### SAVES

A “Save” is credited to a pitcher who finishes a game for the winning team under certain circumstances. A save can be earned by entering a game in which the team is leading by three (3) or fewer runs and finishing the game by pitching at least one (1) inning without losing the lead; entering the game with the tying run in the on-deck circle, at the plate or on the bases and finishing the game; or by pitching at least three (3) innings in relief and finishing the game regardless of how many runs the team was winning by when entering the game.
