(D) The Company's Business and Business Plan

Highlights

- Boston Fiber Company LLC has outgrown its current location and is looking for funding to expand its inventory and support its move into a larger retail space nearby.
- BFC is a queer-owned retail yarn business located in the resurgent and walkable SOWA neighborhood of Boston's South End, serving the area's knitting and crafting community. Aside from offering the area's widest selection of locally sourced and high-quality yarns and supplies, the business provides support and community for local knitters and crafters through weekly events and classes for all skill levels, including beginners.
- Since opening its doors in July 2022, BFC has proven the need for a high-end destination yarn and knitting store in the Boston area. The post-COVID world has brought with it a resurgence of the crafts movement and an increased demand for social programming fostering community. BFC is meeting that need, as demonstrated by its passionate clientele and positive coverage on boston.com and The Boston Globe.
- BFC's plans for the future include developing its own line of dyed yarns this summer and sponsoring a community yarn festival in September. The business also plans to increase its workshop and online offerings, with possible expansion to a second location focusing on hands-on training and workshops.
- Owner Sara Ingle is an experienced retailer and business manager. Previously, she co-managed Bead+Fiber for four years, running day-to-day operations, and working with yarn dyers and companies. Before that, she worked five years in retail at Anthropologie on Newbury Street in Boston. In 2023 she received the EXTRAordinary Women award from the Mayor's Office of Women's Advancement. She is a graduate of Fordham University and the Vermont College of Fine Arts.

Our Goals

- Short-term goals for the business include moving to a larger location (already secured) in the same retail neighborhood (literally across the street), significantly increasing inventory, and expanding special events and classes.
- BFC is also working with local suppliers to create its own custom line of hand-dyed yarns. A fiber festival organized by BFC and to be held in the highly popular and walkable SOWA neighborhood is currently scheduled for September.
- BFC is also leasing a booth at the SOWA Winter Market in late November and December, which attracts thousands of holiday shoppers.
- Long-term goals include expanding online sales, wholesaling custom products, and potentially establishing a second location with a focus on classes and special events, along with a cafe.

Our Story

- Hi! I'm Sara. I'm an avid knitter, writer, and reader. My grandma taught me how to knit

when I was five years old and I've been knitting ever since.

- I've been working in retail since I was eighteen years old and I've come to love it. Opening my own shop has always been a goal of mine and I'm so excited to finally be here.
- Boston Fiber Company is a queer-owned yarn shop in Boston's South End. It is extremely important to me to create a community where everyone feels welcome and comfortable.
- I want BFC to be a place that people know they can come to ask questions, take classes, participate in events and find yarn that they can't find anywhere else. My goal is to source the majority of our inventory from queer-owned or BIPOC-owned businesses. I want the items in the store to reflect our customers and myself.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	3.5 - 6.6% ²
Payment Deadline	2029-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	3.52%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 3.5% and a maximum rate of 6.6% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$40,000	3.5%
\$48,750	4.3%
\$57,500	5.0%
\$66,250	5.8%
\$75,000	6.6%

³ To reward early participation, the investors who contribute the first \$25,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$25,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Sara Ingle	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. Upon successful funding of the Offering, the Funding Portal will receive as the "Revenue Securement Fee"; 4.5% of the amount of the Offering raised by In-Network Users of the Platform plus 9.0% of the amount of the Offering raised by all other investors. "In-Network Users" means a user of Mainvest.com who who have utilized the Company's specified in-network link on the Site.

(S) The Company’s Financial Condition

No other outstanding debt or equity

The capital raised through Mainvest will make up the entirety of the Boston Fiber Company’s fundraising. However, Boston Fiber Company may require additional funds from alternate sources at a later date.

Historical financial performance is not necessarily predictive of future performance.
