BIOGRAPHICAL INFORMATION

Donald W. Hohman, Sr.

After graduating from college in 1966 I migrated from Pittsburgh, Pa. to the Los Angeles area. I worked for an insurance co. then I became a stock broker and then owned my own gold and silver trading business for several years. Having been very successful already in my young life I retired for a few years to golfing and traveling. After a while I became interested in the Red Worm business. I grew to where I was considered one of the largest in the business with distributors in various states as well as Tampico, Mexico. I wrote a very successful book on the business.

A few years later I became involved in the mortgage business. Here I acquired a Real Estate Brokerage License along with a Consumer Finance Lenders License as well as a Mortgage Bankers License. I became a direct lender of and a direct financer of home loans. I was an FHA, VA seller servicer and direct lender of Fannie Mae and Freddie Mac Loans for years. I was also what was referred to as a Hard Money Lender. I had as many as five branch offices and too many employees. I retired again.

During the same period of time that I was in the mortgage business I acquired a Security Guard Business. Would you believe I acquired this business via a poker game which I held at my house each Friday night. This game went on for approx. 14 years. I grew this security company from a small 35

guard co to one with hundreds of guards stretching from North San Diego Co. to north of the Las Angeles area.

This home game was not the start of my poker business. It actually started in college. There were poker games everywhere. However, it soon became common knowledge that if I was invited to the Game it was very likely that I was going to win a lot of the money. This resulted in me running my own poker game, but not playing in the game. Raking the game became a solid winner for me each night.

Years later and having been retired for approx. 15 years I invented the Whoopass Poker Game and the Whoopass Poker Table Game. I Presented my games at the Las Vegas Gaming Show, the biggest gaming show in the world and the Ice Show in London, the biggest European Show. Casino executives from around the world viewed my games with nothing but positive very interesting comments about my games. This resulted in my educating my self on the casino business as well as the online gaming business. I traveled to Malta, the Isle of Man, London, Canada, Las Vegas, Reno and to numerous state gaming functions. I spoke to people from all areas of the gaming business. To this day I DO NOT HAVE one single gaming person who does not believe that the Whoopass Poker Game and the Whoopass Poker Table Game will be a resounding success. Every gaming person has said that we are over due for a new poker game. WHOOPASS POKER IS IT !!!

John Montella

My experience in the casino business began at the Aladdin casino in Las Vegas where I started as a slot mechanic. Soon after leaving the Aladdin casino, I moved to the Golden Nugget and became a dealer.

I returned to the Aladdin casino for my first management position. I ended up moving between six different states working in various management positions from poker room manager to table games director for the past 50 years.

In addition to the management positions in various casinos, I was part owner/instructor of a dealer training school in Biloxi, Mississippi where we taught people how to deal various casino games such as poker, craps, black jack etc.

The casino business has been my life's work for over 50 years.

BUSINESS AND ANTICIPATED BUSINESS PLAN

Whoopass Poker is the name of the new Poker Game that is going to make Texas Hold'em move over. This Poker Game is similar to Texas Hold'em but significantly different. This new game affords the player more action, more chances to bluff and a greater reason to stay in the hand longer. All of this generates larger pots which benefits both the player and the casino.

We have also invented a new table version of this Poker Game whereby a player can bet as little as two times or as many as twelve times in any one hand.

Whoopass Poker has developed gaming programming that is available through a five platform site (whoopasspoker.com) that allows a player to access and play from anywhere in the world, 24/7, via any mobile device, laptop or desktop; we have also invented a new table version of the Poker Game, a very unique product to distribute to the two billion online poker players and the millions of land-based players.

For years these poker players have had only one game to play, TEXAS HOLD'EM. The Company has invented the game that is going to make Texas Hold'em move over. Whoopass Poker is similar to Texas Hold'em but significantly different. In Texas Hold'em the initial flop is three cards. In Whoopass Poker the river is three cards. This entices each and every player to stay in the game longer which creates much more action and of course resulting in bigger pots, making the winner happy, and of course making the casino happy because there is a bigger "rake".

Another exciting feature of this new game is the fact that the three-card river consists of an option card that can be taken UP or DOWN. This can create a multitude of different scenarios for the players.

In addition to this new online poker game, Whoopass has an exciting table game version where the player can bet as little as two times or as many as twelve times in any one hand. An exciting part of this table game is the fact that one of the bets actually gives the player a 17.85% advantage over the casino and the player will win this bet every time the player makes a straight or better even if the player loses all of his other bets to the casino.

We will be introducing our Whoopass Poker games to the land-based casinos, here in the U.S. as well as abroad. In addition, we will be doing an internet marketing campaign to introduce our "Online Whoopass Poker Games" to poker players and table game players worldwide.

Based on our test marketing, it has indicated that there is an extremely high interest in our Whoopass Poker Games from the novice poker players to the very experienced poker players and even from people that have never played in a poker game.

We will develop our Whoopass Poker games to the point whereby we will be having a Global World Series of Poker Tournaments for the Whoopass Poker Games. Obviously, this will attract the very best players in the world to our event. By advertising our big poker events, via the internet and the land-based casinos with our strategic marketing plan, we will be exposing our Whoopass Poker games to all types of poker players.

Once our table game catches on, as we anticipate, we will probably incorporate large global table game tournaments to co-inside with the Poker Tournaments. This will attract many different types of gaming people that might not be as skilled to play in the poker tournaments but have an interest in the Table Game Tournaments.

Once our website has launched, we will also be looking to provide our Whoopass Poker games to other online gaming sites through our White Label Gaming Platform.

MARKET OPPORTUNITY

The marketing opportunities for our products are unlimited. Our Whoopass Poker game and the Whoopass Poker table game will soon become the new games that the gaming industry is eagerly seeking. Our Whoopass Poker games affords the player a much more exciting gaming experience. These games offer more gambling, betting, bluffing and are in fact a chaser's dream, which results in more money deposited into the pot.

The hundreds of casinos in the U.S. alone represent an unbelievable market potential. Coupled with the worldwide potential this represents an unbelievable marketplace. The land-based casino business in the U.S. alone has huge potential, but if one compares it to the potential income of the Internet, there is no comparison.

WHITE LABEL PRODUCT

Our white label product is quite unique as it affords us the opportunity to access hundreds of millions of existing poker players from already established gaming sites with limited cost to the Whoopass Poker Co. This will allow the Whoopass Poker games direct worldwide exposure to hundreds of millions of existing poker players.

OTHER WHOOPASS POKER PRODUCTS

We will be promoting our own World Series of Whoopass Poker Tournaments online and in the land-based casinos for which players will come from all over the world to participate.

In addition, we have numerous other branded products such as t-shirts, hats and playing cards, which will be represented on our website store as well as in the casinos.

