Overview

Keepers connects short term rental hosts to vetted housekeepers and automates the housekeeping booking process for short term rentals via an on-demand marketplace app. Keepers allows professional and gig economy housekeepers to be their own boss and increase their earning potential. Keepers provides hosts certainty by eliminating the stress and hassle of finding a reliable cleaning service, payment negotiations, and facilitating communications and quality control. **Keepers is a woman-owned Delaware C-Corp and is launching on the Apple and Google Play Store.**

Team

Carleena Andrepont | Founder & CEO | Financial Executive

Carleena has spent the last 20+ years in senior executive roles in publicly traded companies overseeing billions of dollars in financial management and solving tough operational challenges. From leading an overhaul of a struggling banking institution, which resulted in a profitable acquisition, to managing international finances, Carleena has demonstrated the

ability to create and execute operational plans in dynamic and uncertain environments. As a result of growing up without financial stability, Carleena believes that everyone deserves a living wage to sustain a quality of life.

Product

Eliminating the stress and hassle of finding a reliable cleaning service.
