Proxy Statement Annual Meeting of Shareholders to be held October 26, 2001

GENERAL INFORMATION

We are furnishing this proxy statement in connection with the solicitation of proxies by the Board of Directors of Harris Corporation for use at the 2001 Annual Meeting of Shareholders to be held on October 26, 2001, and at any adjournments thereof.

On September 14, 2001, we commenced mailing (1) this proxy statement, (2) the accompanying proxy card and instructions, (3) a copy of our 2001 Annual Report to Shareholders, and (4) our Annual Report on Form 10-K for the fiscal year ended June 29, 2001, to our shareholders.

Purpose of Meeting

The purpose of the 2001 Annual Meeting of Shareholders is to obtain shareholder action on the matters outlined in the notice of meeting included with this proxy statement. These matters include the election of three directors and the ratification of the selection of Ernst & Young LLP as our independent auditors for fiscal year 2002. This proxy statement provides you with detailed information about each of these matters.

We encourage you to read this proxy statement carefully. In addition, you may obtain information about Harris from the other documents delivered with this proxy statement.

Record Date and Outstanding Shares

The record date for the shareholders entitled to vote at the Annual Meeting is August 31, 2001.

Only our common stock has voting rights. On the record date, there were 65,932,794 shares outstanding and approximately 9,222 holders of record. Each share is entitled to one vote. The attendance by proxy or in person of holders of a majority of the shares entitled to vote at the meeting will constitute a quorum to hold the meeting.

Voting Instructions

You are entitled to one vote for each share of common stock that you own as of the close of business on August 31, 2001. Please carefully read the instructions below on how to vote your shares. Because the instructions vary depending on how you hold your shares and the method you decide to use to vote, it is important that you follow the instructions that apply to your particular situation.

You have a choice of voting by telephone, Internet, or mail, or by voting in person at the meeting. The telephone and Internet procedures use a control number to authenticate shareholders of record, allow you to vote your shares, and confirm that your instructions have been properly recorded.

Even if you plan to attend the meeting, you can vote by telephone, Internet, or mail.

If Your Shares are Held in Your Name

Voting by Telephone

The telephone voting procedure is simple and fast. Dial the 800 number on your proxy card and voting instruction form and listen for further directions. You must have a touch-tone phone and a control number on your proxy card in order to respond to the questions. This vote will be counted immediately, and there is no need to send in your proxy card.

Voting by Internet

Voting on the Internet is also easy and fast. Read your proxy card and voting instruction form and follow the directions. You will need to have and enter your control number, which is located in the gray shaded box on the bottom right side of your proxy card and voting instruction form. This vote will be counted immediately, and there is no need to send in your proxy card.

Voting by Mail

If you are a shareholder of record, you can save Harris expense by voting by telephone or on the Internet. Alternatively, you can vote by mail by completing, signing, dating, and mailing the enclosed proxy card.

Voting in Person at the Meeting

If you plan to attend the meeting, you can vote in person. In order to vote at the meeting, you will need to bring proper identification and evidence of your share ownership with you to the meeting.

Revoking your Proxy

As long as your shares are registered in your name, you may revoke your proxy at any time before it is exercised. There are several ways you can do this:

- By filing a written notice of revocation with our Corporate Secretary;
- By duly signing and delivering a proxy that bears a later date;
- By subsequently voting by telephone or Internet as described above; or
- By attending the meeting and voting in person.

If Your Shares are Held in “Street Name”

Voting by Mail, Telephone, or Internet

If your shares are registered in the name of your broker or nominee, you should vote your shares using the method directed by that broker or other nominee. A large number of banks and brokerage firms are participating in the ADP Investor Communication Series online program. This program provides eligible “street” name shareholders the opportunity to vote via the Internet or by telephone. Voting forms will provide instructions for shareholders whose bank or brokerage firm is participating in ADP’s program.

Voting in Person at the Meeting

If you plan to attend the meeting and to vote in person, you should contact your broker or nominee to obtain a broker’s proxy card and bring it, together with proper identification and your account statement or other evidence of your share ownership, with you to the meeting.

Revoking your Proxy

If your shares are held in street name, you must contact your broker or nominee to revoke your proxy.

Voting Rules; Required Vote

By giving us your proxy, you authorize Harris’ management to vote, in the manner you indicate, your shares at the meeting or any adjournments thereof.

Proposal 1: Election of Directors

With respect to the election of nominees for directors, you may:

- Vote “for” the election of all three of the nominees for director named in this proxy statement;
- “Withhold” authority to vote for all three of the nominees; or
- “Withhold” authority to vote for one or more of the nominees and vote “for” the remaining nominee or nominees.