"The Whoopass Poker Strategy Guide" is the Whoopass Poker instruction book that will generate extreme interest worldwide. This book has been translated into seven different languages and can be downloaded instantly worldwide from our website.

According to worldpokertour.com: there are more than 60 million poker players in the United States and, worldwide, this number is easily in excess of one billion.

In 2017, global gaming revenues are estimated to be \$106.5 Billion, and is expected to grow with a CAGR of +9.6% toward 2019, eventually reaching \$118.6 Billion with mobile gaming at \$52.5 Billion.

LICENSING

Since March 2020 the Curacao Gaming Control Board (“GCB”) is charged with the licensing for and the supervision of the Curaçao online gaming sector. The GCB accepts and processes online gaming license applications from operators that wish to acquire an online gaming license directly from GCB. Licenses shall only be issued to Curaçao based companies that offer online gaming. With the intention of receiving an online gaming license, the Company plans to, under the laws of Curacao, incorporate the Company in the country and fill out and submit an Online Gaming License Application Form, a Business and a Corporate Disclosure Form and a Personal History Disclosure Form.

Once our license is received, we will focus our online gaming activities only in countries that are approved by the Curacao Gaming Control Board. We think the likely players will be current poker players who play online or in casinos and have longed for a better, more fun and exciting experience.

The land-based casinos in the United States are a huge market for our games. Once the online site goes live, we will be contacting these casinos to place both of our games for live play. In addition, we will also be placing our merchandise in their gift shops. We are already aware, via our previous casino contacts, that these land-based casinos will be a very attractive venue for both of our games and our merchandise.

Whoopass Poker games have already been approved by the state of California which allows us to play

our games in any land-based casino in California. Mississippi and Nevada are states on our priority list to apply for additional state approvals.

TARGET CUSTOMERS

We are targeting poker fans 18 years old and over. Users from the United States and other countries are not permitted to play for cash. In such instances, playing will only be for virtual chips that never have any redeemable value. As Curacao law requires players management, such as registration and verification, all players must pass any criteria concerning identity and age requirements for the gaming regulations where they reside before they can play on whoopasspoker.com.

AGE RANGE: 18 years plus poker fans

SKILL BASE: From beginning players to experienced players

PROFESSIONAL GAMBLERS: The professional gamblers will be extremely attracted to this game as the more experienced gamblers should have an edge over the other gamblers. In addition, this poker game will be generating, on a regular basis, larger pots based on the numerous opportunities to place bets within the rules of Whoopass Poker.

NEW GAMBLERS: New gamblers will be attracted to our games as these games afford to the players a new excitement level that does not exist in Texas Hold'em nor any existing table game. The Whoopass Poker game gives the player many more opportunities to make hands and stay in the games longer. This will increase the excitement level for them during the playing of the game and even more when they win an over-sized pot.

The table game will attract many new players because of the nature of the game and the opportunity to practice skill development. This table game affords the player the opportunity to start, to play and then, receive as many as six additional cards before having to wager more money.

This table game gives the player the opportunity to bet as little as two times or as many as twelve times (their ante bet) in any one hand.

EXISTING TEXAS HOLD'EM PLAYERS: There are millions of Texas Hold'em players in the United States and hundreds of millions worldwide. This is an extreme number of players, who for years, have only been playing Texas Hold'em. Whoopass Poker is simply a new poker game that everyone has potentially been looking for.

Whoopass Poker has developed a Whoopass Poker White Label Gaming Solutions Platform ("Platform" and "White Label") that can be integrated to any existing gaming site. This "plug and play" Platform

allows for Whoopass to partner with existing gaming sites. Within a few hours, that site will be able to start introducing their players to the Whoopass Poker Games.

By having the ability to partner with existing gaming sites, Whoopass Poker may have immediate exposure to millions of existing poker players. This will eliminate Whoopass Poker from having to spend millions of dollars advertising our games. Each partnering site will also be able to promote the "Whoopass Poker Strategy Guide" and other products such as t-shirts. The Company is in the process with its business counsel of drafting partnership agreements to submit to and agree to with potential White Labeling Partners. The potential contracts will be for one year with a 50:50 revenue split.

This Platform provides to the partner a complete gaming solution. It accounts for all of the player's activity while the participating player is on the Platform. Each and every activity of the player, such as all hands played and portions of monies bet, is available to the partner. This activity can be accessed by the partner at any time of the day or night.

The advantage of this Platform to Whoopass is simple, as without it, that hosting site would not be able to play the Whoopass Poker Games and the hosting site would potentially lose considerable money and regular players converting to the Whoopass Poker site.

Benefits for Whoopass Poker White Label Partners - By joining our White Label Game Solutions Partner Program an existing gaming site can generate additional income by offering our Whoopass Poker Games on their website.

Benefits for Our Company - We can save money and time in developing new players' acquisition and rapidly generate additional income from our Platform partners' sales.

Whoopass Poker - White Label Turnkey Solutions: - As the Company receives accessibility to existing online poker players, we are expecting our Whoopass Poker Platform business to business ("B2B") marketing to generate financial advantages for our Platform partners and our Company. Whoopass Poker will be able to generate detailed transaction reports for the Platform partners that will show the impact that Whoopass Poker players are having on their websites

Whoopass Poker Platform will efficiently manage and streamline Platform partners' accounts, including sign-up and user management, embed code download for Whoopass Poker games, provide sales statistics, players' transactions history, and commission management. Hosting sites will be able to add the Whoopass Poker games for their players to immediately have access to learn and play.

Whoopass Poker - White Label Solutions for B2B: Whoopass Poker White Label Gaming Solutions Platform is the perfect choice for us to target B2B marketing and successfully achieve fast market entry. RISK FACTORS

An investment in our Shares involves risks. In addition to other information contained elsewhere in this Form C, you should carefully consider the following risks before acquiring our Shares offered by this Form C. The occurrence of any of the following risks could materially and adversely affect the business, prospects, financial condition or results of operations of our Company, the ability of our Company to make cash distributions to the holders of Shares and the market price of our Shares, which could cause you to lose all or some of your investment in our Shares. Some statements in this Form C, including statements in the following risk factors, constitute forward-looking statements. See "Forward-Looking Statements Disclosure" below.

Risks Related to the Company's Business and Industry

We have limited operating history, which makes our future performance difficult to predict.

We have limited operating history. You should consider an investment in our Shares in light of the risks, uncertainties and difficulties frequently encountered by other newly formed companies with similar objectives. We have minimal operating capital and for the foreseeable future will be dependent upon our ability to finance our operations from the sale of equity or other financing alternatives. The failure to successfully raise operating capital, could result in our bankruptcy or other event which would have a material adverse effect on us and our Investors. There can be no assurance that we will achieve our investment objectives.

