuts that blow peoples minds!
- An exciting brand experience including a 6 foot Donut Statue playing guitar! Craft and
- IPA Beer Menu, Craft Wine and Mimosas.

- Featured at the world famous Monterey Bay Aquarium, Oakland Zoo and Casa De Fruta Resort.

(S) The Company’s Financial Condition

Other outstanding debt or equity

As of 2/1/2023, Rock N Roll Donut Bar has debt of \$370,000 outstanding and a cash balance of \$30,000. \$70,000 of this debt is sourced primarily from Hard Money Lenders and will be paid off by May 2023, not having a long term impact on this investment. The remaining amount is via the SBA for \$300,000 from the EIDL program and is payable over 30 years maturing in 2050, with a monthly payment of \$2300 not having a long term impact on this investment. In addition to the Rock N Roll Donut Bar’s outstanding debt and the debt raised on Mainvest, Rock N Roll Donut Bar may require additional funds from alternate sources at a later date.

Historical milestones

Rock N Roll Donut Bar has been operating since May 2022 and has since achieved the following milestones:

- Opened location in Cannery Row in Monterey, California
- Achieved revenue of \$1M in 2022 only operating 7 months of the year and on pace for \$1.5 million within first 12 months.

Historical financial performance is not necessarily predictive of future performance.

Other challenges

Rock N Roll Donut Bar has had the following other challenges that are not otherwise captured in the Financial Condition Section, the Risks Section, or the Financial Statements:

- Seasonality of Cannery Row location. The dip in sales in September to November was much more dramatic than anticipated. Holiday season gave a boost to the business end of December and January the business received a boost from Community Week held by the Monterey Bay Aquarium where 115,000 people flocked to Cannery Row to be able to attend the aquarium free of charge that week.
- Labor intensive payroll and learning the cadence of the dips and swings this year has taught us exactly how many employees we need and enable us to drive down the cost of production from \$1.75 per item to \$0.49 per item. This was a painful process, but has put us in a position to expand into satellite retail locations where we can deliver finished product with the existing staff at home base and a skeleton crew at the retail centers only requiring cashiers. This is HUGE savings and opportunity for the business.
- Food costs skyrocketed in 2022 and forced us to get creative and learn how to drive the costs down. We have pushed the food cost down from \$1.50 per to an average of \$0.80.
- The two previously mentioned factors assisted us in learning to drive down the labor cost and food costs from a total average of \$3.50 per item to \$1.30 on average. This is a tremendous savings that will directly impact the bottom-line as the season hits this year.