If a quorum is present at the meeting, the three nominees receiving the greatest number of votes will be elected to serve as directors. Because of this, non-voted shares and shares whose votes are withheld will not affect the outcome of the

election for directors; and, withholding authority to vote for a particular nominee will not prevent that nominee from being elected. Shareholders may not vote for more than three nominees.

Proposal 2: Ratification of Auditors

With respect to the proposal to ratify the appointment of Ernst & Young LLP as our independent auditors for fiscal year 2002, you may:

- Vote “for” ratification;
- Vote “against” ratification; or
- “Abstain” from voting on the proposal.

If a quorum is present at the meeting, the affirmative vote of a majority of the shares represented at the meeting and entitled to vote on this proposal will be required to ratify the appointment of independent auditors. Because of this, a vote to abstain from voting on this matter will have the effect of a vote against ratification of the independent auditors.

Unmarked Proxy Cards

If you return your proxy card with no votes marked, your shares will be voted as follows:

- **FOR** the election of the three nominees for director named in this proxy statement; and
- **FOR** the ratification of the appointment of Ernst & Young LLP as our independent auditors for fiscal year 2002.

PROPOSAL 1: ELECTION OF DIRECTORS — TERM EXPIRING IN 2004

Our Restated Certificate of Incorporation classifies our Board of Directors into three classes with three-year terms of office ending in different years. This year, the terms of Thomas A. Dattilo, Alfred C. DeCrane, Jr. and Phillip W. Farmer expire at the Annual Meeting. Based upon the recommendation of the Corporate Governance Committee, Thomas A. Dattilo, Alfred C. DeCrane, Jr. and Phillip W. Farmer have each been nominated by the Board for a new three-year term expiring at the Annual Meeting of Shareholders in 2004. In accordance with our Restated Certificate of Incorporation, a director shall hold office until the Annual Meeting of Shareholders for the year in which that director’s term expires, and until that director’s successor shall be elected and shall qualify, subject, however, to his or her prior death, resignation, retirement, disqualification,

Broker Non-Votes

It is possible for a proxy to indicate that some of the shares represented are not being voted with respect to certain proposals. This occurs, for example, when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares. In these cases, non-voted shares will not be considered present and entitled to vote with respect to that matter, although they may be considered present and entitled to vote for other purposes and will be counted in determining the presence of a quorum. Accordingly, if a quorum is present at the meeting, non-voted shares as to a particular proposal will not affect the outcome of that proposal.

Solicitation of Proxies

We actively solicit proxy participation. We will bear the cost of soliciting proxies, including the preparation, assembly, printing, and mailing. In addition to this notice by mail, we request and encourage brokers, custodians, nominees and others, to supply proxy materials to shareholders, and we will reimburse them for their expenses. Our officers and employees may, by letter, telephone, electronic mail, or in person, make additional requests for the return of proxies, although we do not reimburse our own employees for soliciting proxies. We have also hired Georgeson Shareholder Communications Inc. for a fee of \$7,500 plus out-of-pocket expenses to help solicit proxies.

or removal from office. Vacancies may be filled by the remaining directors.

The authorized number of directors is presently fixed at ten. From time to time, the Board considers potential candidates, and as an appropriate candidate is identified, the Board will consider increasing the authorized number of directors. The terms of the continuing directors will expire at subsequent Annual Meetings of Shareholders.

Proxies will be voted in favor of electing Messrs. Dattilo, DeCrane and Farmer to serve for the three-year term expiring in 2004, unless otherwise specified in the proxy card or Internet or telephone voting instructions. Each of the nominees has consented to stand for election. If any nominee becomes unavailable for election, proxies

voting for that nominee may be voted for a substitute nominee selected by the Board.

None of the directors, including each of the nominees, is related to any other nominee or director, or to any executive officer of Harris or its subsidiaries, by blood, marriage or adoption.

Under the Harris Corporation 2000 Stock Incentive Plan (the “2000 Stock Incentive Plan”), which plan was approved by shareholders at the 2000 Annual Meeting, each non-employee director is automatically granted an option to purchase 2,000 shares of our common stock on the date of each Annual Meeting of Shareholders. Non-

employee directors also receive an automatic grant to purchase 2,000 Harris shares upon joining the Board. The options granted under the 2000 Stock Incentive Plan and its predecessor plan, the Harris Corporation Stock Incentive Plan (the “1990 Stock Incentive Plan”) are non-qualified options for tax purposes, are priced at fair market value on the date of grant and become exercisable as follows:

- 50% of the option shares become exercisable on the first anniversary of the date of grant, and
- 25% of the option shares become exercisable on each of the next two succeeding anniversary dates.

