## **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**To the Board of Directors and Stockholder of L.B. Fisher & Company.**

### **Opinion on the Financial Statements**

We have audited the accompanying statement of financial condition of L.B. Fisher & Company as of June 30, 2020, the related statements of operations, changes in stockholder's equity and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of L.B. Fisher & Company as of June 30, 2020, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

These financial statements are the responsibility of L.B. Fisher & Company management. Our responsibility is to express an opinion on L.B. Fisher & Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to L.B. Fisher & Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

### **Auditor's Report on Supplemental Information**

The supplemental information contained in Schedule I, Computation of Net Capital and Aggregate Indebtedness Pursuant to Rule 15c3-1 of the Securities and Exchange Commission has been subjected to audit procedures performed in conjunction with the audit of L.B. Fisher & Company's financial statements. The supplemental information is the responsibility of L.B. Fisher & Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information contained in Schedule I, Computation of Net Capital and Aggregate Indebtedness Pursuant to Rule 15c3-1 of the Securities and Exchange Commission is fairly stated, in all material respects, in relation to the financial statements as a whole.

**L.B. FISHER & COMPANY**  
Notes to the Financial Statements  
June 30, 2020

**NOTE 1 – NATURE OF BUSINESS**

L.B. Fisher & Company (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company is engaged in full-service broker dealer activities and investment banking.

The Company was organized on August 26, 1976 under the laws of the State of Texas. All customer transactions are cleared through a third-party clearing firm, RBC Capital Markets Corporation (“RBC”), on a fully disclosed basis. The Company has claimed exemption from Rule 15c3-3 (“Rule”) under section (k)(2)(ii) of the SEC, and accordingly is exempt from the remaining provisions of that Rule.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

These financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (“GAAP”). Revenues are recognized in the period earned and expenses when incurred.

***Cash and Cash equivalents***

Cash and cash equivalents include cash and highly liquid investments with a maturity at date of purchase of ninety days or less. The Company considers highly liquid investments in money market funds to be cash equivalents.

***Use of Estimates***

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

***Securities Transactions***

Purchases and sales of securities are recorded on a trade date basis. Commission revenue and expense are recorded on a settlement date basis, generally the third business day following the transaction. If materially different, commission revenue and related expenses are recorded on a trade date basis.

***Transaction Fees***

Transaction fees are recognized on an accrual basis and are included in income as commissions are earned from the completion of transactions or as payments are received per agreement with the client.

***Financial Instruments and Credit Risk***

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers and other financial institutions. In the event that counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company’s policy to review, as necessary, the credit standing of each counter party.

Financial instruments that potentially subject the Company to credit risk include cash and cash equivalents, deposit with clearing broker-dealer, receivables from clearing broker-dealer, investments, and other assets.

**L.B. FISHER & COMPANY**  
Notes to the Financial Statements  
June 30, 2020

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

***Fair Value Measurements***

The fair value of the Company's financial instruments reflects the amounts that the Company estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date (exit price). The fair value hierarchy that prioritizes the use of inputs used in valuation techniques is as follows:

Level 1 – quoted prices in active markets for identical assets and liabilities;

Level 2 – observable inputs other than quoted prices in active markets, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data;

Level 3 – unobservable inputs reflecting management's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

The carrying amounts of the Company's financial instruments, which include a deposit with clearing broker-dealer, receivables from clearing broker-dealer, prepaid expenses, other assets, and accounts payable, approximate their fair values due to their short term maturities.

***Income Taxes***

The Company accounts for income taxes using the asset and liability method whereby deferred tax asset and liability account balances are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the asset or liability is expected to be realized or settled. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. In the ordinary course of business, there are many transactions for which the ultimate tax outcome is uncertain. The Company regularly assesses uncertain tax positions in each of the tax jurisdictions in which it has operations and accounts for the related financial statement implications. Unrecognized tax benefits are reported using the two-step approach under which tax effects of a position are recognized only if it is "more-likely-than-not" to be sustained and the amount of the tax benefit recognized is equal to the largest tax benefit that is greater than fifty percent likely of being realized upon ultimate settlement of the tax position. Determining the appropriate level of unrecognized tax benefits requires the Company to exercise judgment regarding the uncertain application of tax law. The amount of unrecognized tax benefits is adjusted when information becomes available or when an event occurs indicating a change is appropriate. The Company includes interest and penalties related to its uncertain tax positions as part of income tax expense, if any. The company did not incur any interest or penalties for the year ended June 30, 2020.

