# HOW YOU COULD PROFIT FROM A \$450M SALE

The math on this is straightforward. You have the opportunity to own membership interests in the original pure silver David by Michelangelo at a \$100M valuation. When the David sculpture is sold to a retail buyer, you'll then get a return based on the difference between your initial price value and the final retail sale price. The David was already appraised at over \$800M and we believe it can be sold for over \$450M.
