THE COMPANY AND ITS BUSINESS

Company Overview

Rootless was started in 2021 by Sachi Singh, who wanted to transform the global food system by getting more people to eat and grow sustainable seaweed. After earning a Masters in Environmental Management from Yale University and over a decade of international work in think tanks, academia, and nonprofits on climate solutions, she quit her full-time job in philanthropy to start Rootless. Early on in her seaweed discovery process, Sachi recognized that eating seaweed is not only good for people's health, but creating more consumer demand for sustainable seaweed - which is a regenerative, zero input crop - can help the planet's health as well.

Through her research, Sachi learned that cultures in which seaweed is consumed daily as a dietary staple, such as in Japanese, Okinawan and Korean diets, people tend to live longer, healthier lives. As one of the most nutrient-dense and nutrient-diverse foods on the planet, seaweed is rich in vitamins, minerals, trace minerals, polyphenols and bioactives that are lacking in Western diets. Seaweed is also the most natural, potent source of iodine, a mineral which our bodies require to produce thyroid hormones. Iodine, which most Americans are deficient in, can only be obtained through food and supplements. As American diets become increasingly plant based and lack other sources of iodine such as iodized salt, dairy, eggs, and seafood, the US population has become iodine deficient.

And for the first time in recent history, women of reproductive age in the US are iodine deficient, which can have severe health implications during times of hormonal changes like when pregnant, breastfeeding or transitioning into perimenopause and post-menopause. Rootless is harnessing the power of seaweed and is on a mission to help millions of women reclaim their hormonal health with this time-tested superfood. By making foundational nutrition, educational nourishment, and community connection more accessible, Rootless helps women feel valid, empowered, and seen - particularly as they enter perimenopause - and reclaim their bodies, health, and identities at all ages. Simply put, we want women to feel good knowing that doing one thing for themselves each day is self, community, and planetary care.

Products

Rootless is making it easy to tap into seaweed's nutritional benefits with our hero product, the Daily Bite, a tasty, whole food supplement made with the optimal daily dose of seaweed, plus almonds, dates, and seeds. As seaweed can be an unfamiliar and unpleasant flavor, texture, or aroma for some, the Daily Bite was created to deliver seaweed conveniently in an innovative, bioavailable form without having to "taste the sea." The Daily Bite is currently available in 5 delicious flavors and sold in home-compostable pouches that are designed to be sustainable and keep the product fresh:

- Double Strawberry
- Orange Pistachio
- Coconut Chai
- Cacao Crunch
- Cinnamon Crunch

Made with carefully-sourced, clean, whole-food ingredients, the Daily Bites are vegan, gluten-free, have no added sugar, and are less than 45 calories per serving. There are more than 40 essential nutrients and bioactives in each bite, and they are recommended to be taken daily to get 130% of your daily dose of iodine. The product development team at Rootless thoughtfully designed the Daily Bite to provide the optimal daily dose of iodine from seaweed by considering which species of seaweed is not too high in iodine based on FDA recommendations. We source our USDA-certified organic seaweed from the clean, unpolluted waters off the coast of Maine and Ireland. It is sustainably harvested and rigorously lab-tested for quality and nutrition. In addition to providing reliable livelihood to harvesters and coastal communities, these thriving seaweeds help heal the surrounding ocean by absorbing carbon from the water and air.

Market Analysis

80% of women suffer from symptoms of hormonal imbalance during puberty, pre- and post-pregnancy, and menopause. Menopause has been the most neglected, yet everyone with female hormones will experience it. By 2025, over 1 billion women will be experiencing menopause, 75% of whom will experience symptoms rooted in hormonal changes, which can be severe and debilitating. The menopause market represents a \$600 billion opportunity, and has received increasing attention this year due to celebrities, mainstream media, the White House introducing a Women's Health Initiative, and the Menopause Research and Equity Act being introduced to Congress. Currently, a fraction (under 1%) of the NIH's budget funds menopause research. According to the AARP, 85% of internal medical residents do not feel equipped to talk about, and therefore treat, menopause.

Rootless does not have any direct competitors that are leveraging seaweed-powered, whole foods solutions to alleviating menopause symptoms. The major players in this space are large pharmaceutical companies that are developing nutraceutical solutions to alleviate menopause symptoms, including Pfizer Inc, Novo Nordisk A/S, Allergan plc, etc.

Today, more women are seeking both hormonal and non-hormonal solutions for menopause symptom alleviation, including natural, herbal remedies, clean supplements and beauty products, mental health and mindfulness services, telemedicine, etc. Rootless has a competitive advantage in the use of an effective, novel ingredient (minimally-processed, sustainably sourced seaweed) presented in a new and innovative delivery mechanism and form factor. Rootless' sourcing team has built a moat around its sustainably sourced seaweed supply chain and processing, and is continuing to invest in a brand-and-community-led moat.

Marketing and Sales Strategy

Rootless started as a Direct-to-Consumer business with a subscription model, and are planning to expand into offline retail to continue growth. Through the Rootless' Shopify website, consumers can either purchase one-time or recurring monthly subscriptions. Using supplement pricing as a benchmark (~\$1/day), one-time (or a month supply) purchases of Rootless Daily Bites are \$44 + \$7.99 flat rate shipping to anywhere in the US, and subscribers save 10% (\$39.60) and get free shipping. First-time purchases and subscriptions receive a free refillable countertop tin, which consumers love to place

somewhere like their nightstand or on their desks as a reminder of the ritual to take their bites daily. All subsequent subscription shipments receive the compostable pouches and can refill their tin.

In 2022, Rootless launched three initial flavors of the Daily Bite (Coconut Chai, Double Strawberry, and Orange Pistachio) mostly distributed using word-of-mouth and organic marketing. In early 2023, Rootless launched two additional flavors of the Daily Bite (Cacao Crunch and Toasted Hazelnut) which were developed with consumer feedback through a program called Rootless Labs. Also around this time, Rootless scaled their marketing spend and distribution on Meta, Google, Brand Marketing, and Affiliate Marketing. In 2023, marketing spend was focused on 50% acquisition and 50% retention with the following channel revenue attribution (26% Meta, 6% Google, 18% Email, and 2% Affiliate).

In mid-2023, Rootless launched their offline retail expansion with a focus on wellness hubs where there tends to be more ability to engage in consumer education. Rootless plans to scale this sales channel in 2024 and beyond. Toasted Hazelnut was discontinued towards the end of 2023, and Rootless launched a new flavor Cinnamon Crunch in January 2024.

CO-ISSUER

This Offering has the following co-issuer(s): SeaRasa CF SPV, LLC (the “**Co-Issuer**”), a Delaware limited liability company with an address at 971 Eddy Street, 605, San Francisco, CA 94109, United States. There is no website for the Co-Issuer.

The Company has formed the Co-Issuer solely for issuing the Securities under this Offering. The Co-Issuer will serve merely as a conduit for investors to invest in the Company and will not have a separate business purpose. An investment in the Co-Issuer will allow investors to achieve the same economic exposure, voting power (which is none) and ability to assert State and Federal law rights and achieve the same disclosures as if they had invested directly in the Company. The Co-Issuer will maintain a one-to-one relationship between the number, denomination, type and rights of Company securities it owns and the number, denomination, type and rights of its securities outstanding. The Co-Issuer cannot borrow or raise funds on its own account. There will be no material difference between an investment in the Company and the Co-Issuer.

RISK FACTORS

The SEC requires the company to identify risks that are specific to its business and its financial condition. The Company is still subject to all of the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks related to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking.) Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

Uncertain Risk

An investment in the Company involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any securities should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the company should research thoroughly any offering before making an investment decision and consider all of the information provided regarding the company as well as the following risk factors, in addition to the other information in the Company's Form C/A. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial, financial, and other risks inherent in the investment in the Company.

Any valuation is difficult to assess

The valuation for the Offering was established by the Company. Unlike listed companies that are independently valued through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess, may not be exact, and you may risk overpaying for your investment. The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market, the Company's performance, and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. Rather, the price of the Securities was derived as a result of internal decisions based upon various factors including prevailing market conditions, the Company's future prospects and needs, research on other companies that have been acquired that is not scientific and is anecdotal only and the Company's capital structure. These prices do not necessarily accurately reflect the actual value of the Securities or the price that may be realized upon disposition of the Securities, or at which the Securities might trade in a marketplace, if one develops. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

The transferability of the securities you are buying is limited

You should be prepared to hold this investment for several years or longer. For the 12 months following your investment, there will be restrictions on how you can resell the securities you receive. More importantly, there are limited established markets for these securities. As a result, if you decide to sell these securities in the future, you may not be able to find, or may have difficulty finding a buyer, and you

may have to locate an interested buyer when you do seek to resell your investment. The Company may be acquired by an existing player in the same or a similar industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

Your investment could be illiquid for a long time

You should be prepared to hold this investment for several years or longer. For the 12 months following the investment, there will be restrictions on how you can resell the securities you receive. More importantly, there are limited established markets for these securities. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the same or a similar industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

The Company may undergo a future change that could affect your investment

The Company may change its business, management or advisory team, IP portfolio, location of its principal place of business or production facilities, or other changes which may result in adverse effects on your investment. Additionally, the Company may alter its corporate structure through a merger, acquisition, consolidation, or other restructuring of its current corporate entity structure. Should such a future change occur, it would be based on the management's review and determination that it is in the best interests of the Company.

Your information rights are limited with post-closing disclosures

The Company is required to disclose certain information about the Company, its business plan, and its anticipated use of the proceeds, among other things, in this Offering. Early-stage companies may be able to provide only limited information about their business plan and operations because it does not have fully developed operations or a long history to provide more disclosure. The Company is only obligated to file information annually regarding its business, including financial statements. In contrast to publicly listed companies, Investors will only be entitled to that post-Offering information that is required to be disclosed to them pursuant to applicable law or regulation, including Regulation CF. Such disclosure generally requires only that the Company issue an annual report via a Form C-AR. Investors are generally not entitled to interim updates or financial information.

Management's discretion as to Use of Proceeds

Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds for this Offering. The Use of Proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to reallocate portions of the net proceeds reserved for one category or another, and we will have broad discretion in doing so.

Projections: Forward Looking Information

Any projections or forward-looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and may not have been reviewed by our independent accountants. These projections are based on assumptions that management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

The amount raised in this Offering may include investments from Company insiders or immediate family members. Officers, directors, executives, and existing owners with a controlling stake in the company (or their immediate family members) may make investments in this offering. Any such investments will be included in the raised amount reflected in the campaign page.

Supply Chain and Logistics Risks

The availability of raw materials, transportation costs, and supply chain disruptions can all impact the ability to manufacture and distribute products and services, leading to lost revenue or increased costs. Products and services that are not available when consumers need them can lead to lost sales and damage to the brand's reputation.

Quality and Safety of our Product and Service

The quality of a product or service can vary depending on the manufacturer or provider. Poor quality can result in customer dissatisfaction, returns, and lost revenue. Furthermore, products and services that are not safe can cause harm to customers and result in liability for the manufacturer or provider. Safety issues can arise from design flaws, manufacturing defects, or improper use.

Minority Holder; Securities with No Voting Rights

The Securities offered herein constitute LLC membership interests of the Co-Issuer, which equal up to the same number of Common Stock issued by the Company on a one-to-one basis. Therefore, the Securities do not have voting rights in the Company unless otherwise provided for by the Company. This means that you will have no rights in dictating how the Company will be run. You are trusting in management's discretion in making good business decisions that will grow your investments. Furthermore, in the event of a liquidation of our Company, you will only be paid out if there is cash remaining after all of the creditors and after holders of preferred stock of our Company have been paid out.

You are trusting that management will make the best decision for the company

You are trusting in management's discretion. You are buying securities as a minority holder, and therefore must trust the management of the company to make good business decisions that grow your investment.

This Offering involves “rolling closings,” which may mean that earlier investors may not have the benefit of information that later investors have.