Notwithstanding the above, in the event of a change in control of Harris, any non-employee director’s options outstanding for more than one year at that time immediately become exercisable. In the case of options previously granted under the 1990 Stock Incentive Plan, a director may exercise vested options for a period of three years following the date of retirement; and, a director’s vested options may be exercised by his or her estate or representative for a period of twelve months following the date of death. In the case of options granted to directors under the 2000 Stock Incentive Plan, such options continue to vest and may be exercised following retirement. In addition, such options fully vest upon a director’s death. In any event, all options expire no more than ten years after the date of grant. Neither the Board nor any committee of the Board has any discretion with respect to options granted to non-employee directors.

Deferred Compensation

Under our previous Directors Retirement Plan, upon retirement or disability, a non-employee director with five or more years of service would receive an annual cash retirement benefit payable for life in an amount equal to 50% of the annual retainer fee then in effect, plus an additional 10% for each year of service in excess

of five years, up to a maximum of 100% of the retainer fee. In the event of a change in control, a retired director who was a beneficiary under the plan would be paid a lump sum payment equal to the actuarial equivalent of the retirement benefit.

Effective January 1, 1998, the Board terminated the Directors Retirement Plan with respect to all future non-employee directors and converted the rights under such plan of all directors with less than ten years of service at such time into stock units under our 1997 Directors' Deferred Compensation and Annual Stock Unit Award Plan, described below. In addition, all non-employee directors with ten or more years of service at such time were given the option of retaining their rights under the Directors Retirement Plan based upon the 1997 annual retainer fee of \$26,500 or converting their rights into stock units under our 1997 Plan.

Under the 1997 Plan, on January 1 of each year, each non-employee director is currently credited with 1,000 Harris stock equivalent units, which number may be changed from time to time by the Board. In addition, under the 1997 Plan, each non-employee director may make an irrevocable election each year to defer all or a portion of his or her fees. Deferred amounts may be invested in investment alternatives similar to those available under our 401(k) Retirement Plan or in stock units, pursuant to which a director's account is credited with a number of units of Harris stock equivalents based upon the fair market value of our common stock on the first day of the month following the calendar month in which the fees are deferred. Once amounts are credited in Harris stock equivalents, they may not be reallocated into any other investment alternatives and are payable only following the director's resignation, retirement, or death. Each stock unit is credited with dividend equivalents, which are deemed reinvested in additional Harris stock units on the dividend payment date. A director may elect to receive amounts deferred under the 1997 Plan, including amounts deferred in the form of Harris stock units, either in a lump sum cash payment on a date within five years of his or her resignation or retirement or in annual payments over a designated number of years, provided all amounts are fully paid within ten years of resignation or retirement. Within 90 days following a change of control, each director (or former director) will

receive a lump sum cash payment equal to the then remaining balance in his or her account.

Indemnification

We have entered into indemnification agreements with each of our directors and officers, including those executive officers named in the summary compensation table on page 18. These agreements require us to indemnify these directors and officers with respect to their activities as directors or officers of Harris or when serving at Harris' request as a director, officer or trustee of another corporation, trust or other enterprise against expenses (including attorneys' fees, judgments, fines, and amounts paid in settlement) actually and reasonably incurred by them in any threatened, pending or completed action, suit, or proceeding whether civil, criminal, administrative or investigative to which they are, or are threatened to be made, parties as a result of their service to Harris. Harris will indemnify each such director or officer for any one or a combination of the following, whichever is most advantageous to such director or officer:

- The benefits provided by Harris' Restated Certificate of Incorporation and By-Laws in effect on the date of the indemnification agreement;
- The benefits provided by Harris' Restated Certificate of Incorporation and By-Laws at the time expenses are incurred by the director or officer;
- The benefits allowable under Delaware law in effect on the date of the indemnification agreement;
- The benefits allowable under the law of the jurisdiction under which Harris exists at the time expenses are incurred by the director or officer;
- The benefits available under liability insurance obtained by Harris; and
- Such other benefits as may be otherwise available to the director or officer under Harris' existing practices.

Under the indemnification agreements, each director or officer will continue to be indemnified even after ceasing to occupy a position as an officer, director, employee or agent of Harris with respect to suits or proceedings arising out of acts or omissions during his or her service to Harris.

