2 Letter from our Chairman and Chief Executive Officer

James Quincey
Chairman and Chief Executive Officer

“Our purpose is supported by a vision to craft brands that people love – brands that refresh them in body and spirit. We do this in ways that create a more sustainable business and a better shared future that makes a difference in people’s lives, communities and our planet.”

To my fellow shareowners:

On behalf of the Board of Directors and the leadership of The Coca-Cola Company, I want to thank you for your investment. It is my privilege to serve as Chairman and Chief Executive Officer, and I appreciate the responsibility and trust involved in helping shape this great business for continued success in the future.

In the 134 years since Coca-Cola was invented, the brand has grown and the Company has evolved enormously. Today, we offer more than 500 brands and more than 4,700 products, including reduced-sugar drinks and smaller packages. The speed of change we see today is, arguably, faster than ever. We’ve been on a continuous journey to evolve as a total beverage company – and I’d emphasize the word journey, because it is something that never ends.

While our portfolio has grown and diversified, especially in recent years, Trademark Coca-Cola remains at our core. This brand is one part of the consistency that has made us a great Company for so long.

REFRESH THE WORLD, MAKE A DIFFERENCE

The core purpose of The Coca-Cola Company is important to reiterate – we exist to refresh the world and make a difference. By operating this way, we’ve been successful as a system for more than a century and, along the way, we’ve continually created value for a broad and diverse group of stakeholders. This forms the foundation that allows us to generate strong returns for you, our shareowners.

We’ve spent a considerable amount of time lately reflecting on the purpose of our Company, especially in light of the rapid changes in the world around us. What we’ve learned is that the Company’s purpose remains unique. It’s why we exist, and it’s needed now, more than ever.

Our purpose is supported by a vision to craft brands that people love – brands that refresh them in body and spirit. We do this in ways that create a more sustainable business and a better shared future that makes a difference in people’s lives, communities and our planet.

We’re playing our part in seeking solutions to some of the world’s key challenges, including water and packaging waste. And we invest in people’s lives, from our employees to all those who touch our business system.

OUR PROGRESS IN 2019

When I reflect on the work of the Company leaders who came before us, I’m struck by how forward-thinking they were. Their long-term vision for the business was vital. We, too, are shaping The Coca-Cola Company not just for the quarters ahead but for years and decades down the road.

At the same time, we’re working to make progress every day. As I think back on 2019, it was a meaningful year in the evolution of our Company.

Importantly, it was a period of revenue growth and value share gains across the world. Sparkling soft drinks remained critical to our business. Our ability to grow revenue for these brands helped fuel and enable new innovations and investments.

People love Trademark Coca-Cola, and we're doing more with the trademark than ever before. Coca-Cola Zero Sugar continued to grow in the double digits globally. Coca-Cola Orange Vanilla was our first new Trademark Coca-Cola flavor in 12 years. We expanded Coca-Cola with Coffee across more than 35 additional markets. We also introduced Coca-Cola Energy in more than 45 markets. Our approach with Coca-Cola Energy – to be fast, nimble and ready to make changes – stands out as an example of what we want to see from people across our Company. Not everything will work, but our growth mindset means we are agile and empowered. We're taking action and trying new things.

In 2019, we also completed our acquisition of Costa Limited. We focused on working with the Costa team to develop a plan for disciplined growth. We introduced ready-to-drink Costa, and we expanded our footprint of Costa Express smart cafés. We also grew our on-premise offerings, all while working to ensure Costa's retail outlets are in the best locations.

In addition, we acquired full ownership of C.H.I. Limited, an innovative, fast-growing leader in juices, value-added dairy and iced tea in West Africa. And, at the beginning of 2020, we acquired the remaining stake in fairlife, LLC.

CREATING SHARED VALUE

The idea of creating shared value is a powerful part of our culture. Our world is ever more interconnected and transparent. People expect us to serve as leaders.

Today, this includes addressing one of the great challenges of our era – the proliferation of packaging waste. Our World Without Waste strategy, which we introduced in 2018, is becoming fully embedded in how we do business. Our goal is to collect the equivalent of 100% of the bottles and cans we sell by 2030. We want to stop waste from entering the environment, and we also want to turn old bottles into new bottles or other useful items.

This is an important part of how we plan to reduce our carbon footprint. When plastic bottles are recycled and reused to make new bottles, they have a lower carbon footprint than many other types of packaging. This addresses two significant goals – eliminating packaging waste and reducing carbon. These are core business priorities that are deeply ingrained in everything we do.

Our work in this space is one of many examples of how we're working with a diverse group of stakeholders. This is one of my major roles as Chairman and Chief Executive Officer of the Company, in partnership with my fellow Directors and leaders from across the Company. I thank them and appreciate their support.

Finally, let me close by thanking you again for your investment in and support of The Coca-Cola Company. I am glad you are on the journey with us.

James Quincey

Chairman and Chief Executive Officer
The Coca-Cola Company

3 Letter from our Lead Independent Director on behalf of the Board of Directors

Maria Elena Lagomasino
Lead Independent Director

Dear fellow shareowners:

On behalf of our entire Board of Directors, I am pleased to present our annual Proxy Statement and report to you, our shareowners, on a variety of important issues.

2019 was a notable year for our Board, as we successfully completed a leadership succession plan. In April, James Quincey began serving as Chairman of the Board, in addition to serving as CEO, and I became your Lead Independent Director. I am pleased and honored to serve in this position.

I, along with the entire Board, remain actively engaged with James in a partnership to ensure the Company is strategically positioned to successfully grow the business.

One of my priorities as Lead Independent Director is to ensure the Board is comprised of Directors who are equipped to oversee the success of the business. I thank Sam Nunn, who was our Lead Independent Director before retiring from the Board last year. Sam established a foundation of robust Board refreshment processes, and today I believe we are a diverse, well-functioning Board comprised of capable Directors with the right mix of skills and experiences.

Board refreshment is an ongoing process, and I will ensure that we continue to field the best Board possible. I am also prioritizing a focus on the Board's processes and structures to ensure they remain effectively designed to help us meet our objectives. As we go about this work, it is informed by what we hear through engagement with shareowners.

In late 2019, we instituted important changes to our Board committee structure, repositioning two of our key committees. The newly positioned Talent and Compensation Committee will assist the Board in its oversight of the Company's policies and strategies relating to talent, leadership and culture, including diversity and inclusion. In addition, the Committee will continue to evaluate and approve compensation plans, policies and programs of the Company.

The Public Policy and Sustainability Committee will now be primarily focused on oversight of the Company's core sustainability and public policy work. The Committee will focus on public issues that may affect the Company's business, its shareowners, the broader stakeholder community or the general public.

“As Lead Independent Director, I look forward to being the key point of contact at the Board level for our shareowners. We value the input shareowners provide throughout the year by the various means outlined in this Proxy Statement, and I commit to continuing those practices.

These changes in committee scope reflect the strategic significance that talent, culture and sustainability have to our long-term success and further reflect the growing focus on environmental, social and governance issues by our investors and the broader stakeholder community.

As Lead Independent Director, I look forward to being the key point of contact at the Board level for our shareowners. We value the input shareowners provide throughout the year by the various means outlined in this Proxy Statement, and I commit to continuing those practices.

As always, we value your investment in this Company, and we appreciate the trust you place in us to oversee your interests in our business.

Sincerely,

Maria Elena Lagomasino
Lead Independent Director

ITEM 1 ELECTION OF DIRECTORS

WHAT AM I VOTING ON?

Shareowners are being asked to elect 12 Director nominees for a one-year term.

VOTING RECOMMENDATION:

FOR the election of each Director nominee. The Board of Directors and the Committee on Directors and Corporate Governance believe the 12 Director nominees possess the necessary qualifications and experiences to provide quality advice and counsel to the Company's management and effectively oversee the business and the long-term interests of shareowners.

The Board of Directors (the "Board") currently has 13 members. Ronald W. Allen is not standing for reelection and will retire from the Board immediately following the 2020 Annual Meeting of Shareowners (the "2020 Annual Meeting"), at which time the size of the Board will be reduced to 12 members. Upon the recommendation of the Committee on Directors and Corporate Governance, the Board has nominated each of the remaining 12 Directors for election at the 2020 Annual Meeting. All nominees are independent under the New York Stock Exchange ("NYSE") corporate governance rules, except Herbert A. Allen and James Quincey (see Director Independence and Related Person Transactions beginning on [page 39](#)).

Each of the Director nominees were elected by the shareowners at the 2019 Annual Meeting of Shareowners. If elected, each nominee will hold office until the 2021 Annual Meeting of Shareowners and until his or her successor is elected and qualified. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable for any reason or unwilling for good cause to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of Directors.

6

Board Membership Criteria

The Board and the Committee on Directors and Corporate Governance believe that there are general qualifications that all Directors must exhibit and other key qualifications and experiences that should be represented on the Board as a whole but not necessarily by each individual Director.

