International Jazz Day

Executive in Charge of Production

January 2012 - Present (12 years 3 months)

Washington D.C. Metro Area

Keep an eye on all the moving parts! The United Nations has designated April 30 as International Jazz Day. Since the initial celebration in 2012 in the General Assembly Hall of the UN in New York, we have celebrated this great day annually on April 30 with shows in Istanbul, Osaka & Paris. In 2016 the Celebration, came back to the US, with the celebration being hosted at the White House by President Obama. We shipped full production to Havana, Cuba in 2017, traveled to St Petersburg, Russia in 2018, then on to Melbourne, Australia in 2019. COVID-19 has for the moment postponed the event we had planned for 2020 in Cape Town, South Africa. <https://jazzday.com>