Once we meet our target amount for this Offering, we may request the Escrow Agent to disburse Offering funds to us. At this point, investors whose subscription agreements have been accepted will become our investors. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies’ business plans, or prospects, sometimes with little or no notice. When such changes happen during the course of an offering, we must file an amendment to our Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our investors and will have no such right.

Vulnerability to Economic Conditions

Economic conditions, both globally and within specific markets, can significantly influence the success of early-stage startups. Downturns or recessions may lead to reduced consumer spending, limited access to capital, and decreased demand for the company’s products or services. Additionally, factors such as inflation, interest rates, and exchange rate fluctuations can affect the cost of raw materials, operational expenses, and profitability, potentially impacting the company’s ability to operate.

The loss of one or more of the Company’s key personnel, or their failure to attract and retain other highly qualified personnel in the future, could harm the business.

The Company’s business depends on the ability to attract, retain, and develop highly skilled and qualified employees. As it grows, they will need to continue to attract and hire additional employees in various areas, including sales, marketing, design, operations, finance, legal, and human resources. However, they may face competition for qualified candidates, and they cannot guarantee that they will be successful in recruiting or retaining suitable employees. Additionally, if they make hiring mistakes or fail to develop and train their employees adequately, it could have a negative impact on the business, financial condition, or operating results. They may also need to compete with other companies in their industry for highly skilled and qualified employees. If they are unable to attract and retain the right talent, it may impact their ability to execute the business plan successfully, which could adversely affect the value of your investment. Furthermore, the economic environment may affect their ability to hire qualified candidates, and they cannot predict whether they will be able to find the right employees when they need them. This would likely adversely impact the value of your investment.

The ability to sell the Company’s product or service is dependent on outside government regulation which can be subject to change at any time.

The ability to sell the Company’s products is subject to various government regulations, including but not limited to, regulations related to the manufacturing, labeling, distribution, handling and sale of its products. Changes in these regulations, or the enactment of new regulations, could impact the ability to sell its products or increase its compliance costs. Furthermore, the regulatory landscape is subject to

regular change, and they may face challenges in adapting to such changes, which could adversely affect their business, financial condition, or operating results. In addition to government regulations, they may also be subject to other laws and regulations related to their products, including intellectual property laws, data privacy laws, and consumer protection laws. Non-compliance with these laws and regulations could result in legal and financial liabilities, reputational damage, and regulatory fines and penalties. It is also possible that changes in public perceptions or cultural norms regarding their products may impact demand for their products, which could adversely affect the business and financial performance, which may adversely affect your investment.

The Company relies on third parties to provide services essential to the success of its business.

The business relies on a variety of third-party vendors and service providers, including but not limited to manufacturers, shippers, accountants, lawyers, public relations firms, advertisers, retailers and distributors. The ability to maintain high quality operations and services depends on these third-party vendors and service providers, and any failure or delay in their performance could have a material adverse effect on the business, financial condition, and operating results. The Company may have limited control over the actions of these third-party vendors and service providers, and these vendors may be subject to their own operational, financial, and reputational risks. The company may also be subject to contractual or legal limitations in their ability to terminate relationships with these vendors or service providers or seek legal recourse for their actions. Additionally, the company may face challenges in finding suitable replacements for these vendors and service providers, which could cause delays or disruptions to their operations. The loss of key or other critical vendors or service providers could materially and adversely affect the business, financial condition, and operating results, and as a result, your investment could be adversely impacted by the company's reliance on these third-party vendors and service providers.

Economic and market conditions

The Company's business may be affected by economic and market conditions, including changes in interest rates, inflation, consumer demand, and competition, which could adversely affect the Company's business, financial condition, and operating results.

Force majeure events

The Company's operations may be affected by force majeure events, such as natural disasters, pandemics, acts of terrorism, war, or other unforeseeable events, which could disrupt the Company's business and operations and adversely affect its financial condition and operating results.

Adverse publicity

The Company's business may be negatively impacted by adverse publicity, negative reviews, or social media campaigns that could harm the Company's reputation, business, financial condition, and operating results.

Constraints on the Menopause Market

Despite the considerable growth potential in the market, various factors, including concerns about safety, limited awareness and societal stigma, regulatory obstacles, and insufficient research and development, may impede its expansion. Menopause remains a sensitive and taboo topic in numerous countries, contributing to a lack of understanding about its impact on women's health, potentially reducing demand and complicating the promotion of menopause-related products and services. Despite the increasing demand for efficient treatments, the limited research and development in the field pose a hindrance to the availability of effective solutions. These factors collectively contribute to the potential limitations on the market's growth.

Seaweed supply chain risks

Environmental risks in climate change like changes in ocean temperatures and acidity levels can impact seaweed growth and quality. Natural Disasters like storms, hurricanes, or other extreme weather events can damage seaweed farms or harvesting areas, and natural factors such as disease, pests, or suboptimal growth conditions can impact seaweed yields. Reliance on specific technologies for farming, processing, or preserving seaweed leaves the business vulnerable to technological failures. Compliance with regulations related to seaweed farming and harvesting can be complex and may vary by location. Stricter regulations regarding the environmental impact of seaweed farming can affect operations. Ensuring consistent quality and preventing contamination is crucial for seaweed products. Seaweed can absorb pollutants and toxins from the water, posing risks if not properly monitored. The market prices for seaweed products may vary, affecting revenue and profitability. Furthermore, delays or disruptions in transportation and logistics can affect the timely delivery of products. Consumer acceptance of seaweed products may be influenced by cultural factors, taste preferences, or misconceptions, affecting market penetration.

The Investor Transaction Fee may not count toward your cost basis for tax purposes.

The IRS and/or another relevant tax authority may consider the price of the share before including the Investor Transaction Fee as the cost basis for determining any gain or loss at a realization event. You should discuss with your tax advisor the appropriate way to determine the relevant tax obligation.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C/A and all Exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C/A, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

Rights and Restrictions on the Securities

Voting and Control Rights

Since Investor makes investment through the Co-Issuer, the Securities do not have voting rights unless otherwise provided for by the Company. Moreover, each Investor who purchases the Securities is not entitled to vote on any matter or to call for an annual or special shareholders meeting. As a result of purchasing Securities in this Offering, the Investors will have no voting or control over any corporate matters of the Company, including additional issuance of securities, Company repurchase of securities, a sale of the Company or its significant assets, or Company transactions with related parties. Investors in the Co-Issuer will indirectly hold Common Stock of the Company and are completely passive investors. Investors should not purchase the Securities if they are not comfortable with this lack of voting and control.

Dilution

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Company. Investors should understand and expect the potential for dilution. The Investor's stake in the Company could be diluted due to the Company issuing additional shares of stock or other convertible securities to other parties. In other words, when the Company issues more shares, the percentage of the Company that you own will go down, even though the value of the Company may go up (there is no guarantee that it will). You will own a smaller piece of a larger Company (or, if the value goes down, then a smaller piece of a smaller company). This increase in number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round or angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock. If the Company decides to issue more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before.

Transferability of Securities

The Securities being offered may not be transferred by any purchaser of such Securities during the one (1) year period beginning when the Securities were issued, unless such Securities are transferred:

- (1) to the Issuer;
- (2) to an accredited investor;
- (3) as part of an offering registered with the U.S. Securities and Exchange Commission; or
- (4) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled “Risk Factors” and elsewhere in this Offering Statement.

Results of Operations

Circumstances which led to the performance of financial statements:

Revenue

Revenue for the fiscal year 2022 was \$95,757 compared to \$324,097 in fiscal year 2023.

The increase in revenue was due to the fact that the Company invested in an acquisition strategy on paid social media, and increased retention through a monthly subscription program.

Cost of sales

Cost of Sales for fiscal year 2022 was \$90,729 compared to \$231,843 in fiscal year 2023. The increase in Cost of Goods Sold (COGS) was largely due to increased cost of professional services, the need for more supplies and materials as the company grew, and increased cost of 3PL partner to ship products to consumers.

Gross Margins

Gross margins for fiscal year 2022 were \$5,028 compared to \$92,254 in fiscal year 2023.

Expenses

Expenses for the fiscal year 2022 were \$780,083 compared to \$1,054,773 in fiscal year 2023. The increase in expenses was due to an increase in payroll with an added full-time employee, increased R&D costs, and more than doubling the sales and marketing costs.

Historical results and cash flows

The Company is currently in the growth stage and has been generating revenue since 2021. We are of the opinion the historical cash flows will be slightly lower than the revenue and cash flows expected for the future because we are scaling our operations to lower our operating costs, increasing marketing spend to increase revenue, and expect a higher gross margin as we continue to scale the business. Past cash was primarily generated through customer sales directly from our website. Our goal is to add additional retailers to allow us to scale the business and improve our bottom line.

Liquidity and Capital Resources

1. What capital resources are currently available to the company? (Cash on hand, existing lines of credit, shareholder loans, etc.)

As of March 4, 2024, the Company has capital resources available in the form of \$365,107.54 in cash on hand.

2. How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)

We believe the funds of this campaign are critical to the Company's operations and ability to scale. We may have other funds and capital resources available to us in addition to this Regulation Crowdfunding campaign.

3. Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)

We believe the funds of this campaign are not necessary to the viability of the Company but will allow us to grow and scale faster than we have been by funding our own internal growth thus far. Of the total funds that the Company has, 74% will be made up of the funds raised from the Offering if we are able to raise Maximum Offering Amount.

4. How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?

The Company will scale down marketing spend and expenses to have a year of runway, during which we will focus on profitability so we can be self-sustaining without external capital.

5. How long will you be able to operate the company if you raise your maximum funding goal?

The Company will be able to operate for many years to come, as it is projected to reach profitability in Q1 2025 and can self-sustain. This capital raised via this Offering will be used to scale and achieve breakeven in 2024.

6. Are there any additional future sources of capital available to your company? (Required capital contributions, lines of credit, contemplated future capital raises, etc.)

The Company plans to raise a venture round for Series A in 2025.

Valuation

Pre-Money Valuation: \$13,000,000

Valuation Details: The Company determined its valuation based on raising investment on a SAFE note at this valuation amount. The Company sets its valuation internally, without a formal third-party independent evaluation.

Debt

As of the date of this Form C/A, the Company does not have any debt.

(a) "Market Stand-Off" Agreement. Each Subscriber hereby agrees that it will not, without the prior written consent of the managing underwriter or financial advisor to the Crowdfunding Issuer (as applicable), during the period commencing on the date of the final prospectus relating to the registration by the Crowdfunding Issuer of its securities under the Securities Act on a registration statement on Form S-1 or Form S-3, and ending on the date specified by the Crowdfunding Issuer and the managing underwriter (such period not to exceed one hundred eighty (**180**) days in the case of the initial public offering (the "**IPO**") or any merger with or into a special purpose acquisition vehicle ("**SPAC**"), or such other period as may be requested by the Crowdfunding Issuer or an underwriter or financial advisor to accommodate regulatory restrictions on (1) the publication or other distribution of research reports, and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in FINRA Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto), or ninety (**90**) days in the case of any registration other than the IPO, or such other period as may be requested by the Crowdfunding Issuer, its financial advisors or an underwriter to accommodate regulatory restrictions on (1) the publication or other distribution of research reports and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in FINRA Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto), (i) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any Shares (or other securities, whether such shares or any such securities are then owned by the Subscriber or are thereafter acquired) or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Securities, in cash, or otherwise. ARTICLE 4 ALLOCATIONS, PROFITS AND LOSSES, AND DISTRIBUTIONS

4.1. Allocation of Profits and Losses. After giving effect to the special allocations contained in Section 4.2 and any others required to be made by the Code or the Regulations, Profits and Losses for each tax year shall be allocated to the Members in a manner such that the Capital Account of each Member, immediately after making such allocation is, as nearly as possible equal to the distributions that would be made to such Member pursuant to Section 4.4.

4.2. Special Allocations. Notwithstanding anything to the contrary contained herein, the following special allocations shall be made if the circumstances require.

