Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Saint Norma Jean Productions LLC

COMPANY ELIGIBILITY

2. ☒ Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
	Executive		
Jeff Dickamore	Administrative Assistant	BENlabs	2023
Aurora Florence	Actress	Self-employed	2023

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Jeff Dickamore	Creator and Director	2023
Aurora Florence	Creator and Director	2023

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Jeff Dickamore	Membership Interests	50.0
Aurora Florence	Membership Interests	50.0

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items

and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

We project needing at least \$300,000 to complete production of the film, which is significantly above our minimum target for this raise (\$50,000). If we have a successful raise and close on funds above \$50,000 but below \$300,000, there is no guarantee that we will be able to secure enough funds outside of Wefunder to complete production.

Competition: The entertainment industry is highly competitive, and the Company faces competition from established and emerging companies that create and distribute similar content. Increased competition may negatively impact the Company's market share and financial performance

Dependence on Third-Party Partners: The Company relies on third-party partners for the development, production, and distribution of its content. The failure of these third-party partners to perform their obligations may result in delays, cost overruns, or lower-quality content.

Market Risks: The entertainment industry is subject to changes in consumer preferences and technological advances, which may lead to decreased demand for the Company's content or render its distribution methods obsolete.

Financial Risks: The Company's financial performance is subject to various risks, including fluctuations in revenues, changes in operating costs, foreign exchange rate fluctuations, interest rate fluctuations, and the availability of financing. These risks may affect the Company's profitability and liquidity.

The creation of a film is tied to external forces outside of the control of the company, including, but not limited to, weather, terrorist attacks, and labor strikes. Events of this nature could have an impact on both the timeline of the project and overall budget. Extreme cases may make it impossible to complete the

project.

Limited operating history - the company has been in existence for a very short period of time, and is subject to all the risks incident to the creation and development of a new business, including the absence of a history of operations and minimal net worth.

Furthermore, the company has not produced or distributed a full-length motion picture. The company and the managers have, and will continue to, endeavor to employ or otherwise retain the services of those persons with the skills necessary to successfully produce and distribute a full-length feature film, but no assurances can be given that they will be successful in these efforts.

Working capital requirements and the potential need for additional financing -there is no assurance that unforeseen events will not occur, resulting in the need to raise additional funds beyond what the company and the managers project.

Furthermore, companies with limited operating histories, such as the company and the managers, do not always use capital in the most efficient manner. Thus, the company and the managers may need to raise additional capital to fund future operations and to satisfy future capital requirements of the company. The failure to raise any additional needed funds could have a material adverse effect on the company and the managers. In addition, it is anticipated that raising additional funds will result in additional dilution of each offeree's investment. Subject to the terms of the agreement, though the company and the managers do not anticipate that additional financing will need to be obtained, there can be no assurance that additional capital will not be needed.

Long-term project - the production and distribution of a motion picture involves the passage of a significant amount of time. Pre-production on a picture may extend for two to three months or more. Principal photography may extend for several weeks or more. Post-production may extend for three to four months or more. Distribution and exhibition of motion pictures generally and of the picture may continue for years before gross proceeds or net proceeds (as defined herein) may be generated, if at all.

The outbreak of Corona Virus Disease 2019 (COVID-19), and any future resurgences of COVID- 19, could cause disruptions to the Company's business and operations. Some jurisdictions, including those where the Company plans to operate, have issued directives for the general public to engage in social distancing when outside of the home. The Company could experience a reduction in customers and/or a reduction in its workforce based on any such statewide or local orders. While such orders are in effect, the Company may be required to modify its operations to conform to governmental directives (such as social distancing).

The value of a publishing brand relies heavily on products that require a large amount of upfront cost, such as films. As such, there may not be funding for such productions that would help bring the company to explosive growth, causing growth to stagnate for a period of time.

We cannot guarantee we will be successful in producing, distributing, selling, commercializing or exploiting our film, or any products created in connection therewith, or that if we are able to do so, that we will make a profit.

No assurance can be given that we will be successful in producing, distributing, selling, commercializing or exploiting any film, or any products created in connection therewith, to our targeted markets. Further, even if we do so, no assurance can be given that we will generate a profit from such sales. If we cannot generate a profit, we will have to suspend or cease operations

and any investor in the Company may lose their entire investment.

We may not be able to implement our strategies of entering into the film production business effectively or at all.