Global crises such as COVID-19 can have a significant effect on our business operations and revenue projections.

In December 2019, a novel strain of coronavirus, or COVID-19, was reported to have surfaced in Wuhan, China. COVID-19 has spread to many countries, including the United States, and was declared to be a pandemic by the World Health Organization. A widespread health crisis has adversely affected and could continue to affect the global economy, resulting in an economic downturn that could negatively impact the value of our Securities. The continued spread of COVID-19 has also led to severe disruption and volatility in the global capital markets, which could increase the Company's cost of capital and adversely affect its ability to access the capital markets in the future. It is possible that the continued

spread of COVID-19 could cause a further economic slowdown or recession or cause other unpredictable events, each of which could adversely affect the Company's business, results of operations, or financial condition. The extent to which COVID-19 affects the Company's financial results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the COVID-19 outbreak and the actions to contain the outbreak or treat its impact, among others. Moreover, the COVID-19 outbreak has had and may continue to have indeterminable adverse effects on general commercial activity and the world economy, and the Company's business and results of operations could be adversely affected to the extent that COVID-19 or any other pandemic harms the global economy generally.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

The Company may face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public

company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

The Company is subject to a wide range of federal, state, and local laws and regulations. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against the Company, which may adversely impact the financial performance of the Company.

Failure to adapt to technological changes may render our technology obsolete or decrease the attractiveness of our solutions to our customers.

Although we believe our current technology and processes will be suitable for operations well into the foreseeable future, if new industry standards and practices emerge, or if competitors introduce new solutions embodying new services or technologies, our technology and processes may become obsolete. Our future success will depend in part on our ability to:

- fully develop and enhance our smart multi platform technology;
- develop new solutions and technologies that address the needs of our prospective customers; and
- respond to changes in industry standards and practices on a cost-effective and timely basis.

We must continue to enhance the features and functionality of our technology and product offerings. The effective performance, reliability and availability of our technology and product offerings are critical to our reputation and our ability to attract and retain users and customers. If we do not continue to make investments in product development and, as a result, or due to other reasons, fail to attract new and retain existing customers and investors, this could significantly decrease the value of our products and services to all customers and stakeholders. There can be no assurance that we will be successful in developing, marketing and selling new products and services that meet changing demands, that we will not experience difficulties that could delay or prevent the successful development, introduction, and marketing of these products and services, or that any new products and services and their enhancements will adequately meet the demands of the marketplace and achieve market acceptance.

If we do not develop and enhance our brand, we will not be able to establish our customer base or build our revenues.

The development of our brand is critical to our ability to establish our user base and build our revenues. In order to attract users and advertisers, we intend to expend funds for creating and maintaining brand loyalty. We plan to use a combination of social media, email, and web-based advertising to promote our brand. If we fail to advertise and market our brand effectively, we will lose users and our revenues will decline.

Our success in promoting and enhancing our brand will also depend on our success in providing high quality content, features and functions that are attractive and entertaining to users of online game shows and multi-player games. If visitors to our Web sites, advertisers or sponsors do not perceive our services to be of high quality, the value of the brand could be diminished, we will lose users and our revenues will decline.

Whoopass Poker Co. faces significant competition.

Many industry competitors are better established in the market and currently hold significant market

share. New platforms could gain adoption by customers and investors and become a significant source of competition for Whoopass Poker in a very short period of time. Any competitor may be able to bring a platform to market more quickly, respond more rapidly to changes in consumer preferences and produce a platform of higher quality or that can be accessed at lower price points. There is no guarantee that WhoopassPoker can develop or maintain a market position in light of such competition. If Whoopass cannot successfully compete, both the future value of our Shares and the amount of any dividends investors may receive, if any, as a result of owning our Shares could be negatively affected.

Our business may suffer if we have difficulty retaining users on our Web sites.

Our business and financial results are also dependent on our ability to retain users on our Web sites. In any particular month, many of the visitors to our sites may not be registered users and many of our registered users may not visit our sites. We believe that intense competition will cause some of our registered users to play poker games on other sites, spend less time on our sites or participate in different tournaments. It will be relatively easy for our users to go to competing sites and we cannot be certain that any steps we take will maintain or improve our retention of users. If we are unable to retain our user base, the demand for advertising on our Web sites may decrease and our revenues may decline.

We may experience defects and system failures with respect to our technology solutions, which would harm our business and reputation and expose us to potential liability.

The technology solutions underlying our products and services may in the future contain undetected errors or defects when first introduced or when new versions are released. In addition, we, or our customers, may experience difficulties in installing or integrating our technologies on platforms (such as iPhones and other smart phones) used by our customers. Defects in our technology solutions, errors or delays in development of our technology and products, or other difficulties could result in:

- interruption of business operations;
- delay in market acceptance;
- additional development and remediation costs;
- diversion of technical and other resources;
- loss of customers;

Competitors develop and deploy superior technology and product offerings.

We expect that competition will intensify. Barriers to entry are relatively minimal, and competitors can offer products and services at a relatively low cost. We must compete for a share of a set base of players. Several companies offer competitive solutions that compete with our products and services. We expect that additional companies will offer competing solutions on a stand-alone or combined basis in the future. Furthermore, our competitors may offer products or services that are superior to, or have greater market acceptance than, the solutions that we offer. If we are unable to compete successfully against our competitors and/or other products, we may fail.

Operating results may significantly fluctuate from quarter to quarter and year to year.

We expect that a portion of our revenues for the foreseeable future will be from affiliations with land based casinos, website platforms and advertising as well as subscriptions. The timing of revenue in the future will depend to some extent upon the signing of affiliate agreements and the obtaining of advertising. In any one fiscal quarter we may receive multiple or no payments from our affiliates or advertisers. As a result, operating results may vary substantially from quarter to quarter, and thus from year to year. Revenue for any given period may be greater or less than revenue in the immediately preceding period or in the comparable period of the prior year.

We operate in intensely competitive and dynamic industries, and our ability to successfully

compete and continue to grow our business depends on our ability to respond quickly to market changes and changing technologies and to bring competitive new solutions and services to market in a timely fashion.

Development of new proprietary technology or products is complex, entails significant time and expense and may not be successful. We cannot guarantee that we will be able to introduce new solutions or products on schedule, or at all, nor can we guarantee that such solutions or products will achieve market acceptance. Moreover, we cannot guarantee that errors will not be found in our new solution releases or products before or after commercial release, which could result in solution or product delivery redevelopment costs, harm to our reputation, lost sales, license terminations or renegotiations, product liability claims, diversion of resources to remedy errors and loss of, or delay in, market acceptance.

