

work + play + grow

75%

OF ENTREPRENEURS ARE PARENTS

Did you know?

The Problem

Yearly parents spend, on average, \$15,000 on childcare. Parents also struggle with finding quality childcare facilities that are affordable. Being a mom (or dad) entrepreneur means you have to decide whether you will invest \$15,000 in your business or childcare.

Our Solution

We are the only membership based black woman-owned coworking space that provides pay as you go babysitting services with socially relevant education in the United States. The key differentiator is that we not only support our community, but we provide a form of childcare with grandparents being the babysitter.

Our Solution

“

Discovering The Cube Cowork Has been my saving grace. Since becoming a member 6 years ago, I have been able to **TRIPLE** my income. I cringed at leaving my new baby at a daycare and knowing my baby is in the next room while I work is therapeutic

-Anna Grace Paulovkin

Why The Cube Cowork?

Creating Generational Wealth

On-site babysitting services

Keeping senior citizens "young"

Our Secret Sauce
