#### EXECUTIVE SUMMARY

Rally Point Grille is a veteran-owned and veteran-led restaurant franchise that caters to the needs of both its guests and franchisees. Our primary goal is to provide exceptional dining experiences to our guests, offering friendly service and maintaining a welcoming atmosphere. At the same time, we provide our franchisees with comprehensive training and ongoing support, enabling them to operate successful and profitable restaurants under our brand. Our business model is based on a franchise system that targets multiple locations strategically located near military bases in the southeastern states of GA, SC, NC, TN, and AL, with a goal of generating revenue through royalty fees and financing interest payments. By leveraging our connections with the military community, Rally Point Grille is poised to exceed the financial proformas. We have created a Patriot Revenue Share model, which provides financing to the Franchisee at a rate of 2% of revenues, allowing Rally Point Grille Franchising to grow and to return funding to the investors over an estimated five to seven years at 50% of net profits. With one Franchisee that opened in the summer of 2023 and a database of interested prospects, our business has promising prospects for success.

#### Company Overview

Our restaurant franchise is a veteran-owned and veteran-led business that aims to serve and honor the sacrifices and contributions of our nation's brave men and women who have defended and protected our country. We understand the need for a safe, welcoming, and relaxing space for veterans to gather, socialize, and reconnect with their peers. As a business, we serve two primary customer groups - the guests who dine at our restaurants and the franchisees who operate our restaurants.

Our guests are our top priority, and everything we do is geared toward providing them with exceptional dining experiences. We strive to create menus that cater to their preferences and dietary needs, offer timely and friendly service, and maintain a clean and welcoming atmosphere. By putting our guests first, we aim to gain their loyalty and return business.

However, we also understand that our franchisees are essential to our success. They are the individuals who operate our restaurants, invest in our brand, and help to expand our presence in various markets. By providing our franchisees with comprehensive training, ongoing support, and a proven business model, we empower them to operate successful and profitable restaurants under our brand. In turn, this helps us to grow as a company and reach new customers in different markets.

By serving our guests and franchisees, we ensure that everyone involved in our business is satisfied and successful. This approach allows us to build a loyal customer base while also growing our brand through partnerships with dedicated franchisees.

This is where our business comes in.

### Mission Statement

Our mission is to provide high-quality meals and an inviting environment to our esteemed veterans while also creating employment opportunities for veterans and their families.

### Vision statement

Our vision is to create a -owned restaurant that provides exceptional food and service and actively impacts our community through philanthropic efforts and community outreach. We believe that by fostering a sense of camaraderie and providing a welcoming atmosphere, we can create connections among our guests and staff that extend beyond our doors. Our goal is to be a positive force in the lives of our customers and surrounding neighborhoods, one meal at a time.

### Business Model

Our business model is based on a restaurant franchise system that spans multiple locations, all strategically located near military installations. Our franchisees consist entirely of veterans who bring their expertise and commitment to service to the restaurant industry. Through this system, we can capture value by providing our customers with top-notch dining experiences while creating opportunities for veterans to become successful business owners. We generate revenue through royalty fees, which franchisees pay for using our brand and system. Financing interest payments also form a part of our revenue stream. By lending capital to franchisees, we help them get started and benefit from interest payments over time. Our business model is about creating partnerships and establishing long-term relationships built upon mutual trust and respect. By delivering on our promise of quality food, exceptional customer service, and a welcoming atmosphere, we can create value for everyone involved.

### Expansion Strategy

There are 30+ military bases in the southeastern states of GA, SC, NC, TN and AL. Our strategic plan is to locate qualified franchises near the bases in the states for optimal success. Capitalizing on the veteran and military population, as well as the veteran-friendly economic environment, Rally Point Grille restaurants are poised to exceed the financial proformas.