In addition to starting with no revenues from our products, in an effort to grow sales during start up years we may need to reduce the price of our products, increase our promotional spending, or take other steps to encourage consumers to use our products. Those steps may lower our net revenues, if any, decrease our operating margins, increase our costs and/or lower our profitability, to the extent it is ever achieved.

If our technology or products are found to infringe the proprietary rights of others, we may be required to change our business practices or redevelop our products and may also become subject to significant costs and monetary penalties.

As our technology and products develop, we may become increasingly subject to infringement claims. We are developing proprietary technologies and leasing others, processes, software, and products relating to online games. Although reasonable efforts will be taken to protect the rights to our intellectual property, the complexity of international trade secret, copyright, trademark and patent law, coupled with our limited resources and the demands of quick delivery of products and services to market, create risk that our efforts will prove inadequate.

We also may license technology from third parties and it is possible that it could become subject to infringement actions based upon the technology licensed from those third parties. We will generally obtain representations as to the origin and ownership of such licensed technology; however, this may not adequately protect us. Any claims, whether with or without merit, could:

- be expensive and time-consuming to defend;
- cause us to cease making, licensing or using technology that incorporate the challenged intellectual property;
- require us to redesign our products, if feasible;
- divert management's attention and resources; and
- require us to enter into royalty or licensing agreements in order to obtain the right to use necessary technologies.

If we incur costly litigation and our personnel are not effectively deployed, the expenses and losses incurred may increase, and our business will suffer material adverse effects, or may fail.

If we do not develop and enhance our brand, we will not be able to establish our customer base or build our revenues.

The development of our brand is critical to our ability to establish our user base and build our revenues. In order to attract users and advertisers, we intend to expend funds for creating and maintaining brand loyalty. We plan to use a combination of social media, print and Web-based advertising to promote our brand. If we fail to advertise and market our brand effectively, we will lose users and our revenues will decline.

Our success in promoting and enhancing our brand will also depend on our success in providing high quality content, features and functions that are attractive and entertaining to users of online game shows and multi-player games. If visitors to our website or advertisers do not perceive our services to be of high quality, the value of the brand could be diminished, we will lose users and our revenues will decline.

Financial risks.

The online gambling market is heavily regulated. In an economic down-turn or change in laws where we operate, could decrease demand. Moreover, as a small entity with limited resources, we are very susceptible to market forces, and we may encounter downstream financing difficulties that could threaten solvency.

General economic conditions, including a prolonged weakness in the economy, may affect consumer purchases, which could adversely affect our sales.

Our results of operations are dependent on a number of factors impacting consumer spending, including general economic and business conditions; consumer confidence; wages and employment levels. A prolonged downturn or an uncertain outlook in the economy may materially adversely affect our business, revenues and profits.

Risks Related to the Offering

There can be no guarantee that the Company will reach its funding target from potential investors with respect to any Class or future proposed Class.

Due to the start-up nature of the Company, there can be no guarantee that the Company will reach its funding target from potential investors with respect to any Class or future proposed Class. In the event the Company does not reach a funding target, it may not be able to achieve its investment objectives.

The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the use of proceeds from the Offering. An investor may not have the opportunity, as part of their investment in the Offering, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investor commitment amounts based on the Company's determination of an Investor's sophistication.

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering Deadline.

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply

be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

The Company may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions, an intermediate close of the Offering can occur, which will allow the Company to draw down on the proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

Risks Related to the Securities

There is currently no trading market for our securities. An active market in which investors can resell their Shares may not develop.

There is currently no public trading market for any Shares, and an active market may not develop or be sustained. If an active public or private trading market for our securities does not develop or is not sustained, it may be difficult or impossible for you to resell your Shares at any price. Accordingly, you may have no liquidity for your Shares. Even if a public or private market does develop, the market price

of the Shares could decline below the amount you paid for your Shares.

There may be state law restrictions on an Investor's ability to sell the Shares.

Each state has its own securities laws, often called "blue sky" laws, which (1) limit sales of securities to a state's residents unless the securities are registered in that state or qualify for an exemption from registration and (2) govern the reporting requirements for broker-dealers and stockbrokers doing business directly or indirectly in the state. Before a security is sold in a state, there must be a registration in place to cover the transaction, or it must be exempt from registration. We do not know whether our securities will be registered, or exempt, under the laws of any states. A determination regarding registration will be made by broker-dealers, if any, who agree to serve as the market-makers for our Shares. There may be significant state blue sky law restrictions on the ability of Investors to sell, and on purchasers to buy, our Shares. Investors should consider the resale market for our securities to be limited. Investors may be unable to resell their securities, or they may be unable to resell them without the significant expense of state registration or qualification.

State and federal securities laws are complex, and the Company could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.

The Company has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Company may have violated state or federal securities laws, any such violation could result in the Company being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Company would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Company will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts. In addition, if the Company violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Company which, among other things, could result in the Company having to pay substantial fines and be prohibited from selling securities in the future.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Securities will not be freely tradable under the Securities Act until one year from the

initial purchase date.

Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney. You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

There is no present market for the Securities and we have arbitrarily set the price.

The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot guarantee that the Securities can be resold at the Offering price or at any other price. Investors Purchasing the Securities will have limited rights.

A majority of the Company is owned by a small number of owners.

Prior to the Offering, one individual beneficially owns 94.62.% of outstanding voting Shares of the Company. This individual security holder may be able to exercise significant influence over matters requiring owner approval, including the election of directors or managers and approval of significant Company transactions, and will have significant control over the Company's management and policies. This individual security holder may have Shares that are different from yours. For example, this individual may support proposals and actions with which you may disagree. The concentration of ownership could delay or prevent a change in control of the Company or otherwise discourage a potential acquirer from attempting to obtain control of the Company, which in turn could reduce the price potential investors are willing to pay for the Company. In addition, this individual security holder could use his or her voting influence to maintain the Company's existing management, delay or prevent changes in control of the Company, or support or reject other management and board proposals that are subject to owner approval.

Investors purchasing the Securities in this Offering may be significantly diluted as a consequence of subsequent financings.

The Securities offered will be subject to dilution. The Company may issue additional equity to employees, third-party financing sources, and other investors, and as a consequence holders of Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce an investor's control and economic interests in the Company. The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors, including the purchaser. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the purchaser's Company securities.

We arbitrarily determined the price of the Securities and such price which may not reflect the actual market price for the Securities.

The Offering of Securities at \$2.50 per share by us was determined arbitrarily and the current, estimated valuation of the Company arising from such price per interest in this Offering is \$250,000,000. The price is not based on our financial condition and prospects, market prices of similar securities of comparable publicly traded companies, certain financial and operating information of companies engaged in similar activities to ours, or general conditions of the securities market. The price may not be indicative of the market price, if any, for the Securities. The market price for the Securities, if any, may decline below the price at which the Securities are offered. Moreover, recently the capital markets have experienced extreme price and volume fluctuations which have had a negative effect impact on smaller companies, like us.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

MANAGEMENT DISCUSSION AND ANALYSIS

Success will all be achieved as Whoopass Poker continues on its path to becoming a world-class international online and land-based casino business.

It is the intention of Whoopass Poker to introduce the Whoopass Poker Games into the U.S. land-based casinos and then expand into the international market of land-based casinos.

The Company plans to seek patent, trademark, and copyright protection in a large number of countries by filing international paperwork and applications. Since the rights granted by a U.S. patent extend only throughout the territory of the United States and have no effect in a foreign country, the Company must apply for a patent in each of the other countries it is interested in obtaining protection. Through our securing of our international patents, copyrights, and trademarks, we will have these marketplaces protected. At the same time, we will be expanding our online presence both in the U.S. and worldwide via self-promotion and our affiliate program.

A major promotion and money maker for the Whoopass Poker Co, will be our "World Series of Whoopass Poker." Since prize money is planned to be large for the winners of this event, the Company anticipates this will attract many players to participate in the thousands of smaller qualifying tournaments throughout the year leading up to this event. This will give our Company a great deal of advertising and validity throughout the year in anticipation of this event.

The sheer excitement and availability of a new poker game, let alone one that is similar to Texas Hold'em, will likely attract numerous curious players from around the world. Via the Whoopass Poker online gaming site, we will give all new players FREE chips to play the Whoopass Poker Games. This is a free introduction that will lure many players into loving the Whoopass Poker games.

AUDITOR'S RESPONSIBILITY

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with generally accepted auditing standards as accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Subject to the terms and conditions hereof and of the Bylaws, your obligation to subscribe and pay for your Shares shall be complete and binding upon the execution and delivery of this Agreement.

2) Other Subscriptions. The Company may enter into separate but substantially identical subscription agreements (the “Other Subscription Agreements” and, together with this Agreement, the “Subscription Agreements”) with other purchasers (the “Other Purchasers”), providing for the sale to the Other Purchasers of Shares and the registration of the Other Purchasers as Shareholders. This Agreement and the Other Subscription Agreements are separate agreements, and the sales of Shares to you and the Other Purchasers are to be separate sales.

3) Closing. The closing (the “Closing”) of the sale to you and your subscription for and purchase by you of the Shares, and your registration as a Shareholder shall take place at the discretion of the Board. At the Closing,

and upon satisfaction of the conditions set out in this Agreement, the Board will list you as a Shareholder in the Company's Stock Register Book.

4) Conditions Precedent to Your Obligations.

a) The Conditions Precedent. Your obligation to subscribe for your Shares and be registered as a Shareholder at the Closing is subject to the fulfillment (or waiver by you), prior to or at the time of the Closing, of the following conditions:

i) Bylaws. The Bylaws shall have been duly authorized, executed and delivered by or on behalf of the Board. Each Other Purchaser that is to be registered as a Shareholder as of the Closing shall have duly authorized, executed and delivered a counterpart of the Bylaws or authorized its execution and delivery on its behalf. The Bylaws shall be in full force and effect.

ii) Representations and Warranties. The representations and warranties of the Company contained in this Agreement shall be true and correct in all material respects when made and at the time of the Closing, except as affected by the consummation of the transactions contemplated by this Agreement or the Bylaws.

iii) Performance. The Company shall have duly performed and complied in all material respects with all agreements and conditions contained in this Agreement required to be performed or complied with by it prior to or at the Closing.

iv) Legal Investment. On the Closing Date your subscription hereunder shall be permitted by the laws and regulations applicable to you.

b) Nonfulfillment of Conditions. If at the Closing any of the conditions specified shall not have been fulfilled, you shall, at your election, be relieved of all further obligations under this Agreement and the Bylaws, without thereby waiving any other rights you may have by reason of such nonfulfillment. If you elect to be relieved of your obligations under this Agreement pursuant to the foregoing sentence, the Bylaws shall be null and void as to you and the power of attorney contained herein shall be used only to carry out and effect the actions required by this sentence, and the Company shall take, or cause to be taken, all steps necessary to nullify the Bylaws as to you.

5) Conditions Precedent to the Company's Obligations.

a) The Conditions Precedent. The obligations of the Company and the Board to issue to you the Shares and to register you as a Shareholder at the Closing shall be subject to the fulfillment (or waiver by the Company) prior to or at the time of the Closing, of the following conditions:

i) Bylaws. Any filing with respect to the formation of the Company required by the laws of the State of Nevada shall have been duly filed in such place or places as are required by such laws. A counterpart of the Bylaws shall have been duly authorized, executed and delivered by or on behalf of you and each of such Other Purchasers. The Bylaws shall be in full force and effect.

ii) Representations and Warranties. The representations and warranties made by you shall be true and correct when made and at the time of the Closing.

iii) Performance. You shall have duly performed and complied with all agreements and conditions contained in this Agreement required to be performed or complied with by you prior to or at the time of the Closing.

b) Nonfulfillment of Conditions. If at the Closing any of the conditions specified shall not have been fulfilled, the Company shall, at the Board's election, be relieved of all further obligations under this Agreement and the Bylaws, without thereby waiving any other rights it may have by reason of such nonfulfillment. If the Board elects for the Company to be relieved of its obligations under this Agreement pursuant to the foregoing sentence, the Bylaws shall be null and void as to you and the power of attorney contained herein shall be used only to carry out and effect the actions required by this sentence, and the Company shall take, or cause to be taken, all steps necessary to nullify the Bylaws as to you.

6) Representations and Warranties of the Company.

a) The Representations and Warranties. The Company represents and warrants that:

i) Formation and Standing. The Company is duly formed and validly existing as a corporation under the laws of the State of Nevada and, subject to applicable law, has all requisite power and authority to carry on its business as now conducted and as proposed to be conducted as described in the Private Placement Memorandum relating to the private offering of Common Stock by the Company (together with any amendments and supplements thereto, the "Offering Memorandum"). The Board has all requisite corporation power and authority to act as management of the Company and to carry out the terms of this Agreement and the Bylaws applicable to it.

ii) Authorization of Agreement. The execution and delivery of this Agreement has been authorized by all necessary action on behalf of the Company and this Agreement is a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms. The execution and delivery by the Board of the Bylaws has been authorized by all necessary action on behalf of the Board and the Bylaws are legal and valid.

