Publications

Acid-sensing ion channel 3 deficiency increases inflammation but decreases pain behavior in murine arthritis.

Regular physical activity prevents development of chronic pain and activation of central neurons.

James O'Donnell

Cofounder & COO at Duet
San Francisco, California, United States

Summary

Enthusiastic about applying scientific problem solving to scaling startups. Enjoys science fiction, fencing competitively, and prediction markets.

Experience

Duet
Co-Founder / COO
February 2024 - Present (1 year 3 months)
San Francisco Bay Area

We develop mission control software for NEMT (non-emergency medical transport) to help fleet operators make healthcare more accessible, affordable, and convenient.

www.duetinc.com

Editio Publishing, LLC
Board Member
August 2021 - Present (3 years 9 months)
San Francisco, California, United States

Editio publishes and translates Japanese and Korean light novels. Our print and digital works all feature strong female leads, rich storytelling, and high-quality, ethically sourced art and translations.

L.E.K. Consulting
Senior Consultant (Project Leader) | Life Sciences
March 2023 - May 2024 (1 year 3 months)
San Francisco, California, United States

I led teams solving complex strategy and market research problems for our clients. These included in-depth industry analysis including interviews, surveys, and desk research to inform potential acquisitions and organic market entry & expansion growth strategies. I was responsible for determining the right answer and cleanly communicating our findings directly to clients.

BroadBranch Advisors

3 years 7 months

Senior Associate

July 2021 - March 2023 (1 year 9 months)

Washington, District of Columbia, United States

Associate