Director Retirement

It is our policy that directors retire from the Board effective at the end of the month in which they reach age 72. In addition, a director is expected to automatically tender his or her

resignation in the event of retirement or other significant change in status from the position held at the time of election to the Board, although the Board may opt to have the director continue to serve on the Board.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is, among other things, to assist the Board of Directors in its oversight of Harris' (i) accounting and financial reporting principles and policies and internal controls and procedures, (ii) financial statements and the audit of those statements, and (iii) selection of independent auditors and evaluation of their independence. The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are "independent," as required by applicable listing standards of the New York Stock Exchange. The Audit Committee operates pursuant to a Charter that was last amended and restated by the Board of Directors on April 27, 2000, a copy of which is attached to this proxy statement as Exhibit A. As set forth in the Audit Committee Charter, management of Harris is responsible for the preparation, presentation, and integrity of Harris' financial statements, Harris' accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Our independent auditors, Ernst & Young LLP, are responsible for auditing Harris' consolidated financial statements and expressing an opinion as to whether they are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Audit Committee has:

- Considered, reviewed and discussed the audited financial statements with management and our independent auditors including a discussion of the quality of the accounting principles, the reasonableness thereof, significant adjustments, and the clarity of disclosures in the financial statements;

- Discussed with our independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61, *Communication with Audit Committees*, and No. 71, *Interim Financial Information*, as currently in effect;
- Received the written disclosures and the letter from our independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and discussed the independence of Ernst & Young LLP with them; and
- Reviewed the services provided by our independent auditors other than their audit services and considered whether the provision of such other services by our independent auditors is compatible with maintaining their independence, and has discussed with the auditors the auditors' independence.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Harris' Annual Report on Form 10-K for the fiscal year ended June 29, 2001, filed with the Securities and Exchange Commission.

REPORT OF THE MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Management Development and Compensation Committee, which is comprised solely of non-employee directors, annually approves our compensation philosophy and the compensation, perquisites and other benefits for our executive officers under salary, incentive and other plans authorized by our Board of Directors or shareholders. In addition, the Committee annually recommends, for consideration and approval by all of the non-employee directors, the compensation for our Chief Executive Officer and President.

Compensation Philosophy

Our executive compensation philosophy is designed to meet our needs, as well as the needs of our executives and shareholders. The executive compensation program is intended to:

- Closely link compensation to an individual's performance and our financial results;
- Align the interests of our executives and shareholders by emphasizing both the short-term and strategic focus of our businesses and by facilitating management stock ownership; and
- Enable us to attract and retain a world-class management team.

This philosophy applies to all of our management employees, including the executive officers named in the summary compensation table.

Our executive compensation program has two major components:

- An annual cash component, consisting of a base salary and an incentive bonus based on the financial performance of (1) a division in the case of division management, (2) a division and Harris in the case of the division presidents, and (3) Harris in the case of the other corporate executives; and
- A long-term equity incentive component, consisting of stock options and performance shares.

We utilize a formal system for evaluating executive performance and determine executive annual cash compensation by reference to external industrial surveys of compensation of executives in

similar positions, individual performance and experience in the position, proxy statement compensation analyses, and scope of responsibility. Payouts for annual cash incentive awards are based upon the degree to which an executive achieves the applicable net income, earnings per share and revenue targets established for the applicable business unit at the start of our fiscal year, as part of our strategic planning process. Similarly, long-term compensation in the form of performance shares is based upon the degree to which an executive attains financial and/or operating goals and objectives outlined in the strategic planning process. For the three-year performance period ended June 29, 2001, we used cumulative earnings per share for Harris and cumulative operating income, net income and return on capital for our divisions as the criteria for long-term compensation.

Our executive compensation program is designed to ensure that executive pay remains competitive with pay for comparable jobs, responsibilities and performance in leading industrial and technology companies. For this reason, we periodically retain outside compensation and benefit consultants to review our executive compensation programs.

Annual Cash Compensation

Annual cash compensation consists of a fixed salary and an opportunity for a variable cash performance incentive. Base salaries and planned cash incentive compensation targets for senior executives, other than the Chief Executive Officer and President, are recommended annually by our Chief Executive Officer and then reviewed and approved by the Management Development and Compensation Committee.

Our Annual Incentive Plan, which was approved by our shareholders at the 1995 Annual Meeting and which was reapproved by our shareholders at the 2000 Annual Meeting, provides for payment to executives of a specified cash amount (not to exceed 200% of the target amount) based upon the percentage achievement of specific financial objectives, including earnings per share and revenue growth. For fiscal 2001, annual incentive payments were based seventy-five percent upon

the attainment of an earnings per share target, and in the case of division management, operating income targets of the applicable business unit and twenty-five percent upon revenue targets. Such targets were established at the start of fiscal 2001.

The percentage of an executive's annual cash compensation attributable to the incentive bonus increases proportionately with his or her level of management responsibility. For the executive officers named in the summary compensation table, planned cash incentive compensation ranged from 35% to 50% of total annual cash compensation for fiscal 2001. In limited circumstances, the Board or the Committee may also authorize a separate cash bonus or award.

