(D) The Company's Business and Business Plan

Meet Rockport Brewing Company

Rockport Brewing Company is an independent family owned micro craft brewery that started out of Rockport, Massachusetts. Our beer draws inspiration from the rugged beauty of coastal landscapes, infusing the spirit of the sea into our artisanal craft beer. From crisp lagers reminiscent of ocean breezes to bold stouts embodying the strength of the granite coast, each brew captures the essence of Cape Ann's maritime charm.

We started our brewing journey in our driveway, brewing 5-gallon batches with water coolers, an 8-gallon pot, and a burner. After catching the brewing bug, we decided to scale up our operation, and upgrade all of our equipment. Thanks to our family and friends for helping us upgrade which made a world of difference. The better equipment gave us the ability to yield a better product. We continued to learn and experiment each and every day and it shows with our finished products. We have dedicated countless hours researching and developing our recipes and process. We are very thankful for all of our industry partners for showing us love and always answering the many questions that we have had over the years.

We are focused on putting the best possible craft beer product in our taproom. Our brewery and taproom is where craftsmanship meets flavor, pouring passion into every pint. We are dedicated to using the best locally sourced farm ingredients to make our products shine.

Our taproom will offer a warm and inviting ambiance, where friends and families come together to enjoy not just great beer, but also be a community space and living art gallery for local artist. We are dedicated to supporting local artist, musicians, and food vendors, ensuring that every visit to Rockport Brewing Company is not just about the beer, but about celebrating the vibrant spirit of our community!

We've come this far due to the support of our community, and now we're opening a community investment round to give our supporters the ability to grow alongside us. We hope you'll join us!

Our Beers

Most of our ingredients are locally sourced from responsibly sustained farms. We use our best

efforts to use ingredients and methods that have less of a carbon footprint. We are focused on making smaller batches to keep the liquid fresh to enhance the consumer experience. We're also proud to support local artists who design our labels.

- We offer 5 core brands: Hatchet (New England Session IPA), Jetty Juice (New England IPA), Twin Lights (New England Double IPA), Pescato (Italian Pilsner), and Whale Cove (White Ale)
- 10 other varieties outside of core brands have been produced since 2020 including a partnership with Cape Ann Museum called the Heritage Series
- Introducing first sour into the market in April of 2024. Recipe won People's Choice and Judges choice in the last competition entered
- Dozens of other recipes already crafted and ready to be brewed commercially

Traction & Validation

Rockport Brewing Company's mission is to become a recognized leader in the beer industry for providing outstanding premium liquid while hyper-focusing on our branding and our community. To date, we've grown through contract brewing and distribution, and we are well-positioned to expand.

- Increased self-distribution accounts from 45 in 2020 to 385 in 2023
- Brought in a distributor to gain 454 accounts in 2023
- Revenue has grown from \$80,000 in 2020 to ~\$820,000 in 2023
- By expanding self-distribution, outside distribution, and adding taproom sales, we are projecting \$2MM+ in revenue by the end of 2024 and \$5MM+ by 2028.

Intended Use of Funds

With this community round, we aim to build a state-of-the-art brewing facility and taproom in beautiful Gloucester, MA (the town over from Rockport!). Consolidating our brewing operations will save us nearly 50% of cost of goods sold, allowing us to expand revenue while keeping our bottom line sustainable.

- Brewing equipment, packaging equipment, and other equipment makes up the bulk of our costs
- Other costs include build-out, construction, permits, etc
- Aim to complete buildout by Summer 2024

Business Model

We have found success through contract brewing, building awareness and loyalty through our beer alone. Building a tap room allows us to expand revenue streams significantly.

- Distribution: continue growing existing distribution channels
- On Premise Taproom: adding a taproom will increase margins and brand loyalty
- Merchandise: build the brand with word of mouth
- Events: expand reach at regional events

If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	0.4 - 1.0% ²
Payment Deadline	2031-12-31
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.6 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	4.94%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 0.4% and a maximum rate of 1.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$50,000	0.4%
\$68,500	0.6%
\$87,000	0.7%
\$105,500	0.8%
\$124,000	1.0%

³ To reward early participation, the investors who contribute the first \$50,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$50,000.0 has been raised in the offering will receive a 1.4x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Raymond Pickup	50%
Jordana Pickup	50%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal
