Recognition:

Spitz MN Inc. (DBA Spitz) was named after the classic vertical method for broiling proteins that ensures a flavorful rich taste, Spitz has grown to be more than just award winning food, great drinks, local craft beer and vibrant street art – they’re now a part of the community. The first Spitz location in Minnesota has been a huge success, prompting us to plan a second location in Woodbury. The capital raised will be used to build out the new location, including kitchen equipment, furniture, and decor that make Spitz a unique dining experience.

About:

Spitz MN Inc. (DBA Spitz) started as a simple concept. Two college kids from Minnesota and Utah, who wanted to bring a healthier, modern take on the Mediterranean food ubiquitous in the streets of Europe, to cities across America. Now found nationwide and building a second location in Minnesota, Spitz has received rave reviews in publications around the country, including the Los Angeles Times. A favorite amongst students, families, locals and visitors alike, the secret to our success has been our belief that quality ingredients working together yield quality results.