iii) Compliance with Laws and Other Instruments. The execution and delivery of this Agreement and the consummation of the transactions contemplated hereby will not conflict with or result in any violation of or default under any provision of the Bylaws, or any agreement or other instrument to which the Company is a party or by which it or any of its properties is bound, or any permit, franchise, judgment, decree, statute, order, rule or regulation applicable to the Company or its business or properties. The execution and delivery of the Bylaws and the consummation of the transactions contemplated thereby will not conflict with or result in any violation of or default under any provision of the Bylaws, or any agreement or instrument to which the Company is a party or by which it or any of its properties is bound, or any permit, franchise, judgment, decree, statute, order, rule or regulation applicable to the Board or its businesses or properties.

iv) Offer of Common Stock. Neither the Company nor anyone acting on its behalf has taken any action that would subject the issuance and sale of the Shares to the registration requirements of the Securities Act of 1933, as amended (the "Securities Act").

v) Investment Company Act. The Company is not required to register as an "investment company" under the Investment Company Act of 1940, as amended (the "Investment Company Act"). The Board is not required to register as an "investment adviser" under the Investment Advisers Act of 1940, as amended (the "Advisers Act").

vi) Company Litigation. Prior to the date hereof, there is no action, proceeding or investigation pending or, to the knowledge of the Board or the Company, threatened against the Company.

vii) Disclosure. The Offering Memorandum, when read in conjunction with this Agreement and the Bylaws, does not as of the date hereof contain any untrue statement of a material fact or omit to state a

material fact necessary in order to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

b) Survival of Representations and Warranties. All representations and warranties made by the Company shall survive the execution and delivery of this Agreement, any investigation at any time made by you or on your behalf and the issue and sale of Common Stock.

7) Representations and Warranties of the Purchaser.

a) The Representations and Warranties. You represent and warrant to the Board, the Company and each other Person that is, or in the future becomes, a Shareholder that each of the following statements is true and correct as of the Closing Date:

i) Accuracy of Information. All of the information provided by you to the Company and the Board is true, correct and complete in all respects. Any other information you have provided to the Board or the Company about you is correct and complete as of the date of this Agreement and at the time of Closing.

ii) Offering Memorandum; Advice. You have either consulted your own investment adviser, attorney or accountant about the investment and proposed purchase of the Common Stock and its suitability to you, or chosen not to do so, despite the recommendation of that course of action by the Board and Company. Any special acknowledgment set forth below with respect to any statement contained in the Offering Memorandum shall not be deemed to limit the generality of this representation and warranty.

(1) You have received a copy of the Private Placement Memorandum and the form of the Bylaws and you understand the risks of, and other considerations relating to, a purchase of Common Stock, including the risks set forth under the caption "Risk Factors" in the Private Placement Memorandum. You have been given access to, and prior to the execution of this Agreement you were provided with an opportunity to ask questions of, and receive answers from, the Board concerning the terms and conditions of the offering of Common Stock, and to obtain any other information which you and your investment representative and professional advisors requested with respect to the Company and your investment in the Company in order to evaluate your investment and verify the accuracy of all information furnished to you regarding the Company. All such questions, if asked, were answered satisfactorily and all information or documents provided were found to be satisfactory.

iii) Investment Representation and Warranty. You are acquiring your Common Stock for your own account or for one or more separate accounts maintained by you or for the account of one or more pension or trust funds of which you are trustee as to which you are the sole qualified professional asset manager within the meaning of Prohibited Transaction Exemption 84-14 (a "QPAM") for the assets being contributed hereunder, in each case not with a view to or for sale in connection with any distribution of all or any part of such Interest. You hereby agree that you will not, directly or indirectly, assign, transfer, offer, sell, pledge, hypothecate or otherwise dispose of all or any part of Common Stock (or solicit any offers to buy, purchase or otherwise acquire or take a pledge of all or any part of the Common Stock) except in accordance with the registration provisions of the Securities Act or an exemption from such registration provisions, with any applicable state or other securities laws, and with the terms of the Bylaws. If you are purchasing for the account of one or more pension or trust funds, you represent that (except to the extent you have otherwise advised the Company in writing prior to the date hereof) you are acting as sole trustee or sole QPAM for the assets being contributed hereunder and have sole investment discretion with respect to the acquisition of the Common Stock to be purchased by you pursuant to this Agreement, and the determination and decision on your behalf to purchase such Common Stock for such pension or trust funds is being made by the same individual or group of individuals who customarily pass on such

investments, so that your decision as to purchases for all such funds is the result of such study and conclusion.

iv) Representation of Investment Experience and Ability to Bear Risk. You (i) are knowledgeable and experienced with respect to the financial, tax and business aspects of the ownership of the Common Stock and of the business contemplated by the Company and are capable of evaluating the risks and merits of purchasing the Common Stock and, in making a decision to proceed with this investment, have not relied upon any representations, warranties or agreements, other than those set forth in this Agreement, the Offering Memorandum and the Bylaws, if any; and (ii) can bear the economic risk of an investment in the Company for an indefinite period of time, and can afford to suffer the complete loss thereof.

v) Accredited Investor. You are an “Accredited” investor within the meaning of Section 501 of Regulation D promulgated under the Securities Act.

vi) No Investment Company Issues. If you are an entity, (i) you were not formed, and are not being utilized, primarily for the purpose of making an investment in the Company and (ii) either (A) all of your outstanding securities (other than short-term paper) are beneficially owned by one Person, (B) you are not an investment company under the Investment Company Act or a “private investment company” that avoids registration and regulation under the Investment Company Act based on the exclusion provided by Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act, or (C) you have delivered to the Board a representation and covenant as to certain matters under the Investment Company Act satisfactory to the Board.

vii) Certain ERISA Matters. You represent that:

(1) except as described in a letter to the Board dated at least five (5) days prior to the date hereof, no part of the funds used by you to acquire the Common Stock constitutes assets of any “employee benefit plan” within the meaning of Section 3(3) of ERISA, either directly or indirectly through one or more entities whose underlying assets include plan assets by reason of a plan’s investment in such entities (including insurance company separate accounts, insurance company general accounts or bank collective investment funds, in which any such employee benefit plan (or its related trust) has any interest); or

(2) if Common Stock is being acquired by or on behalf of any such plan (any such purchaser being referred to herein as an “ERISA Shareholder”), (A) such acquisition has been duly authorized in accordance with the governing holding of the Common Stock do not and will not constitute a “non-exempt prohibited transaction” within the meaning of Section 406 of ERISA or Section 4975 of the Internal Revenue Code of 1986, as amended (i.e., a transaction that is not subject to an exemption contained in ERISA or in the rules and regulations adopted by the U.S. Department of Labor (the “DOL”) thereunder). The foregoing representation shall be based on a list of the Other Purchasers to be provided by the Board to each ERISA Shareholder prior to the Closing. You acknowledge that the Board of the Company, is not registered as an “investment adviser” under the Investment Advisers Act and that as a Shareholder you will have no right to withdraw from the Company except as specifically provided in the Bylaws. If, in the good faith judgment of the Board, the assets of the Company would be “plan assets” (as defined in DOL Reg. § 2510.3-101 promulgated under ERISA, as it may be amended from time to time) of an employee benefit plan (assuming that the Company conducts its business in accordance with the terms and conditions of the Bylaws and as described in the Offering Memorandum), then the Company and each ERISA Shareholder will use their respective best efforts to take appropriate steps to avoid the Board’s becoming a “fiduciary” (as defined in ERISA) as a result of the operation of such regulations. These steps may include (x) selling your Interest (if you are an ERISA Shareholder) to a third party which is not an employee benefit plan, or (y) making

any appropriate applications to the DOL, but the Board shall not be required to register as an “investment adviser” under the Advisers Act.