Long-Term Compensation

Our stock incentive plans align executive and shareholder interests. The plans permit the granting of any or all of the following types of awards:

- Performance shares, or units, conditioned upon meeting specified performance criteria;
- Restricted stock or units;
- Stock options;
- Stock appreciation rights, independent of or in tandem with, stock options; and
- Other awards valued in whole or in part by reference to, or otherwise based on, our common stock.

The Management Development and Compensation Committee believes that, through the use of stock incentives, the interests of our executives are directly related to enhancing shareholder value.

With respect to performance share awards, at the beginning of an award cycle, the Committee determines the applicable performance criteria using our strategic planning process and a period of time (generally, three fiscal years) during which our performance is to be measured. The performance share award and option grants for senior executives, other than the Chief Executive Officer and President, are recommended by Mr. Farmer and then reviewed and approved by the Committee. The Committee grants each participant a specified number of performance shares at the start of the relevant period and establishes a means for computing the number of performance shares that can be earned during the period based

on the performance of (1) a division in the case of division management, (2) a division and Harris in the case of division presidents, and (3) Harris in the case of other corporate executives. Payouts for the three-year period ended June 29, 2001, ranged from zero to 100% of the performance share award granted at the start of the period. Performance shares are subject to forfeiture if the performance goals are not attained or if a participant's employment is terminated for certain reasons before the performance period has ended. The value of performance shares is based on the value of our common stock.

Stock options are granted at fair market value as of the date of grant, typically vest over three years, and have a term of not greater than ten years. Stock options provide value only when the price of our common stock increases above the option grant price.

Section 162(m) — Deductibility

Grants made to executive officers under our stock incentive plans and payments under the Annual Incentive Plan comply with the requirements of Internal Revenue Code Section 162(m) relating to the tax deductibility of certain compensation exceeding \$1 million for executive officers named in the summary compensation table. In any year, however, the Board or the Committee may determine, in light of all applicable circumstances, that it would be in our best interests for compensation to be paid under those plans or otherwise in a manner so as not to qualify as performance-based under Section 162(m).

Benefits

In addition to base salary, annual cash incentives and stock-based compensation, employees, including executives, are also afforded other benefits. These benefits include group life and medical insurance as well as disability and retirement benefits. Where applicable, employees are responsible for managing benefit choices, balancing their own level of risk and return.

Chief Executive Officer Compensation

The Chief Executive Officer's base salary, incentive compensation, performance share awards and stock option grants are annually reviewed and recommended by the Management Development and Compensation Committee and approved by

the non-employee directors. In recommending Mr. Farmer's total annual compensation for fiscal 2001, the committee considered both Harris' performance and Mr. Farmer's individual performance by the same measures described above for determining executive officer compensation.

Under our Annual Incentive Plan, Mr. Farmer received annual cash incentive compensation for fiscal 2001 based upon 82.7% achievement of our earnings per share target and 103.1% achievement of our revenue target for the year. Mr. Farmer's long-term stock-based incentive compensation was based upon aggregate earnings per share performance compared with the aggregate earnings per

share target established for the three-year period ended June 29, 2001. Based upon our performance and the payout formula recommended by the Committee, the non-employee directors authorized a payout of 9,000 shares (60% of the grant for such period) for Mr. Farmer for the three-year period ended June 29, 2001.

HARRIS STOCK PERFORMANCE GRAPH

The graph below compares the five-year cumulative total return of our common stock with the comparable five-year cumulative total returns of the S&P MidCap 400 Index and the S&P Technology Sector Index. The figures assume an initial investment of \$100 on June 30, 1996 in Harris, the S&P MidCap 400 Index and the S&P Technology Sector Index, and the reinvestment of

dividends, including the distribution to Harris shareholders of Lanier Worldwide, Inc. common stock on November 8, 1999. For purposes of this graph, the Lanier distribution is treated as a nontaxable cash dividend that would have been converted into additional Harris shares at the close of business on November 8, 1999.

* In November 1999, Harris was moved from the S&P 500 Stock Index to the S&P MidCap 400 Index.

Option/SAR Grants in Last Fiscal Year

The table below gives more information on stock options granted under our stock incentive plans during the 2001 fiscal year. Amounts shown for potential realizable values are based upon assumed annualized rates of stock price appreciation of 5% and 10% over the full ten-year term of

the options, as required by the SEC, and are not intended to represent or forecast possible future appreciation, if any, of our common stock price. No gain to the optionee is possible unless the stock price increases over the option term.

