

Narrator Overview & On-screen text for Reg CF video
[Opening Shot: Aerial view of a lush, thriving garden teeming with wildlife]
[Narrator]: "Imagine a world where every backyard is a sanctuary for wildlife—a paradise that you helped create."
[Cut to: Close-ups of happy families gardening, children interacting with butterflies]
[Narrator]: "Welcome to Garden for Wildlife, the startup that's turning this dream into reality!"
[Cut to: Graphs showing exponential growth and positive impact]
[Narrator]: "We've already touched thousands of lives, and now, we're opening the doors for you to be part of our journey."
[Cut to: <del>Shubber holding a "Join Us" sign, standing in his garden</del> ]
[Narrator]: "We're raising capital through a Reg CF campaign, and this is your invitation to invest in a greener, better future."
[Closing Shot: Text overlay - "Invest in a Greener Future" with the GFW logo and continues with existing video content.]
<b>Invest in a Greener Future</b>
Here's a look at our work getting native plants into the hands of more people:
Because of <b>our customer orders...</b>
Our <b>small-business growers</b> around the country shipped <b>180,437 plants</b> to <b>38 states</b> and <b>5,905 cities</b>
All this means:
More <b>butterflies</b> helped

More <b>bees</b> helped
More <b>birds</b> helped
Word got around
New wildlife gardeners were born
Our customers are engaged and love sharing their journey!
Looking ahead, we have ambitious plans to grow our business, including:
Bringing on more regional growers to get more plants to more places more quickly while also reducing our carbon footprint.
Help us expand and accelerate our impact with your investment.
Plant with a purpose. Plant for the Planet.
