GREGORY J. SCHWARTZ & CO., INC.

NOTES TO FINANCIAL STATEMENTS.

YEAR ENDED MARCH 31, 2022

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Gregory J. Schwartz & Co., Inc. (the “Company”) was incorporated in the state of Michigan on August 4, 1976. The Company was previously a wholly-owned subsidiary of Schwartz Holdings, LLC. As of April 1, 2021, the shareholders of the Company acquired the ownership from Schwartz Holdings, LLC and elected to be an S-Corporation (see Note 3). The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activities are the sale of securities and providing investment advice.

Basis of Presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Recognition of Revenue – The Company follows the revenue recognition guidance that requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies the performance obligation.

Revenues are recognized when control of the promised services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. Revenues are analyzed to determine whether the Company is the principal (i.e., reports revenue on a gross basis) or agent (i.e., reports revenues on a net basis) in the contract. Principal or agent designations depend primarily on the control an entity has over the product or service before control is transferred to a customer. The indicators of which party exercises control include primary responsibility over performance obligations, inventory risk before the good or service is transferred and discretion in establishing the price.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2022

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES -
(Continued)

Significant Judgments - The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business date as the transaction date. Revenue derived from the sale of limited partnership units on contingent offerings is recognized at the time the limited partnership's escrow agent distributes sales commissions to the Company.

12B-1 Trails and Advisory Fees – Revenue for 12B-1 trails and advisory fees are asset-based revenues based on average balances and average rates. Average balances consist primarily of customer account balances and average rates consist of average rates and fees earned and paid on such balances. Asset based revenues are recognized over time as services are preformed for customers during the term of the agreement.

Concentrations of Credit Risk - The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at three financial institutions and the balances at times may exceed the federally insured limit. The Company has not experienced any losses as a result.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2022

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES -
(Continued)

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Receivables - The Company reviews the receivables for collectability on a regular basis. The allowance for doubtful accounts reflects management's best estimate of probable losses determined principally on the basis of historical experience. The allowance for doubtful accounts was \$0 at March 31, 2022.

Leases - The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. At March 31, 2022, the Company did not have any lease obligations, as any potential leased assets are covered through a management fee agreement (See Note 7).

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the FINRA, the Company is subject to the U.S. Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At March 31, 2022, the Company's net capital and required net capital were \$1,533,387 and \$136,743, respectively. The ratio of aggregate indebtedness to net capital was 134%.

NOTE 3 – COMMON STOCK

The authorized, issued, and outstanding shares of common stock at March 31, 2022, is as follows:

Common stock, \$1 par value; 50,000 shares authorized; 14,000 shares issued and outstanding.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2022

NOTE 4 - INCOME TAXES

The Company, with the consent of its shareholders, has elected S Corporation status for income tax purposes, with a tax year ending December 31. In lieu of corporation income taxes, the shareholders separately account for the Company's items of income, deductions, losses and credits. As a result of this election, no income taxes have been recognized in the accompanying financial statements.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. For the year ended March 31, 2022, the Company had no material uncertain tax positions that are required to be recorded as a liability.

The Company files income tax returns in U.S. federal jurisdiction and various states. With a few exceptions, the Company is no longer subject to examinations by tax authorities for federal, state or local income taxes for periods before 2019.

NOTE 5 - PROFIT-SHARING PLAN

The Company has a discretionary profit-sharing plan, which is integrated with social security, covering substantially all of its employees. The plan includes a provision under Internal Revenue Code Section 401(k) whereby participants may contribute to the plan. The Company makes a 3% minimum safe harbor contribution based on participant eligibility and gross wages. The plan is on a calendar year end. The Company contributions for the profit-sharing and safe harbor plan for the calendar year 2021 (including the over/under accrual) is \$161,569 which is included in profit sharing contribution payable on the Statement of Financial Condition.

NOTE 6 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company's customers enter into various transactions involving derivatives and other off-balance-sheet financial instruments. These financial instruments include exchange-traded and over-the-counter options. These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market and credit risk.

GREGORY J. SCHWARTZ & CO., INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2022

NOTE 6 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - *(Continued)*

Since the Company enters into the aforementioned transactions solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to these derivative and other off-balance sheet financial instruments, as mentioned below.

In order to execute and process the aforementioned, as well as other securities transactions, the Company, in March 2021, renewed an agreement with another broker/dealer (Clearing Broker/Dealer) which stays in effect through July 2027 (initial term), whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/Dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/Dealer. The customer accounts are therefore maintained and recorded in the books and records of the Clearing Broker/Dealer on the Company's behalf. Under the terms of the agreement, the Company is prohibited from entering into a similar agreement with another broker/dealer without prior approval from the Clearing Broker/Dealer. The Company has deposited \$25,000 with the Clearing Broker/Dealer to ensure the Company's performance under the agreement. This amount is included in "Receivable from broker/dealers" on the statement of financial condition. The agreement also states that the minimum revenue requirement per calendar quarter to the Clearing Broker/Dealer is \$9,000 and, should the Company terminate the agreement, the Company must pay \$3,000 for every month remaining in the initial term or any renewal term. Further provisions of the agreement state that the Company is to be held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/Dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/Dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized on the purchase or sale and any additional expenses incurred pertaining to the transaction or other customer activity.