### Marketing Strategy

As a veteran-owned and led restaurant, our marketing strategy is primarily based on word-of-mouth referrals from other veterans. Social media platforms such as Facebook, Twitter, and LinkedIn also serve as valuable platforms for promoting our business. We actively sponsor events and advertise on military installations in our target markets. We also participate in civic events that honor veterans, such as Veterans Day and Memorial Day parades to promote our brand.

## Revenue Streams

Our revenue stream consists of franchisee fees, 5% royalties, financing fees, and optional 2% advertising royalties. Franchisee fees of \$35,000 are one-time payments made by new franchisees to cover the cost of training and support services. The 5% royalties are ongoing payments made by franchisees based on their monthly sales. Optional advertising royalties are payments made by franchisees upon the declaration of the franchisor. When applicable, interest payments associated with the financing options are included in the revenue streams. The attached pitch deck provides more detail on our financial modeling, including projections for revenue growth and profitability.

Our Patriot Revenue Share model offers financing to the Franchisee at a rate of 2% of revenues. This interest-only payment reduces the burden of an amortized loan, helping the franchises continue to succeed in any economic cycle. Additionally, the Patriot Revenue Share investor program allows Rally Point Grille Franchising to grow and return funding to the investors over a five-year span at 50% of net profits.

Overall, this revenue stream allows us to build long-term relationships with our franchisees while generating consistent income for the company.

## Traction

Investment in the Rally Point Grille Franchise system was completed in 2022, and this included developing the operations manual and the Franchise Disclosure Document. To date, there is one Franchisee, who opened in June of 2023 in Evans, GA, who has received financing from Rally Point Grille.

Geographically targeting franchise advertising from Facebook, an article in the DAV magazine of January 2023, and word of mouth have created a database of interest of well over 150 people. From this, there are two active in the pipeline seeking more information.

Prospects are screened for a personality/character fit and a financial fit. The methodology includes the DiSC profile as well as a basic credit application. Applicants must have a credit score over 650 with no delinquencies on their credit report (at a minimum). Additionally, they must have an honorable discharge and a clear criminal record.

## Conclusion

Our veteran-owned and operated restaurant honors the sacrifices of our nation's heroes, providing a place for them to call their own. With a welcoming atmosphere focused on veterans' needs, we hope to be the go-to restaurant for veterans in our community

## RISK FACTORS

**A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.**

**In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.**

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

### **8. Discuss the material factors that make an investment in the Issuer speculative or risky:**

***An investment in the Company involves a high degree of risk. You should carefully consider the risks described above and those below before deciding to purchase any securities in this offering. If any of these risks actually occur, our business, financial condition, or results of operations may suffer. As a result, you could lose part or all of your investment.***

### **"Best-Efforts" offering and "Rolling Closings"**

The offering of these securities is on a "best-efforts" basis. The Company intends to raise a minimum amount or target amount of \$20,000 and a maximum amount of \$124,000 by 6/30/2024. If we reach our target offering amount before 6/30/2024, we may request that the escrow agent disburse funds to us. At that point, investors whose Subscription Agreements have been accepted will all become investors in the Company. We will then continue to raise funds until the maximum amount has been reached or we decide to close the offering. We may request the escrow agent to disburse funds at a schedule determined by the Company and the Escrow Agent.

### **No guarantee of a return**

Investors are entitled to receive a return on their investment only through the securities offered. The Company has sole discretion in determining when or if to distribute cash to Investors. There is no guarantee that the Company will ever pay any cash distributions to Investors. There is no guarantee that the value of any investor's capital account will be preserved, and investors must be able to bear the risk of the total loss of their investment in the Company. Investments in the Company are not insured by FDIC, SIPC, or any other governmental or private entity. Investors should be prepared to suffer a total loss of their investment in the Company. The return to Investors and the future value of the investment will

depend on several factors which cannot be predicted and may be beyond the control of the Company. No assurance can be given as to the ultimate success of the Company. The likelihood of the success of the Company depends on many factors, including general, local, and industry-related economic conditions. If the Company does not generate sufficient revenues, the Investors may not receive any return at all and may lose all of their investment. If the Company ceases operations, liquidates, dissolves, winds up, has its assets assigned to creditors, or otherwise experience an event that causes a change in control ("Change in Control") Investors may not recoup part or all their investment from the Company.