(a) Qualified Income Offset. Notwithstanding anything to the contrary contained herein, if a Member unexpectedly receives any adjustments, allocations, or distributions described in Section 1.704-1(b)(2)(ii)(d)(4), (5), or (6) of the Treasury Regulations or any amendment thereto, or receives an allocation of loss which produces a negative Capital Account for any Member while any other Member has a positive Capital Account, then items of Company income, including gross income, shall be specially allocated to such Member to the extent necessary to eliminate any Capital Account deficit. This article is intended to constitute a "qualified income offset" within the meaning of Section 1.704-1(b)(2)(ii)(d) of the Treasury Regulations.

(b) Minimum Gain Chargeback. Notwithstanding anything to the contrary contained herein, if there is a net decrease in Company "minimum gain," as defined in Sections 1.704-2(b)(2) and 1.704-2(d) of the Regulations, during a taxable year, each Member shall be specially allocated, before any other allocation, items of income and gain for such taxable year (and, if necessary, subsequent years) in proportion to each Member's share of the net decrease in Company "minimum gain." This article is intended to comply with the "minimum gain chargeback" provisions of Section 1.704-(2)(f) of the Regulations.

(c) Section 704(c) Allocation. Notwithstanding anything to the contrary contained herein, items of income, gain, loss, and deduction with respect to property contributed to the Company's capital will be allocated between the Members so as to take into account any variation between book value and basis, to the extent and in the manner prescribed by Section 704(c) of the Code and related Regulations.

(d) Member Nonrecourse Deductions. Items of the Company's loss, deductions, and expenditures described in Section 705(a)(2)(B) of the Code that are attributable to the Company's nonrecourse debt and are characterized as Member nonrecourse deductions under Section 1.704-2(i) of the Regulations will be allocated to the Members' Capital Accounts in accordance with Section 1.704-2(i) of the Regulations.

(e) Adjustments for Special Allocations. If the special allocations result in Capital Account balances that are different from the Capital Account balances the Members would have had if the

special allocations were not required, the Company will allocate other items of income, gain, loss, and deduction in any manner it considers appropriate to offset the effects of the special allocations on the Members' Capital Account balances. Any offsetting allocation required by this article is subject to and must be consistent with the special allocations.

4.3. Liability of Members. Except as otherwise provided in the Act, by applicable law, or expressly in this Agreement, no Member will be obligated personally for any debt, obligation, or liability of the Company or of any Company subsidiaries or other Members, whether arising in contract, tort, or otherwise, solely by reason of being a Member.

4.4. Distributions. In the event that any distributable cash or other assets are received by the Company from the Crowdfunding Issuer pursuant to the terms of the Securities, the Manager shall make such distributions promptly to the holders of the Units on a one-to-one basis as if the holders of the Units held the Securities directly. The Manager may instruct the Crowdfunding Issuer to make such distribution directly to the holders of the Units. Notwithstanding any provision to the contrary in this Agreement, the Company shall not make any distributions to Members if such distribution would violate the Act or other applicable law.

4.5. Withholding. The Company may withhold amounts from distributions to the extent required by law. If the Company fails to withhold amounts from distributions as required by law, a Member shall return to the Company the amount that should have been withheld promptly after written notice from the Company.

4.6. Substantial Economic Effect. The various provisions of this Article 4 are intended and will be construed to ensure that the allocations of the Company's income, gain, losses, deductions, and credits have substantial economic effect under the Treasury Regulations promulgated under Section 704(b) of the Code.

ARTICLE 5

The fiscal year of the Company for both accounting and tax reporting purposes will be the same as that of the Crowdfunding Issuer.

All records of the Company are subject to inspection and copying at the reasonable request and at the expense of any Member during ordinary business hours. The Manager is designated to serve as the Company Representative. If the Manager becomes unwilling or unable to serve for any reason, the Manager shall promptly appoint another Person to serve as Company Representative in accordance with Code requirements. The Company will reimburse the Company Representative for reasonable expenses incurred while acting within the scope of the Company Representative's authority.

5.5. Obligations and Discretion as to Tax Matters. The Company Representative shall inform all of the Members upon receipt of any notice regarding any examination by any federal, state, or local authority about the Company's tax compliance. The Company Representative's rights and obligations create a fiduciary duty on the part of the Company Representative to act in the best interest of the Company and other Members.

5.6. Company Representative to Preserve Tax Classification. Unless the Manager elects not to be treated as a partnership for federal income tax purposes, the Company Representative shall take all reasonable steps necessary to classify the Company as a partnership for tax purposes under the Code and Treasury Regulations. The Company Representative shall prepare and file any forms necessary or appropriate to classify the Company as a partnership for tax purposes under the laws of any jurisdiction in which the Company transacts business.

5.7. Coordination with TEFRA Audit Rules. If any audit or adjustment of the Company is governed by the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) audit rules, the Company Representative shall serve as the tax matters partner within the meaning of Code Section 6231(a)(7).

5.8. Election under Code Section 6221(b). The Company may elect for Code Section 6221(b) to apply for any taxable year that the Company meets the requirements to elect out of Company-level treatment under Code Section 6221(b). The election must be made with a timely-filed return for that taxable year. The election must include the name and taxpayer identification number of each Member. The Company must notify each Member of the election in the manner prescribed by the Secretary of Treasury.

5.9. Consistent Treatment. Each Member shall, on the Member's income tax return, treat each item of income, gain, loss, deduction, or credit attributable to the Company in a manner consistent with the treatment of the income, gain, loss, deduction, or credit on the Company income tax return.

5.10. Adjustment in Future Tax Years. If any tax proceeding results in adjustment in the amount of any item of income, gain, loss, deduction, or credit of the Company—or any Member's distributive share thereof—for a prior year, the Company may take corrective action.

5.11. Tax Elections. The Company's Representative may make all Company elections for federal, state, and local income tax matters permitted under the Code. Each Member consents to any election and shall sign any documentation necessary to give effect to any elections.

5.12. Legal and Accounting Costs for Tax Matters. The Company shall pay all legal and accounting costs associated with any Internal Revenue Service proceeding regarding the Company's tax returns.

5.13. Tax Indemnification. Each Member hereby agrees to indemnify and hold harmless the Company, the Company Representative, and the other Members from and against any liability with respect to taxes, interest or penalties which may be asserted by reason of the Company's failure to deduct and withhold tax on amounts distributable or allocated to such Member. The provisions of this 5.13 shall survive the termination, dissolution, liquidation and winding up of the Company and the withdrawal of such Member from the Company or transfer of its Units. The Company may pursue and enforce all rights and

remedies it may have against each Member under this Section 5.13.

5.14. Tax Examinations and Audits. The Company Representative is authorized to represent the Company in connection with all examinations of the affairs of the Company by any taxing authority, including any resulting administrative and judicial proceedings, and to expend funds of the Company for professional services and costs associated therewith. Each Member agrees to cooperate with the Company Representative and to do or refrain from doing any or all things reasonably requested by the Company Representative with respect to the conduct of examinations by taxing authorities and any resulting proceedings. Each Member agrees that any action taken by the Company Representative in connection with audits of the Company shall be binding upon such Members and that such Member shall not independently act with respect to tax audits or tax litigation affecting the Company. The Company Representative shall have sole discretion to determine whether the Company (either on its own behalf or on behalf of the Members) will contest or continue to contest any tax deficiencies assessed or proposed to be assessed by any taxing authority. The Company Representative may extend the statute of limitations for assessment of tax deficiencies against the Members attributable to any adjustment of any tax item.

ARTICLE 6 MANAGEMENT OF COMPANY

6.1. Management of the Company.

(a) General Powers. The Company will be considered a manager-managed company. All powers of the Company will be exercised by or under the authority of, and the business and affairs of the Company will be managed under the direction of, the Manager. The actions of the Manager taken in accordance with the provisions of this Agreement shall bind the Company. No other Member of the Company shall have any authority or right to act on behalf of or bind the Company. The initial number of Managers shall be one (1), and the number of Managers may only be increased or decreased upon the vote of the Manager. Except as specifically provided for herein, all decisions to be made by the Managers shall be made by the majority consent of the Managers. The initial Manager shall be SeaRasa Innovations, Inc.

(b) Limitations on Power of the Manager. The Manager is prohibited from having the Company take the following actions, or any other action which would result in the Company violating the conditions to be a “crowdfunding vehicle” pursuant to Rule 3a-9 under the Investment Company Act, except for transactions with the Crowdfunding Issuer pursuant to Regulation Crowdfunding. Such prohibited actions include, but are not limited to:

(1) Incurring any indebtedness, pledging or granting liens on any assets, or guaranteeing, assuming, endorsing, or otherwise becoming responsible for the obligations of any other Person.

(2) Using the proceeds from the sale of the Units for any purpose other than to purchase the Securities.

(3) Receiving any compensation, other than reimbursement of expenses as provided for in Section 2.8.

(4) Maintaining a different fiscal year end than the Crowdfunding Issuer.

(5) Making any loan or advance to, or a capital contribution or investment in, any Person, other than purchasing the Securities of the Crowdfunding Issuer.

6.2. Activities of the Manager. Except as otherwise expressly stated in this Agreement, the Manager may devote as much time to the Company’s affairs and the conduct of the Company’s business as

the Manager may determine to be required and is not obligated to do or perform any act or thing in connection with Company business not expressly required in this Agreement.

6.3. Performance of Duties; Reliance. The Manager shall perform its managerial duties in good faith and in a manner it believes to be in, or not opposed to, the best interests of the Company. In performing its duties, the Manager shall be entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, of any attorney, independent accountant or other Person as to matters which the Manager believes to be within such Person's professional or expert competence unless the Manager has actual knowledge concerning the matter in question that would cause such reliance to be unwarranted.

6.4. Competing Activities. The Manager and the Members, and their respective officers, directors, shareholders, partners, members, managers, agents, employees and Affiliates, may engage or invest in, independently or with others, any business activity of any type or description, including without limitation those that might be the same as or similar to the Company's business and that might be in direct or indirect competition with the Company's business. Neither the Company nor any other Manager or Member shall have the right in or to such other ventures or activities or to the income or proceeds derived therefrom. Neither the Manager nor the Members shall be obligated to present any investment opportunity or prospective economic advantage to the Company, the Manager or the other Members even if the opportunity of such character that, if presented to the Company, the Manager or the other Members, could be taken by the Company, the Manager or any of the other Members. The Manager and the Members shall have the right to hold any investment opportunity or prospective economic advantage for their own account or to recommend such opportunity to Persons other than the Company, the Manager or the other Members. The Members acknowledge that the Manager and the other Members and their Affiliates own and/or manage other businesses, including businesses that may compete with the Company and for the Manager's and Members' time. The Members hereby waive any and all rights and claims which they may otherwise have against the Manager and the other Members and their respective officers, directors, shareholders, partners, members, managers, agents, employees and Affiliates as a result of any such activities. Notwithstanding the foregoing, this Section shall be subject to, and not supersede, the terms and conditions of any employment agreement, consulting agreement, independent contractor agreement or otherwise between such party and the Company.

6.5. Transactions between the Company and the Manager. Notwithstanding that it may constitute a conflict of interest, the Manager may engage in any transaction (including, without limitation, the purchase, sale, lease, or exchange of any property or the rendering of any service, or the establishment of any salary, other compensation, or other terms of employment) with the Company so long as such transaction is not expressly prohibited by this Agreement and so long as the terms and conditions of such transaction, on an overall basis, are fair and reasonable to the Company and are at least as favorable to the Company as those that are generally available from persons capable of performing them and in similar transactions between parties operating at arm's length. A transaction between the Manager, on the one hand, and the Company, on the other hand, shall be conclusively determined to constitute a transaction on terms and conditions, on an overall basis, fair and reasonable to the Company and at least as favorable to the Company as those generally available in a similar transaction between parties operating at arm's length. Notwithstanding the foregoing, the Manager shall not have any obligation in connection with any such transaction between the Company and the Manager or an affiliate of the Manager, to seek the consent of the Members.