QUALIFICATIONS REQUIRED OF ALL DIRECTORS

The Board and the Committee on Directors and Corporate Governance require that each Director be a recognized person of high integrity with a proven record of success in his or her field and be able to devote the time and effort necessary to fulfill his or her responsibilities to the Company. Each Director must demonstrate innovative thinking, familiarity with and respect for corporate governance requirements and practices, an appreciation of multiple cultures and a commitment to sustainability and to dealing responsibly with social issues. In addition, potential Director candidates are interviewed to assess intangible qualities, including the individual's ability to ask difficult questions and, simultaneously, to work collegially.

CONSIDERATION OF DIVERSITY

The Board does not have a specific diversity policy but fully appreciates the value of Board diversity. Diversity is important because having a variety of points of view improves the quality of dialogue, contributes to a more effective decision-making process and enhances overall culture in the boardroom.

In evaluating candidates for Board membership, the Board and the Committee on Directors and Corporate Governance consider many factors based on the specific needs of the business and what is in the best interests of the Company's shareowners. This includes diversity of professional experience, race, ethnicity, gender, age and cultural background. In addition, the Board and the Committee on Directors and Corporate Governance focus on how the experiences and skill sets of each Director nominee complement those of fellow Director nominees to create a balanced Board with diverse viewpoints and deep expertise.

KEY QUALIFICATIONS AND EXPERIENCES TO BE REPRESENTED ON THE BOARD

The Board has identified key qualifications and experiences that are important to be represented on the Board as a whole, in light of the Company's business strategy and expected future business needs. The table below summarizes how these key qualifications and experiences are linked to our Company's business.

Business Characteristics	Key Qualifications and Experiences

The Board's responsibilities include understanding and overseeing the various risks facing the Company and ensuring that appropriate policies and procedures are in place to effectively manage risk.	 Risk oversight/ management expertise

Director Nomination Process

The Committee on Directors and Corporate Governance is responsible for recommending to the Board a slate of nominees for election at each Annual Meeting of Shareowners. The Committee on Directors and Corporate Governance considers a wide range of factors when assessing potential Director nominees. This assessment includes a review of the potential nominee's judgment, experiences, independence, understanding of the Company's business or other related industries and such other factors as the Committee concludes are pertinent in light of the current needs of the Board. A potential nominee's qualifications are considered to determine whether they meet the qualifications required of all Directors and the key qualifications and

experiences to be represented on the Board, as described above. Further, the Committee on Directors and Corporate Governance assesses how each potential nominee would impact the skills and experiences represented on the Board as a whole in the context of the Board's overall composition and the Company's current and future needs.

BOARD COMPOSITION AND REFRESHMENT

When recommending to the Board the slate of Director nominees for election at the Annual Meeting of Shareowners, the Committee on Directors and Corporate Governance strives to maintain an appropriate balance of tenure, turnover, diversity and skills on the Board.

The Board believes that refreshment, including periodic committee rotation, is important to help ensure that Board composition is aligned with the needs of the Company and the Board as our business evolves over time, and that fresh viewpoints and perspectives are regularly considered. The Board also believes that over time Directors develop an understanding of the Company and an ability to work effectively as a group. Because this provides significant value, a degree of continuity year-over-year is beneficial to shareowners and generally should be expected.

Directors are elected each year, at the Annual Meeting of Shareowners, to hold office until the next Annual Meeting of Shareowners and until their successors are elected and qualified. Because term limits could cause the loss of experience or expertise important to the optimal operation of the Board, there are no absolute limits on the length of time that a Director may serve, but the Committee on Directors and Corporate Governance and the Board consider the tenure of Directors as one of several factors in nomination decisions. In addition, the Committee on Directors and Corporate Governance evaluates the qualifications and performance of each incumbent Director before recommending the nomination of that Director for an additional term. Furthermore, pursuant to our Corporate Governance Guidelines, Directors whose job responsibilities change or who reach the age of 74 are asked to submit a letter of resignation to the Board. These letters are considered by the Board and, if applicable, annually thereafter. In 2019, the Committee on Directors and Corporate Governance reviewed the Director nominees who were 74 years of age or older and determined to recommend them for reelection based on their skills, qualifications and experiences.

SHAREOWNER-RECOMMENDED DIRECTOR CANDIDATES

Shareowners who would like the Committee on Directors and Corporate Governance to consider their recommendations for nominees for the position of Director should submit their recommendations in writing by mail to the Committee on Directors and Corporate Governance in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com. Recommendations by shareowners that are made in accordance with these procedures will receive the same consideration by the Committee on Directors and Corporate Governance as other suggested nominees.

SHAREOWNER-NOMINATED DIRECTOR CANDIDATES

We have a "Proxy Access for Director Nominations" bylaw. The proxy access bylaw permits a shareowner, or a group of up to 20 shareowners, owning 3% or more of the Company's outstanding Common Stock continuously for at least three years to nominate and include in the Company's proxy materials Director nominees constituting up to two individuals or 20% of the Board (whichever is greater), provided that the shareowner(s) and the nominee(s) satisfy the requirements specified in Article I, Section 12 of our By-Laws. See question 33 on [page 103](#) for more information.

MAJORITY VOTING STANDARD

Our By-Laws provide that, in an election of Directors where the number of nominees does not exceed the number of Directors to be elected, each Director must receive the majority of the votes cast with respect to that Director. If a Director does not receive a majority vote, he or she has agreed that he or she would submit a letter of resignation to the Board. The Committee on Directors and Corporate Governance would make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board would act on the resignation taking into account the recommendation of the Committee on Directors and Corporate Governance, which would include consideration of the vote and any relevant input from shareowners. The Board would publicly disclose its decision and its rationale within 100 days of the certification of the election results. The Director who tenders his or her resignation would not participate in the decisions of the Committee on Directors and Corporate Governance or the Board that concern the resignation.

Board and Committee Governance

Role of the Board

The Board is elected by the shareowners to oversee their interests in the long-term health and overall success of the Company's business and financial strength. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with the shareowners. The Board oversees the proper safeguarding of the assets of the Company, the maintenance of appropriate financial and other internal controls and the Company's compliance with applicable laws and regulations and proper governance. The Board selects the Chief Executive Officer and oversees the members of senior management, who are charged by the Board with conducting the business of the Company.

KEY RESPONSIBILITIES OF THE BOARD

OVERSIGHT OF STRATEGY

- ✓ The Board oversees and monitors strategic planning.
- ✓ Business strategy is a key focus at the Board level and embedded in the work of Board committees.
- ✓ Company management is charged with executing business strategy and provides regular performance updates to the Board.

OVERSIGHT OF RISK

- ✓ The Board oversees risk management.
- ✓ Board committees, which meet regularly and report back to the full Board, play significant roles in carrying out the risk oversight function.
- ✓ Company management is charged with managing risk, through robust internal processes and effective internal controls.

SUCCESSION PLANNING

- ✓ The Board oversees succession planning and talent development for senior executive positions.
- ✓ The Management Development Committee, which meets regularly and reports back to the Board, has primary responsibility for developing succession plans for the CEO position.
- ✓ The CEO is charged with preparing, and reviewing with the Management Development Committee, talent development plans for senior executives and their potential successors.

OVERSIGHT OF STRATEGY

Oversight of the Company's business strategy and strategic planning is a key responsibility of the Board. The Board believes that overseeing and monitoring strategy is a continuous process and takes a multilayered approach in exercising its duties.

While the Board and its committees oversee strategic planning, Company management is charged with executing the business strategy. To monitor performance against the Company's strategic goals, the Board receives regular updates and actively engages in dialogue with our Company's senior leaders. These boardroom discussions are enhanced with "hands-on" experiences, such as market visits, which provide Directors an opportunity to see strategy execution first hand.

The Board's oversight and management's execution of business strategy are viewed with a long-term mindset and a focus on assessing both opportunities for and potential risks to the Company.

OVERSIGHT OF RISK

Inherent in the Board's responsibilities is an understanding of and oversight over the various risks facing the Company. The Board does not view risk in isolation. Risks are considered in virtually every business decision. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk taking is essential for the Company to be competitive on a global basis and to achieve the Company's long-term strategic objectives. Effective risk oversight is an important priority of the Board. The Board has implemented a risk governance framework designed to:

- understand critical risks in the Company's business and strategy;
- allocate responsibilities for risk oversight among the full Board and its committees;
- evaluate the Company's risk management processes and whether they are functioning adequately;
- facilitate open communication between management and Directors; and
- foster an appropriate culture of integrity and risk awareness.

BOARD OVERSIGHT

The Company believes that its Board leadership structure supports the risk oversight function of the Board. The Board implements its risk oversight function both as a whole and through delegation to Board committees, which meet regularly and report back to the Board.

COMMITTEES

AUDIT

Oversees the Company's financial statements, the financial reporting process, accounting and legal matters, the internal audit function, ethics programs (including the Codes of Business Conduct), quality and food safety programs, workplace and distribution safety programs and information technology security programs, including cybersecurity.

TALENT AND COMPENSATION

Oversees the Company's policies and strategies relating to talent, leadership and culture, including diversity and inclusion, as well as the Company's compensation philosophy and programs, including incorporating features that mitigate risk without diminishing the incentive nature of compensation.