#### **No market and no liquidity**

The securities in this offering are illiquid. That means there is no ready market for the sale of such securities, and it may be difficult or impossible to sell or otherwise dispose of this investment, and Investors should be prepared to hold this investment indefinitely.

#### **Investors will not become owners of the Company**

Investors will not become owners, members, officers, directors, or partners of the Company and shall have no voting rights. Investors are not entitled to any of the Company's assets, cash flow, or profits other than specific rights set forth in the Subscription Agreement. Since Investors will have no voting rights, you will have little or no ability to influence the affairs of the Company.

#### **Securities are unsecured obligations**

The Company's obligations under the securities offered are unsecured obligations. This means the security is not protected by a guarantor or collateralized by a lien on specific assets of the borrower in the case of a bankruptcy or liquidation or failure to meet the terms for repayment, except as specifically detailed in the offering Memorandum and/or the Subscription Agreement.

#### **Limited operating history**

The Company has a limited operating history and faces competition from larger, more established, and better-financed competitors offering similar services. Although the Company believes that its product offerings will be a key differentiator and allow the Company to capture market share, there can be no guarantee that it will succeed.

#### **Customers**

The success of the Company's business plan rests on its ability to identify and obtain customers for its products.

### **Supplier relationships**

The Company will rely on various suppliers within its supply chain. If the Company is unable to continue these supplier relationships, or the various third parties fail to perform, it may have a material adverse effect on the Company's operational and financial performance.

### **A small team of professionals with limited industry experience**

The Company currently depends upon the ability, skill, and experience of its key personnel. If some key personnel are unable to perform their duties as anticipated, either through unforeseen health issues or premature death, the ability to execute the business plan will be negatively affected. The Company does not currently maintain key person life or disability insurance.

### **Regulatory Risk**

The Company must comply with local, state, and federal rules and regulations. If the Company fails to comply with a rule or regulation, it may be subject to fines or other penalties, or its status may be lapsed, revoked, or suspended. The Company may have to stop operating, and you could lose your entire investment.

### **Effects of Inflation and Rising Interest Rates**

Factors entirely outside of our control, such as abrupt changes in interest rates, inflation in the costs of goods and services provided to us, the structure and operation of wholesale funding markets, and public policy directives, for example, might adversely affect the Company's prospects.

### **The unpredictability of future results**

As reflected in the Financial Projections, the projected results of the Company's financial position and business operations are based upon certain assumptions and estimates by Company's management. Actual future financial performance and operating results of the Company may be subject to fluctuations resulting from several factors, many of which are outside the control of the Company. Under no circumstances should such information be construed to represent or predict that the Company will achieve any particular results. We may be unable to generate sufficient cash flow from operations to make scheduled principal and interest payments on the security. The default provisions are detailed in the Subscription Agreement.

### **Management's discretion as to the use of proceeds**

Our success will depend upon the discretion and judgment of our management team concerning the application and use of the proceeds of the offering. While the use of the proceeds as detailed in the offering Materials is management's intent, management will have the discretion to adjust the use of proceeds as it deems appropriate and in the Company's best interest.

### **Concurrent Rule 506 (c) securities offering**

The Company intends to conduct an concurrent offering of private placement revenue share securities to accredited investors under Rule 506(c) (the "Private Placement"). The terms of the Private Placement offering are different than the terms of this Offering. Investors in the Private Placement may receive financial returns that exceed those available to investors in this Offering.

### **Additional capital may be required**

Although the Company believes that the proceeds of this offering, together with capital raised in the Private Placement, will provide adequate funding to develop and successfully support its business plan, the Company offers no such assurances. If the Company's cash requirements exceed current expectations, the Company may need to raise additional capital. Additional capital could include conducting another crowdfunding raise. There is no guarantee that securing additional capital on acceptable terms will be available when needed. The inability to obtain capital when needed could have a material adverse effect on the Company, including requiring the Company to experience a change in control or terminate its operations. In either of these scenarios, Investors could lose all, or a significant portion of, their investment. If we incur additional debt, your security may be subordinate to the payment of principal or interest on such future debt and our ability to pay our obligation on the security may be adversely affected.