6.6. Manner of Acting. The Manager may act with respect to any matter within the scope of its authority at a meeting of Managers or pursuant to formal or informal procedures adopted at a meeting of Managers. Procedures that may be adopted at a meeting of Managers include, without limitation, the establishment of dates and times for regular meetings, procedures pursuant to which the Managers may approve a matter without a meeting, and the delegation of duties and responsibilities with respect to which the delegate, including any appointed officers, may act without approval or ratification by the other

Managers. At any time that there is only one Person acting as Manager of the Company, such Person may conduct the business of the Company through such procedures and in such a manner as the Person determines to be appropriate under the circumstances.

(a) Special Meetings. Special meetings may be called by any Manager at any time.

(b) Written Consent. Except as expressly provided otherwise, any action required to be taken at a meeting of the Managers or any other action which may be taken at a meeting of the Managers may be taken without a meeting if the consent is in writing, setting forth the action taken, and is signed by Managers having at least the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all Managers were present and voting. Prompt notice of the taking of the action without a meeting by less than unanimous consent of the Managers shall be given in writing to those Managers who were entitled to vote but did not consent in writing.

(c) Telephonic Meetings. The Managers may participate in and act at any meeting of Managers through the use of a conference telephone or other communications equipment by means of which all Persons participating in the meeting can hear each other. Participation in such meeting shall constitute attendance and presence in person at the meeting of any Manager so participating.

(d) Quorum. A majority of Managers entitled to vote and present at any meeting of Managers will constitute a quorum. No action may be taken at any meeting of Managers in the absence of a quorum.

6.7. Discretion of the Manager; Limitation of Liability. In making any and all decisions relating to the conduct of the Company's business or otherwise delegated to them by any provision of this Agreement, the Managers shall be free to exercise their sole, absolute and unfettered discretion. The Manager shall not, in respect of any such decision, be liable to the Company, the Members or any of their respective Affiliates or constituent owners for any resulting actual or alleged losses, damages, costs or expenses suffered by them so long as such decision was not the result of actual fraud or intentional misrepresentation of funds committed in connection with the business and affairs of the Company. In no event shall the Manager be liable to the Company, the Members or any of their respective Affiliates or constituent owners for any consequential, indirect, incidental or special damages arising from their acts or omissions. Except as otherwise provided in the Act, no Manager will be obligated personally for any debt, obligation or liability of the Company, whether arising in contract, tort, or otherwise, solely by reason of being a Manager.

ARTICLE 7

TRANSFER AND ENCUMBRANCE OF MEMBER INTEREST; NEW MEMBERS

7.1. Transfers. Except as otherwise required by law or except as expressly stated otherwise in this Agreement, a membership interest in the Company may not be sold or otherwise Transferred, by operation of law or otherwise, except upon the prior written approval of the Manager, which approval may be withheld or conditioned for any reason. Upon the approval of the Manager, the Manager may establish any terms and conditions of a Transfer as the Manager may determine. The Transfer by any Member of such Member's Membership Interest in the Company will be subject to all the terms, conditions, restrictions, and obligations of this Agreement. Notwithstanding the foregoing or anything in this Agreement to the contrary, each Member holding Units acknowledges and agrees that, in accordance with Section 4(a)(6) of the Securities Act, the membership interests cannot be Transferred during the one-year period beginning on the date of purchase, unless Transferred: (a) to the Company, (b) to an accredited investor, (c) as part of an SEC-registered offering, or (d) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance; *provided, however*, that any Member who Transfers Units shall remain bound by the

provisions of this Article 7.

7.2. Encumbrances. A membership interest in the Company may not be encumbered, pledged, hypothecated, or otherwise used as collateral or security for an obligation, by operation of law or otherwise, except upon the prior written approval of the Manager, which approval may be withheld or conditioned for any reason. Upon approval by the Manager, the Manager may establish any terms and conditions of an encumbrance as the Manager may determine. The transferee (as a result of foreclosure or otherwise) of any Member's membership interest in the Company is subject to all the terms, conditions, restrictions, and obligations of this Agreement.

7.3. New Members. A person will not become of Member, by operation of law or otherwise, unless the new Member agrees to become a party to and be bound by this Agreement and only upon the prior written approval of the Manager. Upon the approval of the Manager, the Company may establish any terms and conditions to admit a new Member as the Manager may determine. A new Member will be subject to all the terms, conditions, restrictions, and obligations of this Agreement. The Manager will have full authority to issue additional Units and admit new Members. This Agreement may be executed by a new Member by means of a counterpart signature page, which may or may not be associated with a subscription or contribution agreement related to the new Member's purchase of Units of the Company.

7.4. Mandatory Conditions to Transfer. The Company must be reasonably satisfied that all of the following conditions are met before a Member can effect any Transfer:

(a) The Transfer, alone or in combination with other Transfers, will not result in the Company's termination for federal income tax purposes, unless such Transfer has been consented to by the Manager;

(b) The Transfer is the subject of an effective registration under, or exempt from the registration requirements of, applicable state and federal securities laws;

(c) The Company receives from the Transferee the information and agreements reasonably required to permit it to file federal and state income tax returns and reports; and

(d) The Transferee has agreed in writing to accept and to be bound by the provisions of this Agreement, regardless of whether such Transferee is admitted as a substitute Member hereunder.

7.5. Violating Transactions. Any transaction or purported transaction will be null and void unless made strictly in accordance with the provisions of this Article 7. If for any reason a Transfer of membership interests takes place in breach of this Article 7, in addition to other remedies, the recipient of the membership interests will have only the rights of an assignee pursuant to the Act.

ARTICLE 8 LIMITATION OF LIABILITY AND INDEMNIFICATION

8.1. Exculpation of Covered Persons.

(a) Standard of Care. No Covered Person shall be liable to the Company or any other Covered Person for any loss, damage, or claim incurred by reason of any action taken or omitted to be taken by such Covered Person in his, her, or its capacity as a Covered Person, whether or not such Person continues to be a Covered Person at the time such loss, damage, or claim is incurred or imposed, so long as such action or omission does not constitute fraud, gross negligence, or willful misconduct.

(b) Good Faith Reliance. A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports, or statements

(including financial statements and information, opinions, reports, or statements as to the value or amount of the assets, liabilities, Profits and Losses of the Company, or any facts pertinent to the existence and amount of assets from which distributions might properly be paid) of the following Persons or groups: (i) a Manager; (ii) one or more officers or employees of the Company; (iii) any attorney, independent accountant, appraiser, or other expert or professional employed or engaged by or on behalf of the Company; or (iv) any other Person selected in good faith by or on behalf of the Company, in each case as to matters that such relying Person reasonably believes to be within such other Person's professional or expert competence. The preceding sentence shall in no way limit any Person's right to rely on information to the extent provided in § 18-406 of the Act.

8.2. Liabilities and Duties of Covered Persons.

(a) Limitation of Liability. This Agreement is not intended to, and does not, create or impose any fiduciary duty on any Covered Person. Furthermore, each of the Members and the Company hereby waives any and all fiduciary duties that, absent such waiver, may be implied by applicable law, and in doing so, acknowledges and agrees that the duties and obligations of each Covered Person to each other and to the Company are only as expressly set forth in this Agreement. The provisions of this Agreement, to the extent that they restrict the duties and liabilities of a Covered Person otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Covered Person.

(b) Duties. Whenever in this Agreement a Covered Person is permitted or required to make a decision (including a decision that is in such Covered Person's "discretion" or under a grant of similar authority or latitude), the Covered Person shall be entitled to consider only such interests and factors as such Covered Person desires, including his, her, or its own interests, and shall have no duty or obligation to give any consideration to any interest of or factors affecting the Company or any other Person. Whenever in this Agreement a Covered Person is permitted or required to make a decision in such Covered Person's "good faith," the Covered Person shall act under such express standard and shall not be subject to any other or different standard imposed by this Agreement or any other applicable law.

8.3. Indemnification.

(a) To the fullest extent permitted by the Act, as the same now exists or may hereafter be amended, substituted, or replaced (but, in the case of any such amendment, substitution, or replacement only to the extent that such amendment, substitution, or replacement permits the Company to provide broader indemnification rights than the Act permitted the Company to provide prior to such amendment, substitution, or replacement), the Company shall indemnify, hold harmless, defend, pay, and reimburse any Covered Person from and against any and all losses, claims, damages, judgments, fines, or liabilities, including reasonable legal fees or other expenses incurred in investigating or defending against such losses, claims, damages, judgments, fines, or liabilities, and any amounts expended in settlement of any claims (collectively, "Liabilities") to which such Covered Person may become subject by reason of (i) any act or omission or alleged act or omission performed or omitted to be performed on behalf of the Company in connection with the business of the Company; or (b) the fact that such Covered Person is or was acting in connection with the business of the Company as a manager, officer, employee, or agent of the Company or that such Covered Person is or was serving at the request of the Company as a manager, director, officer, employee, or agent of any other Person;

provided, that (x) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company, and, with respect to any criminal proceeding, had no reasonable cause to believe his, her, or its conduct was unlawful, and (y) such Covered Person's conduct did not constitute fraud, gross negligence, or willful misconduct, in each case as determined by a final, non-appealable order of a court of competent jurisdiction. In connection with the foregoing, the termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of *nolo contendere* or its equivalent, shall

not, of itself, create a presumption that the Covered Person did not act in good faith or, with respect to any criminal proceeding, had reasonable cause to believe that such Covered Person's conduct was unlawful, or that the Covered Person's conduct constituted fraud, gross negligence, or willful misconduct.

(b) Entitlement to Indemnity. The indemnification provided by this Section 8.3 shall not be deemed exclusive of any other rights to indemnification to which those seeking indemnification may be entitled under any agreement or otherwise. The provisions of this Section 8.3 shall continue to afford protection to each Covered Person regardless of whether such Covered Person remains in the position or capacity pursuant to which such Covered Person became entitled to indemnification under this Section 8.3 and shall inure to the benefit of the executors, administrators, legatees, and distributees of such Covered Person.

(c) Insurance. To the extent available on commercially reasonable terms, the Company may purchase, at its expense, insurance to cover Liabilities covered by the foregoing indemnification provisions and to otherwise cover Liabilities for any breach or alleged breach by any Covered Person of such Covered Person's duties in such amount and with such deductibles as the Board may determine; provided, that the failure to obtain such insurance shall not affect the right to indemnification of any Covered Person under the indemnification provisions contained herein, including the right to be reimbursed or advanced expenses or otherwise indemnified for Liabilities hereunder. If any Covered Person recovers any amounts in respect of any Liabilities from any insurance coverage, then such Covered Person shall, to the extent that such recovery is duplicative, reimburse the Company or any Company Subsidiary for any amounts previously paid to such Covered Person by the Company or any Company Subsidiary in respect of such Liabilities.

(d) Funding of Indemnification Obligations. Notwithstanding anything contained herein to the contrary, any indemnity by the Company relating to the matters covered in this Section 8.3 shall be provided out of and to the extent of Company assets only, and no Member (unless such Member otherwise agrees in writing) shall have personal liability on account thereof or shall be required to make additional Capital Contributions to help satisfy such indemnity by the Company.

(e) Survival. The provisions of this Article 8 shall survive the dissolution, liquidation, winding up, and termination of the Company.