(a) If you are an ERISA Shareholder, you further understand, agree and acknowledge that your allocable share of income from the Company may constitute “unrelated business taxable income” (“UBTI”) within the meaning of section 512(a) of the Code and be subject to the tax imposed by section 511(a)(1) of the Code. You further understand, agree and acknowledge that the Company neither makes nor has made any representation to it as to the character of items of income (as UBTI or otherwise) allocated (or to be allocated) to its shareholder (including ERISA Shareholders) for federal, state, or local income tax purposes. You (prior to becoming a shareholder of the Company) have had the opportunity to consider and discuss the effect of your receipt of UBTI with independent tax counsel of your choosing, and upon becoming a shareholder of the Company voluntarily assume the income tax and other consequences resulting from the treatment of any item of the Company’s income allocated to you as UBTI. The Company shall not be restricted or limited in any way, or to any degree, from engaging in any business, trade, loan, or investment that generates or results in the allocation of UBTI to you or any other ERISA Shareholder, nor shall the Company have any duty or obligation not to allocate UBTI to you or any other ERISA Shareholder. You hereby release the Company and all of its other shareholders from any and all claims, damages, liability, losses, or taxes resulting from the allocation to you by the Company of UBTI.

viii) Suitability. You have evaluated the risks involved in investing in the Common Stock and have determined that the Common Stock is a suitable investment for you. Specifically, the aggregate amount of the investments you have in, and your commitments to, all similar investments that are illiquid is reasonable in relation to your net worth, both before and after the subscription for and purchase of the Common Stock pursuant to this Agreement.

ix) Transfers and Transferability. You understand and acknowledge that the Common Stock has not been registered under the Securities Act or any state securities laws and are being offered and sold in reliance upon exemptions provided in the Securities Act and state securities laws for transactions not involving any public offering and, therefore, cannot be resold or transferred unless they are subsequently registered under the Securities Act and such applicable state securities laws or unless an exemption from such registration is available. You also understand that the Company does not have any obligation or intention to register the Common Stock for sale under the Securities Act, any state securities laws or of supplying the information which may be necessary to enable you to sell the Common Stock; and that you have no right to require the registration of the Common Stock under the Securities Act, any state securities laws or other applicable securities regulations. You also understand that sales or transfers of Common Stock are further restricted by the provisions of the Bylaws.

(1) You represent and warrant further that you have no contract, understanding, agreement or arrangement with any person to sell or transfer or pledge to such person or anyone else any of the Common Stock for which you hereby subscribe (in whole or in part); and you represent and warrant that you have no present plans to enter into any such contract, undertaking, agreement or arrangement.

(2) You understand that the Common Stock cannot be sold or transferred without the prior written consent of the Board, which consent may be withheld in its sole and absolute discretion and which consent will be withheld if any such transfer could cause the Company to become subject to regulation under federal law as an investment company or would subject the Company to adverse tax consequences.

(3) You understand that there is no public market for the Common Stock; any disposition of the Common Stock may result in unfavorable tax consequences to you.

(4) You are aware and acknowledge that, because of the substantial restrictions on the transferability of the Common Stock, it may not be possible for you to liquidate your investment in the Company readily, even in the case of an emergency.

x) Residence. You maintain your domicile at the address shown in the signature page of this Subscription Agreement and you are not merely transient or temporarily resident there.

xi) Publicly-Traded Company. By the purchase of the Common Stock in the Company, you represent to the Board and the Company that (i) you have neither acquired nor will you transfer or assign any Common Stock you purchase (or any interest therein) or cause any such Common Stock (or any interest therein) to be marketed on or through an “established securities market” or a “secondary market” (or the substantial equivalent thereof) within the meaning of Section 7704(b)(1) of the Code, including, without limitation, an over the-counter-market or an interdealer quotation, system that regularly disseminates firm buy or sell quotations; and (ii) you either (A) are not, and will not become, a partnership, Subchapter S corporation, or grantor trust for U.S. Federal income tax purposes, or (B) are such an entity, but none of the direct or indirect beneficial owners of any of the Common Stock in such entity have allowed or caused, or will allow or cause, 80 percent or more (or such other percentage as the Board may establish) of the value of such Common Stock to be attributed to your ownership of Common Stock in the Company. Further, you agree that if you determine to transfer or assign any of your Common Stock pursuant to the provisions of the Bylaws you will cause your proposed transferee to agree to the transfer restrictions set forth therein and to make the representations set forth in (i) and (ii) above.

xii) Awareness of Risks; Taxes. You represent and warrant that you are aware (i) that the Company has limited operating history; (ii) that the Common Stock involve a substantial degree of risk of loss of its entire investment and that there is no assurance of any income from your investment; and (iii) that any federal and/or state income tax benefits which may be available to you may be lost through the adoption of new laws or regulations, to changes to existing laws and regulations and to changes in the interpretation of existing laws and regulations. You further represent that you are relying solely on your own conclusions or the advice of your own counsel or investment representative with respect to tax aspects of any investment in the Company.

xiii) Capacity to Contract. If you are an individual, you represent that you are over 21 years of age and have the capacity to execute, deliver and perform this Subscription Agreement and the Bylaws. If you are not an individual, you represent and warrant that you are a corporation, partnership, association, joint stock company, trust or unincorporated organization, and were not formed for the specific purpose of acquiring the Common Stock.

xiv) Power, Authority; Valid Agreement. (i) You have all requisite power and authority to execute, deliver and perform your obligations under this Agreement and the Bylaws and to subscribe for and purchase or otherwise acquire your Common Stock; (ii) your execution of this Agreement and the Bylaws has been authorized by all necessary corporate or other action on your behalf; and (iii) this Agreement and the Bylaws are each valid, binding and enforceable against you in accordance with their respective terms.

