Key Differentiators

- Emerging regional financial services company with a community bank at its core
 - Diversified revenue growth engines with a critical focus on credit quality
 - Well-balanced loan and deposit distribution across footprint
 - Robust legacy market share combined with three major metropolitan markets
 - Top ten market share in the Pittsburgh and Columbus MSAs
 - Strong legacy of credit and risk management
- Solid, and growing, non-interest income generation
 - \$3.6B of assets under management through our 100-year old trust business
 - \$900MM AUM through our proprietary mutual funds, the *WesMark Funds*
- Focus on cross-selling – average ratio on new consumer relationships has increased 38% to 4.3
- Strong expense management culture with an efficiency ratio of 56.3%, despite having sizable non-bank fee-based businesses

Well-positioned for continued, high-quality growth

Note: financial data as of quarter ending 12/31/2015; market share based on MSAs (source: SNL); cross-sale data is measured 90 days after relationship opening and reflects Sep-2015 compared to Oct-2013; please see the efficiency ratio reconciliation in the appendix

Diversified Growth Strategies

- Diversified loan portfolio with a focus on Commercial and Industrial (C&I)
 - Increased productivity from and enhancements to the commercial lending team
- Long history of strong wealth management capabilities
 - Proprietary mutual funds, and a century of trust experience
 - Established wealth management, insurance, and private banking services are keys to fee income strategy
- Traditional retail banking services strategies
 - Focus on customer convenience and service
 - Institution-wide dedication to cross-selling across multiple markets
- Strong culture of expense management
 - Focus on delivering positive operating leverage while making investments
 - Emphasis on technology to streamline and improve processes
- Franchise expansion in contiguous markets
 - Targeted acquisitions within a reasonable geographic hub of our headquarters

Diversified Loan Portfolio

- Realignment of resources to higher growth markets
- Focus on Commercial and Industrial (C&I) business with dedicated C&I and Business Banking teams in all metropolitan markets with limited direct and indirect credit exposure to the energy industry

Composition as of 12/31/2010

Composition as of 12/31/2015

Diversified Loan Portfolio – Energy Exposure

- In general, efforts related to the shale oil and gas industry are centered on deposit and wealth management growth as opposed to loan growth
- Minimal exposure to the oil, gas, and coal industry
 - Direct exposure is approximately 1% of \$5.1B total loan portfolio
 - Indirect exposure is an additional approximate 2% of the total loan portfolio
- Review of loans to the oil, gas, and coal industry performed during the fourth quarter of 2015 did not identify any material portfolio weakness on an aggregate basis
- While reduced oil and natural gas prices have led to a slowdown in new well drilling, investments continue to be made in our regions by large energy companies as these stronger energy players see the proven leases as a long-term investment opportunity

Note: loan and asset data as of 12/31/15

Strong Wealth Management Capabilities

- Trust, Securities Brokerage, Private Banking, and Insurance consolidated under one executive management team
 - \$3.6B of trust and mutual fund assets under management
 - \$280MM in private banking loans and deposits
 - More than 5,000 trust and 950 private banking relationships
- Significant growth opportunities from shale-related private wealth
- Robust product capabilities:
 - Trust and investment management, and securities investment sales
 - Private client services
 - Financial, retirement, and estate planning
 - Insurance (personal, commercial, title, health)

- ~90% of deposits and trust assets located in Marcellus/Utica shale regions

Note: assets and location data as of 12/31/2015; household income data as of 2012 (source: SNL)

Retail Banking Strategies

- Efficient financial center network with effective staff management and technology utilization supported by centralized, low-cost back office functions
- Full suite of treasury management products, including international services, and enhanced wire and lockbox capabilities
- Transitioning financial center personnel from transaction-based to sales-based activity
 - Full integration of CRM system to ensure relationship building and referrals
 - Centers in key markets have bankers licensed to offer investment products
 - Majority of center managers have completed or are enrolled in our Business Banking Academy program
 - Strong growth in securities sales, business banking loans, and e-banking fees
- Continuous reviews for financial center optimization
 - Technology deployments and an omni-channel distribution model
 - Since 2012, closed nine offices, downsized five, and opened three new offices in more attractive markets

Note: location data as of 12/31/2015

Strong Culture of Expense Management

- Scalable technology infrastructure supports both organic and acquisition growth without significant additional investment
- Utilize technology to reduce travel cost and enhance communication
 - Communication infrastructure modernization has reduced communication costs more than 40% since 2013
 - Upgrade of corporate phone systems and increased utilization of video conferencing
 - Elimination of all personal computers with installation of “thin-client” technology