ARTICLE 9 BUY-SELL PROVISIONS

9.1. Drag-Along.

(a) In the event the Manager approves a Change of Control in accordance with this Agreement, specifying that this Section 9.1 shall apply to such transaction, then each Member hereby agrees:

(1) Notwithstanding Section 3.5 above, if such Change in Control requires Member approval under applicable law, with respect to all Units that such Member owns or over which such Member otherwise exercises voting power, to vote (A) all such Units in favor of, and adopt, such Change of Control (together with any related amendment to the Company's governance documents required in order to implement such Change of Control), and (B) in opposition to any and all other proposals that could reasonably be expected to delay or impair the ability of the Company to consummate such Change of Control;

(2) if such Change of Control is to be effected by sale of the Units to a third party, to sell the same proportion of Units beneficially held by such Member as is being sold by all other Members and, except as permitted in this Section below, on the same terms and conditions as holders of the same class or series of Units are so selling;

(3) to execute and deliver all related documentation and take such other action in support of the Change of Control as shall reasonably be requested by the Company in order to carry out the terms and provisions of this Section 9.1, including, without limitation, executing and delivering instruments of conveyance and transfer, and any purchase agreement, merger agreement, indemnity agreement, escrow agreement, exchange agreement, consent, waiver, governmental filing, certificates duly endorsed for transfer (free and clear of impermissible liens, claims and encumbrances) and any similar or related documents;

(4) not to deposit, and to cause their Affiliates not to deposit, except as provided in this Agreement, any Units owned by such Member or its Affiliate in a voting trust or subject any Units to any arrangement or agreement with respect to the voting of such Units, unless specifically requested to do so by the acquirer in connection with the Change of Control;

(5) not to assert or exercise any dissenters' rights or rights of appraisal under applicable law at any time with respect to such Change of Control; and

(6) if the consideration to be paid in exchange for the Units in any Change of Control includes any securities and due receipt thereof by any Member would require under applicable law (A) the registration or qualification of such securities or of any person as a broker or dealer or agent with respect to such securities, or (B) the provision to any Member of any information other than such information as a prudent issuer would generally furnish in an offering made solely to "accredited investors" as defined in Regulation D, as promulgated under the Securities Act of 1933, as amended, the Company may cause to be paid to any such Member in lieu thereof, against surrender of the Units which would have otherwise been sold by such Member, an amount in cash equal to the fair value (as determined in good faith by the Company) of the securities which such Member would otherwise receive as of the date of the issuance of such securities in exchange for such Member's Units.

(b) Notwithstanding the foregoing, no Member will be required to comply with the foregoing in connection with any proposed Change of Control unless:

(1) any representations and warranties to be made by such Member in connection with such proposed Change of Control are limited to representations and warranties related to authority, ownership and the ability to convey title to such Member's Units, including, without limitation, representations and warranties that (A) the Member holds all right, title and interest in and to the Units such Member purports to hold, free and clear of all liens and encumbrances, (B) the obligations of the Member in connection with the proposed Change of Control have been duly authorized, if applicable, (C) the documents to be entered into by the Member have been duly executed by the Member and delivered to the acquirer and are enforceable against the Member in accordance with their respective terms, and (D) neither the execution and delivery of documents to be entered into in connection with such proposed Change of Control, nor the performance of the Member's obligations thereunder, will cause a breach or violation of the terms of any agreement, law or judgment, order or decree of any court or governmental agency;

(2) Member shall not be liable for the inaccuracy of any representation or warranty made by any other Person in connection with such proposed Change in Control, other than the Company (except to the extent that funds may be paid in proportion to the amount of consideration to be received by such Member out of an escrow established to cover breach of representations, warranties and covenants of the Company as well as breach by any Member of any of identical representations, warranties and covenants provided by all Members); and

(3) the liability for indemnification, if any, of such Member in such proposed Change of Control and for the inaccuracy of any representations and warranties made by the Company in connection with such proposed Change of Control, is several and not joint with any other Person (except to the extent that funds may be paid out of an escrow established to cover breach of representations, warranties and covenants of the Company as well as breach by any Member of any of identical representations, warranties and covenants provided by all Members), and is pro rata in proportion to the amount of consideration paid to such Member in connection with such proposed Change of Control (in accordance with the provisions of the Company's governance documents).

(c) Each Member hereby constitutes and appoints the Manager with full power of substitution, as the proxies of the party with respect to the matters set forth in this Section 9.1, and hereby authorizes each of them to represent and to vote, if and only if the party (i) fails to vote or (ii) attempts to vote (whether by proxy, in person or by written consent), in a manner which is inconsistent with the terms of this Agreement, all of such Member's Units in accordance with this Section. The proxy granted pursuant to the immediately preceding sentence is given in consideration of the agreements and covenants of the Company and the Members in connection with this Agreement and, as such, is coupled with an interest and shall be irrevocable unless and until this Agreement terminates. Each Member hereby revokes any and all previous proxies with respect to the Units and shall not hereafter, unless and until this Agreement terminates, purport to grant any other proxy or power of attorney with respect to any of the Units, deposit any of the Units into a voting trust or enter into any agreement (other than this Agreement), arrangement or understanding with any person, directly or indirectly, to vote, grant any proxy or give instructions with respect to the voting of any of the Units, in each case, with respect to any of the matters set forth herein.

ARTICLE 10 GENERAL PROVISIONS

10.1. Notices. Each party giving or making any notice, request, demand, or other communication (each, a "Notice") pursuant to this Agreement must give the Notice in writing and use one of the following methods of delivery, each of which, for purposes of this Agreement, is a writing: personal delivery, Registered Mail or Certified Mail (in each case, return receipt requested and postage prepaid), nationally-recognized overnight courier (with all fees prepaid), facsimile, e-mail, or PDF (portable document format). Any party giving a Notice must address the Notice to the appropriate person at the receiving party (the "Addressee") at the address as designated by a party in a Notice given to the other parties pursuant to this Section 10.1. Except as may be expressly stated otherwise in this Agreement, a Notice is effective only if the party giving the Notice has complied with this Section 10.1 and the Addressee has received the Notice. A Notice is deemed received as follows: (a) if a Notice is delivered in person, sent by Registered or Certified Mail, or sent by nationally-recognized overnight courier, upon receipt as indicated by the date on the receipt; (b) if a Notice is sent by facsimile, upon receipt by the party giving the Notice of an acknowledgment or transmission report generated by the machine from which the facsimile was sent indicating that the facsimile was sent in its entirety to the Addressee's facsimile number; and (c) if a Notice is sent as a PDF attachment to an email, upon proof the email was sent. If the Addressee rejects or otherwise refuses to accept the Notice, or if the Notice cannot be delivered because of a change in address for which no or improper Notice was given, then the Notice is deemed delivered and received by the Addressee upon the rejection, refusal, or inability to deliver. If a Notice is received after 5:00 p.m. on a Business Day where the Addressee is located, or on a day that is not a Business Day where the Addressee is located, then the Notice is deemed received at 9:00 a.m. on the next Business Day where the Addressee is located.

10.2. Confidentiality. Except as otherwise required by law, the parties shall not, and shall cause each of their representatives (the “Representatives”) not to (i) disclose the Confidential Information to any person or entity other than the Representatives of party that need to know the Confidential Information for the purposes contemplated by this Agreement and agree to be bound by the provisions of this Section 10.2 or (ii) use the Confidential Information for any purpose other than the purposes this Agreement contemplates.

10.3. Amendments. No provision of this Agreement may be amended or modified except by an instrument in writing executed by the Manager. Any such written amendment or modification will be binding upon the Company and each Member.

10.4. Waivers. The parties may waive any provision in this Agreement only by a writing signed by the party or parties against whom the waiver is sought to be enforced. No failure or delay in exercising any right or remedy or in requiring the satisfaction of any condition under this Agreement, and no act, omission, or course of dealing between the parties, operates as a waiver or estoppel of any right, remedy, or condition. A waiver made in writing on one occasion is effective only in that instance and only for the purpose for which the waiver was obtained. A waiver once given is not to be construed as a waiver on any future occasion or against any other person.

10.5. Severability. If any provision of this Agreement is determined to be invalid, illegal, or unenforceable, the remaining provisions of this Agreement remain in full force if the essential terms and conditions of this Agreement for each party remain valid, binding, and enforceable.

10.6. Entire Agreement. This Agreement constitutes the final agreement between the parties. It is the complete and exclusive expression of the parties’ agreement on the matters contained in this Agreement. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in this Agreement are expressly merged into and superseded by this Agreement. The provisions of this Agreement may not be explained, supplemented, or qualified through evidence of trade usage or a prior course of dealings. In entering into this Agreement, the parties represent, warrant, and agree that they have not relied upon the accuracy or completeness of, whether express or implied, any statement, information, representation, warranty, or agreement of another party except for those expressly contained in this Agreement. There are no conditions precedent to the effectiveness of this Agreement other than those expressly stated in this Agreement.

10.7. Counterparts; Facsimile and Electronic Signatures. The parties may sign this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the parties need not appear on the same counterpart, and delivery of a signed counterpart signature page by facsimile or electronically is as effective as signing and delivering this Agreement in the presence of the other parties to this Agreement. This Agreement is effective upon delivery of one executed counterpart from each party to the other parties. In proving this Agreement, a party must produce or account only for the signed counterpart of the party to be charged.

10.8. Assignment and Delegation. A party may not assign any of the party’s rights under this Agreement, except with the prior written consent of the other parties, which shall not be unreasonably withheld. All assignments of rights are prohibited without consent of the other parties, whether the assignments are voluntary or involuntary, by merger, consolidation, dissolution, operation of law, or any other manner. For purposes of this Section 10.8, “merger” refers to any merger in which a party participates, regardless of whether the party is the surviving or disappearing corporation. No party may delegate any performance under this Agreement. Any purported assignment of rights or delegation of performance in violation of this Section 10.8 is void.

10.9. Third-Party Beneficiaries. This Agreement does not and is not intended to confer any rights or remedies upon any person other than the signatories, except that the Company and the nonparties expressly indemnified pursuant to this Agreement are express third-party beneficiaries of this Agreement and may enforce this Agreement as if a party to this Agreement.

10.10. Interpretation. This Agreement will not be construed in favor of or against any party for any reason, including because of authorship. It is the intent of the parties that this Agreement be interpreted so as to give the maximum effect to the principle of freedom of contract and to the enforceability of this Agreement. The power and authority granted by this Agreement are subject to the provisions of the Act. To the extent of any inconsistency between this Agreement and the Act, this Agreement will, to the extent permitted by the Act, control. This Agreement will also control over any conflicting term in the Certificate of the Company. To the extent any provision of this Agreement is prohibited or ineffective under the Act or any other law, this Agreement will be deemed amended to the least extent possible to make the conflicting provision effective under the Act or the other law.

10.11. Further Assurances. Each party and its officers and directors shall use Reasonable Efforts to take, or cause to be taken, all further actions necessary or desirable to carry out the purposes of this Agreement. “Reasonable Efforts” means, with respect to conduct under this Agreement, the efforts that a reasonable person in the position of the obligated party would use to engage in that conduct effectively.

10.12. Governing Law. The laws of the state of Delaware (without giving effect to its conflict of laws principles) govern all matters arising out of or relating to this Agreement and the transactions it contemplates, including, without limitation, its interpretation, construction, performance, and enforcement.

10.13. Forum Selection

Any party bringing a legal action or proceeding against any other party arising out of or relating to this Agreement may bring the legal action or proceeding in any state or federal court located in New York County, New York. Each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action, or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action, or proceeding in any such court or that any such suit, action, or proceeding which is brought in any such court has been brought in an inconvenient form.

10.14. Dispute Resolution.

(a) Generally. If a dispute arises out of or relates to this Agreement, and if the dispute is not settled through negotiation, the parties agree first to try in good faith to settle the dispute by mediation before resorting to arbitration, litigation, or some other dispute resolution procedure. The mediation will take place in New York City, State of New York. Any controversy or claim arising out of or relating to this Agreement that is not settled through mediation, will be settled by arbitration in New York City, State of New York, in accordance with the applicable law, and judgment on the award rendered by the arbitrator, if not paid or otherwise settled in full before twenty (20) days after the date of the award, may be entered in any court of competent jurisdiction. The parties will cause the arbitrator to render the arbitrator’s decision within 180 days after the designation of the arbitrator, and the parties shall cooperate with each other and the arbitrator in the conduct of the arbitration to permit that timing. If the arbitrator determines the arbitrator cannot practically render a decision within the 180-day period, the arbitrator may extend the 180-day period to be the shortest reasonable period allowing for expedited discovery. All mediation and arbitration will be confidential.

