REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
of Casey Securities, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Casey Securities, LLC (the "Company") as of December 31, 2023, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Casey Securities, LLC as of December 31, 2023 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Casey Securities, LLC's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Casey Securities, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Ryan & Juraska LLP

We have served as Casey Securities, LLC's auditor since 2017.

Casey Securities, LLC

Notes to Financial Statement

December 31, 2023

1. Organization

Casey Securities, LLC (the "Company") was formed as a limited liability company on June 30, 2004; the Company succeeded the business and approvals of Casey Securities, Inc on September 24, 2004. Casey Securities, Inc had been a NYSE-ARCA and SEC approved broker dealer since 1976. The Company is registered as a broker-dealer with the Securities and Exchange Commission pursuant to Section 15c of the Securities Exchange Act of 1934 and continues to be a member of the NYSE-ARCA with OTP approval. The Company's primary business is to provide options floor brokerage services to its institutional customers. Effective January 1, 2017, the Company became a wholly owned subsidiary of FCF Group Intermediate Holdings, LLC.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States.

Accounts Receivable

The Company's receivables are due from various institutional companies, including broker dealers, under contractual agreements. Management reviews accounts receivable based on an analysis of each customer and establishes an allowance where collectability of all or part of a receivable becomes impaired.

Revenue Recognition

The Company recognizes revenue in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 606, Revenue from Contracts with Customers effective in 2018. The recognition and measurement of revenue is based on assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time.

The Company provides brokerage execution services to various customers whereby a customer requests the Company to transact or execute the purchase or sale of a specific listed option as instructed by the customer. The Company invoices these customers monthly for the various services in which the Company has purchased and sold pursuant to the customer requests. The Company believes that the performance obligation is met on the trade date of the trade execution as there are no further performance obligations once the transactions are executed by the Company.

Exchange Rebates

Rebates are received for QCC options trades executed on the NYSE-ARCA and CBOE and are credited by the exchanges on a monthly basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and may have an impact on future periods.

Casey Securities, LLC

Notes to Financial Statement

December 31, 2023

2. Significant Accounting Policies (continued)

Fair Value of Financial Instruments

ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

At December 31, 2023, the Company held no Level 1, Level 2 or Level 3 investments.

Depreciation

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets of seven years for furniture and five years for equipment and capitalized software.

Income Taxes

The Company, a limited liability company, is taxed as a partnership under the Internal Revenue Code and a similar state statute. In lieu of income taxes, the Company passes 100% of its taxable income and expenses to its direct owner/sole member, FCF Group Intermediate Holdings, LLC, which subsequently passes 100% of its taxable income and expenses to the ultimate holding company, FCF Group Holdings, LLC. Therefore, no provision or liability for federal or state income taxes is included in these financial statements. In accordance with U.S. GAAP, the Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Generally, the Company is no longer subject to examinations by major tax jurisdictions for years before 2020. Based on its analysis, there were no tax positions identified by management which did not meet the "more likely than not" standard as of and for the year ended December 31, 2023.

Casey Securities, LLC

Notes to Financial Statement

December 31, 2023

2. Significant Accounting Policies (continued)

Accounting for Leases

In February 2016, FASB amended the guidance on accounting for leases. The new guidance required leases to recognize right-of-use (ROU) assets and lease liabilities on the balance sheet for the rights and obligations created by the qualifying leases. The recognition, measurement and presentation of the expenses and cash flows arising from a lease by a lessee remains substantially unchanged and depends on classification as a finance or operating lease. The Company adopted the new guidance during 2019 and elected to use the effective date as the date of initial application. As such, restated financial information and the additional disclosures required under the new standard will not be provided for the periods presented. The new guidance also requires quantitative and qualitative disclosures that provide information about the amounts related to leasing arrangements recorded in the financial statements. For further information, see Note 11 – Lease Commitment. The Company elected to apply the “package of practical expedients,” which permits it to not reassess prior conclusions on existing leases regarding lease indemnification, lease classification and initial direct costs.

At adoption, the Company recognized lease liabilities of \$743,520, representing the present value of the remaining fixed lease payments based on the incremental borrowing rates as of December 31, 2018. Changes in lease liabilities are based on current period interest expense and cash payments. The Company also recognized ROU assets of \$727,965 at adoption, which represents the measurement of the lease liabilities, initial direct costs incurred by the Company and lease incentives received. The Company entered into a new lease during the year 2022 and recognized an additional lease liability of \$65,431, representing the present value of the remaining fixed lease payments based on incremental borrowing rates at December 31, 2021. Changes in lease liabilities are based on current period interest expense and cash payments. The Company also recognized an additional ROU asset of \$65,431 which represents the measurement of the lease liabilities, initial direct cost incurred by the Company and the lease incentives received.

Measurement of Credit Losses

In June 2016, the FASB issued ASU 2016-13, Measurement of Credit Losses on Financial Instruments. The main objective of ASU 2016-13 is to provide financial statement users with more decision-useful information about an entity's expected credit losses on financial instruments and other commitments to extend credit at each reporting date. To achieve this objective, the amendments in this update replace the incurred loss impairment methodology with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to develop credit loss estimates. Expected credit losses are measured based on historical experience, current conditions, and forecasts that affect the collectability of the reported amount, and are generally recognized earlier than under previous standards. The adoption of this standard on January 1, 2020 did not have a material impact on the Company's financial statements.

3. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1). This rule requires the Company to maintain a minimum net capital equal to the greater of 6-2/3% of aggregate indebtedness or \$5,000. Further, the rule requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. At December 31, 2023, the Company's net capital was \$1,500,948 which was \$1,425,805 in excess of the required net capital of \$75,143. The Company's aggregated indebtedness to net capital ratio was .75 at December 31, 2023.

4. Risk Concentration

The Company's cash consists of cash held at a financial institution where it may, at times, exceed government insurance limits during the year. At December 31, 2023 the Company had no uninsured cash balances.

Casey Securities, LLC

Notes to Financial Statement

December 31, 2023

5. Deposit with Clearing Organization

The Company's clearing organization, Wedbush Securities, Inc ("Clearing firm"), requires that it maintain at least \$100,000 in deposits.

6. Financial Instruments with Off-Balance-Sheet Credit Risk

As a securities floor broker, the Company acts in an agency only capacity for counterparties such as broker dealers, banks and other financial institutions. The Company does not commit capital or otherwise engage in proprietary trading activities. The Company maintains a fully disclosed clearing agreement with Clearing firm. The agreement between the Company and Clearing firm provides that the Company is obligated to assume any exposure related to nonperformance by its customers. These activities may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at the prevailing market price in order to fulfill the customer's obligation. The Company seeks to control off-the-balance-sheet credit risk by monitoring its customer transaction and reviewing information it receives from its clearing broker on a daily basis and reserving for doubtful accounts when necessary.

7. Guarantees

Accounting Standards Codification Topic 460 ("ASC 460"), Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others.

8. Occupancy

Occupancy expenses are for costs related to maintaining trading position on the floor of the NYSE-ARCA, as well as costs related to the Company's off floor offices.

9. Related Party Transactions

Effective January 1, 2020, The Company maintains an expense sharing agreement with its affiliates under common control ((FOG Equities, LLC ("FOG"), RFA Securities LLC ("RFA"), and FCF Group Holdings, LLC ("FCF")). Effective May 1, 2023, the Company revised its expense sharing agreement to include Hamilton Executions LLC ("Hamilton") a broker-dealer acquired and under common control.

During the year ending December 31, 2023, the Company charged FOG a total of \$282,489 for shared office space and other expenses according to the agreement. The Company was charged a total of \$1,546 by FOG for execution services/passthrough CHX fees. At December 31, 2023, the Company was owed \$29,251 from FOG which is included in due from affiliates on the statement of financial condition.

During the year ending December 31, 2023, the Company charged RFA a total of \$226,857 for services provided by shared personnel and other expenses according to the agreement. The Company charged RFA a total of \$1,546 for execution services. At December 31, 2023, the Company was owed \$65,702 from RFA which is included in due from affiliates on the statement of financial condition.

During the year ending December 31, 2023, the Company charged Hamilton a total of \$186,679 for services provided by shared personnel and other expenses according to the agreement. At December 31, 2023, the Company was owed \$25,042 from Hamilton which is included in due from affiliates on the statement of financial condition.

Casey Securities, LLC

Notes to Financial Statement

December 31, 2023

9. Related Party Transactions (continued)

During the year ending December 31, 2023, the Company, in the ordinary course of its business, forwards equity trades tied to its options business to its affiliate, FOG. No amounts are due from this affiliate as it relates to equity trades. As such, there is no market risk related to this business that could cause losses to be incurred.

During the year ended December 31, 2023, the Company charged FCF a total of \$4,885 for shared office space and other expenses according to the agreement. At December 31, 2023, the Company was owed \$4,885 from FCF which is included in due from affiliates on the statement of financial condition.

10. Employee Benefit Plan

The Company has established a 401(k) plan for qualified employees. The Company matches a portion of employee contributions and may elect to make further discretionary contributions to the plan, subject to certain limitations as set forth in the plan agreement. During the year ended December 31, 2023, employee contributions totaled \$121,226 and employer contributions totaled \$14,155.

11. Lease Commitment

The Company conducts its operations in leased office facilities and annual rentals are charged to current operations. The Company also leases computer equipment and annual rentals are charged to current operations. Rent expense for the year ended December 31, 2023 totaled \$203,263, which is included in occupancy expense on the statement of operations. The Company has obligations under the operating leases with non- cancelable terms. Annual rentals for office space and computer equipment at December 31, 2023 are approximately as listed below:

Year Ending December 31	Amount
2024	183,720
2025	170,952
thereafter	155,702
Total Lease Payments	510,374
Less Imputed Interest	(33,768)
Present Value of Lease Liability	476,606

12. Subsequent Events

The Company has evaluated the subsequent events through February 23, 2024, the date which the financial statements were available to be issued, noting no material events requiring disclosure except as noted below.

During the months of January and February, 2024, the Company had member's equity withdrawals totaling \$500,000.