Our growth strategy depends on our ability to successfully develop film content by leveraging the talents of artistic personnel, their experience with film production. As a company, however, we have not invested capital in the production or distribution of film content. Entry into such production business presents significant challenges and subjects our business to significant risks, including those risks set forth below. The inability to successfully manage these challenges could adversely affect our potential success in the production business with respect to film. Such failures would significantly limit our ability to grow our business.

Our successful entry into the film production business faces various risks and challenges, including:

- the success of our film production business will be primarily dependent on audience acceptance of our content, which is extremely difficult to predict;
- the production and marketing of film content is capital-intensive and our capacity to generate cash from our films may be insufficient to meet our anticipated capital requirements;
- delays and increased expenditures due to creative problems, technical difficulties, talent availability, accidents, natural disasters or other events beyond the control of the production companies and distributors;
- the entrance of additional filmmakers into the film market may result in increased competition;
- the costs of producing and marketing film content have steadily increased and may increase in the future, which may make it more difficult for us to generate a profit or compete against other content creators; and
- the profitable distribution of film content depends in large part on the availability of one or more capable distributors who are able to arrange for appropriate advertising and promotion, proper release dates, and any decision by those distributors not to distribute or promote our film content which we may produce or to promote competitors' content to a greater extent than they promote ours, or our inability to enter into profitable distribution arrangements with such distributors, could have an adverse effect on our proposed production business.

A substantial part of our business relies upon the success and popularity of film content. If other forms of entertainment prove to be more attractive to consumers than such content, our growth and operating results could be harmed.

A substantial part of our business relies on the popularity of film content. If other forms of content, or other entertainment with which film content compete for consumers' leisure time and disposable income, such as conventional motion pictures, television, digital streaming services, concerts, amusement parks and sporting events, become more popular than film content, our business and operating results could be harmed.

We cannot predict the effect that rapid technological change may have on our business or industry.

The entertainment industry in general is rapidly evolving, primarily due to technological developments. The rapid growth of technology and shifting consumer tastes prevent us from being

technology and shifting consumer tastes prevent us from being able to accurately predict the overall effect that technological growth may have on our potential revenue and profitability. Furthermore, we must ensure that our production environment integrates the latest tools and techniques developed in the industry. This requires us to either develop these capabilities by upgrading our own software, which can result in substantial research and development costs and substantial capital expenditures for new equipment, or to purchase third-party licenses, which can result in significant expenditures. In the event we seek to obtain third-party licenses, we cannot guarantee that they will be available or, once obtained, will continue to be available on commercially reasonable terms, or at all. If we are unable to develop and effectively market new technologies that adequately or competitively address the needs of these changing industries, it could have an adverse effect on our business and growth prospects.

We expect to face intense competition.

Our film will compete with a variety of other programs, including on traditional networks and other micro-niche content providers. All of our competitors have greater financial resources, greater public and industry recognition and broader marketing capabilities than us. In addition, the market in which we operate is characterized by numerous small companies, with whose products we may be unfamiliar with, and which may be in direct competition with our products. Our inability to adequately compete with our competitors regardless of their respective size, may result in lost sales and will affect our overall profitability.

If we fail to effectively and efficiently advertise, the growth of our business may be compromised.

The future growth and profitability of our business will be dependent in part on the effectiveness and efficiency of our advertising and promotional expenditures, including our ability to (i) create greater awareness of our products, (ii) determine the appropriate creative message and media mix for future advertising expenditures, and (iii) effectively manage advertising and promotional costs in order to maintain acceptable operating margins. There can be no assurance that we will experience benefits from advertising and promotional expenditures in the future. In addition, no assurance can be given that our planned advertising and promotional expenditures will result in increased revenues, will generate levels of service and name awareness or that we will be able to manage such advertising and promotional expenditures on a cost-effective basis.

Film content piracy may affect our ability to maximize our revenues.

