TechnoPlus Ventures
CEO
January 2002 - June 2020 (18 years 6 months)
Israel

TechnoPlus Ventures is an independent investment company based in Israel. It commenced its investment activities in 1997 and has been traded on the Tel-Aviv Stock Exchange (TASE: TNPV) since 1999. TechnoPlus currently manages a portfolio of mature enterprises.
The company's primary focus is on identifying and investing in small to mid-sized profitable growth companies, seeking equity or debt investment to support continuous growth.
TechnoPlus portfolio companies benefit from the vast experience of the TechnoPlus management team. TechnoPlus representatives on the boards of directors of its portfolio companies assist each company's management to build a strong financial structure, develop and implement a focused marketing plan to penetrate new markets, improve its operations and gain better access to major financial arenas worldwide. Our hands-on mentoring policy, coupled with a strong partiality for partnering with talented and ambitious people, makes TechnoPlus stand out in the landscape of investment companies.
TechnoPlus strives to leverage its strategic alliances and past experience in helping to locate new out-of-the-box growth opportunities and additional funding for its investments, and seeks exit potential through IPOs or M&As