(b) Small Claims. For any claim (excluding claims for injunctive or other equitable relief) where the total amount of the award sought is less than \$20,000, the party requesting relief may elect to resolve the dispute in a cost-effective manner through binding non-appearance-based arbitration in accordance with the applicable law. The arbitrator and the parties must comply with the following rules:

(a) the arbitration will be conducted by telephone, online, or be solely based on written submissions, and the specific manner will be chosen by the party initiating the arbitration; (b) the arbitration will not involve any personal appearance by the parties or witnesses unless otherwise mutually agreed by the parties; and (c) any judgment on the award rendered by the arbitrator will be final, and if not paid or otherwise settled in full before 20 days after the date of the award, may be entered in any court of competent jurisdiction.

10.15. Rights and Remedies Cumulative. Any enumeration of rights and remedies set forth in this Agreement is not intended to be exhaustive. Any party's exercise of any right or remedy under this Agreement does not preclude the exercise of any other right or remedy. All of a party's rights and remedies are cumulative and are in addition to any other right or remedy set forth in this Agreement, any other agreement between the parties, or which may now or subsequently exist at law or in equity, by statute or otherwise.

10.16. Waiver of Jury Trial. Each party knowingly, voluntarily, and intentionally waives its right to a trial by jury to the extent permitted by law in any action or other legal proceeding arising out of or relating to this Agreement and the transactions it contemplates. This waiver applies to any action or other legal proceeding, whether sounding in contract, tort, or otherwise. Each party acknowledges that it has received or has had the opportunity to receive the advice of competent counsel.

10.17. Tax Treatment. Each party acknowledges and agrees that the party has had the opportunity to confer with the party's tax advisor. The parties agree that each party is solely responsible for the tax impact of the transactions contemplated by this Agreement and that no party has made any representation about the tax impact of the transactions contemplated by this Agreement.

10.18. Maintenance of Books and Records. The Company shall keep books and records of accounts at its designated office. In addition, the Company shall maintain the following at its designated office: (a) a current list in alphabetical order of the full name and last known business address of each Member; (b) a copy of the stamped Certificate and all amendments thereto, together with executed copies of any powers of attorney pursuant to which any document has been executed; (c) copies of the Company's federal, state, and local income tax returns and reports and financial statements, if any, for the three most recent years; (d) copies of this Agreement and any amendments thereto; and (e) unless contained in this Agreement, the Certificate, or in any amendments thereto, a writing setting out: (i) the amount of cash, a description and statement of the agreed value of the other property or services contributed by each Member and which each Member has agreed to contribute; (ii) the items as to which or events on the happening of which any additional contributions agreed to be made by each Member are to be made; (iii) any right of a Member to receive, or of the Members to make, distributions which include a return of all or any part of the Member's contribution; and (iv) any events upon the happening of which the Company is to be dissolved and its affairs wound up. Records kept pursuant to this paragraph are subject to inspection and copying at the reasonable request, and at the expense, of any Member during ordinary business hours.

10.19. Not for Benefit of Creditors. The provisions of this Agreement are intended only for the regulation of relations among Members and the Company. The Agreement is not intended for the benefit of a creditor who is not a Member and does not grant any rights to or confer any benefits on any creditor who is not a Member or any other person who is not a Member, a Manager or an officer.

ARTICLE 11 INVESTMENT REPRESENTATIONS

11.1. Representations and Warranties. Each Member represents and warrants to the Company and the other Members that:

(a) If the Member is an individual, the Member is at least the age of majority in the state of the Member's domicile.

(b) The Membership Interest acquired by such Member will be acquired for investment purposes only, for his, her or its own account, and not with a view to resale, or offer for sale, or for sale in connection with the distribution or transfer thereof. Such Membership Interest is not being purchased for subdivision or fractionalization thereof; and such Member has no contract, undertaking, agreement, arrangement, or plans with any person or entity to sell, hypothecate, pledge, donate, or otherwise transfer to any such person or entity all or any part of his, her or its Interest.

(c) The Member's present financial condition is such that the Member is under no present or contemplated future need to dispose of any portion of such Member's Interest to satisfy any existing or contemplated undertaking, need, or indebtedness.

11.2. Acknowledgment of Certain Facts. Each Member or its representative acknowledges his or her awareness and understanding of the following:

(a) The purchase of the Membership Interest is a speculative investment that involves a high degree of risk of loss of the Member's entire investment.

(b) The Member has both the knowledge and experience in financial matters sufficient to evaluate the purchase of the Interest and is able to bear the economic risk of the purchase.

(c) No federal or state agency has made any finding or determination as to the fairness for public investment, nor any recommendation or endorsement of, an investment in Membership Interest.

(d) There are restrictions on the transferability on each Membership Interest; there will be a limited market for the individual Membership Interests; and, accordingly, it may not be possible for the Member to liquidate readily, or at all, the Member's investment in the Company in case of an emergency or otherwise.

(e) The Membership Interests have not been registered under the Securities Act of 1933 (the "Securities Act") or applicable state securities laws. It is the intent of the Company to operate its business so as not to require any such registration. This may limit significantly the transferability of such Interests.

(f) The Member's Membership Interest has been acquired pursuant to an investment representation and shall not be sold, pledged, hypothecated, donated, or otherwise transferred, whether or not for consideration, except in compliance with the terms of this Agreement.

(g) The Company does not file, and does not in the foreseeable future contemplate filing, periodic reports in accordance with the provisions of Section 13 or 15(d) of the Securities Exchange Act of 1934, and the Company has not agreed to register any of its securities for distribution in accordance with the provisions of the Securities Act or to take any actions respecting the obtaining of an exemption from registration for such securities or any transaction with respect thereto.

11.3. Tax Matters. The Company makes no representations as to the tax consequences to any Member as a result of the Member's purchase of a Membership Interest, or any other benefits available by virtue of the business, operations, or financial results of the Company. It is not intended that the Company be a tax shelter and it is uncertain that there will be any material tax benefits available to the Members by virtue of the business, operations, or financial results of the Company. The Company has been organized as a limited liability company under the laws of the State of Delaware and, accordingly, it is intended that the Company be treated for federal and Delaware state income tax purposes as a partnership.

11.4. Access to Records. Each Member acknowledges that, upon reasonable notice by a Member and at such Member's expense, pursuant to Section 10.18 above, the Company shall make available for inspection by such Member the books and records of the Company reasonably related to the Member's interest during reasonable business hours at the Company's principal place of business, or such other place as designated by the Company. Each Member also acknowledges that the Member has been provided appropriate contact information to contact an individual with questions concerning the terms and conditions of the sale of the Membership Interests and to obtain any additional information which the Company possesses or can obtain without unreasonable effort or expense that is necessary to verify information.

11.5. No Representation by Company. Neither the Manager, nor any agent or employee of the Company or of the Manager, or any other person has at any time expressly or implicitly represented, guaranteed, or warranted to him or her that he or she may freely Transfer the Membership Interests, that a percentage of profit and/or amount or type of consideration will be realized as a result of an investment in the Membership Interests, that past performance or experience on the part of the Manager or its affiliates or any other person in any way indicates the predictable results of the ownership of the Membership Interests or of the overall Company business, that any cash distributions from Company operations or otherwise will be made to the Members by any specific date or will be made at all, or that any specific tax benefits will accrue as a result of an investment in the Company.

11.6. Consultation with Attorney. Each party acknowledges and agrees that the terms of this Agreement have been completely read and fully understood and voluntarily accepted by the party after having a reasonable opportunity to retain and confer with legal counsel. This Agreement is entered into after a full investigation by the parties. Each Member has been advised to consult with his or her own attorney regarding all legal matters concerning an investment in the Company and the tax consequences of participating in the Company, and has done so, to the extent he or she considers necessary.

SEARASA INNOVATIONS INC. DBA ROOTLESS
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

1. NATURE OF OPERATIONS

Searasa Innovations Inc. DBA Rootless was incorporated on February 18, 2021 in the state of Delaware. The financial statements of Searasa Innovations Inc. DBA Rootless (which may be referred to as the “Company”, “we”, “us”, or “our”) are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Company’s headquarters are located in San Francisco, California.

The company is making it easy to tap into seaweed’s nutritional benefits with our hero product, the Daily Bite, a tasty, whole food supplement made with the optimal daily dose of seaweed, plus almonds, dates, and seeds. As seaweed can be an unfamiliar and unpleasant flavor, texture, or aroma for some, the Daily Bite was created to deliver seaweed conveniently in an innovative, bioavailable form without having to “taste the sea.” The Daily Bite is currently available in 5 delicious flavors and sold in home-compostable pouches that are designed to be sustainable and keep the product fresh: Double Strawberry, Orange Pistachio, Coconut Chai, Cacao Crunch, Cinnamon Crunch.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Company’s financial statements. The accounting policies conform to accounting principles generally accepted in the United States of America (“GAAP” and “US GAAP”).

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (“US GAAP”). The Company has adopted the calendar year as its basis of reporting.

Use of Estimates

The preparation of financial statements in conformity with United States GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash in banks. The Company’s cash is deposited in demand accounts at financial institutions that management believes are creditworthy. The Company’s cash and cash equivalents in bank deposit accounts, at times, may exceed federally insured limits. As of December 31, 2023 and December 31, 2022, the Company’s cash and cash equivalents did not exceed FDIC insured limits.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at net realizable value or the amount that the Company expects to collect on gross customer trade receivables. We estimate losses on receivables based on known troubled accounts and historical experience of losses incurred. Receivables are considered impaired and written-off when it is probable that all

SEARASA INNOVATIONS INC. DBA ROOTLESS
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

contractual payments due will not be collected in accordance with the terms of the agreement. As of December 31, 2023, and 2022, the Company determined that no reserve was necessary.

Inventories

Inventories are valued at the lower of cost and net realizable value. Costs related to work in progress and finished goods which are determined using a FIFO (first-in-first-out) method.

Property and Equipment

Property and equipment are stated at cost. Normal repairs and maintenance costs are charged to earnings as incurred and additions and major improvements are capitalized. The cost of assets retired or otherwise disposed of and the related depreciation are eliminated from the accounts in the period of disposal and the resulting gain or loss is credited or charged to earnings.

Depreciation is computed over the estimated useful lives of the related asset type or term of the operating lease using the straight-line method for financial statement purposes. The estimated service lives for property and equipment is as follows:

Category	Useful Life
Computer Equipment	5 years
Manufacturing Equipment	5 years

Impairment of Long-lived Assets

Long-lived assets, such as property and equipment and identifiable intangibles with finite useful lives, are periodically evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. We look for indicators of a trigger event for asset impairment and pay special attention to any adverse change in the extent or manner in which the asset is being used or in its physical condition. Assets are grouped and evaluated for impairment at the lowest level of which there are identifiable cash flows, which is generally at a location level. Assets are reviewed using factors including, but not limited to, our future operating plans and projected cash flows. The determination of whether impairment has occurred is based on an estimate of undiscounted future cash flows directly related to the assets, compared to the carrying value of the assets. If the sum of the undiscounted future cash flows of the assets does not exceed the carrying value of the assets, full or partial impairment may exist. If the asset carrying amount exceeds its fair value, an impairment charge is recognized in the amount by which the carrying amount exceeds the fair value of the asset. Fair value is determined using an income approach, which requires discounting the estimated future cash flows associated with the asset.

Intangible Assets

The Company capitalizes its trademark which will be amortized over the expected period to be benefitted.

