INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Directors
Pivotal Health, Inc.
Middleton, Wisconsin

We have reviewed the accompanying financial statements of Pivotal Health, Inc. (the "Company,"), which comprise the balance sheet as of December 31, 2023 and December 31, 2022, and the related statement of operations, statement of shareholders' equity (deficit), and cash flows for the year ending December 31, 2023 and December 31, 2022, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our reviews.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Going Concern

As discussed in Note 13, certain conditions indicate that the Company may be unable to continue as a going concern. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

PIVOTAL HEALTH, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. NATURE OF OPERATION

Pivotal Health, Inc. was incorporated on October 1, 2020, in the state of Delaware. The financial statements of Pivotal Health, Inc. (which may be referred to as the "Company", "we", "us", or "our") are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Company's headquarters are located in Middleton, Wisconsin.

Pivotal Health is a technology-enabled healthcare services company. The Company provides clinician house calls and telehealth services for urgent care and primary care needs in multiple metro areas in Wisconsin. A clinician house call is when the Pivotal Health provider goes to the patient's home, apartment, dorm room, or office to provide care. The Company leverages technology to automate everything around the visit. The Company has a mobile app for consumers to schedule and pay for their visits. The Company also has automated provider charting and other back-office workflows.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Company's financial statements. The accounting policies conform to accounting principles generally accepted in the United States of America ("GAAP" and "US GAAP").

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with US GAAP and the Company has adopted the calendar year as its basis of reporting.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash & Cash Equivalents

Cash and cash equivalents include all cash in banks, cash on hand and all highly liquid investments with original maturities of three months or less at the time of purchase. As of December 31, 2023 and 2022, the Company's cash & cash equivalents did not exceed FDIC insured limits.

Concentration of Credit Risk

The Company is subject to concentrations of credit risks primarily from cash, cash equivalents, restricted cash, accounts receivable, and notes receivable. At various times during the years, the Company may have bank deposits in excess of Federal Deposit Insurance Corporation insurance limits. Management believes any credit risk is low due to the overall financial strength of the financial institutions. Accounts receivable consist of uncollateralized receivables from customers/clients primarily located throughout the United States of America.

Accounts Receivable

Accounts receivable are carried net of allowance for expected credit losses. The allowance for expected credit losses is increased by provision charged to expense and reduced by accounts charged off, net of recoveries. The allowance is maintained at a level considered adequate to provide for potential account losses based on management's evaluation of the anticipated impact on the balance of current economic conditions, changes in character and size of the balance, past and expected future loss experience and other pertinent factors.

In June 2016, the FASB issued ASU No. 2016-13, "Financial Instrument – Credit Losses.". This ASU, and the related ASUs issued subsequently by the FASB introduce a new model for recognizing credit loss on financial

PIVOTAL HEALTH, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

assets not accounted for at fair values through net income, including loans, debt securities, trade receivables, net investment in leases and available-for-sale debt securities. The new ASU broadens the information that an entity must consider in developing estimates of expected credit losses and requires an entity to estimate credit losses over the life of an exposure based on historical information, current information and reasonable supportable forecasts.

The Company adopted this ASU on January 1, 2023, using the modified retrospective approach. The adoption of this ASU did not have a material impact on financial statements as Company's customers are direct consumers and pay at the time of purchase. As of December 31, 2023 and 2022, the Company determined an allowance for expected credit loss of \$0 and \$0, respectively.

Property and Equipment

Property and equipment are stated at cost. Expenditures for additions, major renewals and betterments are capitalized, and expenditures for maintenance and repairs are charged against income as incurred. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in statements of operations.

Depreciation and amortization of property and equipment are computed using the straight-line method over the estimated useful lives of the respective assets. Leasehold improvements are amortized on a straight-line basis over either the useful life of the improvement or the remainder of the related lease term, whichever is shorter.

Estimated useful lives for property and equipment are as follows:

<u>Category</u>	<u>Useful Life</u>
Equipment	5 years

Impairment of Long Lived Assets

Long-lived assets, including property and equipment and intangible assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. An impairment loss is recorded in the period in which it is determined that the carrying amount is not recoverable. The determination of recoverability is made based on an estimate of undiscounted future cash flows resulting from the use of the asset and its eventual disposition. The measurement of the impairment for long-lived assets is based on the asset's estimated fair value. No such impairment was recorded for the year ended December 31, 2023 and 2022.

Revenue Recognition

The Company recognizes revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled to in exchange for those goods or services. In determining when and how revenue is to be recognized from contracts with customers, the Company performs the following five step analysis laid under Accounting Standard Codification ("ASC") 606, *Revenue from Contracts with Customers*: (1) identification of contract with customers, (2) determination of performance obligations, (3) measurement of the transaction price, (4) allocation of transaction price to the performance obligations, and (5) recognition of revenue when or as the company satisfies each performance obligation.

