Dr. Keaton Ray

Physical Therapist, HealthTech Entrepreneur, Public Speaker,
explorer of the PNW, Corgi Mom, obsessive organizer, avid hot
sauce fan.

Portland, Oregon, United States

Summary

I am a passionate physical therapist and entrepreneur in Portland, OR specializing in helping society move and live at their best. I am driven by the desire to improve the quality of the healthcare experience for patients and providers alike, and the belief that healthcare should be personalized, effective, cost-efficient, and inspiring. I am honored to be on this journey of healthcare, technology, and entrepreneurship!

Experience

MovementX

7 years 9 months

Co-Founder, COO

October 2016 - Present (7 years 8 months)

Portland, Oregon, United States

Co-Founder

September 2016 - Present (7 years 9 months)

Movement is how we experience our world.

-

It transcends nations, borders, & ethnicities. It's how we work, how we play, how we live. It's our uniting force as human beings. By improving people's movement, we improve the world. However #movement matters to you, we solve for X.

-

At MX, we ask, "What is possible?" We live in a world where we can travel in strangers' cars, buy our favorite products online, and order a tall half-caff soy latte at 120 degrees. So we ask, why can't our healthcare experience be more personalized? Why can't it be convenient? Why can't it be empowering?

-

Health happens in the real world, so why confine it to a treatment room or hospital?

-

Whether it was in treatment rooms with patients, living rooms with family members, or coffee shops with complete strangers... we kept hearing how healthcare can be a frustrating experience. A lot of people are feeling overwhelmed & powerless from high healthcare costs, annoying paperwork, & crowded waiting rooms. Too many #health providers are feeling burnt-out from overbooked patient schedules, time-consuming administrative burden, & complicated third-party incentives. It's clear the architecture of #healthcare needs a new design, so we are redesigning it.

-

We are bringing the 11-star experience to healthcare.

-

#healthymovement #healthychoices #healthylifestyle

Oregon Physical Therapy Association

APTA Delegate

October 2014 - January 2021 (6 years 4 months)

The House of Delegates (House) is an APTA policy-making body comprised of voting chapter delegates, non-voting delegates (the Board of Directors and section, assembly, and PTA Caucus delegates), and consultants. The number of voting chapter delegates is determined each year based on membership numbers and is an elected position at the chapter level.

The House meets annually for 3 successive days each spring, during which time delegates make decisions on issues that may have far-reaching implications for the association and for the profession of physical therapy. Business of the House follows parliamentary procedure and is conducted through the introduction of delegate-proposed motions, which may amend APTA's bylaws, direct a course of action, articulate an association attitude on the physical therapy needs of the public or the needs of members, or describe a goal the association wishes to achieve.

Advance Sports and Spine Therapy

Physical Therapist

June 2014 - April 2018 (3 years 11 months)

Wilsonville, OR

To be recognized as the leader in spine and orthopedic physical therapy in the Portland region; providing the highest quality evidence based care. In addition to providing quality care we will be sought after as the educational leader for both the profession and community.

Additional Responsibilities:

- Website design and management
- Social media management and marketing
- Community outreach marketing
- SEO optimization

PT Day of Service

Director of Operations, Outreach, and Communication

May 2015 - October 2016 (1 year 6 months)

PT Day of Service, also known as PTDOS, is planned for October 17, 2015.

We envision a day where Physical Therapists, Physiotherapists, PTAs, students and their friends around the world will work in unity to provide a volunteer service for their community. Pledge to participate by filling out the pledge form.