Income Taxes

Searasa Innovations Inc. DBA Rootless is a C corporation for income tax purposes. The Company accounts for income taxes under the liability method, and deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying values of existing assets and liabilities and their

SEARASA INNOVATIONS INC. DBA ROOTLESS
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. A valuation allowance is provided on deferred tax assets if it is determined that it is more likely than not that the deferred tax asset will not be realized. The Company records interest, net of any applicable related income tax benefit, on potential income tax contingencies as a component of income tax expense. The Company records tax positions taken or expected to be taken in a tax return based upon the amount that is more likely than not to be realized or paid, including in connection with the resolution of any related appeals or other legal processes. Accordingly, the Company recognizes liabilities for certain unrecognized tax benefits based on the amounts that are more likely than not to be settled with the relevant taxing authority. The Company recognizes interest and/or penalties related to unrecognized tax benefits as a component of income tax expense.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Revenue Recognition

The Company recognizes revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled to in exchange for those goods or services. In determining when and how revenue is to be recognized from contracts with customers, the Company performs the following five step analysis laid under Accounting Standard Codification (“ASC”) 606, Revenue from Contracts with Customers: (1) identification of contract with customers, (2) determination of performance obligations, (3) measurement of the transaction price, (4) allocation of transaction price to the performance obligations, and (5) recognition of revenue when or as the company satisfies each performance obligation.

Revenue is recognized at the point in time when control of the goods is transferred to the customer, which typically occurs at the following times:

- In-store Sales: Revenue is recognized at point-in-time when customer takes possession of the goods.
- Online Sales: Revenue is recognized at point-in-time when the goods are delivered to the customer.
- Wholesale Transactions: Revenue is recognized at point-in-time when the goods are shipped or delivered to the wholesale customer.

Cost of sales

Costs of sales include the cost of goods sold.

Advertising and Promotion

Advertising and promotional costs are expensed as incurred. Advertising and promotional expenses for the years ended December 31, 2023, and December 31, 2022, amounted to \$443,079 and \$204,899, which is included in sales and marketing expenses.

Research and Development Costs

Costs incurred in the research and development of the Company’s products are expensed as incurred.

SEARASA INNOVATIONS INC. DBA ROOTLESS
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

Stock-Based Compensation

The Company accounts for stock-based compensation to both employee and non-employees in accordance with ASC 718, Compensation - Stock Compensation. Under the fair value recognition provisions of ASC 718, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense ratably over the requisite service period, which is generally the option vesting period. The Company uses the Black-Scholes option pricing model to determine the fair value of stock options.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of such instruments).

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

Level 1—Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2—Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3—Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Subsequent Events

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through April 15, 2024, which is the date the financial statements were issued.

Recently Issued and Adopted Accounting Pronouncements

7. CAPITALIZATION AND EQUITY TRANSACTIONS

Common Stock

The Company is authorized to issue 15,000,000 shares of common stock at a par value of \$0.0001. As of December 31, 2023, and December 31, 2022, 10,338,020 shares have been issued and are outstanding.

8. SHAREBASED COMPENSATION

During 2021, the Company authorized the Stock Option Plan (which may be referred to as the "Plan"). The Company reserved 2,474,480 shares of its Common Stock pursuant to the Plan, which provides for the grant of shares of stock options, stock appreciation rights, and stock awards (performance shares) to employees, non-employee directors, and non-employee consultants. The option exercise price generally may not be less than the underlying stock's fair market value at the date of the grant and generally have a term of four years. The amounts granted each calendar year to an employee or nonemployee is limited depending on the type of award.

Stock Options

The Company granted stock options. The stock options were valued using the Black-Scholes pricing model with a range of inputs indicated below:

As of Year Ended December 31,	2023
Expected life (years)	10.00
Risk-free interest rate	3.95%
Expected volatility	75%
Annual dividend yield	0%

The risk-free interest rate assumption for options granted is based upon observed interest rates on the United States government securities appropriate for the expected term of the Company's employee stock options.

The expected term of employee stock options is calculated using the simplified method which takes into consideration the contractual life and vesting terms of the options.

SEARASA INNOVATIONS INC. DBA ROOTLESS
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2023 AND DECEMBER 31, 2022

The Company determined the expected volatility assumption for options granted using the historical volatility of comparable public company's common stock. The Company will continue to monitor peer companies and other relevant factors used to measure expected volatility for future stock option grants, until such time that the Company's common stock has enough market history to use historical volatility.

The dividend yield assumption for options granted is based on the Company's history and expectation of dividend payouts. The Company has never declared or paid any cash dividends on its common stock, and the Company does not anticipate paying any cash dividends in the foreseeable future.

Management estimated the fair value of common stock based on recent sales to third parties. Forfeitures are recognized as incurred.

A summary of the Company's stock options activity and related information is as follows:

	Number of Awards	Weighted Average Exercise	Weighted Average Contract Term
Outstanding at December 31, 2021	112,500	\$ 0.07	-

SAFE(s)

The details of the Company's Simple Agreements for Future Equity ("SAFE") and the terms are as follows:

SAFE(s)	Principal Amount	Borrowing Period	Valuation Cap	Discount	As of Year Ended December 31,	
					2023	2022
Safes I-II	\$ 1,000,000	Fiscal Year 2021	\$ 10,000,000	80%	\$ 1,000,000	\$ 1,000,000
Safes III	\$ 600,000	Fiscal Year 2022	\$ 10,000,000	80%	\$ 600,000	\$ 600,000
Safe IV	\$ 1,000,000	Fiscal Year 2023	\$ 10,000,000	80%	\$ 1,000,000	
Fair value in excess of stated value of derivative instrument					\$ 216,667	\$ 133,333
Total SAFE(s)	\$ 2,600,000				\$ 2,816,667	\$ 1,733,333

The SAFE Agreement is considered a mandatorily redeemable financial instrument under ASC 480-10-15-8. Because the SAFE may require the issuer to redeem the instrument for cash upon a change of control, the agreement should be classified and recorded as a liability under ASC 480-10-25-8 because a change of control is an event that is considered

not under the sole control of the issuer. Therefore, the SAFEs are classified as marked-to-market liabilities pursuant to ASC 480 in other long-term liabilities.

10. INCOME TAXES

The provision for income taxes for the year ended December 31, 2023, and December 31, 2022 consists of the following:

As of Year Ended December 31,	2023	2022
Net Operating Loss	\$ (304,219)	\$ (214,835)
Valuation Allowance	304,219	214,835
Net Provision for income tax	\$ -	\$ -

Significant components of the Company's deferred tax assets and liabilities at December 31, 2023, and December 31, 2022 are as follows:

As of Year Ended December 31,	2023	2022
Net Operating Loss	\$ (683,941)	\$ (379,722)
Valuation Allowance	683,941	379,722
Total Deferred Tax Asset	\$ -	\$ -

Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to use the existing deferred tax assets. On the basis of this evaluation, the Company has determined that it is more likely than not that the Company will not recognize the benefits of the federal and state net deferred tax assets, and, as a result, full valuation allowance has been set against its net deferred tax assets as of December 31, 2023 and December 31, 2022. The amount of the deferred tax asset to be realized could be adjusted if estimates of future taxable income during the carryforward period are reduced or increased.

For the fiscal year ending December 31, 2023, the Company had federal cumulative net operating loss ("NOL") carryforwards of \$2,292,028, and the Company had state net operating loss ("NOL") carryforwards of approximately \$2,292,028. Utilization of some of the federal and state NOL carryforwards to reduce future income taxes will depend on the Company's ability to generate sufficient taxable income prior to the expiration of the carryforwards. The federal net operating loss carryforward is subject to an 80% limitation on taxable income, does not expire, and will carry on indefinitely.

The Company recognizes the impact of a tax position in the financial statements if that position is more likely than not to be sustained on a tax return upon examination by the relevant taxing authority, based on the technical merits of the position. As of December 31, 2023, and December 31, 2022, the Company had no unrecognized tax benefits.

The Company recognizes interest and penalties related to income tax matters in income tax expense. As of December 31, 2023, and December 31, 2022, the Company had no accrued interest and penalties related to uncertain tax positions.

11. RELATED PARTY

There are no related party transactions.

12. COMMITMENTS AND CONTINGENCIES

Contingencies

The Company's operations are subject to a variety of local and state regulations. Failure to comply with one or more of those regulations could result in fines, restrictions on its operations, or losses of permits that could result in the Company ceasing operations.

Litigation and Claims

From time to time, the Company may be involved in litigation relating to claims arising out of operations in the normal course of business. As of December 31, 2023, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of the Company's operations.

13. SUBSEQUENT EVENTS

The Company has evaluated subsequent events for the period from December 31, 2023, through April 15, 2024, which is the date the financial statements were available to be issued.

There have been no other events or transactions during this time which would have a material effect on these financial statements.

14. GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has a net operating loss of \$962,518, an operating cash flow loss of \$1,068,067 and liquid assets in cash of \$143,215, which less than a year worth of cash reserves as of December 31, 2023. These factors normally raise substantial doubt about the Company's ability to continue as a going concern.

The Company's ability to continue as a going concern in the next twelve months following the date the financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results.

Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. During the next twelve months, the Company intends to fund its operations through debt and/or equity financing.

There are no assurances that management will be able to raise capital on terms acceptable to the Company. If it is unable to obtain sufficient amounts of additional capital, it may be required to reduce the scope of its planned development, which could harm its business, financial condition, and operating results. The accompanying financial statements do not include any adjustments that might result from these uncertainties.

We have reviewed the accompanying financial statements of SeaRasa CF SPV LLC (the "Company"), which comprise the balance sheet as of the date of inception of January 18, 2024 and the related statements of income, equity, and cash flows for the date then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially limited in scope compared to an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements of SeaRasa CF SPV LLC for them to be in accordance with accounting principles generally accepted in the United States of America.

Sincerely,

The Company will undertake the limited purpose of acting as a crowdfunding vehicle of acquiring, holding, and disposing of securities issued SeaRasa Innovations, Inc. (the “Crowdfunding Issuer” in the upcoming crowdfunding campaign), which will also serve as the Manager of the Company (see Note 6). The Company is headquartered in San Francisco, California.

All expenses incurred by the Company for the formation, operation, or winding up of the Company shall be paid by the Crowdfunding Issuer, or the Crowdfunding Issuer shall reimburse the Company for any such expenses paid by the Company. Further, any expenses incurred by the Company for its operations pursuant to its purpose shall be paid solely by the Crowdfunding Issuer.

NOTE 2 – GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company is recently formed and has limited financial resources to continue its operations. These factors, among others, raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time.

The Company’s ability to continue as a going concern for the next twelve months is dependent upon its ability to generate capital financing to perform its intended operations. No assurance can be given that the Company will be successful in these efforts. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amount and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (“US GAAP”). Any reference in these notes to applicable guidance is meant to refer to U.S. GAAP as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) of the Financial Accounting Standards Board (“FASB”).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Significant estimates used in the preparation of the accompanying financial statements include recording of depreciation and amortization and the collectible valuation of accounts receivable.

SEARASA CF SPV, LLC.
NOTES TO FINANCIAL STATEMENTS
AS OF JANUARY 18, 2024 (INCEPTION)
(UNAUDITED)

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investment with original maturities of three months or less at the time of purchase to be cash equivalents. The Company has not yet opened any bank accounts.

Fair Value Measurements

US GAAP defines fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

There were no assets or liabilities requiring fair value measurement as of January 18, 2024 (inception).

Income Taxes

The Company uses the liability method of accounting for income taxes as set forth in ASC 740, "Income Taxes". Under the liability method, deferred taxes are determined based on the temporary differences between the financial statement and tax basis of assets and liabilities using tax rates expected to be in effect during the years in which the basis differences reverse. A valuation allowance is recorded when the effect during the years in which the basis differences reverse. A valuation allowance is recorded when it is unlikely that the deferred tax assets will be realized.

SEARASA CF SPV, LLC.
NOTES TO FINANCIAL STATEMENTS
AS OF JANUARY 18, 2024 (INCEPTION)
(UNAUDITED)

The Company assesses its income tax positions and records tax benefits for all years subject to examination based upon its evaluation of the facts, circumstances and information available at the reporting date. In accordance with ASC 740-10, for those tax positions where there is a greater than 50% likelihood that a tax benefit will be sustained, our policy is to record the largest amount of tax benefit that is more likely than not to be realized upon ultimate settlement with a taxing authority that has full knowledge of all relevant information. For those income tax positions where there is less than 50% likelihood that a tax benefit will be sustained, no tax benefit will be recognized in the financial statements. The Company has determined that there are no material uncertain tax positions.