If the Company sells goods or services to customers and shall recognize revenue at point-in-time: Revenue is recognized at the point in time when control of the goods is transferred to the customer, which typically occurs at the following times:

- In-store Sales: Revenue is recognized at point-in-time when customer takes possession of the goods.
- Online Sales: Revenue is recognized at point-in-time when the goods are delivered to the customer.
- Wholesale Transactions: Revenue is recognized at point-in-time when the goods are shipped or delivered to the wholesale customer.

PIVOTAL HEALTH, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

Income Taxes

The Company is taxed as a C corporation for income tax purposes. The Company accounts for income taxes under the liability method, and deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying values of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. A valuation allowance is provided on deferred tax assets if it is determined that it is more likely than not that the deferred tax asset will not be realized. The Company records interest, net of any applicable related income tax benefit, on potential income tax contingencies as a component of income tax expense. The Company records tax positions taken or expected to be taken in a tax return based upon the amount that is more likely than not to be realized or paid, including in connection with the resolution of any related appeals or other legal processes. Accordingly, the Company recognizes liabilities for certain unrecognized tax benefits based on the amounts that are more likely than not to be settled with the relevant taxing authority. The Company recognizes interest and/or penalties related to unrecognized tax benefits as a component of income tax expense.

Deferred Financing Costs

Deferred financing costs, which consist of capitalized debt issuance costs, with an original cost of \$5,000 and \$5,000 on December 31, 2023, and 2022, respectively, and accumulated amortization of \$947 and \$316 on December 31, 2023, and 2022, respectively, have been deferred and are being amortized using the straight-line method over the term of the related notes payable, which approximate the effective interest method. Deferred financing costs related to the notes payable are presented net of the related debt on the balance sheet. Amortization of deferred financing costs was \$631 and \$316 for the year ended December 31, 2023, and 2022, respectively, and is included in interest expense in the accompanying statements of operations.

Stock Based Compensation

The Company accounts for stock-based compensation to both employee and non-employees in accordance with ASC 718, Compensation - Stock Compensation. Under the fair value recognition provisions of ASC 718, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense ratably over the requisite service period, which is generally the option vesting period. The Company uses the Black-Scholes option pricing model to determine the fair value of stock options.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of such instruments).

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 — Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3 — Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Advertising & Promotional Costs

Advertising and promotional costs are expensed as incurred. Advertising and promotional expense for the years ended December 31, 2023, and December 31, 2022, amounted to \$44,743 and \$148,404, which is included in sales and marketing expense.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

Subsequent Events

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through July 4, 2024, which is the date the financial statements were available to be issued.

SAFEs 2021	\$ 1,335,000	2021	\$ 3,500,000	80%	\$ 1,335,000	\$ 1,335,000

During the period from 2021 to 2023, the Company issued \$3,063,500 in Simple Agreement for Future Equity ("SAFE Agreement" or "SAFE"). The SAFE includes a provision allowing for cash redemption upon the occurrence of a change of control, the occurrence of which is outside the control of the Company. The SAFE requires or may require the issuer to settle the obligation by transferring assets (i.e., cash). If there is a Liquidity Event before the termination of this Safe, this Safe will automatically be entitled to receive a portion of Proceeds, due and

PIVOTAL HEALTH, INC.
NOTES TO FINANCIAL STATEMENTS

payable to the Investor immediately prior to, or concurrent with, the consummation of such Liquidity Event, equal to the greater of (i) the Purchase Amount (the "Cash-Out Amount") or (ii) the amount payable on the number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price (the "Conversion Amount"). The SAFE Agreement is considered a mandatorily redeemable financial instrument under ASC 480-10-15-8. Because the SAFE may require the issuer to redeem the instrument for cash upon a change of control, the agreement should be classified and recorded as a liability under ASC 480-10-25-8 because a change of control is an event that is considered not under the sole control of the issuer. Therefore, the SAFEs are classified as marked-to-market liabilities pursuant to ASC 480 in other long-term liabilities.

7. SHARE BASED COMPENSATION

During 2020, the Company authorized the Stock Option Plan (which may be referred to as the "Plan"). The Company reserved 230,000 shares of its Common Stock pursuant to the Plan, which provides for the grant of shares of stock options, stock appreciation rights, and stock awards (performance shares) to employees, non-employee directors, and non-employee consultants. The option exercise price generally may not be less than the underlying stock's fair market value at the date of the grant and generally have a term of four years. The amounts granted each calendar year to an employee or non-employee is limited depending on the type of award.