DIRECTORS AND CORPORATE GOVERNANCE

Oversees the Company's governance practices, Board composition and refreshment and committee leadership.

PUBLIC POLICY AND SUSTAINABILITY

Oversees the Company's policies, programs and related risks that concern certain regulatory, public policy and corporate social responsibility matters, including sustainability, and other public issues that could pose a significant reputational risk to the Company.

FINANCE

Oversees the Company's capital structure, pension plan investments, currency risk and hedging programs, taxes, mergers and acquisitions and capital projects.

MANAGEMENT DEVELOPMENT

Oversees management development and succession planning across senior management positions.

ROLE OF MANAGEMENT

The Board and the Audit Committee monitor and oversee the evaluation of the effectiveness of the internal controls and the risk management program.

While the Board and its committees oversee risk management, Company management is charged with managing risk. The Company has robust internal processes and an effective internal control environment that facilitate the identification and management of risks and regular communication with the Board. These include an enterprise risk management ("ERM") program and Risk Steering Committee, regular internal management Disclosure Committee meetings, Codes of Business Conduct, robust product quality standards and processes, a strong Legal Department and Ethics and Compliance Office, and a comprehensive internal and external audit process. Management communicates routinely with the Board, Board committees and individual Directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management.

CYBERSECURITY OVERSIGHT

The Board recognizes the importance of maintaining the trust and confidence of our customers, consumers and employees. To more effectively prevent, detect and respond to information security threats, the Company has a dedicated Chief Information Security Officer whose team is responsible for leading enterprise-wide information security strategy, policy, standards, architecture and processes. The Audit Committee receives regular reports from the Chief Information Security Officer and the Chief Information Officer on, among other things, the Company's cyber risks and threats, the status of projects to strengthen the Company's information security systems, assessments of the Company's security program and the emerging threat landscape. The Audit Committee regularly briefs the full Board on these matters.

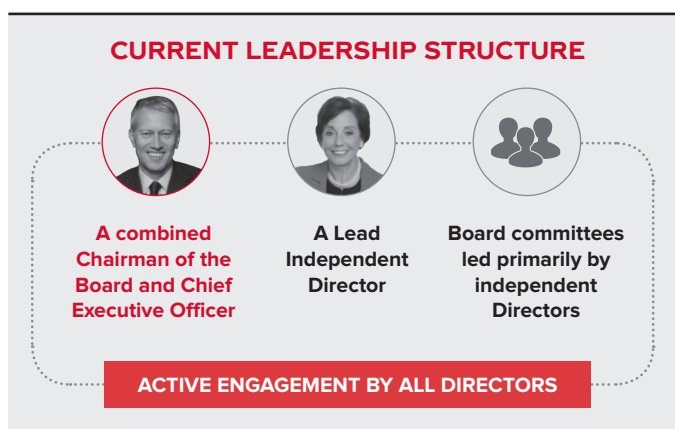

To learn more about risks facing the Company, you can review the factors included in Part I, "Item 1A. Risk Factors" in the Annual Report on Form 10-K for the year ended December 31, 2019 (the "Form 10-K"). The risks described in the Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known or that may currently be deemed to be immaterial based on the information known to the Company also may materially adversely affect the Company's business, financial condition or results of operations in future periods.

MANAGEMENT DEVELOPMENT AND SUCCESSION PLANNING

The Board believes that one of its primary responsibilities is to oversee the development and retention of senior talent and to ensure that an appropriate succession plan is in place for our Chief Executive Officer and other members of senior management. The Management Development Committee, together with the Chief Executive Officer, regularly reviews senior management talent, including readiness to take on additional leadership roles and developmental opportunities needed to prepare senior leaders for greater responsibilities. In addition, the Management Development Committee regularly discusses recommendations and evaluations from the Chief Executive Officer as to potential successors to fill senior positions. The Chief Executive Officer also provides a regular review to the Management Development Committee assessing the members of the executive leadership team and his or her potential to succeed him. This review includes a discussion about development plans for senior leaders to help prepare them for future succession and contingency plans in the event the Chief Executive Officer is unable to serve for any reason (including death or disability). While the Management Development Committee has the primary responsibility to develop succession plans for the Chief Executive Officer position, it regularly reports to the Board and decisions are made at the Board level.

Board Leadership Structure

The Company's governance framework provides the Board with the flexibility to select the appropriate leadership structure for the Company. In making determinations about the leadership structure, the Board considers many factors, including the specific needs of the business and what is in the best interests of the Company's shareowners. The current leadership structure is comprised of a combined Chairman of the Board and Chief Executive Officer, a Lead Independent Director, Board committees led primarily by independent Directors and active engagement by all Directors.

The Board believes that having one person serve as Chairman and Chief Executive Officer can provide certain synergies and efficiencies that enhance the functioning of the Board and, importantly, allow it to most effectively execute its role in overseeing business strategy. The Company's business is complex, and its products are sold in more than 200 countries and territories around the world. Most of the Company's products are manufactured and sold by independent bottling partners throughout the world.

The Chief Executive Officer maintains strong, hands-on relationships with the leaders of bottlers and remains close to the many facets of the business existing in so many places in the world. Because the Chief Executive Officer is the Board member closest to this vast and complex business, he or she is best able to identify many of the business issues that require Board attention and, as Chairman, can best focus Directors' attention on the most critical business matters. Further, in the Board's experience, the combined role of Chairman and Chief Executive Officer allows for timely and unfiltered communication with the Board on these critical business issues. The Board also believes that there are benefits when the same person represents both the Company and the Board throughout the world with bottlers, customers, consumers and other stakeholders.

Having the flexibility to select the appropriate structure based on the specific needs of the business is critical, and it is part of the judgment the Board believes it should exercise. Consistent with the Board's commitment to good corporate governance practices, at least one executive session of the non-employee Directors each year includes a review of the Board's leadership structure and consideration of whether the position of Chairman of the Board should be held by the Chief Executive Officer.

The Board believes that it is important to note that all Directors play an active role in overseeing the Company's business both at the Board and committee levels. As part of each regularly scheduled Board meeting, the non-employee Directors meet in executive session without the Chief Executive Officer present. These meetings allow non-employee Directors to discuss issues of importance to the Company, including the business and affairs of the Company as well as matters concerning management, without any member of management present.

Under the leadership of the Lead Independent Director, the Committee on Directors and Corporate Governance oversees the Board's annual evaluation process. The Committee on Directors and Corporate Governance periodically reviews the format of the evaluation process, including whether to utilize a third-party facilitator, to ensure that actionable feedback is solicited on the operation and effectiveness of the Board, Board committees and Director performance.

Human Capital Management

REFRESHING THE WORLD AND MAKING A DIFFERENCE WITH OUR EMPLOYEES

We believe people are our most important asset. Our people and culture agendas are critical business priorities, and we strive to be a global employer of choice that attracts high-performing talent with the passion, skills and mindsets to drive us on our journey to refresh the world and make a difference. We are committed to building an inclusive culture that inspires and supports the growth of our employees, serves our communities and shapes a more sustainable business.

OUR HUMAN CAPITAL PILLARS

CULTURE AND ENGAGEMENT

We are taking deliberate action to foster a growth culture that is grounded in our Company purpose: to refresh the world and make a difference. We strive to act with a growth mindset, take an expansive approach to what's possible and believe in continuous learning to improve our business and ourselves. We focus on four key growth behaviors – being curious, empowered, inclusive and agile – and value how we work as much as what we achieve. We believe culture enables our Company strategy and shapes employee experiences. Our key priorities are to:

- Inform action through culture, engagement and organizational health measurement and insights.
- Embed purpose, culture and our employee value proposition across employee experiences and enterprise initiatives.
- Support new ways of working as a networked organization through workforce and workplace experiments.

LEADERSHIP, TALENT AND DEVELOPMENT

Our talent strategy focuses on building inspirational leadership and capabilities that help our people be successful in the future. We recognize that one size does not fit all and are focused on creating an employee experience that is locally relevant in its approach and also provides the global breadth of learning and growth that we can provide for our people. We are:

- Accelerating a globally networked organization, with a focus on refreshed recruiting and talent practices and democratized learning.
- Building enterprise capability, striving to constantly build new skills for our employees so they can be more successful in the future, while also working to hire people with the skills we need for growth.

DIVERSITY AND INCLUSION

We believe creating a diverse and inclusive workplace is not only the right thing to do – it is a business priority that fosters greater creativity, innovation and connection to the communities we serve. We take a comprehensive view of diversity with an inclusive mindset, including gender, ethnicity, generation, disability/ability, sexual orientation, gender identity, military service, nationality, religion and other factors. The core of our diversity and inclusion strategy is to:

- Create an inclusive environment by engaging diverse talent and influencing recruitment, development, advancement and retention, including an aspiration for the Company to be 50% led by women in leadership.
- Evaluate our progress through the creation and review of systematic diagnostic tools and resources, and articulate our diversity and inclusion progress through proactive communications.