The Company accounts for income taxes with the recognition of estimated income taxes payable or refundable on income tax returns for the current period and for the estimated future tax effect attributable to temporary differences and carryforwards. Measurement of deferred income items is based on enacted tax laws including tax rates, with the measurement of deferred income tax assets being reduced by available tax benefits not expected to be realized in the immediate future.

The Company has evaluated its income tax positions and has determined that it does not have any uncertain tax positions. The Company will recognize interest and penalties related to any uncertain tax positions through its income tax expense.

The Company may in the future become subject to federal, state and local income taxation though it has not been since its inception, other than minimum state tax. The Company is not presently subject to any income tax audit in any taxing jurisdiction.

Revenue Recognition

Accounting Standards Codification (“ASC”) Topic 606, “Revenue from Contracts with Customers” establishes principles for reporting information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity’s contracts to provide goods or services to customers.

Revenues are recognized when control of the promised goods or services are transferred to a customer, in an amount that reflects the consideration that the Company expects to receive in exchange for those goods or services. The Company applies the following five steps in order to determine the appropriate amount of revenue to be recognized as it fulfills its obligations under each of its agreements: 1) identify the contract with a customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to performance obligations in the contract; and 5) recognize revenue as the performance obligation is satisfied.

No revenue has been earned or recognized as of January 18, 2024 (inception).

Organizational Costs

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fee, and costs of incorporation, are expensed as incurred.

FAQ's

Why invest in startups? ×

Regulation CF allows investors to invest in startups and early-growth companies. This is different from helping a company raise money on Kickstarter; with Regulation CF Offerings, you aren't buying products or merchandise - you are buying a piece of a company and helping it grow.

How much can I invest? ×

Accredited investors can invest as much as they want. But if you are NOT an accredited investor, your investment limit depends on either your annual income or net worth, whichever is greater. If the number is less than \$124,000, you can only invest 5% of it. If both are greater than \$124,000 then your investment limit is 10%.

How do I calculate my net worth? ×

To calculate your net worth, just add up all of your assets and subtract all of your liabilities (excluding the value of the person's primary residence). The resulting sum is your net worth.

What are the tax implications of an equity crowdfunding investment? ×

We cannot give tax advice, and we encourage you to talk with your accountant or tax advisor before making an investment.

Who can invest in a Regulation CF Offering? ×

Individuals over 18 years of age can invest.

What do I need to know about early-stage investing? Are these investments risky?

There will always be some risk involved when investing in a startup or small business. And the earlier you get in the more risk that is usually present. If a young company goes out of business, your ownership interest could lose all value. You may have limited voting power to direct the company due to dilution over time. You may also have to wait about five to seven years (if ever) for an exit via acquisition, IPO, etc. Because early-stage companies are still in the process of perfecting their products, services, and business model, nothing is guaranteed. That's why startups should only be part of a more balanced, overall investment portfolio

When will I get my investment back?

The Common Stock (the "Shares") of Rootless (the "Company") are not publicly-traded. As a result, the shares cannot be easily traded or sold. As an investor in a private company, you typically look to receive a return on your investment under the following scenarios: The Company gets acquired by another company. The Company goes public (makes an initial public offering). In those instances, you receive your pro-rata share of the distributions that occur, in the case of acquisition, or you can sell your shares on an exchange. These are both considered long-term exits, taking approximately 5-10 years (and often longer) to see the possibility for an exit. It can sometimes take years to build companies. Sometimes there will not be any return, as a result of business failure.

Can I sell my shares?

Shares sold via Regulation Crowdfunding offerings have a one-year lockup period before those shares can be sold under certain conditions.

Exceptions to limitations on selling shares during the one-year lockup period:

In the event of death, divorce, or similar circumstance, shares can be transferred to:

- The company that issued the securities
- An accredited investor
- A family member (child, stepchild, grandchild, parent, stepparent, grandparent, spouse or equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships)

What happens if a company does not reach their funding target?

If a company does not reach their minimum funding target, all funds will be returned to the investors after the close of the offering

How can I learn more about a company's offering?

All available disclosure information can be found on the offering pages for our Regulation Crowdfunding offering.

What if I change my mind about investing?

You can cancel your investment at any time, for any reason, until 48 hours prior to a closing occurring. If you've already funded your investment and your funds are in escrow, your funds will be promptly refunded to you upon cancellation. To submit a request to cancel your investment please email: invest@getrootless.com

How do I keep up with how the company is doing?

At a minimum, the company will be filing with the SEC and posting on its website an annual report, along with certified financial statements. Those should be available 120 days after the fiscal year end. If the company meets a reporting exception, or eventually has to file more reported information to the SEC, the reporting described above may end. If these reports end, you may not continually have current financial information about the company.

What relationship does the company have with DealMaker Securities?

Once an offering ends, the company may continue its relationship with DealMaker Securities for additional offerings in the future. DealMaker Securities' affiliates may also provide ongoing services to the company. There is no guarantee any services will continue after the offering ends.

Video Transcript

Hi, my name is Sachi Singh. I'm the founder and CEO of Rootless.

We're harnessing the power of sustainable seaweed to build the future of women's health and planetary health. Now you might be wondering: why has someone with a decade of professional experience working on climate change talking to me about women's health and seaweed? This story is really grounded in hope and hormones. Let's start with hormones.

Hormonal health and particularly menopause are finally in the public eye. With consumers, the White House, celebrities, talking about menopause openly and publicly. It's about time. Menopause presents a 600B market opportunity with 1B women will be experiencing menopause by 2025. I am super excited to report that in 2 years of being on market, Rootless has found product market fit with women who are going through perimenopause or are post menopausal because they are really feeling the impact of daily consumption of seaweed and the daily bites. In 2023, we saw a 250% increase in revenue with about half of that coming from repeat subscription purchases. We conducted a consumer trial where we recruited 36 women to eat the bites every day and report on their hormonal imbalance symptoms and 100% felt a difference. So, going into 2024: we know who our customer is, we know she loves us, we know why she's coming back, and we're ready to scale.

By building consumer demand for sustainable seaweed, we are creating real and lasting value in a regenerative supply chain that could literally change the way that we use land and the global food system. So Rootless is really one of the few places where investing in self-care is investing in planetary care, and I hope you will join us in building the future of women's health and planetary health.

We're not alone in our vision for Women's Health.

"Ask any woman in America about her health care, she probably has a story to tell. [] She's the woman going through menopause, who visits with her doctor and leaves with more questions than answers. Every woman – half of the population – will be affected by menopause, and yet there's a stunning lack of information about how to manage and treat its symptoms."

First Lady Jill Biden

As a DACM (Doctor of Acupuncture and Chinese Medicine), I understand how important it is to find balance through hormone health. As someone who has struggled with finding natural options and adequate guidance with my own hormonal issues, I joined Rootless to help bring effective, natural solutions to others. Seaweed has been used for centuries as part of TCM's Materia Medica and as a staple food and medicine for countless traditional cultures. Seaweed holds answers: it can help us eat our food as medicine, create self-care rituals, and feel our best.

Rootless is a startup led by women designed for women. Through seaweed, we are creating a space where women can reclaim their hormonal health, and feel good in their bodies and identities at all ages. We want you to be a part of our shared success and share in the value you're already creating with your purchasing power. Invest today, and together let's build the future of human and planetary health.

Hi! It's Sachi Singh

Rootless founder & #1 fan of seaweed!

I founded Rootless with a vision for human and planetary health that harkens back to what many traditional cultures have known for millennia: the health of the planet and the health of individuals are deeply interconnected.

Since founding Rootless, I've spent countless sleepless nights pondering a simple yet essential question: "what kind of business do I want to build?" I've found that in order to answer that, I must also ask myself: "what is the collective future we need and deserve?"

Inspired by Patagonia, we wanted to create an opportunity where our people - our true stakeholders - can become our shareholders and share in the value we are creating together: a regenerative food and health system with innovations across the value chain.

That's why we want our consumers, women, people - YOU - to own a part of Rootless and join our shared value ecosystem, in which our success IS your success.

Our waitlist to reserve shares in Rootless is open - I hope you'll join us in our movement to regenerate human and planetary health.

As an investor in our movement, you can own a *bite* of the future of human and planetary health! **Join the waitlist before December 22 to be one of the first 100 people to try our newest Daily Bite flavor before it launches!**

Let's keep shining and empowering together, one seaweed bite at a time, for a brighter, healthier future.

hormonal health at every life stage.

A peek into the future with Rootless...

By 2050, seaweed has re-emerged* as a nutritional and medicinal superhero, offering a natural solution to hormonal and ecological imbalance, contributing greatly to food security, and supporting the flourishing of humans and our environment alike.

Seaweed has become a dietary staple for people who did not previously consume it as part of their traditional cuisine: it's available in many delicious and culturally appropriate forms, and is celebrated as a crucial component of the American diet. This revolutionary shift resulting from innovations in seaweed supply chains and cuisines, where 10% of every person's daily diet comes from seaweed, has revolutionized individual health, oceanic health, and greatly contributed towards a climate stabilization.

*Seaweed is already a staple food and medicine in many traditional cultures around the world, including in Japan, Okinawa, Korea, and for many Native and/or First Nations peoples of North America.

Green Economy, Green Planet.

Oceans are constantly being regenerated, as localized, small-scale, ethical, zero-input seaweed farming has become a cornerstone of sustainable agriculture. Seaweed's carbon-sequestering properties have helped to mitigate climate change and maintain biodiversity so that marine ecosystems can flourish. The collective effort to integrate seaweed into diets has reduced the environmental impact of land-based farming practices, creating a harmonious balance between human nutrition and ecological well-being.

Empowered Women, Excellent Healthcare.

Thanks to visionary leaders, funding for women's health research has skyrocketed. The groundbreaking initiatives begun in 2023 have paved way for new, comprehensive women's healthcare solutions that address hormonal imbalances before they even surface. Every woman, regardless of age, has easy, affordable, personalized, healthcare, guided by a deep understanding of her unique journey, beliefs, and cultural background.

We're not alone in our vision for Women's Health.

"Ask any woman in America about her health care, she probably has a story to tell. ☐ She's the woman going through menopause, who visits with her doctor and leaves with more questions than answers. Every woman – half of the population – will be affected by menopause, and yet there's a stunning lack of information about how to manage and treat its symptoms."

– First Lady Jill Biden

Female hormones are finally starting to get the funding and attention they deserve, with thought leaders speaking up about the importance of hormone balance for menopause and beyond. Our innovative solution is poised to help transform the health of millions of women, starting with YOU.

As a DACM (Doctor of Acupuncture and Chinese Medicine), I understand how important it is to find balance through hormone health. As someone who has struggled with finding natural options and adequate guidance with my own hormonal issues, I joined Rootless to help bring effective, natural solutions to others.

For centuries, seaweed has been eaten as a traditional food and medicine by cultures around the world, while simultaneously regenerating ocean health and reducing our dependencies on land-based foods. We're returning to those roots with a modern approach to daily nutrition, so you can get the hormone balancing benefits of daily seaweed without having to taste the ocean.

Your investment in us matters, no matter the amount. Together, we affect a ripple of healing for the future of people and the planet.

By 2050...

Seaweed has become a dietary staple for people who did not previously consume it as part of their traditional cuisine: it's available in many delicious and culturally appropriate forms, and is celebrated as a crucial component of the American diet. This revolutionary shift resulting from innovations in seaweed supply chains and cuisines, where 10% of every person's daily diet comes from seaweed, has revolutionized individual health, oceanic health, and greatly contributed towards a climate stabilization.

Green Economy, Green Planet.

Oceans are constantly being regenerated, as localized, small-scale, ethical, zero-input seaweed farming has become a cornerstone of sustainable agriculture. Seaweed's carbon-sequestering properties have helped to mitigate climate change and maintain biodiversity so that marine ecosystems can flourish. The collective effort to integrate seaweed into diets has reduced the environmental impact of land-based farming practices, creating a harmonious balance between human nutrition and ecological well-being.
