Hello from the **FOUNDER**

My journey in the media and entertainment industry began as a television anchor and artist, where I gained recognition and prominence. Despite a successful career in IT, my passion for media never waned. This passion led me to establish Sarasija Theatres, the first Telugu theatre company in the United States.

After 22 years in the corporate world, I took the plunge into media and entertainment, founding Radio Surabhi, the first 24-hour Telugu radio station in the U.S. Launched in 2023, Radio Surabhi offers a rich blend of Telugu melodies, current events, discussions, and entertainment, captivating the Telugu-speaking audience nationwide.

With exceptional programming, charismatic presenters, and a deep reverence for Telugu culture, Radio Surabhi has become a beacon of light for Telugu listeners across the nation. My journey is a testament to passion, dedication, and the relentless pursuit of dreams, with Radio Surabhi standing as a shining symbol of this adventure.