The Company has not changed any of its tax accrual estimates. The Company files U.S. federal and U.S. state tax returns. The Company is generally no longer subject to tax examinations relating to federal and state tax returns for years prior to 2016.

The Company is subject to Texas franchise tax, which is based on taxable margin, rather than being based on federal taxable income. For the year ended June 30, 2020, the Company has no Texas margin tax expense.

**L.B. FISHER & COMPANY**  
Notes to the Financial Statements  
June 30, 2020

***Revenue Recognition***

Revenue from contracts with customers includes commission income related to brokerage transactions and services. The recognition and measurement of revenue under FASB ASC 606, *Revenue from Contracts with Customers*, is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the related agreement; and whether constraints on variable consideration should be applied due to uncertain future events.

Interest revenue represent fees and includes other asset-based fees. Other asset-based fees are recognized in the period that they are realized since the revenue cannot be accurately predicted at the time the policy becomes effective. The Company buys and sells securities on behalf of its customers through its arrangements with its clearing firms. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions, transaction fees and clearing expenses are recorded each month based upon the trade date, which is the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

***Management Review***

The Company has evaluated subsequent events through July 29, 2020, the date the financial statements were available to be issued.

***Recently Issued Accounting Pronouncements***

ASU 2016-02, Leases (Topic 842). ASU 2016-02 will, among other things, require lessees to recognize a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. ASU 2016-02 does not significantly change lease accounting requirements applicable to lessors; however, certain changes were made to align, where necessary, lessor accounting with the lessee accounting model. ASU 2016-2 was adopted by the Company on July 1, 2019 and will require transition using a modified retrospective approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The Company continues to evaluate the provisions of the new lease standard and the impact it will have on the Company's financial statements.

ASU 2018-13, "Fair Value Measurement (Topic 820) - Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement." ASU 2018-13 modifies the disclosure requirements on fair value measurements in Topic 820. The amendments in this update remove disclosures that no longer are considered cost beneficial, modify/clarify the specific requirements of certain disclosures, and add disclosure requirements identified as relevant. ASU 2018-13 was effective for us on January 1, 2020, with early adoption permitted, and is not expected to have a significant impact on the Company's financial statements.

**L.B. FISHER & COMPANY**  
Notes to the Financial Statements  
June 30, 2020

**NOTE 3 – DEPOSIT WITH CLEARING BROKER-DEALER**

The Company maintains a deposit account with RBC, the Company's clearing broker-dealer, as part of the Company's contract for services. RBC requires a deposit for its services that serves as a reserve for counterparty credit risk, including default risk and settlement risk, as well as market risk to open un-hedged positions. As of June 30, 2020, cash of \$50,000 has been maintained as a deposit.

**NOTE 4 – INVESTMENTS**

The following table represents the Company's fair value hierarchy for its investments measured at fair value on a recurring basis as of June 30, 2020:

Description	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
U. S. equity securities	\$ 2,435	\$ -	\$ -	\$ 2,435
International equity securities	4,758	-	-	4,758
Total investments	<u>\$ 7,193</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,193</u>

**NOTE 5 – COMMITMENTS AND CONTINGENCIES**

***Leases***

The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. The Company is a lessee in a noncancelable operating lease for office space. The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use (ROU) asset at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate. The implicit rates of our leases are not readily determinable and accordingly, we use our incremental borrowing rate based on the information available at the commencement date for all leases. The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term. The Company has an obligation as a lessee for office space with an initial noncancelable term in excess of one year. The Company classified this lease as an operating lease. This lease contains a renewal option for a period of five years. Because the Company is not reasonably certain to exercise this renewal option, the optional period is not included in determining the lease term, and associated payments under this renewal option is excluded from lease payments. The Company's lease does not include termination options for either party to the lease or restrictive financial or other covenants.

**L.B. FISHER & COMPANY**  
Notes to the Financial Statements  
June 30, 2020

The Company leases office space under an operating lease expiring in March 2022. Total rent expense under the lease was approximately \$20,000 for the year ended June 30, 2020, included within general and administrative expense on the statement of operations.