We operate three Diversity Councils and eight Business Resource Groups to help shape an inclusive culture, build diverse talent and serve as incubators for fresh ideas.

HUMAN RIGHTS

Respect for human rights is a fundamental value of our Company. We strive to respect and promote human rights in accordance with the United Nations Guiding Principles on Business and Human Rights in our relationships with our employees, suppliers and independent bottlers. Our aim is to help increase the enjoyment of human rights within the communities in which we operate. To learn more about our workplace and human rights, including viewing our Human Rights Policy and other related policies, please visit www.coca-colacompany.com/policies-and-practices.

BUSINESS INTEGRITY

We have adopted a Code of Business Conduct that is applicable to the Company's employees, including our Named Executive Officers. In addition, we have adopted a Code of Business Conduct for Non-Employee Directors. Our Codes of Business Conduct are grounded in our commitment to do the right thing. They serve as the foundation of our approach to ethics and compliance, and our anti-corruption compliance program is focused on conducting business in a fair, ethical and legal manner. For more information on our Codes of Business Conduct see [page 33](#).

THE BOARD'S ROLE IN HUMAN CAPITAL MANAGEMENT

The Board is actively engaged in overseeing the Company's people and culture strategy. In 2019, the Board made important structural changes to the committee formerly known as the Compensation Committee, repositioned as the Talent and Compensation Committee, to expand the responsibilities of the Committee to include oversight of talent, leadership and culture, including diversity and inclusion. The Talent and Compensation Committee intends to meet twice in 2020 to review and report back to the Board on a broad range of human capital management topics, including talent management, leadership development, retention, culture, employee engagement, employee education and training, diversity and inclusion, and equality and fairness. See [page 46](#) for more information on the Talent and Compensation Committee.

SUSTAINABILITY

In everything we do, we aim to create a more sustainable business and better shared future that makes a difference in people's lives, communities and our planet. We recognize that the sustainability of our business is directly linked to the sustainability of the communities we call home, and that's why our approach is guided by our purpose: to refresh the world and make a difference.

Working collaboratively with our bottling partners and stakeholders at every stage of our value chain, we look to integrate sustainability into our everyday actions. For example, we share best practices and knowledge across the Coca-Cola system to build business resiliency and better manage water resources. From ingredient sourcing to packaging recovery, we strive to create shared opportunity through growth in every corner of the world, with an ongoing focus on building inclusion and empowering people's access to equal opportunities.

We have a responsibility to use water respectfully and efficiently. For us, that means being water balanced and improving water security where it is needed most. Food and beverage packaging are an important part of our modern lives, yet the world has a packaging waste problem. Our vision is to make packaging part of a circular economy, and our World Without Waste initiative is a clear strategy with commitments to recover a bottle or can for every one we sell by 2030—and then to recycle and reuse.

The Public Policy and Sustainability Committee reviews the Company's sustainability program and goals and the Company's progress toward achieving those goals. The Board and the Public Policy and Sustainability Committee also receive periodic reports from the Chief Sustainability Officer, and others as required, related to the accomplishment of the Company's sustainability goals. Special Meeting of Shareowners

Our By-Laws provide that a special meeting of shareowners may be called by the Chairman of the Board, the Chief Executive Officer, a majority of our Board or the Secretary, if appropriately requested by a person (or group of persons) beneficially owning at least a 25% "net long position" of the Company's Common Stock. A shareowner's "net long position" is generally defined as the amount of Common Stock in which the shareowner holds a positive (also known as "long") economic interest, reduced by the amount of Common Stock in which the shareowner holds a negative (also known as "short") economic interest.

Anti-Hedging, Anti-Short Sale and Anti-Pledging Policies

The Company's insider trading policy prohibits our Directors, executive officers and those employees, independent contractors and consultants who are from time to time added to the Company's restricted trading list (collectively, the "Insiders") from (i) purchasing any financial instrument that is designed to hedge or offset any decrease in the market value of Company securities (including prepaid variable forward contracts, equity swaps, collars and exchange funds), that were either granted as part of the individual's compensation or that the individual holds directly or indirectly, and (ii) engaging in any short sales of Company Common Stock. These prohibitions also extend to any family member of our Insiders who share the same household with them and any other individual or entity whose investment decisions are influenced or controlled by any of our Insiders (collectively, the "Related Insiders"). Our policy also prohibits our Directors and executive officers and their Related Insiders from pledging Company Common Stock as collateral for a loan, holding Company Common Stock on margin or borrowing against Company Common Stock held in a margin account. Employees of the Company who are not Insiders or Related Insiders are permitted, but discouraged, from entering into hedging transactions involving Company securities and pledging or engaging in short sales related to Company Common Stock.

Codes of Business Conduct

As discussed above, the Company has adopted a Code of Business Conduct for Non-Employee Directors, as well as a Code of Business Conduct that is applicable to the Company's employees, including the Named Executive Officers. Our associates, bottling partners, suppliers, customers and consumers can ask questions about our Code and other ethics and compliance issues, or report potential violations, through EthicsLine, a global Internet and telephone information and reporting service. The Codes of Business Conduct and information about EthicsLine are available on the Company's website at www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance" and then "Code of Conduct." In the event the Company amends or waives any of the provisions of the Code of Business Conduct applicable to our principal executive officer, principal financial officer, principal accounting officer or controller that relates to any element of the definition of "code of ethics" enumerated in Item 406(b) of Regulation S-K under the 1934 Act, the Company intends to disclose these actions on the Company's website.

Director Compensation

The Committee on Directors and Corporate Governance is responsible for reviewing and making recommendations to the Board regarding all matters pertaining to compensation paid to Directors for Board, Lead Independent Director, committee and committee chair service.

In making non-employee Director compensation recommendations, the Committee on Directors and Corporate Governance takes various factors into consideration, including, but not limited to, the responsibilities of Directors generally, as well as committee chairs, and the form and amount of compensation paid to Directors by comparable companies. The Board reviews the recommendations of the Committee on Directors and Corporate Governance and determines the form and amount of Director compensation.

Director compensation is provided under The Coca-Cola Company Directors' Plan (the "Directors' Plan"). Directors who also serve as employees of the Company do not receive payment for service as Directors.

2019 Annual Compensation

In 2019, our non-employee Directors received an annual cash retainer of \$50,000. Each non-employee Director who served as a committee chair received an additional \$20,000 cash retainer, and our Lead Independent Director also received an additional \$30,000 cash retainer. Cash retainers are paid on a quarterly basis. Under the Directors' Plan, non-employee Directors have the option of deferring all or a portion of their cash compensation into share units that are paid out in cash after leaving the Board.

In 2019, non-employee Directors also received an annual equity retainer of \$200,000, credited in deferred share units. The number of share units awarded is equal to the number of shares of Common Stock that could be purchased on the open market for \$200,000 on April 1. Share units do not have voting rights but are credited with hypothetical dividends that are reinvested in additional units to the extent dividends on Common Stock are received by shareowners. Share units are paid out in cash on the later of (i) January 15 of the year following the year in which the Director leaves the Board and (ii) six months after the Director leaves the Board. Directors may elect to take their payout in a lump sum or in up to five annual installments.

Directors do not receive fees for attending Board or committee meetings. Non-employee Directors are reimbursed for reasonable expenses incurred in connection with Board-related activities.

2020 Annual Compensation

Under the Committee on Directors and Corporate Governance charter, the Committee is authorized to engage consultants or advisors in connection with its review and analysis of Director compensation. In 2019, the Committee on Directors and Corporate Governance engaged Willis Towers Watson to evaluate the competitiveness of its Director compensation program. Based on the results of a competitive analysis, provided by Willis Towers Watson, the Committee determined, and the Board approved, the following adjustments to the Director compensation program effective January 1, 2020: (i) an increase in the annual cash retainer to \$90,000; (ii) an increase in the annual cash retainer for the Audit Committee Chair to \$30,000 and (iii) an increase in the annual cash retainer for the Talent and Compensation Committee Chair to \$25,000. These adjustments were made to maintain the competitiveness of our Director compensation program relative to the Company's comparator group (see [page 58](#)), as the Board's last increase in Director compensation (other than instituting an additional cash retainer for our Lead Independent Director) was in 2013.

Highlights of Director Compensation Program:

- **Emphasis on equity:** ties the majority of Directors' compensation to shareowner interests because the value of share units fluctuates up or down depending on the stock price.
- **Long-term focus:** focuses on the long term, because share units are not paid until after the Director leaves the Board.
- **Market competitive:** in line with peers and is equitable based on the work required of Directors serving at an entity of the Company's size and scope.
- **No fees:** no fees are paid for Board meeting attendance.
- **Governance:** includes governance features that prohibit hedging, pledging and short sales of our Common Stock and restricts trading to limited windows.
- **Stock Ownership Requirements:** since share units are not paid out until after the Director leaves the Board, all Directors hold their annual equity retainers until after retirement from Board service. As a result, after only three years of service, all Directors maintain an equity ownership level of at least five times the annual cash retainer.

The following table details the total compensation of the Company's non-employee Directors for the year ended December 31, 2019.

