

Sunn Musical Equipment Corp. (the “Company”) a California Corporation

Statement of Financial Position (unaudited) and
Independent Accountant’s Review Report

As of inception – May 3rd, 2023

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To Management
Sunn Musical Equipment Corp.

We have reviewed the accompanying statement of financial position as of May 3rd, 2023 and the related notes. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying statement of financial position in order for it to be in accordance with accounting principles generally accepted in the United States of America.

Going Concern

As discussed in Note 8, certain conditions indicate that the Company may be unable to continue as a going concern. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern. Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs.

Sunn Musical Equipment Corp.
Notes to the Unaudited Statement of Financial Position
May 3rd, 2023 (inception)
\$USD

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

Sunn Musical Equipment Corp is a California Stock Corporation (C-Corp) formed on May 3rd, 2023. The company plans to earn revenue from the design, manufacture, and sale of musical instrument accessories such as amplifiers, speakers, computer hardware, and software for music-related applications. The company's headquarters will be in Petaluma, California. The companies' products will be sold globally via an e-commerce web store, and via international resellers and distributors.

The Company will conduct a crowdfunding campaign under regulation CF in 2024 to raise operating capital.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Our financial statements are prepared in accordance with U.S. generally accepted accounting principles ("GAAP"). Our fiscal year ends on December 31. The Company has no interest in variable interest entities and no predecessor entities.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

Fair Value of Financial Instruments

ASC 820 "*Fair Value Measurements and Disclosures*" establishes a three-tier fair value hierarchy, which prioritizes the inputs in measuring fair value. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

These tiers include:

Level 1: defined as observable inputs such as quoted prices in active markets;

Level 2: defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and

Level 3: defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Concentrations of Credit Risks

The Company's financial instruments that are exposed to concentrations of credit risk primarily consist of its cash and cash equivalents. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

Revenue Recognition

The Company recognizes revenue from the sale of products and services in accordance with ASC 606,” “Revenue Recognition” following the five steps procedure:

- Step 1: Identify the contract(s) with customers
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to performance obligations
- Step 5: Recognize Revenue When or As Performance Obligations Are Satisfied

The Company will identify and analyze its performance obligations with respect to customer contracts once the first contract is signed.

Equity based compensation - ASC 718-10-50

The Company accounts for stock options issued to employees under ASC 718 (Stock Compensation). Under ASC 718, share-based compensation cost to employees is measured at the grant date, based on the estimated fair value of the award, and is recognized as an item of expense ratably over the employee's requisite vesting period. The Company has elected early adoption of ASU 2018-07, which permits measurement of stock options at their intrinsic value, instead of their fair value. An option's intrinsic value is defined as the amount by which the fair value of the underlying stock exceeds the exercise price of an option. In certain cases, this means that option compensation granted by the Company may have an intrinsic value of \$0.

The Company measures compensation expense for its non-employee stock-based compensation under ASC 505 (Equity). The fair value of the option issued or committed to be issued is used to measure the transaction, as this is more reliable than the fair value of the services received. The fair value is measured at the value of the Company's common stock on the date that the commitment for performance by the counterparty has been reached or the counterparty's performance is complete. The fair value of the equity instrument is charged directly to expense and credited to additional paid-in capital.

There is not a viable market for the Company's common stock to determine its fair value, therefore management is required to estimate the fair value to be utilized in the determining stock-based compensation costs. In estimating the fair value, management considers recent sales of its common stock to independent qualified investors, placement agents' assessments of the underlying common shares relating to our sale of preferred stock and validation by independent fair value experts. Considerable management judgment is necessary to estimate the fair value. Accordingly, actual results could vary significantly from management's estimates. Management has concluded that the estimated fair value of the Company's stock and corresponding expense is negligible.

The Company has set aside 150,000 Class B shares for issuance under its 2024 Equity Incentive Plan. No shares have been issued under the plan.

Income Taxes

The Company is subject to Corporate income and state income taxes in the state it does business.

Recent accounting pronouncements

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 3 – RELATED PARTY TRANSACTIONS

The Company follows ASC 850, “Related Party Disclosures,” for the identification of related parties and disclosure of related party transactions. No transactions require disclosure.

NOTE 4 – CONTINGENCIES, COMPLIANCE WITH LAWS AND REGULATIONS

We are currently not involved with or know of any pending or threatening litigation against the Company or any of its officers. Further, the Company is currently complying with all relevant laws and regulations.

The Company entered into a license agreement with a third party. The mark ‘Sunn’ and the Sunn O logo are the property of the licensor. Sunn Musical Equipment Corp has an exclusive license from the licensor for the use of the name and logo.

The Company agreed to pay the licensor a royalty equal to 7% of the Invoiced Price for direct-to-retail sales, 7% of the Invoiced Price for sales to distributors, and 12% of the Invoiced Price for domestic wholesale sales.

NOTE 5 – DEBT

None.

NOTE 6 – EQUITY

The corporation is authorized to issue 5,000,000 shares of common stock of two classes to be designated respectively Class A Common Stock and Class B Common Stock. The total number of shares of Class A Common Stock shall be 2,500,000 and the total number of Class B Common Stock shall be 2,500,000, each with no par value per share. 1,000,000 Class A shares, and 50,000 Class B shares, were issued and outstanding as of May 3rd, 2023.

Class A Common Stock shall have exclusive voting rights on all matters requiring the vote of the shareholders and the Class B Common Stock shall have no voting rights except as otherwise provided by law.

NOTE 7 – SUBSEQUENT EVENTS

The Company has evaluated events subsequent to May 3rd, 2023, to assess the need for potential recognition or disclosure in this report. Such events were evaluated through February 5, 2024, the date these financial statements were available to be issued.

The Company received \$140,000 of additional paid in capital, in exchange for non-voting, preferred shares to be issued during the Reg CF raise.

NOTE 8 – GOING CONCERN

The accompanying balance sheet has been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The entity has not commenced principal operations and will likely realize losses prior to generating positive working capital for an unknown period of time. The Company’s ability to continue as a going concern in the next twelve months following the date the financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results. Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. No assurance can be given that the Company will be successful in these efforts. These factors, among others, raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time.