### **Right to extend the offering deadline**

The Company may extend the offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Amount even after the offering Deadline is reached. You have the right to cancel your investment up to 48 hours before an offering Deadline; however, if you choose not to cancel your investment, your investment will not be accruing interest during this time and will be held until the new offering Deadline is reached without the Company receiving the Target Amount. At that time, it will be returned to you without interest or deduction, or if the Company receives the Target Amount, it will be released to the Company. Upon or shortly after releasing such funds to the Company, the Securities will be issued and distributed to you. If the Company reaches the Target Amount prior to the offering Deadline, it may conduct the first of multiple closings of the offering prior to the offering Deadline, provided that the Company gives notice to the investors of the closing at least five business days prior to the closing (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). After that, the Company may conduct additional closings until the offering Deadline. The Company may also end the offering early; if the offering reaches its target offering amount after 21 calendar days but before the deadline, the Company can end the offering with five business days' notice. This means your failure to participate in the offering in a timely manner may prevent you from being able to participate.

### **Business Interruptions**

Our product offerings, operations, and business location are vulnerable to damage or interruptions from earthquakes, fires, floods, power losses, telecommunication failures, terrorist attacks, acts of war, human errors, break-ins, pandemics, and similar events. A significant natural disaster could have a material adverse impact on our business, financial condition, and results of operations, and our insurance coverage may be insufficient to compensate the Company for losses that may occur.

### **Uncertainty in global economic conditions**

Our operations and performance depend on economic conditions. The current economic environment continues to be uncertain. We may experience decreased revenues and increased costs, which may negatively affect our projections. We cannot predict the timing, strength, or duration of our industry's economic slowdown or subsequent recovery. These and other economic factors could have a material effect on our financial condition and operating results.

### **Tax Considerations**

The information contained in the offering Materials is general and based on authorities subject to change. The Company guarantees neither the accuracy nor completeness of the preceding information that describes taxes and is not responsible for any errors, omissions, or results obtained by others because of reliance upon such information. The Company assumes no obligation to inform prospective Investors or Investors of any changes in tax laws or other factors that could affect their investment in this security. The offering materials do not, and are not intended to, provide legal, tax, or accounting advice. Prospective investors and investors should consult their tax advisors concerning applying tax laws to their particular situations.

### **Unforeseen risks**

In addition to the risks listed above, businesses are often subject to unforeseen risks. It is not possible to foresee all risks. Investors are encouraged to carefully analyze the risks and merits of an investment in the Securities before investing.

**11. (a) Did the Issuer make use of any written communication or broadcast script for testing the waters either (i) under the authorization of Rule 241 within 30 days of the initial filing of the Offering Statement or (ii) under the authorization of Rule 206?**

[ ] Yes [X] No

If so, provide copies of the materials used.

**11. (b) How will the Issuer complete the transaction and deliver securities to the investors?**

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the Investor.

1. Eligible Investor Questionnaire - The Investor must complete and submit an electronic Eligible Investor Questionnaire and a requested investment amount.

2. Investment Agreement - The Investor will also execute an investment agreement with the Company using the Investor's electronic signature.
3. Acceptance of the Investment - If the investment agreement is complete, the Investor's commitment will be recorded. After the offering closes, either through an initial or a final closing, the Company will counter-sign the investment agreement. The executed investment agreement will then be delivered to the Investor via email.
4. Investor Transfer of Funds - Upon receiving confirmation that an investment agreement has been accepted, the Investor will be responsible for transferring funds from an acceptable source to the Escrow Agent into an Escrow Account held by the Escrow Agent.