FEES EARNED OR PAID IN CASH (COLUMN (b))

The amounts reported in the Fees Earned or Paid in Cash column reflect the cash fees earned by each non-employee Director in 2019, whether or not such fees were deferred. In addition to the \$50,000 annual cash fees (or a prorated portion thereof), each of Ms. Gayle, Herman and Lagomasino, and Messrs. H. Allen, R. Allen, Diller and Nunn received an additional \$20,000 for service as a committee chair (or a prorated portion thereof). Ms. Lagomasino also received an additional \$24,000 (a prorated portion of the \$30,000 cash fee) for service as Lead Independent Director.

Mses. Botín and Tsay deferred a portion of their 2019 cash compensation into 799 and 106 share units, respectively. Ms. Lagomasino deferred her 2019 cash compensation into 1,992 share units. Messrs. R. Allen and Diller each deferred their 2019 cash compensation into 1,493 share units. Messrs. Davis, Kotick and Weinberg each deferred their 2019 cash compensation into 1,066 share units. Messrs. Daley and Nunn each deferred their 2019 cash compensation into 533 and 746 share units, respectively, which reflects a prorated number of share units due to their resignations. The number of share units is equal to the number of shares of Common Stock that could be purchased for the deferred amount based on the average of the high and low prices of a share of Common Stock on April 1, 2019, and for Ms. Lagomasino, April 24, 2019, with respect to the prorated portion of share units attributable to her for service as Lead Independent Director.

STOCK AWARDS (COLUMN (c))

The amounts reported in the Stock Awards column reflect the grant date fair value associated with each non-employee Director's share units that are required to be deferred under the Directors' Plan, calculated in accordance with the provisions of the Financial Accounting Standards Board Accounting Standards Codification 718, Compensation—Stock Compensation ("ASC Topic 718").

The table below shows the number of outstanding share units held by each non-employee Director as of December 31, 2019.

ALL OTHER COMPENSATION (COLUMN (g))

The amounts reported in the All Other Compensation column reflect, where applicable, Company matching gifts to nonprofit organizations, premiums for life insurance (including accidental death and dismemberment and business travel accident coverage), the costs of Company products provided to Directors without charge, gifts provided to Directors in connection with a global system meeting, medical and dental insurance, and gifts provided to certain Directors in connection with their retirement. In addition, infrequently, spouses and guests of Directors may travel on Company aircraft for personal reasons when the aircraft is already going to a specific destination for a business reason, which has minimal incremental cost to the Company. When this occurs, a nominal amount is included in the All Other Compensation column. In addition, income is imputed to the Director for income tax purposes and the Director is not provided a tax reimbursement.

Further described below are those perquisites and other personal benefits and all other compensation required by SEC rules to be separately identified for 2019.

CHARITABLE CONTRIBUTIONS

The Directors are eligible to participate in the Company's matching gifts program, which is the same program available to all U.S.-based employees and retirees. In 2019, this program matched up to \$10,000 of charitable contributions on a two-for-one basis to tax-exempt arts, cultural, environmental and educational organizations. The amounts paid by the Company to match gifts made by the non-employee Directors in 2019 under this program are set forth in the table below. The total cost of matching contributions on behalf of the non-employee Directors for 2019 was \$62,000.

Name	Matching Gifts
Mr. R. Allen	\$ 2,000
Mr. Daley	20,000
Ms. Herman	20,000
Mr. Nunn	20,000

INSURANCE PREMIUMS

For Directors who elected coverage prior to 2006 (Messrs. R. Allen, Diller and Nunn), the Company provides life insurance coverage, which includes \$30,000 term life insurance and \$100,000 group accidental death and dismemberment insurance. This coverage was discontinued in 2006 for all other Directors. The Company cost for this insurance for the participating non-employee Directors in 2019 was \$738 per Director, for a total cost of \$2,214.

Business travel accident insurance coverage of \$200,000 is provided to all non-employee Directors while traveling on Company business, at a Company cost of \$5 per Director per year.

PERQUISITES AND OTHER PERSONAL BENEFITS

To help expand the Directors' knowledge of the Company's products, the Company provides certain products to Directors' offices without charge. In 2019, Mses. Herman, Lagomasino and Tsay, and Messrs. R. Allen, Daley, Davis, Diller, Nunn and Weinberg participated in this program. The total cost incurred by the Company in 2019 for products provided to non-employee Directors was \$51,684.

In connection with a global system meeting held outside the United States in 2019, all of the non-employee Director attendees (Mses. Botín, Herman, Lagomasino, Tsay and Messrs. H. Allen, R. Allen, Diller, Kotick and Weinberg) received certain gifts, the total cost of which was approximately \$900.

For Directors who elected coverage prior to 2006 (Mr. Nunn), the Company provides medical and dental coverage on the same terms and at the same cost as available to U.S. Company retirees. This coverage was discontinued in 2006 for all other Directors. The total cost for this health coverage in 2019 was \$13,782.

In connection with their retirements, the Company provided commemorative gifts to Messrs. Daley and Nunn for recognition of their Board service, the total cost of which was \$8,063.

Director Independence and Related Person Transactions

Independence Determinations

Under the corporate governance listing standards of the NYSE and the Company's Corporate Governance Guidelines, the Board must consist of a majority of independent Directors. In making independence determinations, the Board observes NYSE and SEC criteria and considers all relevant facts and circumstances. Under NYSE corporate governance listing standards, to be considered independent:

- the Director must not have a disqualifying relationship, as defined in the NYSE standards; and
- the Board must affirmatively determine that the Director otherwise has no material relationship with the Company directly, or as an officer, shareowner or partner of an organization that has a relationship with the Company. To aid in the Director independence assessment process, the Board has adopted categorical standards that identify categories of relationships that the Board has determined would not affect a Director's independence. These categorical standards, which are part of the Company's Corporate Governance Guidelines, are described below.

CATEGORICAL STANDARDS

The following will not be considered material relationships that would impair a Director's independence:

Immaterial Sales/Purchases	The Director is an executive officer or employee or any member of his or her immediate family is an executive officer of any other organization that does business with the Company and the annual sales to, or purchases from, the Company are less than \$1 million or 1% of the consolidated gross revenues of such organization, whichever is more.
Immaterial Indebtedness	The Director or any member of his or her immediate family is an executive officer of any other organization which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than \$1 million or 1% of the total consolidated assets of the organization on which the Director or any member of his or her immediate family serves as an executive officer, whichever is more.
Immaterial Position	The Director is a director or trustee, but not an executive officer, or any member of his or her immediate family is a director, trustee or employee, but not an executive officer, of any other organization (other than the Company's outside auditing firm) that does business with, or receives donations from, the Company.
Immaterial Ownership	The Director or any member of his or her immediate family holds a less than 10% interest in any other organization that has a relationship with the Company.
Immaterial Nonprofit Relationship	The Director or any member of his or her immediate family serves as an executive officer of a charitable or educational organization which receives contributions from the Company in a single fiscal year of less than \$1 million or 2% of that organization's consolidated gross revenues, whichever is more.

In addition, when determining Director independence, the Board does not consider transactions:

- with entities for which a Director or an immediate family member served only as a director or trustee;
- of less than \$120,000; and
- with entities in which the Director's or an immediate family member's only interest is a less than 10% ownership interest.

The Board, through its Committee on Directors and Corporate Governance, annually reviews all relevant business relationships any Director nominee and any person who served as a Director during 2019 may have with the Company. As a result of its annual review, the Board has determined that none of the following Director nominees has a material relationship with the Company and, as a result, such Director nominees are independent: Marc Bolland, Ana Botín, Christopher C. Davis, Barry Diller, Helene D. Gayle, Alexis M. Herman, Robert A. Kotick, Maria Elena Lagomasino, Caroline J. Tsay and David B. Weinberg. In addition, the Board determined that Ronald W. Allen, who will serve as a Director until the 2020 Annual Meeting, is independent. None of the Directors who were determined to be independent had any relationships that were outside the categorical standards identified above.

James Quincey has served as the Company's Chief Executive Officer since May 1, 2017, and therefore is not an independent Director. Even though Herbert A. Allen is not currently determined to be independent, he contributes greatly to the Board and the Company through his wealth of experience, expertise and judgment.

All the Directors who serve as members of the Audit Committee, Talent and Compensation Committee and Committee on Directors and Corporate Governance are independent as required by the NYSE corporate governance rules. Under these rules, Audit Committee members also satisfy the separate SEC and NYSE independence requirements, and the Talent and Compensation Committee members satisfy the additional SEC and NYSE independence requirements.

The table below summarizes the relationships that were considered in connection with the independence determinations. None of the transactions described below were considered material relationships that impacted the applicable Director's independence.

