## Experience

### Coexist Build

Co-Founder, Partner

July 2018 - Present (5 years 9 months)

Multidisciplinary company disrupting architecture and construction through innovations in regenerative materials and design to pioneer environments that are healthy and toxic free. We are currently developing multiple hemp based materials at Coexist's research facility in Pennsylvania.

### Lunaria Farm

Regenerative Organic Farmer

September 2018 - Present (5 years 7 months)

Operate a 10 acre organic research farm to create proof of concept bio-based materials from agricultural raw material.

### Anthropocene Creative / Freelance - [www.drewoberholtzer.com](http://www.drewoberholtzer.com)

Media Professional

January 2006 - Present (18 years 3 months)

Film and television producer, editor, and journalist focused on the environment, social issues, and science. I've worked for National Geographic, Vice Media, Animal Planet, Weather Channel, ABC News and Documentaries, Business Insider, and many more.

### The Hemp Entrepreneur Podcast

Co-Creator and Host

December 2018 - January 2021 (2 years 2 months)

### Postroom

Co-Owner and Manager

February 2007 - May 2013 (6 years 4 months)

Greater New York City Area

Startup company that provided offline and online hardware and post production services for various production companies in New York City.

URS Corporation, An AECOM Company

Archaeologist

July 1999 - January 2007 (7 years 7 months)

---
