About:

MISE LLC (DBA MISE) set out to provide their friends in the culinary industry with stylish kitchen shoes that exceed safety standards. Each element of MISE shoes is designed to combine industry-tuned features with the fit, comfort, and performance of athletic shoes. With features such as a water-resistant upper and a TPU cupsole for a secure, strong exterior, MISE shields against splashes, spills, and sharp objects from above and below. The outsole design offers reliable traction and stability throughout service and with the use of algae-based BLOOM foam their shoes reduce their footprint by supporting cleaner water and air.