Director	Categorical Standard	Description of Relationship
Ana Botín	Immaterial Sales/ Purchases Immaterial Indebtedness	The Board examined the Company's relationship with Banco Santander, S.A. ("Banco Santander") where Ana Botín, one of our Directors, is Executive Chair. The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues of Banco Santander; (ii) the Company's investment of excess cash with Banco Santander, primarily in time deposits which provided market rate returns, is part of the Company's overall cash management and investment strategy which includes banks other than Banco Santander; (iii) the Company's payments to Banco Santander were for underwriting services, banking fees, all in the ordinary course of business; and (iv) the Company has had a relationship with Banco Santander and its banking subsidiaries for many years prior to Ms. Botín's service as a Director of the Company.
Barry Diller	Immaterial Sales/ Purchases	The Board examined payments made by the Company to IAC/InterActiveCorp and its subsidiaries ("IAC") where Barry Diller, one of our Directors, is Chairman of the Board and Senior Executive. The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues of IAC; (ii) the payments were for online advertising and digital media promotions in the ordinary course of business; and (iii) the Company has had a relationship with IAC's predecessor companies for many years prior to Mr. Diller's service as a Director of the Company.
Robert A. Kotick	Immaterial Sales/ Purchases	The Board examined the Company's relationship with Activision Blizzard, Inc. and its subsidiaries ("Activision") where Robert A. Kotick, one of our Directors, is Chief Executive Officer and a Director. The Board determined that the relationship was not material since (i) the amounts payable under sponsorship agreements entered into in the ordinary course of business represent less than 1% of the consolidated gross revenues of Activision; and (ii) the Company has had a relationship with Activision prior to Mr. Kotick's service as a Director of the Company.

RELATED PERSON TRANSACTION POLICY AND PROCESS

A "Related Person Transaction" is any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which the Company (including any of its subsidiaries) was, is or will be a participant and, as relates to Directors or shareowners who have an ownership interest in the Company of more than 5%, the amount involved exceeds \$120,000, and in which any Related Person (defined below) had, has or will have a direct or indirect material interest. Under Company policy, there is no threshold amount applicable to executive officers with regard to Related Person Transactions.

A "Related Person" means:

- any person who is, or at any time during the applicable period was, a Director, a nominee for Director or an executive officer of the Company;
- any person who is known to the Company to be the beneficial owner of more than 5% of the outstanding Common Stock;
- any immediate family member of any of the persons referenced in the preceding two bullets, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the Director, nominee for Director, executive officer or more than 5% beneficial owner of Common Stock, and any person (other than a tenant or employee) sharing the household of such Director, nominee for Director, executive officer or more than 5% beneficial owner of Common Stock; or
- any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

In general, the Company will enter into or ratify Related Person Transactions with Directors only when the Board, acting through the Committee on Directors and Corporate Governance, determines that the Related Person Transaction is reasonable and fair to the Company. When considering whether a Related Person Transaction is reasonable and fair to the Company, the Committee considers, among other things, the evaluation of the transaction by employees directly involved and the recommendation of the Chief Financial Officer. In addition, any Related Person Transaction involving an executive officer must be pre-approved by the Chief Executive Officer and any Related Person Transaction involving the Chairman of the Board (if an employee of the Company), Chief Executive Officer or a beneficial owner of more than 5% of the outstanding Common Stock must be submitted to the Audit Committee for approval.

Many transactions that constitute Related Person Transactions are ongoing, and some arrangements predate any relationship with the Director or predate the Director's relationship with the Company. When a transaction is ongoing, any amendments or changes are reviewed, and the transaction is reviewed annually for reasonableness and fairness to the Company.

Identifying possible Related Person Transactions involves the following procedures:

- Directors, Director nominees, executive officers and beneficial owners of more than 5% of the outstanding Common Stock are asked to complete customary annual questionnaires.
- Directors and Director nominees are required to annually verify and update information about (i) where the Director is an employee, director or executive officer; (ii) each entity where an immediate family member of a Director is an executive officer; (iii) each firm, corporation or other entity in which the Director or an immediate family member is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest; and (iv) each charitable or educational organization where the Director or an immediate family member is an employee, executive officer, director or trustee.

When the Company receives the requested information from its Directors, Director nominees, executive officers and beneficial owners of more than 5% of the outstanding Common Stock, the Company compiles a list of all persons and entities, including all subsidiaries of the entities identified, that may give rise to a Related Person Transaction. The Office of the Secretary reviews the updated list and expands the list if necessary, based on a review of SEC filings, Internet searches and applicable websites.

For 2019, the list of approximately 4,800 persons and entities was distributed within the Company to identify any potential transactions. This list was also sent to each of the Company's approximately 300 accounting locations to be compared to payments and receipts. All ongoing transactions, along with payment and receipt information, were compiled for each person and entity. The information was reviewed and relevant information was presented to the Committee on Directors and Corporate Governance or the Audit Committee, as applicable.

Details regarding Related Person Transactions are included in the charters for the Committee on Directors and Corporate Governance and the Audit Committee and in our Codes of Business Conduct. These documents can be found on the Company's website, www.coca-colacompany.com, by clicking on "Investors" and then clicking on "Corporate Governance."

RELATED PERSON TRANSACTIONS

The Board, acting through the Committee on Directors and Corporate Governance believes that the following Related Person Transaction between the Company and Mr. H. Allen, one of our Directors, is reasonable and fair to the Company.

Mr. H. Allen is President, Chief Executive Officer and a Director of Allen & Company Incorporated ("ACI") and a principal shareowner of ACI's parent. ACI is an indirect equity holder of Allen & Company LLC ("ACL").

ACI has leased and subleased office space in New York City since 1977 in a building owned by one of our subsidiaries. ACI was a tenant prior to the subsidiary's acquisition of the building. In June 2005, ACI assigned the lease and sublease to ACL. In November 2015, the lease was renewed for a term of approximately 18 years. In August 2019, our subsidiary sold the property to an unaffiliated third party. In 2019, ACL paid approximately \$3.4 million in rent and related expenses. In the opinion of management, the terms of the lease were fair and reasonable and as favorable to the Company as those that could have been obtained from unrelated third parties at the time of the execution of the lease.

Delinquent Section 16(a) Reports

Section 16(a) of the 1934 Act requires the Company's Directors and certain officers, as well as persons who beneficially own more than 10% of the outstanding shares of Common Stock, to file reports regarding their initial stock ownership and subsequent changes to their ownership with the SEC.

Based solely on a review of the reports filed for fiscal year 2019 and related written representations, we believe that all Section 16(a) reports were filed on a timely basis, except for a late filing of a Form 4 to report the acquisition of deferred share units by Maria Elena Lagomasino and the late filing of a Form 4 to report an option exercise by Lisa Chang's husband. Additionally, each of Francisco Crespo, James L. Dinkins, Bernhard Goepelt, Robert Long, John Murphy, Alfredo Rivera and Brian J. Smith filed an amended Form 4 on May 24, 2019 to correct, due to an inadvertent administrative error, the number of options granted on February 15, 2018.

ITEM 2 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

WHAT AM I VOTING ON?

Shareowners are being asked to approve, on an advisory basis, the compensation of the Named Executive Officers as described in the Compensation Discussion and Analysis beginning on **page 46** and the Compensation Tables beginning on **page 69**.

VOTING RECOMMENDATION:

FOR the advisory vote to approve executive compensation. The Talent and Compensation Committee takes very seriously its role in the governance of the Company's compensation programs and values thoughtful input from shareowners. The Talent and Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

The Company seeks a non-binding advisory vote from its shareowners to approve the compensation of its Named Executive Officers as described in the Compensation Discussion and Analysis beginning on **page 46** and the Compensation Tables beginning on **page 69**.

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis and Compensation Tables sections. The Talent and Compensation Committee has made several key enhancements in recent years to our compensation programs in order to continue to improve the link between compensation and the Company's business and talent strategies as well as the long-term interests of our shareowners.

The Board recommends that shareowners vote **FOR** the following resolution:

"RESOLVED, that the shareowners approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the Compensation Tables and the related narrative."

Because your vote is advisory, it will not be binding upon the Board. However, the Board values shareowners' opinions, and the Talent and Compensation Committee will consider the outcome of the advisory vote when considering future executive compensation decisions. The Board has adopted a policy of providing for annual advisory votes from shareowners on executive compensation. The next such vote will occur at the 2021 Annual Meeting of Shareowners.

The Board of Directors recommends a vote **FOR** the advisory vote to approve executive compensation.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides a detailed description of our executive compensation philosophy and programs, the compensation decisions the Talent and Compensation Committee (referred to as the “Committee” in this Compensation Discussion and Analysis) has made under those programs, and the factors considered in making those decisions. This Compensation Discussion and Analysis focuses on the compensation of our Named Executive Officers for 2019, who are listed below and appear in the Compensation Tables beginning on **page 69**.

In 2019, we implemented key changes in top leadership. Mr. Quincey was elected to serve as Chairman of the Board, in addition to serving as Chief Executive Officer, following the 2019 Annual Meeting. Ms. Waller retired from the Company in March 2019, and Mr. Murphy assumed the role of Executive Vice President and Chief Financial Officer following her retirement. In addition, Mr. Smith assumed the role of President and Chief Operating Officer and Mr. Arroyo assumed the role of President, Asia Pacific Group, both effective January 1, 2019. In December 2019, we announced that Mr. Arroyo would also assume the role of Chief Marketing Officer, which became effective January 1, 2020.

