(D) The Company's Business and Business Plan

The Opportunity

We are growing and expanding our operation to reach more wonderful customers who want a place to gather and build community, indoors. Our goal of opening a small outdoor neighborhood coffee and tea shop in the Lake Forest Park neighborhood has been a huge success. We recognized that the greater Shoreline area and surrounding communities needed a place like SKÖG Haus. With our expansion plans into a brick-and-mortar store front, we are bringing back the neighborhood coffee shop and cafe; a place to come in and sit down, a place to relax or to get a little work done, a place to make new friends or to meet old friends. Our goal is a location perfectly situated in a neighboring Town Center or City Center surrounded by local residents that can walk to us, apartments, restaurants, parks, and brew pubs. I'm this highly sought after market and our forecasted numbers on the conservative side, we anticipate exceeding our projections in the first 12 months. We would love your help in bringing more intentional kindness and exceptional coffee and tea to North Seattle. You are not only investing in our business, you are making a statement that YOU want to see more goodness released into this world and build up your local economy in the process!

Join us!

We are raising capital for the following purposes:

- To expand our business to a brick-and-mortar location.
- Complete the build-out of the new space.
- Purchase additional equipment.
- Increase working capital and inventory stock to support and sustain operations in the short term.

Our Mission

It all started with a passion for coffee, a mission to thrive and support our local community and local economy, and to release more kindness into the world through the process. What grew from this dream was SKÖG Haus Coffee, a mobile, specialty coffee business whose mission is to "Change the World Through Coffee". We are choosing to do business differently by acting from a place of integrity and intention in each interaction we have, everything we do, everything we serve, and every choice we make. We can not do this alone and are grateful every day that our customers, our online advocates, and our business partners join us in our efforts with their consistent support.

Our Story

SKÖG Haus Coffee was created in early 2020, headed by Heather Skogerson, and Dave Skogerson. We have lived in the Seattle area for over 30 years and are not only fanatical about great coffee and tea but also exceptional customer service. We love to bring out the best in the people we interact with, with friends and family choosing to support our endeavors every opportunity they have. We are one of many who experienced the wonderful "third wave" of coffee in the 2000 era, when coffee drinkers started to become coffee connoisseurs with the introduction of specialty coffee and its wonderfully crafted flavors from around the world. With "fast coffee" now quickly taking over and the traditional coffee house feeling being replaced with a fast, low quality "push-button" experience, we knew people wanted more. We were ready to bring the craft of specialty coffee back to our local community by bringing back the movement of "slow coffee"; to be welcomed in, to gather, to savor, and to share in the experience that brings with it all of the senses.

To date, SKÖG Haus has operated as a single-location, mobile specialty coffee and tea shop in the heart of Lake Forest Park, WA. Our location and accessible operations offer a unique experience that is like nothing in the area and is enjoyed by the LFP community, surrounding neighborhoods, and friends and families up and down Ballinger Way. We enjoy our 1-on-1 interactions with all of our customers whom we strive to know by name, including the many four-legged ones who also visit.

Come be a part of something amazing. Change the world through coffee... Join us!

INVESTMENT COMMITMENT WILL BE CANCELLED, THE COMMITTED FUNDS WILL BE RETURNED, AND THE INVESTOR WILL NOT BE ISSUED ANY OF THE SECURITIES REFERENCED IN THIS OFFERING.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	3.0 - 5.0% ²
Payment Deadline	2029-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.13%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 3.0% and a maximum rate of 5.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$75,000	3.0%
\$87,250	3.5%
\$99,500	4.0%
\$111,750	4.5%
\$124,000	5.0%

³ To reward early participation, the investors who contribute the first \$25,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$25,000.0 has been raised in the offering will receive a 1.4x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Heather Skogerson	50%
David Skogerson	50%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.