The Company has the right to refuse any subscription in its sole discretion for any reason, including the Company's belief that an Investor does not meet the applicable suitability requirements. The Company may make or cause to be made a further inquiry and obtain additional information as it deems appropriate regarding the suitability of Investors. The Company reserves the right to modify the suitability standards for prospective Investors to comply with any applicable state or local laws, rules, or regulations.

The investment agreement provides the Company the right to cancel the offering for any reason before the offering Termination Date.

If the sum of the investment commitments from all Investors does not equal or exceed the target offering amount at the time of the offering Termination Date, no securities will be sold in the offering, investment commitments will be canceled, and committed funds will be returned.

Investors shall direct all payments to the Escrow Agent (the "Escrow Agent") to be deposited into the Escrow Account (the "Escrow Account") until the target offering amount has been reached as stated in the disclosure document and provided for in the terms of the escrow agreement. The Escrow Agreement details all terms of the agreement and process. Should any information in this document be different from the information contained in the Escrow Agreement, the Escrow Agreement will govern.

The offering is contingent upon the Company's receipt of the target offering amount prior to the deadline to reach the target offering amount. All funds received from Investors will be held in an Escrow Account established by the Escrow Agent until the target offering amount has been reached. When the target offering amount has been reached, and funds have been received by the Escrow Agent and deposited into the Escrow Account according to the terms of the escrow agreement and provided that there have been no material changes that would require an extension of the offering and recommitment of the investment, then, and only then, can the Escrow Agent begin an initial closing consisting of a transfer of Investor funds (net of the escrow fee to be paid to the Escrow Agent), from the Escrow Account to a deposit account maintained by the Company.

Escrow Agent shall release offering proceeds, less Escrow Agent's fee, to the Company only if:

- the aggregate funds deposited into the Escrow Account from all Investors is equal to or greater than the target offering amount;
- the target offering amount has been deposited into the Escrow Account by the target date;
- this Form C and the information of this securities offering have been posted and publicly available on the Funding Portal for at least 21 days;
- the Issuer chooses to close the offering earlier than the target date to reach the target offering amount; and,
- the Issuer has notified the Investor of the new deadline for the securities offering at least 5 business days prior to the new deadline, and Investor does not cancel his or her investment commitment at least 48 hours before the new deadline (as described in Question 12 below.)

The Escrow Agent shall return Investor's funds to the Investor if:

- the target offering amount has not been reached by the target date;
- before the target offering amount is reached, Investor gives notice to the Company that it is canceling its commitment to invest in the offering and is requesting a return of its funds; or,
- the Company terminates the offering for any reason before the target offering amount is reached by the target date.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering or the Company, the Investor will be provided notice of the change and must reconfirm their investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, they will receive notifications disclosing that the commitment was canceled, the reason for the cancellation, and the refund amount the Investor must receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the Investor to reconfirm.

## **12. How can an issuer cancel an investment commitment?**

Investors may cancel an investment commitment until 48 hours before the deadline identified in these offering materials.

The Intermediary will notify investors when the target offering amount has been met.

If the Issuer reaches the target offering amount before the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days before such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If there is a material change to the terms of the offering or to the information provided by the Issuer in connection with the offering, the Intermediary will send a notice to each Investor of such material change and inform the Investor that the investment commitment will be canceled unless the Investor

reconfirms their investment commitment within five business days. If any investor fails to reconfirm their investment commitment within the reconfirmation period, the investment commitment will be canceled automatically, and the Intermediary will send to each Investor, within five business days after the initial notice of the material change, a notification that the investment commitment was canceled and direct the refund of the investment.

If the Company fails to reach the target offering amount by the offering deadline, each Investor's investment commitment will be canceled automatically, and the Intermediary will direct a refund of each canceled investment commitment to the Investor within five business days.

If an investor does not cancel an investment commitment before the 48-hour period before the offering deadline, the funds will be released to the Issuer upon closing of the offering, and the Investor will receive securities in exchange for his or her investment.