The titles below for our Named Executive Officers represent their current position/affiliation with the Company. Please see 2019 Compensation Decisions for Named Executive Officers beginning on **page 60** and our 2019 Summary Compensation Table on **page 69** for each Named Executive Officer’s position during 2019.

Our Compensation Philosophy and Core Principles

While we consider a number of factors in our pay decisions, we are guided by the following core philosophies and principles:

Pay for Performance		The great majority of pay for executives is at-risk and performance-based with metrics aligned to the Company's growth strategy. Company performance is assessed in two ways: <ul style="list-style-type: none"> • The Company's operating performance, including results against long-term growth targets • Return to shareowners over time, both on an absolute basis and relative to other companies
Alignment with Shareowners		Our compensation programs align executives' interests with those of our shareowners. A majority of pay for our Named Executive Officers is tied to Company and/or operating group performance. We maintain stock ownership guidelines for all executives, and we remain committed to Equity Stewardship Guidelines.
Provide Programs that Drive Long-Term Growth		We invest in and reward talent with the greatest potential to drive the long-term growth of our Company, while holding employees accountable to the Company's strategy and values.
Simplicity and Transparency		Our programs include clear metrics and line of sight for employees.
Recognition of Individual Performance		Non-financial goals, including environmental and social goals, are critical to our business, reflect our external responsibility as global leaders, and add value for our shareowners and other stakeholders. In addition, individual performance against our culture and leadership behaviors are also taken into consideration in recognition of individual performance. Executives are motivated to deliver results that align with Company values and shareowner interests.
Consider the Coca-Cola System		Our employees are required to operate and have influence in the context of our broad and complex global Coca-Cola system, which includes our approximately 225 bottling partners around the globe. While the Company had \$37.3 billion in 2019 reported net operating revenue and employs approximately 86,000 people, the Coca-Cola system generates more than \$100 billion in revenues, operates in more than 200 countries and territories and employs more than 700,000 people. Our executives and employees must not only manage our business but also support our bottling partners and other partners. This alignment and a shared vision of success are critical to drive long-term growth.
Alignment of Approach across the Workforce		Our people, at every level, are our most important asset. The Committee has wide remit to ensure that pay from the CEO down through the entire workforce reinforces the Company's growth agenda. The Committee also understands that CEO pay should be perceived as reasonable relative to overall employee pay. The compensation approach used to set CEO and Named Executive Officer pay is the same approach used in determining compensation for the broader workforce, including pay competitiveness and the use of performance-based metrics that reward exceptional financial performance. In its discretion in determining CEO and Named Executive Officer pay, the Committee also can consider other factors that it regularly reviews, including shareowner and employee feedback, the advisory vote on compensation, CEO pay ratio, global pay fairness, progress against diversity metrics and others.

TALENT AND COMPENSATION COMMITTEE INSIGHTS

In Ms. Lagomasino's letter on behalf of the Board, she discusses expansion of the scope of responsibilities of the Talent and Compensation Committee. The Committee will now have oversight over human capital management and culture, including diversity and inclusion, as well as compensation. How does the Committee plan on incorporating its new responsibilities?

We will have at least two meetings in 2020 focused on these new responsibilities. Our goal is to recognize the business opportunities, as well as potential risks, that the broader human capital issues present, and to provide oversight and guidance to management. Topics that the Committee intends to review include the Company's strategies related to talent management, leadership development, retention, culture, employee engagement and education (through our in-house learning programs). The Committee will also evaluate our workplace diversity and inclusion, equality, fairness, compliance practices (including compliance with federal government requirements) and other policies and processes that promote equality and fairness and help the Company maintain a consistent and fair process when it comes to hiring and promoting.

Comparison of Five-Year Cumulative Total Shareowner Return¹

¹ Source: FactSet Research Systems Inc. This chart shows how a \$100 investment in the Company's Common Stock on December 31, 2014, would have grown to \$154 on December 31, 2019, with dividends reinvested quarterly. The chart also compares the total shareowner return on the Company's Common Stock to the same investment in the S&P 500 Index and the Company's 2019 compensation comparator group (see [page 58](#)) over the same period, with dividends reinvested quarterly. Includes the Company's 2019 compensation comparator group for the five-year period whether or not a company was included in the group for the entire period. For foreign companies included in the comparator group, market value and total shareowner return have been converted to U.S. dollars. Market returns are weighted by relative market capitalization and are adjusted for spin-offs and special dividends.

Strategic Priorities

Disciplined Portfolio Growth

2019 Progress

- Continued to gain value share in total nonalcoholic ready-to-drink beverages on a global basis by gaining value share in 85% of our key markets.
- Trademark Coca-Cola grew retail value 6% for the second consecutive year, supported by contributions from innovations such as Coca-Cola with Coffee, which launched in 35 additional markets in 2019.
- Introduced Coca-Cola Energy in more than 45 markets.
- Completed the acquisition of Costa Limited (“Costa”), a coffee company with retail stores in more than 30 countries; acquired full ownership of C.H.I. Limited (“CHI”), an innovative, fast-growing leader in expanding beverage categories, including juices, value-added dairy and iced tea in West Africa.
- Continued to lift, shift and scale brands around the world with strong global growth in smartwater, which launched in eight additional markets in 2019, and scaled the innocent brand beyond its flagship market of Europe, with a launch in Japan during 2019.

Aligned and Engaged System

- The Coca-Cola system achieved its largest global value share gains in almost a decade.
- Executed revenue growth management strategies (analytical processes to deliver the right brand and package at the right price in each channel and market to drive revenue growth) in 15 additional markets in 2019 as the system continued to focus on value over volume.
- The Coca-Cola North America system has invested nearly \$750 million over the past three years to support its innovation and revenue growth management agenda, including expanding availability of popular mini-cans, which again grew double digits in 2019.

Winning with our Stakeholders

- Bottles made from 100% recycled PET were available in 12 markets in 2019; Coca-Cola Sweden announced it would be the first market in the world to transition to 100% recycled PET for all plastic bottles made in-country.
- Announced a new science-based carbon emissions reduction target: By 2030, the Company aims to reduce its total carbon emissions across its full value chain 25% below where they were in 2015, aligned with the goals of the Paris Agreement.
- Used nearly 30% recycled plastic across total portfolio of PET bottles in Western Europe.
- Invested \$19 million in a new bottle-to-bottle recycling facility in the Philippines.
- In the United States, teamed with partners and major competitors to launch the “Every Bottle Back” program, which includes a new, \$100 million industry fund that will be used to improve sorting, processing and collection in areas with the biggest infrastructure gaps to help increase the amount of recycled plastic available to be remade into beverage bottles.

TALENT AND COMPENSATION COMMITTEE INSIGHTS

When does the Committee review and make decisions regarding compensation and the Company's people and culture approach?

We have a robust annual cycle to plan, review and execute the executive compensation process, which includes year-round engagement with our shareowners. We intend to dedicate at least two meetings in 2020 to focus on our people and culture strategy and the corresponding impact on the performance of the Company.

When evaluating pay reported in the 2019 Summary Compensation Table against Company performance, it is important to consider the timing of compensation decisions and which performance period informs each of the annual and long-term incentive awards. For instance:

- Annual incentive awards reported for 2019 were decided in February 2020 and reflect Company and individual performance in 2019 (see [page 52](#)); and
- Long-term incentive awards reported for 2019 were granted in February 2019 and reflect the individual's potential to drive future growth (see [page 54](#)).

Below are highlights of the Committee's intended key agenda items for 2020:

Elements of Executive Compensation

We provide three elements of total direct compensation: base salary, annual incentives and long-term incentives, which are described below. We also provide limited perquisites (see [page 57](#)) and standard retirement and benefit plans (see [pages 67](#) and [104](#)).

2019 TOTAL DIRECT COMPENSATION*

	CEO	OTHER NAMED EXECUTIVE OFFICERS	DESCRIPTION

IMPORTANT FACTS ABOUT OUR INCENTIVE TARGETS

Rigor of Incentive Metrics

In 2019, the Committee held an additional dedicated meeting to test the robustness and rigor of our incentive metrics. The Committee recognizes the importance of achieving an appropriate balance between rewarding executives for strong performance over both the short and long term and establishing realistic but rigorous targets that continue to motivate and retain executives.

In setting our performance payout curves, the Committee considered the following:

- Performance levels necessary to achieve our long-term goals and deliver superior shareowner returns
- The likelihood of achieving various levels of performance based on historical results over a ten-year period
- Metrics, program designs and results at companies in our comparator group
- Performance relative to our comparator companies

Choice of Incentive Metrics

The key financial metrics in our incentive plans align with our growth strategy, are widely used measures to evaluate the success of our business by investors, are prevalent amongst our compensation comparator group and are highly correlated with long-term value creation. To evaluate performance in a manner consistent with how management evaluates our operating results and trends, the key financial metrics in our annual and long-term incentive plans are measured on a non-GAAP basis. We make certain adjustments when calculating these results, such as for the impact of foreign currency exchange rates, items impacting comparability, changes in financial accounting reporting regulations, and costs and other financial implications associated with corporate transactions.

