Report of Independent Registered Public Accounting Firm

To the Member and Board of Directors of Security Distributors, LLC

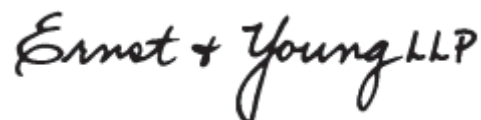

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Security Distributors, LLC (the Company) as of December 31, 2021 and the related notes (the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company at December 31, 2021, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company’s auditor since at least 1980, but we are unable to determine the specific year.

Security Distributors, LLC
(an Indirect Wholly Owned Subsidiary of
SBL Holdings, Inc.)

1. Nature of Business and Ownership

Security Distributors, LLC (the Company) is a wholly owned subsidiary of Security Benefit Life Insurance Company (SBLIC), which is a wholly owned subsidiary of SBL Holdings, Inc (SBLH). The Company is registered as a broker/dealer with the Securities and Exchange Commission (SEC), is a member of the Financial Industry Regulatory Authority (FINRA) and is a licensed insurance agent in all states except New York. The Company primarily distributes variable annuities sponsored by SBLIC and First Security Benefit Life Insurance and Annuity Company of New York (FSBL) a related party, mutual funds available through such annuities, and retirement plan products for which a related party, Security Financial Resources, Inc. (SFR), is record keeper and administrator.

As the single member of the Company, SBLIC (the Member) will from time to time contribute capital to the Company as it shall determine. The Company's profits and losses will be allocated to the Member. Distributions will be made to the Member at times and in aggregate amounts as shall be determined by the Member.

The Company has entered into an agreement with Security Benefit Business Services, LLC (SBBS), a related party, to handle all corporate functions and processes. All employees and the majority of expenses are paid by SBBS, and these costs are then billed to the Company.

2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Revenue Recognition

Commission revenue represents reimbursements from affiliated entities for commissions paid primarily to third party broker-dealers and other commissions from non-affiliated entities related to sales of variable annuity and retirement plan mutual fund products and are recognized on the trade date. Other related party revenue primarily consists of support fees. Support fees from SFR are sales-based fees that are based on a contractual agreement as a percentage of retirement plan products sales. SFR revenue is recognized on a monthly basis based on sales of retirement plan products from the previous month.

Revenue Sharing

The Company enters into distribution and underwriting arrangements with various mutual fund companies. The Company primarily receives revenue sharing fees paid by the fund over time. The Company concluded that its performance obligation is the sale of securities to investors, and as such this is fulfilled on the trade date. Amounts owed to the Company under the arrangements are primarily variable, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside of the Company's influence. Revenue sharing fees are recognized when the variable consideration is known, which is usually at month end or quarter end, depending on the fund company.

Commission Expense

Commission expense primarily consists of sales commissions paid to broker/dealers in connection with sales of certain variable annuity and retirement plan products. Sales commissions are based on contractual agreements and are recognized on the trade date.

2. Significant Accounting Policies (continued)

Allocated Overhead Expense

Allocated overhead expenses are costs that cannot be directly correlated to acquisition, maintenance, investment activities, or legal entity. These overhead expenses are incurred by SBBS on behalf of multiple legal entities and allocated on a monthly basis. This methodology is consistent with item 1 of FINRA Notice To Members 03-63 in that it allocates to the Company an allocable part of all costs for which it derives a direct or indirect benefit. Allocated overhead expenses are included within other expenses on the statement of operations.

Deferred Selling Commissions

The Company defers certain costs, principally sales commissions on products with contingent deferred sales charges, paid to broker/dealers in connection with the sale of certain retirement plan products. These deferred selling commissions are amortized using the straight line basis over the life of the revenue related stream of contingent deferred sales charges and distribution fees. Deferred selling commissions are included within the other assets on the statement of financial condition.

Cash

Cash includes operating cash.

Cash Segregated in Compliance with Federal Regulations

Cash segregated in compliance with federal regulations consists of cash on deposit in special reserve bank accounts for the exclusive benefit of clients under Rule 15c3-3 of the Securities Exchange Act of 1934. The Company does not have possession or control over customers' funds.

2. Significant Accounting Policies (continued)

Redemptions Receivable/Payable for Purchases of Retirement Plan Products

Redemptions receivable are amounts related to participant redemptions, which have been initiated by participants but not yet received from fund companies. Participants are funded for any redemptions by SFR and the Company reimburses SFR on the date the trade is settled with the fund companies. The transactions are settled through the NSCC and are not typically settled directly with the fund companies. A corresponding payable to SFR is included within Payable to related parties.

Payable for purchases of retirement plan products are amounts related to participant purchases, which have been initiated by participants but not yet paid to fund companies. Participants send cash to fund purchases and SFR applies cash to customer accounts. SFR then reimburses the Company on the date the trade is settled with the fund companies. A corresponding receivable from SFR is included within Receivable from related parties.

These balances are typically settled one day after receiving a participant's request.

Income Taxes

The Company is a disregarded entity under SBLIC for income tax purposes and is not subject to U.S. federal and state taxes. The Internal Revenue Service (IRS) is currently examining SBLIC's 2014 through 2018 federal tax returns. No adjustments have been proposed for this entity. The Company is no longer subject to U.S. and state examinations by tax authorities for those years

starting before 2014. The Company has assessed the tax positions for the current tax year and has concluded that it has no material uncertain tax positions to be recognized as of December 31, 2021.

	<u>\$ 30,954</u>

5. Contingencies

The Company is not aware of any legal proceedings or other matters that may result in a loss contingency.

In the ordinary course of business, the Company is in discussions with its regulators about matters raised during regulatory examinations or otherwise subject to their inquiry. These matters could result in censures, fines, or other sanctions. Management believes the outcome of any resulting actions will not be material to the Company's results of operations or financial condition. However, the Company is unable to predict the outcome of these matters.

6. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1 under the Securities Exchange Act of 1934). The Company computes its net capital requirements under the basic method, which requires the maintenance of minimum net capital (greater of \$25 or 6 2/3% of aggregated indebtedness) and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Advances to related parties, dividend payments, and other capital withdrawals are subject to certain notification and other provisions of the SEC Uniform Net Capital Rule or other regulatory bodies.

At December 31, 2021, the Company had net capital of \$45,503, which was \$41,705 in excess of its required net capital of \$3,798. The Company claims exemption from Rule 15c3-3, which requires a reserve with respect to customer funds, pursuant to Paragraph (k)(2)(i) thereof. The Company's ratio of aggregate indebtedness to net capital was 1.25 to 1 at December 31, 2021.