Stock Options

The Company granted stock options to its employees and executives at various times. The stock options were valued using the Black-Scholes pricing model with a range of inputs indicated below:

As Of Year Ended December 31,	2023
Expected Life (Years)	10.00
Risk-Free Interest Rate	3.95%
Expected Volatility	75%
Annual Dividend Yield	0%

The risk-free interest rate assumption for options granted is based upon observed interest rates on the United States government securities appropriate for the expected term of the Company's employee stock options.

The expected term of employee stock options is calculated using the simplified method which takes into consideration the contractual life and vesting terms of the options.

The Company determined the expected volatility assumption for options granted using the historical volatility of comparable public company's Common Stock. The Company will continue to monitor peer companies and other relevant factors used to measure expected volatility for future stock option grants, until such time that the Company's Common Stock has enough market history to use historical volatility.

The dividend yield assumption for options granted is based on the Company's history and expectation of dividend payouts. The Company has never declared or paid any cash dividends on its Common Stock, and the Company does not anticipate paying any cash dividends in the foreseeable future.

Management estimated the fair value of Common Stock based on recent sales to third parties. Forfeitures are recognized as incurred.

A summary of the Company's stock options activity and related information is as follows:

Exercisable Options at December 31, 2023	53,281	\$ 2.10	7.36

The Company recognizes compensation expense for stock-based compensation awards using the straight-line basis over the applicable service period of the award. The service period is generally the vesting period. During the year ended December 31, 2023 and 2022, the Company recognized stock-based compensation expense of \$3,366 and \$3,739, respectively.

8. EQUITY AND CAPITALIZATION

Common Stock/ Units

The Company is authorized to issue 1,344,444 shares of common stock with par value of \$0.001. As of December 31, 2023 and 2022, 970,000 shares of common stock have been issued and were outstanding.

9. INCOME TAXES

The provision for income taxes consists of the following:

As of December 31,	2023	2022
Net Operating Loss	\$ (363,231)	\$ (574,099)
Valuation Allowance	363,231	574,099
Net Provision For Income Tax	\$ -	\$ -

Significant components of the Company's deferred tax assets and liabilities are as follows:

As of December 31,	2023	2022
Net Operating Loss	\$ (1,144,502)	\$ (781,271)
Valuation Allowance	1,144,502	781,271
Total Deferred Tax Asset	\$ -	\$ -

Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to use the existing deferred tax assets. On the basis of this evaluation, the Company has determined that it is more likely than not that the Company will not recognize the benefits of the federal and state net deferred tax assets, and, as a result, full valuation allowance has been set against its net deferred tax assets as of December 31, 2023 and December 31, 2022. The amount of the deferred tax asset to be realized could be adjusted if estimates of future taxable income during the carry-forward period are reduced or increased.

PIVOTAL HEALTH, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

For the fiscal year ending December 31, 2023, the Company had federal cumulative net operating loss ("NOL") carryforwards of \$3,960,215. Utilization of some of the federal and state NOL carryforwards to reduce future income taxes will depend on the Company's ability to generate sufficient taxable income prior to the expiration of the carryforwards. The federal net operating loss carryforward is subject to an 80% limitation on taxable income, does not expire, and will carry on indefinitely.

The Company recognizes the impact of a tax position in the financial statements if that position is more likely than not to be sustained on a tax return upon examination by the relevant taxing authority, based on the technical merits of the position. As of December 31, 2023, and December 31, 2022, the Company had no unrecognized tax benefits.

The Company recognizes interest and penalties related to income tax matters in income tax expense. As of December 31, 2023, and December 31, 2022, the Company had no accrued interest and penalties related to uncertain tax positions.

10. CONTINGENCIES AND COMMITMENTS

Contingencies

The Company's operations are subject to a variety of local, state, and federal regulations. Failure to comply with these requirements may result in fines, penalties, restrictions on operations, or losses of permits which will have an adverse impact on the Company's operations and might result in outflow of economic resources.

Litigation and Claims

From time to time, the Company may be involved in or exposed to litigation arising from operation in the normal course of business. As of December 31, 2023, and December 31, 2022, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of the Company's operations.

Additionally, on June 26, 2024, the company increased the stock option pool by 10,000 shares, bringing the total to 240,000 shares.

13. GOING CONCERN

The company is in the growth stage of its business cycle and will incur significant additional costs to generate sufficient revenues to sustain operations. The Company's current liabilities exceed the current assets and the Company might not have sufficient liquid assets to fulfill its obligations in the near future. These matters raise substantial doubt over the Company's ability to continue as a going concern. Over the next twelve months, the Company intends to fund its operations from the proposed Regulation Crowdfunding campaign, increasing revenues, additional debt and/or equity financing as deemed necessary. There are no assurances that management will be able to increase revenues and/or raise capital on terms acceptable to the Company. If the Company is unable to obtain sufficient amounts of additional capital, the Company may be required to reduce the scope of development which may harm the operations, financial condition and operating results. These financial statements do not include any adjustments resulting from these uncertainties.
