Ahmad Gaber

Founder | Investor | Board Member
New York City Metropolitan Area

Summary

Established healthcare strategist, leader, entrepreneur, deal-maker, and business builder.

Extensive experience leading innovation, development and execution of nuanced strategies for some of the most contemporary and complex aspects of healthcare today. Examples include insurance/biotech/provider business model convergence, med-device go-to-market, full stack healthcare digitization, healthcare consumer products, population health solutions, and global new healthcare products commercialization.