Named Executive Officers' Gain as a % of All Shareholder Gain				0.35%	0.35%

- (1) All stock option grants were made under our 1990 Stock Incentive Plan. Each stock option generally expires after ten years from the date of grant and is exercisable in installments of: 50% after one year; 75% after two years; and 100% after three years. The exercise price is the closing price of a share of our common stock on the date of grant and may be paid in cash and/or shares of our common stock, or an optionholder may use “cashless exercise” procedures. If shares of common stock are delivered in payment of the exercise price, we will grant a Restoration Stock Option (“RSO”) equal to the number of shares used to exercise the stock option. The expiration date of these RSOs is the same as the expiration date of the underlying options. RSO grants are non-qualified and are exercisable commencing six months after the date of grant at the fair market value on the grant date. In the event of a change in control, outstanding options immediately vest. Other than the options to purchase 3,077 shares (which is an RSO) and 20,000 shares granted to Mr. Dukes, all other options listed in the table were granted on August 25, 2000.
- (2) Shareholder gain reflects the hypothetical increase in market value of our common stock for all shareholders, assuming annual stock price appreciation of 5% and 10%, respectively, over a ten-year period.
- (3) In fiscal 2001, Harris granted stock options covering a total of 1,406,577 shares of common stock to Harris employees under all stock option plans maintained by Harris and this number was used in calculating the percentages.

Long-Term Incentive Plans — Awards in Last Fiscal Year

The table below sets forth information with respect to awards of performance shares granted under our 1990 Stock Incentive Plan during the 2001 fiscal year to those executive officers named

in the summary compensation table. The performance period for the awards in the table is the three-year period ending June 30, 2003.

Name	Number of Shares	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts Under Non-Stock Price-Based Plans		
			Threshold Shares (#)	Target Shares (#)	Maximum Shares (#)
P. W. Farmer	15,000	6/30/2003	0	15,000	30,000
R. L. Ballantyne	3,000	6/30/2003	0	3,000	6,000
A. E. Dukes	3,000	6/30/2003	0	3,000	6,000
N. E. Heldreth	3,000	6/30/2003	0	3,000	6,000
R. K. Henry	4,000	6/30/2003	0	4,000	8,000
B. R. Roub	5,000	6/30/2003	0	5,000	10,000

Awards of performance shares to participants under our stock incentive plans are made at the beginning of each performance period and are earned based on the performance of a business unit, Harris, or some combination thereof. The plans are designed to motivate key employees to maximize shareholder value by aligning their interests with shareholder interests. The payout is determined by the non-employee directors in the case of the Chief Executive Officer and by the Management Development and Compensation Committee in the case of the other executive officers, and is based upon financial performance compared with strategic plan objectives. Performance criteria include our cumulative earnings per share during the three-year strategic plan cycle for Messrs. Farmer, Ballantyne, Heldreth and Roub. In the case of Mr. Henry, 80% of the award is based upon relevant division operating income and return on capital during the strategic plan cycle and 20% on earnings per share and return on capital during the strategic plan cycle. In the case of Mr. Dukes 87% of the award is based upon relevant division operating income and return on capital during the strategic plan cycle and 13% on Harris’ earnings per share during such cycle. Share payouts are made following the determination of

the Committee and, in the case of the Chief Executive Officer, the non-employee directors, and range from zero to a maximum of 200% of the original shares awarded. The terms of these awards comply with Internal Revenue Code Section 162(m) requirements. Participants receive quarterly cash payments on the performance share awards in an amount equal to dividends paid to shareholders on our common stock.

In the event of a change in control, the performance objectives applicable to the award are deemed to be attained, and performance shares are paid out at the end of the performance period, provided however:

- In the event of death, disability, retirement or involuntary termination other than for cause, the shares are paid as soon as practicable;
- In the event of resignation or termination for cause, the shares are forfeited; and
- In the event of certain defined changes in our capital structure, then, at the participant’s election, the award is paid in shares or cash, as soon as practicable.

Executive Severance Agreements

To provide continuity of management and dedication of our corporate executives in the event of a threatened or actual change in control of Harris, our Board has approved severance agreements for our officers and key managers, including those officers named in the summary compensation table. Under these agreements, officers and key managers of Harris are provided with severance benefits in the event the executive's employment is terminated by Harris without cause, or by the executive for good reason, within two years following a change in control (all terms as defined in the severance agreement). Under the severance agreement, the executive agrees not to voluntarily terminate his or her employment with Harris during the six-month period following a change in control.