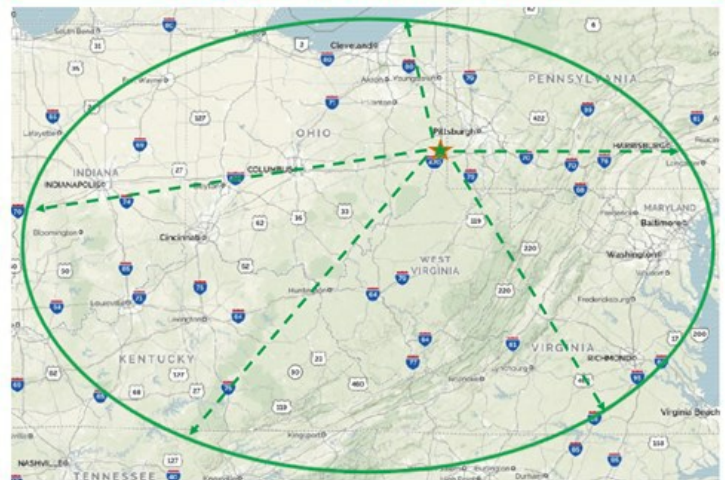

Note: financial data as of 12/31/2015; please see the efficiency ratio reconciliation in the appendix; peer average efficiency ratio represents a simple average of WSBC's peer group (source: SNL, company reports); peer group includes SRCE, CHFC, CBU, EGBN, FNB, FCF, FFBC, FRME, NPBC, NBTB, ONB, PRK, PNFP, STBA, TMP, TOWN, UBSH, UBSI

Franchise Expansion

- Focus on targeted acquisitions in existing markets and new higher-growth metro areas
- History of successful acquisitions that have improved earnings
- Adequate capital and liquidity, along with strong regulatory relationships, provides ability to execute transactions quickly
- Diligent efforts to retain a community bank look and feel
- Critical, long-term focus on shareholder return

Financial Overview

Financial and Operational Highlights – Q4 2015

- Net income up 32.7% and EPS up 1.7% (excluding merger-related costs)
- Return on tangible common equity of 14.7% (excluding merger-related costs)
- 6.8% organic loan growth since 12/31/2014 (exclusive of ESB merger)
- Non-interest income increased 20.9% year-over-year driven by higher e-banking and deposit fees, trust and brokerage fees, and other income
- Positive operating leverage driven by a core focus on return on investment, allowing a strong efficiency ratio of 56.3%, compared to 60.4% a year ago
- Continued improvement in asset quality as non-performing loans to total loans ratio of 1.04% improved 21 basis points from a year ago
- Pipelines going into 2016 remain robust, and anticipate another solid year of loan growth, tempered by quarterly construction loan portfolio fluctuations

Note: financial data as of quarter ending 12/31/2015, which reflects impact of the ESB merger, and compared the quarter ending 12/31/2014; please see the reconciliations to GAAP results in the appendix

Note: please see the reconciliations to GAAP results in the appendix; ESB Financial Corporation merger consummated February 10, 2015

Net Interest Margin

- Net interest margin has been impacted due to
 - A change in the mix of investments to total earning assets and lower yields on securities portfolio primarily due to the ESB Financial merger
 - Repricing of existing loans and competitive pricing on new loans
 - “Lower for longer” interest rate environment with a flatter yield curve and LIBOR swap spreads
- Positioned for asset sensitivity in rising rate shock and ramp environments

Securities Portfolio

- Securities portfolio represents ~29% of total assets
- Selective sales during Q4 2015 to manage risk and portfolio efficiency
- No credit-related issues
- Higher percentage of assets due to ESB Financial merger
 - Balance sheet risk reduction strategy
 - Use to fund future loan growth
- Helps stay under \$10B threshold even with 1-2 smaller acquisitions during next 1-3 years (adjust portfolio size)
- Average tax-equivalent portfolio yield of 2.90%
- Weighted average life ~4.5 years
- Modified duration 4.0%
- More than 57% unpledged

Composition as of 12/31/2015

Total Securities = \$2.4B

Note: financial data as of 12/31/2015

Diversified Revenue Generation: Non-Interest Income

- Operating non-interest income contributed 24% of net revenue in 2015
- Wealth management businesses (trust, securities brokerage) contributed \$29.6MM to 2015 revenue, a year-over-year increase of \$1.6MM due to customer development initiatives and new talent hires in several regions
- 4Q15 operating non-interest income reflects similar trends as the 2015 period including growth in electronic banking fees from higher transaction volume

Note: operating non-interest income (excludes gain/loss on securities and on sale of OREO property) is a non-GAAP measure, please see the reconciliations to GAAP results in the appendix

Risk Management and Regulatory Compliance

- Conservative underwriting standards
- Five consecutive “outstanding” CRA ratings
- Analyzing cost of processes for crossing the \$10B Dodd-Frank threshold
- Liquidity, loan, and capital stress testing in preparation for post-\$10B DFAST reporting
- Enhancing our strong compliance management system
- Strong risk-based capital ratios well above regulatory requirements

Returning Value to Shareholders

- Since 2010, dividend has increased 64%
- 4Q15 dividend payout ratio 38.3%, compared to 33.7% for SNL \$5-10B bank peer group
- 4Q15 dividend yield 3.28%, compared to 2.49% for SNL \$5-10B bank peer group

Investment Rationale

- Diversified and well-balanced regional financial services company
- Disciplined growth, balanced by a fundamental focus on expense management, that delivers positive operating leverage and increases shareholder value
- Strong legacy of credit and risk management
- Favorable asset quality when compared to regional and national peers
- Well-defined growth strategies for long-term success of key stakeholders
- Focus on returning value to shareholders
- Stock trades at a 1-2x multiple discount – despite above peer financial performance

Well-positioned for continued, high-quality growth with strong upside market appreciation potential