xv) No Conflict: No Violation. The execution and delivery of this Agreement and the Bylaws by you and the performance of your duties and obligations hereunder and thereunder (i) do not and will not result in a breach of any of the terms, conditions or provisions of, or constitute a default under (A) any charter, bylaws, trust agreement, partnership agreement or other governing instrument applicable to you, (B) (1) any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness, or any lease or other agreement or understanding, or (2) any license, permit, franchise or certificate, in either case to which you or any of your Affiliates is a party or by which you or any of them is bound or to which your or any of their properties are subject; (ii) do not require any authorization or approval under or pursuant

to any of the foregoing; or (iii) do not violate any statute, regulation, law, order, writ, injunction or decree to which you or any of your Affiliates is subject.

xvi) No Default. You are not (i) in default (nor has any event occurred which with notice, lapse of time, or both, would constitute a default) in the performance of any obligation, agreement or condition contained in (A) this Agreement or the Bylaws, (B) any provision of any charter, bylaws, trust agreement, partnership agreement or other governing instrument applicable to you, (C) (1) any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or any lease or other agreement or understanding, or (2) any license, permit, franchise or certificate, in either case to which you or any of your Affiliates is a party or by which you or any of them is bound or to which your or any of their properties are subject, or (ii) in violation of any statute, regulation, law, order, writ, injunction, judgment or decree applicable to you or any of your Affiliates.

xvii) No Litigation. There is no litigation, investigation or other proceeding pending or, to your knowledge, threatened against you or any of your Affiliates which, if adversely determined, would adversely affect your business or financial condition or your ability to perform your obligations under this Agreement or the Bylaws.

xviii) Consents. No consent, approval or authorization of, or filing, registration or qualification with, any court or Governmental Authority on your part is required for the execution and delivery of this Agreement or the Bylaws by you or the performance of your obligations and duties hereunder or thereunder.

b) Survival of Representations and Warranties. All representations and warranties made by you in Section 7 of this Agreement shall survive the execution and delivery of this Agreement, as well as any investigation at any time made by or on behalf of the Company and the issue and sale of the Common Stock.

c) Reliance. You acknowledge that your representations, warranties, acknowledgments and agreements in this Agreement will be relied upon by the Company in determining your suitability as a purchaser of the Common Stock.

d) Further Assurances. You agree to provide, if requested, any additional information that may be requested or required to determine your eligibility to purchase the Common Stock.

e) Indemnification. You hereby agree to indemnify the Company and any Affiliates and to hold each of them harmless from and against any loss, damage, liability, cost or expense, including reasonable attorney's fees (collectively, a "Loss") due to or arising out of a breach or representation, warranty or agreement by you, whether contained in this Subscription Agreement (including the Suitability Statements) or any other document provided by you to the Company in connection with your investment in the Common Stock. You hereby agree to indemnify the Company and any Affiliates and to hold them harmless against all Loss arising out of the sale or distribution of the Common Stock by you in violation of the Securities Act or other applicable law or any misrepresentation or breach by you with respect to the matters set forth in this Agreement. In addition, you agree to indemnify the Company and any Affiliates and to hold such Persons harmless from and against, any and all Loss, to which they may be put or which they may reasonably incur or sustain by reason of or in connection with any misrepresentation made by you with respect to the matters about which representations and warranties are required by the terms of this Agreement, or any breach of any such warranty or any failure to fulfill any covenants or agreements set forth herein or included in and as defined in the Offering Memorandum. Notwithstanding any provision of this Agreement, you do not waive any right granted to you under any applicable state securities law.

No subscription shall be accepted or deemed to be accepted until you have been registered as a Shareholder in the Company on the Closing Date; such admission shall be deemed an acceptance of this Agreement by the Company and the Board for all purposes.

ii) Irrevocability. Except as provided and under applicable state securities laws, this subscription is and shall be irrevocable, except that you shall have no obligations hereunder if this subscription is rejected for any reason, or if this offering is canceled for any reason.

iv) No Disposal. You will not, directly or indirectly, assign, transfer, offer, sell, pledge, hypothecate or otherwise dispose of all or any part of your Common Stock (or solicit any offers to buy, purchase or otherwise acquire or take a pledge of all or any part of the Common Stock) except in accordance with the registration provisions of the Securities Act or an exemption from such registration provisions, with any applicable state or other securities laws and with the terms of the Bylaws.

v) Update Information. If there should be any change in the information provided by you to the Company or the Board (whether pursuant to this Agreement or otherwise) prior to your purchase of any Common Stock, you will immediately furnish such revised or corrected information to the Company.

It has been recognized that you may want in a given case to vary these provisions. Reference has been made in the Bylaw sections which may most likely be considered for revision and language has been included to reference a possible amendment to that particular section.

BY-LAWS

OF

ARTICLE I - OFFICES

The principal offices of the corporation in the State of NEVADA shall be located in the city/town of LAS VEGAS, in the County of CLARK. The corporation may, as the Board of Directors may designate or as the business of the corporation may from time to time require, have such other offices within or without of the state of incorporation

ARTICLE II – BOARD OF DIRECTORS

1. GENERAL POWERS

The directors shall in all cases act as a board. The board shall have the responsibility of managing and controlling the affairs, property and business of the corporation. The duties include the power to (a) appoint any person or persons to be agents of the corporation, with the power to sub-delegate, with such terms as it sees fit; (b) appoint any person or persons to accept and hold in trust for the corporation any property belonging to the corporation or in which it has an interest and cause such instruments to be executed, and do and cause such things to be done as it may deem requisite, in relation to any such trust; (c) appoint any officer, permanently or temporarily as it deems necessary, to perform the duties and have the powers of any other officer; (d) appoint, remove or suspend to determine their duties, fix and, as it sees fit, change their salaries and compensation; (e) authorize shares of the corporation to be issued at its discretion and for such considerations as the board may determine, and as may be permitted by law; and (f) determine the amounts to be distributed as dividends.

2. NUMBER OF DIRECTORS

The number of directors of the corporation shall be not less than three, but may be more as may be determined and elected by the voting shareholders of the corporation at the annual meeting of the stockholders, provided however that the number of directors may be less than three but not less than two whenever there shall be only two stockholders, and not less than one whenever there shall be a single stockholder, or the corporation shall not have issued any of its shares.

3. TERM OF OFFICE

Each director shall hold office until the next annual meeting of stockholders and until his successor shall have been elected and qualified.

4. INCREASE OR DECREASE

The stockholders of the corporation may at any meeting increase or decrease the number of directors within the provisions set up in Section 2. If the number of directors is to be increased, the additional directors shall be elected by the shareholders and take office at the meeting authorizing the increase. If the number of directors is to be decreased, the decrease shall become effective to the extent made possible by vacancies in the Board of Directors or by resignations and no director may be removed solely for the purpose of effecting such decrease.

5. VACANCIES
