# Josh D'Angelo, PT, DPT, OCS

Co-Founder & CEO at MovementX

Alexandria, Virginia, United States

## Experience

### MovementX

Co-Founder & Chief Executive Officer

January 2018 - Present (6 years 5 months)

Washington D.C. Metro Area

Movement is how we experience our world.

-

It transcends nations, borders, & ethnicities. It's how we work, how we play, how we live. It's our uniting force as human beings. By improving people's movement, we improve the world. However #movement matters to you, we solve for X.

-

At MX, we ask, "What is possible?" We live in a world where we can travel in strangers' cars, buy our favorite products online, and order a tall half-caff soy latte at 120 degrees. So we ask, why can't our healthcare experience be more personalized? Why can't it be convenient? Why can't it be empowering?

-

Health happens in the real world, so why confine it to a treatment room or hospital?

-

Whether it was in treatment rooms with patients, living rooms with family members, or coffee shops with complete strangers... we kept hearing how healthcare can be a frustrating experience. A lot of people are feeling overwhelmed & powerless from high healthcare costs, annoying paperwork, & crowded waiting rooms. Too many #health providers are feeling burnt-out from overbooked patient schedules, time-consuming administrative burden, & complicated third-party incentives. It's clear the architecture of #healthcare needs a new design, so we are redesigning it.

-

We are bringing the 11-star experience to healthcare.

-

#healthymovement #healthychoices #healthylifestyle

## TrueSpace

Member
