

SALONS AND STUDIOS CORALVILLE

INVESTMENT WHITE PAPER

2023

1 Background Details

Salons And Studios Coralville (Coralville) is the latest location of Salons And Studios family. While each location is its own separate entity for liability purposes, each location carries the same business model and process. Studios are rented to licensed professional in the beauty and wellness industry including, but not limited to, cosmetology (hair), esthetics (make-up, waxing, fine line tattoos), massage therapy, med spa (botox, fillers, plasma lifts, 4D ultrasounds) and many other. All locations have over 98% historical occupancy with a waiting list at each location once a vacancy does arise.

Coralville was modeled off Salons And Studios Utica (Utica). Both locations are 7,770 SF with Utica housing 30 studios and Coralville 32 studios. Utica opened June 1, 2022 and had its final rental agreement signed nine months later to achieve full occupancy.

2 Business Opportunity

What makes Salons And Studios different than other room rental businesses is the ability to customize their studio to receive a fully furnished suite. This customization, along with a lower price point than national franchised competition and larger studios, means our renting owners move in and don't move out.

With common area construction being completed January 15, 2023, Coralville has 32 studios for rent. Currently 18 have rental agreements signed with nine paying weekly rent. Each owner receives a \$3,500 allowance to customize their studio. Up to this point, Salons And Studios has funded room build outs out of cash flow from all locations.

The funds raised will allow for faster on-boarding of new users. Because rent will be received sooner from the new owners, this will partially offset profits paid to investors.

Additionally, Salons And Studios is looking to build an investor base as we begin to increase the rate of our expansion.

3 Offer

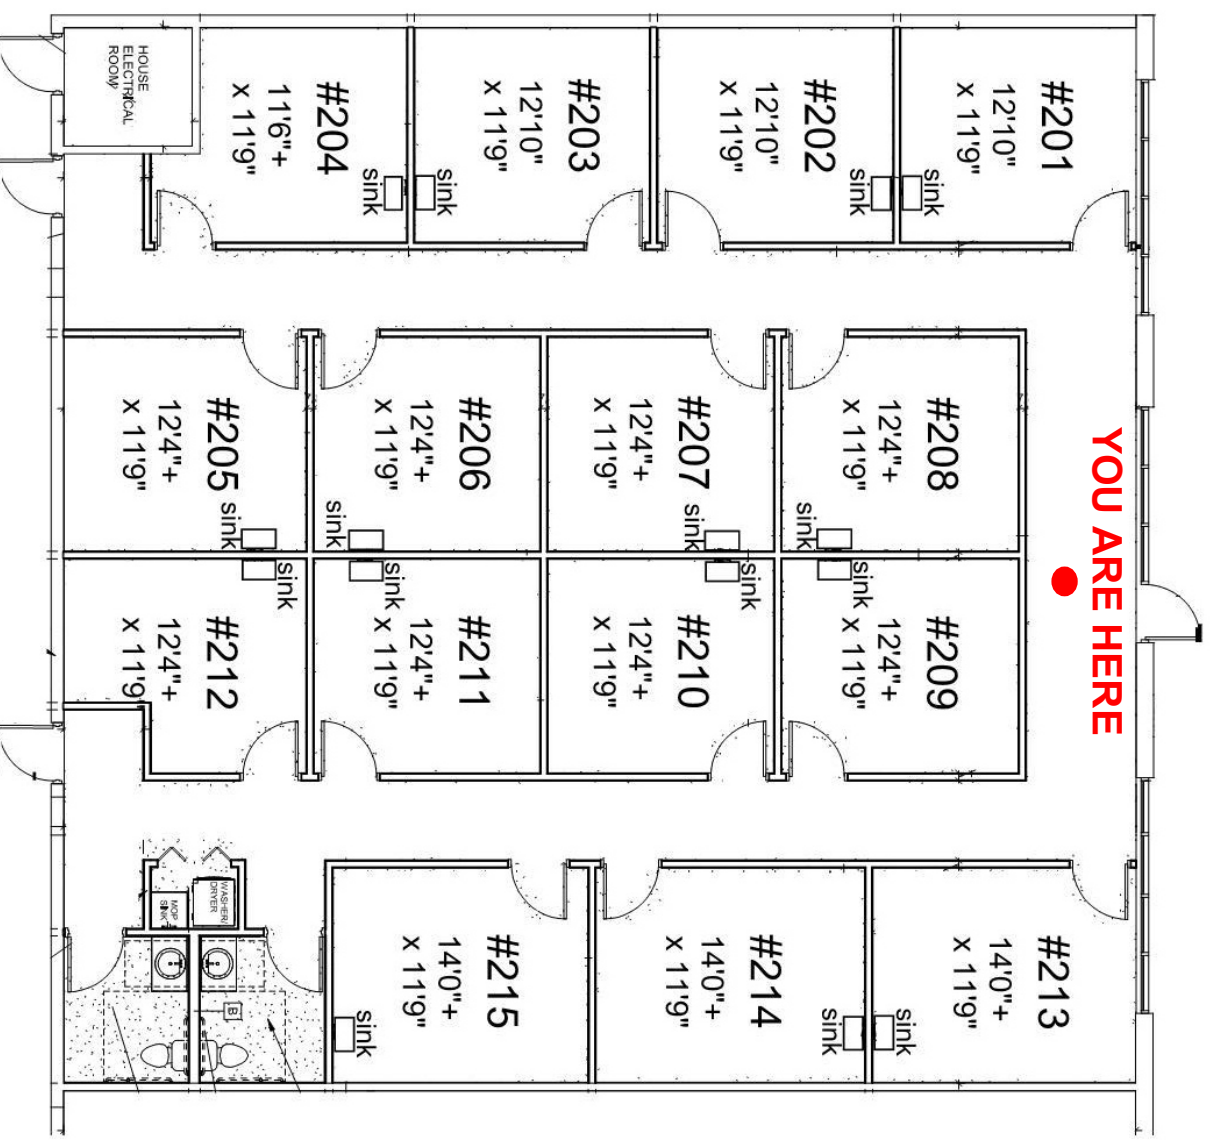

This section is to be summarized through Mainvest and their documents.

4 2022 Performance

Because Coralville follows three other locations, the following income statements with floor plans will give an idea of size and profitability.