If triggered, the lump-sum severance benefit payable under the severance agreement equals the sum of (a) the executive's unpaid base salary through the date of termination, a pro rata annual bonus (as determined under the severance agreement) and any compensation deferred by the executive other than under a tax-qualified plan and any accrued vacation pay; and (b) from one to three times the executive's highest annual rate of base salary during the 12-month period prior to the date of termination and from one to

three times the greater of the executive's highest annual bonus in the last three years, the executive's target bonus for the year during which the change in control occurred, or the executive's target bonus for the year in which the executive's employment is terminated. Payment amounts are three times compensation for Mr. Farmer, Mr. Ballantyne, Mr. Heldreth and Mr. Roub, and two times compensation for Mr. Dukes and Mr. Henry. In addition, the executive receives the same level of medical, dental, accident, disability, life insurance and any similar benefits (or the highest level of coverage provided to active executives, if more favorable). The executive also receives reimbursement for any relocation expense related to pursuit of other business opportunities incurred within two years following the date of termination, for recruitment or placement services of up to \$4,000 and for professional financial or tax planning services of up to \$5,000 per year. The severance agreement also provides for a tax gross-up payment to the executive in the event that payment of any severance benefits are subject to excise tax imposed under Section 4999 of the Internal Revenue Code. In addition, Harris will reimburse the executive for any legal fees and costs with respect to any dispute arising under the severance agreement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, as well as persons who own more than ten percent of our outstanding shares of common stock, to file reports of ownership and changes in ownership of our common stock with the SEC and the New York Stock Exchange. We have procedures in place to assist our directors and

executive officers in preparing and filing these reports on a timely basis.

Based solely upon a review of the forms furnished to us, or written representations from certain persons that no Forms 5 were required, we believe that all required forms have been timely filed for fiscal 2001.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Fees Paid to Independent Auditors

Ernst & Young LLP served as Harris' independent auditors for the fiscal year ended June 29, 2001. In addition to the engagement to audit Harris' financial statements and to review the financial statements included in Harris' quarterly reports on Form 10-Q, Ernst & Young LLP was also engaged by Harris during fiscal 2001 to perform certain non-audit services. The aggregate fees billed by Ernst & Young LLP for these services for the fiscal year ended June 29, 2001, were as follows:

- **Audit Fees.** Ernst & Young's fees for professional services rendered for the audit of Harris' annual consolidated financial statements for the fiscal year ended June 29, 2001, and the review of the unaudited interim financial statement were \$863,000.
- **Financial Information Systems Design and Implementation Fees.** Ernst & Young did not perform any professional services with respect to financial information systems design and implementation for the fiscal year ended June 29, 2001.
- **All Other Fees.** Ernst & Young's fees for all other professional services rendered to Harris during fiscal 2001, were \$967,000, including audit related services of \$584,000

and non-audit services of \$383,000. Audit related services included fees for due diligence on acquisitions, foreign subsidiary statutory audits and accounting consultations. Non-audit services include fees for tax consultation, expatriate administration, foreign subsidiary tax preparation, and other consultations.

Appointment of Independent Auditors for Fiscal 2002

Upon the recommendation of the Audit Committee, the Board of Directors has appointed Ernst & Young LLP to audit our books and accounts for the fiscal year ending June 28, 2002.

Although applicable law does not require shareholder ratification of the appointment, the Board has decided to ascertain the position of shareholders on the appointment. We expect that a representative of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions of shareholders and to make a statement if he or she desires to do so.

Recommendation Regarding Proposal 2

Our Board of Directors recommends that you vote FOR ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending June 28, 2002.

II. Membership; Quorum for Meetings

The Committee shall consist of not less than three members of the Board, each of whom shall be non-employee Directors, and shall have no relationship to the Corporation that may interfere with the exercise of independence from management and the Corporation and shall otherwise satisfy the applicable membership requirements of the rules of the New York Stock Exchange as such rules are interpreted by the Board of Directors and who shall be designated by the Board and consent to serve. A majority of the members of the Committee shall constitute a quorum to transact business.

III. Duties and Responsibilities

The function of the Audit Committee is oversight. Primary responsibility for the Corporation's financial reporting and internal operating controls is vested in the Corporation's management as overseen by the Board of Directors. Management and the internal auditing department are responsible for maintaining and evaluating appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The outside auditors are responsible for planning and carrying out an audit in accordance with generally accepted auditing standards and performing reviews of the Corporation's quarterly financial statements in accordance with SAS 71 prior to the filing of each quarterly report on Form 10-Q, and other procedures. In fulfilling their responsibilities hereunder, it is recognized that members of the Audit Committee are not full-time employees of the Corporation and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct auditing or accounting reviews or procedures, and each member of the Audit Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Corporation that it receives information from and (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors).

The outside auditors for the Corporation are ultimately accountable to the Board of Directors (as assisted by the Audit Committee). The Board of Directors, with the assistance of the Audit Committee, has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the outside auditors (or to nominate the outside auditors to be proposed for shareholder approval in the proxy statement).