Film content piracy is extensive in many parts of the world. We presently lack the resources to effectively monitor the progress and efforts made by various countries to limit or prevent piracy. In the past, various trade associations have enacted voluntary embargoes on content exports to certain countries in order to pressure the governments of those countries to become more aggressive in preventing piracy. In addition, the U.S. government has publicly considered implementing trade sanctions against specific countries which, in the opinion of the U.S. government, do not prevent copyright infringement of U.S.-produced content; however, future voluntary industry embargoes or U.S. government trade sanctions may not be enacted. If enacted, such trade sanctions could impact the amount of revenue that we realize from the international exploitation of our content, depending upon the countries subject to such action and the duration of such action. If embargoes or sanctions are not enacted or if other measures are not taken, we may lose an indeterminate amount of

measures are not taken, we may lose an indeterminate amount of additional revenue as a result of piracy.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

Jeff Florence and Aurora Florence are part-time officers. As such, it is likely that the company will not make the same progress as it would if that were not the case.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 46.25% Marketing For Another Round of Crowdfunding (Ad Spend, Targeting Private Investors, Advertising Materials), 46.25% Short Film Production (Above-The-Line, Below-The-Line, Post Production), 7.5% WeFunder Fee.

If we raise: **\$500,000**

Use of Proceeds: 60% Below-The-Line Production (All Departments, Insurance), 18.5% Above-The-Line (Producer, Director/Writer, Principal Cast), 10% Post Production (Editing, Sound, Color, Additional Music), 4% Initial Marketing and Festival Fees (Ad Spend, Travel, Salesperson), 7.5% WeFunder Fee.

If we raise: **\$1,235,000**

Use of Proceeds: 30% Below-The-Line Production (All Departments, Insurance), 55.5% Above-The-Line (Producer, Director/Writer, Principal Cast), 5% Post Production (Editing, Sound, Color, Additional Music), 2% Initial Marketing and Festival Fees (Ad Spend, Travel, Salesperson), 7.5% WeFunder Fee.

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible

uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

1. Investor Commitment. The Investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the Investor will also execute an investment contract with the Company ("Investment Agreement"), using the Investor's electronic signature.
2. Acceptance of the Investment. If the Investor Agreement is complete, the Investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the Investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be countersigned by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.
3. Investor Transfer of Funds. Upon receiving confirmation that an investment has been accepted, the Investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.
4. Progress of the Offering. The Investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.
5. Closing: Original Deadline. Unless we meet the target offering amount early, Investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.
6. Early Closings. If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.
7. Book Entry. Investments may be in book entry form. This means that the Investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and records and will be recorded in each Investors' "My Investments" screen. The Investor will also be emailed the Investment Agreement again. The Investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

electronic certificate.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

Revenue Participation Agreement.

120% of Principal + 50% of Net Profits

100% of proceeds are paid to investors pro-rata until 120% of principal investment is returned. Thereafter investors earn 50% of Net Profits.

Adjusted Gross Proceeds (as defined in Paragraph C of the attached funding agreement) shall be allocated as follows:

1) First, one hundred percent (100%) of Adjusted Gross Proceeds shall be paid to Investors and Additional Equity Investors on a pro rata (based on the ratio that their respective financing contributions bears to the aggregate of Investor Funds, and the Additional Equity Funds) and pari passu basis until such time, if ever, as the Investor has received an amount equal to one hundred twenty percent (120%) of the Investor Funds, and the Additional Equity Investors have received an amount equal to one hundred twenty percent (120%) of the Additional Equity Funds; and

2) following such time, if ever, as Investor has recouped an amount equal to one hundred twenty percent (120%) of Investor Funds and the Additional Equity Investors have recouped an amount equal to one hundred twenty percent (120%) of the Additional Equity Funds, then any remaining Adjusted Gross Proceeds shall be referred to as "Net Profits", and shall be paid as follows: (a) fifty percent (50%) to Company ("Company's Net Profits"); and (b) fifty percent (50%), in the aggregate, to Investors and the Additional Equity Investors on a pro rata (based on the ratio that their respective financing contributions bears to the aggregate of the Investor Funds, the Additional Equity Funds and the Filmmaker Funds (as defined below)) and pari passu basis. All third-party participations in Net Profits (other than those payable to Additional Investors or those that constitute expenses as further described below) shall be borne out of Company's share of Net Profits.

- "Filmmaker Funds" is defined as all the additional funds required to produce and market the Picture in addition to Investor Funds and the Additional Equity Funds, e.g., loans, advances, minimum guarantees, etc.

3) The 50% distribution split assumes that the Investors and Additional Investors contribute the entire budget of the Picture to the Company. To the extent that they contribute less than the entire budget, the 50% distribution split shall be adjusted on a pro rata basis. For purposes of clarity and by way of example, if \$800,000 of a \$1 million budget is raised by the Investors and Additional Equity Investors, that would equal 80% of the \$1M, which would result in them receiving 80% of the 50% split, or 40% of the Net Profits.

