Jorn Rigter

Co-Founder & CTO Unpluq
Rotterdam, Zuid-Holland, Nederland

Samenvatting

With Unpluq, we're on a mission to enable everyone to enjoy a healthy digital life. Our goal is to help millions of people spend their time in a more meaningful way, through reducing smartphone distraction. Less distraction, more life!

Ervaring

Unpluq

4 jaar 9 maanden

Co-founder & CTO

oktober 2022 - Present (2 jaar)

Built all Unpluq's tech (iOS & Android apps and the backend)

Co-Founder & CEO

januari 2020 - oktober 2022 (2 jaar 10 maanden)

Delft en omgeving, Nederland

We are on a mission to enable people to have a healthy relationship with the technology in their lives.

Hukseflux Thermal Sensors

Java Developer

oktober 2018 - mei 2020 (1 jaar 8 maanden)

Delft en omgeving, Nederland

Developed sensor-reading software, used by clients of Hukseflux.

Implementation was done in Java. I worked on:

- Reading in different sensors (light, heat)
- Showing live data in dashboard
- Accessing and changing individual registers on sensors
- Plotting data on a live chart
- Logging to a file
- UI redesign

Aura Software

Android Developer

juni 2019 - december 2019 (7 maanden)

Aura Library app, available in the Play Store. I worked on:

- Card view of books retrieved from back-end
- UI redesign of home tab view
- Storage logic for caching books
- Account page redesign
