What are Investment Limits for Reg CF funds?

Anyone can invest in a Regulation Crowdfunding offering. Because of the risks involved with this type of investing, however, you may be limited in how much you can invest during any 12-month period in these transactions. If you are an accredited investor (see definition below), then there are no limits on how much you can invest. For Non-Accredited Investors (most fall into this category) the limitation on how much you can invest depends on your net worth and annual income. If either your annual income or your net worth is less than \$124,000, then during any 12-month period, you can invest up to the greater of either \$2,500 or 5% of the greater of your annual income or net worth. If both your annual income and your net worth are equal to or more than \$124,000, then during any 12-month period, you can invest up to 10% of annual income or net worth, whichever is greater, but not to exceed \$124,000.