The notes do not provide investors with any voting rights in the company.

See exact security attached as [Appendix B, Investor Contracts](#).

14. Do the securities offered have voting rights?

- ☐ Yes
☒ No

15. Are there any limitations on any voting or other rights identified above?

- ☒ Yes: No Voting Rights
☐ No:

16. How may the terms of the securities being offered be modified?

The attached Funding Agreement contains the entire understanding of the Parties relating to the subject matter herein, and supersedes all other agreements between the Parties whether written or oral relating thereto, and may not be modified or amended except by written instrument executed by both of the parties hereto.

Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

- A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission;
or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount)	Securities (or Amount)	Voting Rights
	Authorized	Outstanding	

- -
This is an LLC with no issued units.

**Securities Reserved for
Class of Security Issuance upon Exercise or Conversion**

Warrants: _____

Options: _____

Describe any other rights:

This is an LLC with no issued units.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights in the company, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These decisions could affect gross revenues and diminish payments made to Investors.

Based on the risk that the company may never realize revenues or face a Default Event, the Investor may never see any returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

There are no units issued in this offering. This is a Revenue Participation Agreement. For more information please review the Offering Details Document.

As a holder of a Revenue Participation Agreement you will have no voting rights, and limited ability, if at all, to influence out policies or any other corporate matter, including the election of directors, changes to the Company's governance documents, additional issuances of securities, company repurchases of securities, a sale of the Company or of assets of the Company, or transactions with related parties.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, **the unitholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, **the unitholders** may change the terms of the operating agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. **The unitholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that

negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The unitholders have the right to redeem their securities at any time. **Unitholders** could decide to force the Company to redeem their **securities** at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional units, an Investor's interest will typically also be diluted.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Management, and the Investor will have no independent right to name or remove an officer or member of the Management of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the

Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
No exempt offerings.				

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or any immediate family member of any of the foregoing persons.

☐ Yes
☒ No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☐ Yes
☒ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and

uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

We are creating a mostly romantic, mostly comedic feature film exploring healing through grief and how the power of music can help along the way.

Milestones

Saint Norma Jean Productions LLC was organized in the State of Utah in May 2023.

Since then, we have:

- A romantic comedy about a young widow and widower who meet the day of their spouses' funerals
- Award-winning filmmakers - Austin Film Festival's Screenwriters to Watch List
- Previously worked with Imagine Dragons, MarVista, Tubi, Le Cours Florent, and more
- A low budget genre film with high return potential (ROA not guaranteed)
- Diversity goals for cast and crew & better working hours for all
- Supplementing budget via seamless brand integrations and product placement
- Filming in a state with a refundable tax incentive (25%)

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

Historical Results of Operations

Our company was organized in May 2023 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended May 26, 2023, the Company had revenues of \$0.
- *Assets.* As of May 26, 2023, the Company had total assets of \$0, including \$0 in cash.
- *Net Income.* The Company has had net income of \$0 as of May 26, 2023.
- *Liabilities.* The Company's liabilities totaled \$0 as of May 26, 2023.

Liquidity & Capital Resources

After the conclusion of this Offering, should we hit our minimum funding target, we plan to raise more capital immediately.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital immediately if we only raise our minimum target amount. Except as otherwise

if we only raise our minimum target amount. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Saint Norma Jean Productions LLC cash in hand is \$0, as of June 2023. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$0/month, for an average burn rate of \$0 per month. Our intent is to be profitable in 24 months.

There have been no material changes in our business since the date of our financials. We have not yet started production.

We believe we need at least \$300,000 in capital in order to complete production of this film.

While it's tough to predict how much revenue this project will generate, typical streaming platform deals are around 120% of the cost of the film (paying back investors would be included in the cost).

Outside of this Wefunder round, we have approximately \$50,000 in founder-contributed capital that we plan on utilizing.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

☐ Yes ☒ No

If you would have answered "Yes" to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 16, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

INSTRUCTIONS TO QUESTION 30: Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 503(a)(3) of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.

No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated entity is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

All information presented to investors hosted on Wefunder.com is available in [Appendix A: Business Description & Plan](#).

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://www.snjproductions.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