The outside auditors shall submit to the Corporation annually a formal written statement delineating all relationships between the outside auditors and the Corporation ("Statement as to Independence"), addressing at least the matters set forth in Independence Standards Board No. 1.

To carry out its purposes, the Audit Committee shall have the following duties and responsibilities:

1. with respect to the outside auditor,
 - (i) to provide advice to the Board of Directors in selecting, evaluating or replacing outside auditors;
 - (ii) to review the fees charged by the outside auditors for audit and non-audit services;
 - (iii) to ensure that the outside auditors prepare and deliver annually a Statement as to Independence (it being understood that the outside auditors are responsible for the accuracy and completeness of this Statement), to discuss with the outside auditors any relationships or services disclosed in this Statement that may impact the objectivity and independence of the Corporation's outside auditors and to recommend that the Board of Directors take appropriate action in response to this Statement to satisfy itself of the outside auditors' independence; and
 - (iv) to instruct the outside auditors that the outside auditors are ultimately accountable to the Board of Directors and Audit Committee;
2. with respect to the internal auditing department,
 - (i) to review the appointment and replacement of the director of the internal auditing department; and
 - (ii) to advise the director of the internal auditing department that he or she is expected to provide to the Audit Committee summaries of the significant identified control issues and management's response thereto; and to advise the Audit Committee of any significant changes to the internal audit department charter, staffing or budget;
3. with respect to financial reporting principles and policies and internal audit controls and procedures,
 - (i) to advise management, the internal auditing department and the outside auditors that they are expected to provide to the Audit Committee a timely analysis of significant financial reporting issues and practices;
 - (ii) to consider any reports or communications (and management's and/or the internal audit department's responses thereto) submitted to the Audit Committee by the outside auditors required by or referred to in SAS 61 (as codified by AU Section 380), as may be modified or supplemented;
 - (iii) to meet with management, the director of the internal auditing department and/or the outside auditors:
 - to discuss the scope of the annual audit;
 - to discuss the audited financial statements;
 - to discuss any significant matters arising from any audit or report or communication referred to in items 2(ii) or 3(ii) above, whether raised by management, the internal auditing department or the outside auditors, relating to the Corporation's financial statements;
 - to discuss the form of opinion the outside auditors propose to render to the Board of Directors and shareholders;
 - to discuss significant changes to the Corporation's auditing and accounting principles, policies, controls, procedures and practices proposed or contemplated by the outside auditors, the internal auditing department or management; and
 - to inquire about significant risks and exposures, if any, and the steps taken to monitor and minimize such risks;

- (iv) to obtain from the outside auditors assurance that the audit was conducted in a manner consistent with Section 10A of the Securities Exchange Act of 1934, as amended, which sets forth certain procedures to be followed in any audit of financial statements required under the Securities Act of 1934; and
 - (v) to discuss with the Corporation's General Counsel any significant legal matters that may have a material effect on the financial statements, the Corporation's compliance policies, including material notices to or inquiries received from governmental agencies; and
4. with respect to reporting and recommendations,
- (i) to report on matters required by the rules of the Securities and Exchange Commission to be disclosed in the Corporation's annual proxy statement;
 - (ii) to review and reassess this Charter at least annually and recommend any changes to the full Board of Directors; and
 - (iii) to report its activities to the full Board of Directors on a regular basis and to make such recommendations with respect to the above and other matters as the Audit Committee may deem necessary or appropriate.

IV. Meeting Times

The Committee shall meet periodically as set forth in the annual schedule of Board and Committee meetings and as necessary upon the request of the Chairman of the Committee or upon the initiation of any one of the Committee members. In addition, the Audit Committee shall meet separately at least annually with management, the director of the internal auditing department and the outside auditors to discuss any matters that the Audit Committee or any of these persons or firms believe should be discussed privately with the Committee. The Audit Committee may request any officer or employee of the Corporation or the Corporation's outside counsel or outside auditors to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee. Members of the Audit Committee may participate in a meeting of the Audit Committee by means of conference call or similar communications equipment by means of which all persons participating in the meeting can hear each other. Except in extraordinary circumstances as determined by the Committee Chairman, notice shall be delivered to all Committee members at least forty-eight hours in advance of the meeting date. Any action required or permitted to be taken at a meeting of the Committee may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all of the members of the Committee. Such written consent shall have the same force and effect as a unanimous vote of the Committee.

V. Accountability

At the next meeting of the Board of Directors following any meeting of the Committee, a report of Committee findings and actions shall be rendered by the Chairman of the Committee.

Approved by the Committee in October 1993, amended December 6, 1996, and amended April 27, 2000.
