Indianapolis, IN

The mission of Central Christian Academy is to train and prepare students to succeed in life by providing a Christ-centered education that cultivates a biblical worldview.

DAST Foundation

President

April 2009 - October 2019 (10 years 7 months)

DAST Foundation seeks to improve the quality of life for low income families. We do this by gathering and deploying resources in unique ways. Our core values of Service, Love, and Wisdom guide the organization as it works to see that justice and mercy are perpetuated in the community. A belief in a loving Creator who desires us all to be in healthy relationship with Creator, creatures, and creation is also highly important to DAST Foundation. As such, we seek to work with and support other nonprofits who share our concerns for the health of our local, national, and global communities.

Braden Business Systems

Vice President, IT Services

October 2015 - September 2017 (2 years)

Braden Business Systems is a top office solutions provider that provides office equipment, products, services, supplies, and support to our customers. We recently purchased a local IT company in order to provide our clients a more robust set of solutions for their business technology needs. We are committed to excellence for our people, customers, partners, products and services.

DAST Consulting

President

August 1998 - September 2015 (17 years 2 months)

DAST Consulting is the premier provider of Information Technology Services to Faith-Based Organizations, Non-Profits, and Private Educational Institutions in the state of Indiana. We seek to create an eternally significant work environment that allows families to have time to spend with each other and resources to spend on each other.

CrossTech Networks, LLC

Catalyst

February 2007 - July 2008 (1 year 6 months)

CrossTech Networks helps keep your office staff working and productive by making sure your computer network can meet the daily demands of your enterprise. We repair and maintain your current systems and can install new computer systems to support your corporate growth.

CrossTech Networks will help select, install, and repair computers, laptops, servers, routers, switches. We can connect multiple office locations, set up home offices, as well as provide a variety of computer network services to improve your company's efficiency, accuracy, and ultimately profits.