Lease information at June 30, 2020 is as follows:

Lease cost	
Operating lease cost	\$ 19,048
Short-term lease cost	<u>\$ 32,000</u>
Total lease cost	<u>\$ 51,048</u>

Other information

Weighted average remaining lease term - operating leases	1.75 years
Weighted average discount rate - operating leases	4.25%

Rent expense is included in the general and administrative expense line item on the Statement of Operations.

The Company has entered into a related party agreement to pay \$32,000 in rent expense to the owner for the times the owner works at his homes in Sedona, Arizona or Huffman, Texas.

The Company has made an accounting policy election not to recognize short-term right-of-use assets and lease liabilities that arise from short-term leases for any class of underlying assets.

***Litigation***

The Company from time to time may be involved in litigation relating to claims arising out of its ordinary course of business. Management believes that there are no claims or actions pending or threatened against the Company, the ultimate disposition of which would have a material impact on the Company's financial position, results of operations or cash flows.

***Risk Management***

The Company maintains various forms of insurance that the Company's management believes are adequate to reduce the exposure to these risks to an acceptable level.

***Sub-Clearing Agreement***

Included in the Company's sub-clearing agreement is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on any unsettled trades. At June 30, 2020, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

**NOTE 6 - INCOME TAXES**

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred taxes at June 30, 2020 are computed by applying the statutory federal income tax rate of 21%. As of June 30, 2020, temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts for income tax purposes were not significant.

**L.B. FISHER & COMPANY**  
Notes to the Financial Statements  
June 30, 2020

**NOTE 7 – NET CAPITAL REQUIREMENTS**

The Company, as a registered fully licensed broker and dealer in securities, is subject to the SEC Uniform Net Capital Rule (“Rule 15c3-1”). Under this rule, the Company is required to maintain a minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2020, the minimum net capital requirement for the Company was \$100,000. Net capital at June 30, 2020 aggregated \$178,244. The Company’s ratio of aggregate indebtedness to net capital was 0.002 to 1 at June 30, 2020.

**NOTE 8 – EMPLOYEE RETIREMENT PLAN**

The Company provides a defined contribution profit sharing trust plan (“Trust Plan”) for all employees. Contributions to the Trust Plan vest immediately and are declared at the discretion of the Board of Directors. New employees are subject to a vesting period defined by the Plan. For the year ended June 30, 2020, the Company has recorded \$35,400 in profit sharing plan expense.

The Company provides a money purchase pension plan (“Pension Plan”) for all employees. Contributions to the Pension Plan are limited to 10% of each employee’s annual salary. Current employees’ contributions to the Pension Plan vest immediately and are declared at the discretion of the Board of Directors. New employees are subject to a vesting period defined by the Plan. For the year ended June 30, 2020, the Company has recorded \$23,600 in pension plan expense.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**To the Board of Directors and Stockholder of L.B. Fisher & Company**

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) L.B. Fisher & Company identified the following provisions of 17 C.F.R. §15c3-3(k) under which L.B. Fisher & Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(ii) (the "exemption provisions") and (2) L.B. Fisher & Company stated that L.B. Fisher & Company met the identified exemption provisions throughout the most recent fiscal year, June 30, 2020, without exception. L.B. Fisher & Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about L.B. Fisher & Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**  
**ON APPLYING AGREED-UPON PROCEDURES**

**To the Board of Directors and Stockholder of L.B. Fisher & Company**

We have performed the procedures included in Rule 17a-5(e)(4) under the Securities Exchange Act of 1934 and in the Securities Investor Protection Corporation (SIPC) Series 600 Rules, which are enumerated below and were agreed to by L.B. Fisher & Company and the SIPC, solely to assist you and SIPC in evaluating L.B. Fisher & Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7) for the year ended June 30, 2020. L.B. Fisher & Company's management is responsible for its Form SIPC-7 and for its compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with standards established by the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- 2) Compared the Total Revenue amount reported on the Annual Audited Report Form X-17A-5 Part III for the year ended June 30, 2020 with the Total Revenue amount reported in Form SIPC-7 for the year ended June 30, 2020, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
- 4) Recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences.
- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on L.B. Fisher & Company's compliance with the applicable instructions of the Form SIPC-7 for the year ended June 30, 2020. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of L.B. Fisher & Company and the SIPC and is not intended to be and should not be used by anyone other than these specified parties.