Our targets are currency neutral because the Committee believes incentive targets should measure the underlying results of the business, and business leaders should be encouraged to make decisions that drive long-term sustainable growth rather than to address short-term currency fluctuations. This philosophy has been in place for several years, and we review this issue regularly, as it is an important concern for global companies like ours with significant exposure to foreign currency exchange rate fluctuations.

BASE SALARY

Base salary is fixed cash compensation delivered in return for day-to-day job responsibilities, leadership skills and experience. The Committee annually reviews base salary of our Named Executive Officers at its February meeting and makes adjustments when appropriate based on market competitiveness. Market competitive base salaries help attract and retain executive talent. The Committee may also make periodic adjustments in connection with promotions or changes in responsibility. Base salary is not intended to reward past performance.

See 2019 Compensation Decisions for Named Executive Officers beginning on **page 60** for 2019 base salary determinations for each of our Named Executive Officers.

ANNUAL INCENTIVE COMPENSATION

OVERVIEW

Annual cash incentives are determined under the Performance Incentive Plan of The Coca-Cola Company (the “Performance Incentive Plan”) and are designed to reward annual performance and individual contributions that support business results and strategy. Awards for our Named Executive Officers are determined based on a formula with predetermined financial measures aligned with the Company’s long-term growth strategy (“Business Performance Factor”), as well as the executive’s individual performance (“Individual Performance Amount”).

2019 ANNUAL INCENTIVE FORMULA

¹ The maximum percentage of an individual’s target award that could be awarded for individual performance in 2019 was 30%.

BUSINESS PERFORMANCE FACTOR

- Targets are informed by our long-term growth target ranges. Targets are designed to be challenging but achievable.
- For Ms. Waller and Messrs. Quincey, Murphy and Smith, the Business Performance Factor was determined using a score that was weighted 50% for overall Company net operating revenue growth and 50% for overall Company operating income growth (“Overall Company Performance”).
- For Mr. Arroyo, who had responsibility in 2019 for the Company’s Asia Pacific Group and Bottling Investments Group (“BIG”), and Mr. Dinkins, who had responsibility in 2019 for the Company’s North America Group, the Business Performance Factor was determined using a score that was weighted 50% for Overall Company Performance, as described above, and 50% for the performance of their respective operating group(s), measured by net operating revenue growth and operating income growth, each weighted equally.
- Actual net operating revenue and operating income growth results were rounded to the nearest half percent, and then the funding for each performance metric was weighted to determine the final Business Performance Factor.
- For 2019, the earned payout could range from 0% to 200% of the target incentive. The maximum payout is set to be difficult to achieve. For example, to achieve the maximum payout for net operating revenue growth, the Company would have had to achieve 18.5% growth in 2019.
- The overall Company targets and results for 2019 were as follows:

Performance Metric*	Target**	Result	Weighting	Weighted Result
Net Operating Revenue Growth	15% 	143% Actual: 16.5%	50%	71%
Operating Income Growth	11.5% 	133% Actual: 13.0%	50%	67%
Overall Company Performance Factor				138%

- * Net operating revenue growth was initially calculated as organic, which is a non-GAAP financial measure that excludes or has otherwise been adjusted for the impact of acquisitions, divestitures and structural changes, as applicable, and the impact of changes in foreign currency exchange rates. Operating income growth is initially calculated as comparable currency neutral (adjusted for structural changes), which is a non-GAAP financial measure that excludes or has otherwise been adjusted for items impacting comparability, the impact of changes in foreign currency exchange rates, and the impact of structural changes. Items impacting comparability include asset impairments, productivity and reinvestment initiatives, transaction gains/losses, Coca-Cola Beverages Africa Proprietary Limited ("CCBA") unrecognized depreciation and amortization, and other items. Structural changes generally refer to acquisitions and divestitures of bottling and distribution operations, including the impact of intercompany transactions among our operating segments. Using these adjusted measures of net operating revenue and operating income growth are appropriate because it provides a more consistent comparison against the prior year. For 2019, the initial calculated amounts for net operating revenue and operating income were adjusted to include several acquisitions. Therefore, the final 2019 annual incentive targets and actual results include the acquisitions of Costa, CHI and the Philippine bottling operations.
- ** The specific targets for the Asia Pacific Group, BIG and the North America Group are not disclosed because they relate to business operations in specific geographies and disclosure would result in competitive harm.

The base salary, target annual incentive and 2019 Business Performance Factor for each of our Named Executive Officers were as follows:

Name	Base Salary (12/31/2019) (\$)	Target (%)	Target Annual Incentive (\$)	Business Performance Factor (%)
Mr. Quincey	\$1,600,000	200%	\$3,200,000	138%
Mr. Murphy	800,000	125%	1,000,000	138%

INDIVIDUAL PERFORMANCE AMOUNTS

For the Named Executive Officers, consideration is given for contributions to overall Company results and operational goals; contributions toward global strategic initiatives; and individual contributions toward evolving the Company's culture to accelerate our transformation to a high-performing growth business. An Individual Performance Amount may be awarded based on an assessment of an executive's individual performance throughout the year as guided by the individual's scorecard. The scorecard provides a framework to define more clearly specific action items in three key areas: leadership, operational, and people and culture. The maximum percentage of an individual's target award that could be awarded for individual performance in 2019 was 30%.

See 2019 Compensation Decisions for Named Executive Officers beginning on **page 60** for details of the 2019 annual incentives paid to each of our Named Executive Officers.

LONG-TERM INCENTIVE COMPENSATION

OVERVIEW

The Company grants long-term incentive compensation to reward performance over the longer term and align the interests of employees with shareowners. The majority of these awards are performance-based. In 2019, all annual long-term incentive awards were equity-based for our Named Executive Officers. All equity awards are subject to our Equity Stewardship Guidelines. An update regarding our 2019 progress against these guidelines is included below under Equity Stewardship Guidelines and Scorecard.

LONG-TERM INCENTIVE ANNUAL AWARDS: AMOUNTS AND PERFORMANCE MEASURES

- The Committee sets award ranges for long-term incentive compensation for each job grade at the senior executive levels. In 2019, the ranges were informed by surveys of our comparator group's and similar companies' pay practices. The Committee does not target a specific percentile ranking against our comparator group and may grant long-term incentive awards at the higher end of the range for a variety of factors, including to reflect support of the larger Coca-Cola system. Consideration is also given to the individual's skills, experience and future potential.
- Once the value of the long-term incentive award is determined, the Committee grants a portion of the award in options and a portion in performance share units ("PSUs"). Due to the rules for how the grant date fair value of long-term incentive awards must be calculated for accounting purposes, the 2019 Summary Compensation Table may not reflect the same stock option and PSU values described below.

HOW STOCK OPTION AWARD AMOUNTS WERE DETERMINED

- When determining the number of stock options awarded, a Black-Scholes value is calculated and a floor and ceiling are then applied based on a 30-day average stock price. This "guardrail" helps manage our burn rate commitment and mitigate against excessively high and low Black-Scholes values.
- For stock option grants in 2019, our guardrail was used, which valued options at 20% of the 30-day average stock price. This resulted in fewer stock options being granted than what would have been granted using a pure Black-Scholes model.

HOW PSU TARGETS WERE DETERMINED

- PSUs are valued based on a 30-day average stock price for purposes of determining target award values.
- For 2019, performance measures for the annual PSU awards were equally weighted among growth in net operating revenue, earnings per share and free cash flow and include a relative total shareowner return ("TSR") modifier.
- Performance targets for growth in these metrics were derived from the three-year business plan and then set by the Committee after a detailed review, which included conducting probability analyses, benchmarking performance and evaluating the practices of comparator companies. For awards granted in 2019, participants would receive 50% of the award at the threshold level of achievement, 100% of the award at the target level and 200% of the award at the maximum level, prior to application of the TSR modifier. With the TSR modifier applied, payouts can range from 0% to 250%.
- Beginning with the PSUs granted in 2018, we removed the one-year holding period after certification of performance, consistent with market practice.

PERFORMANCE SHARE UNITS: RELATIVE TOTAL SHAREOWNER RETURN MODIFIER AND STATUS OF PROGRAMS

RELATIVE TSR MODIFIER

- PSU awards for executives include a TSR modifier to further link awards to shareowner value creation.
- The number of shares earned from PSU awards will be reduced or increased if total shareowner return over the three-year performance period relative to our compensation comparator group (see [page 58](#)) falls outside of a defined range. Specifically, after the performance results are certified, the award will be modified up or down as follows, if applicable:

If total shareowner return over the three-year performance period is:	Then:
At or above the 75 th percentile of the comparator group	▲ The award will be increased 25%
At or above the 25 th and below the 75 th percentile of the comparator group	◄► No change to the award
Below the 25 th percentile of the comparator group	▼ The award will be decreased 25%

The relative TSR modifier was not triggered up or down, as total shareowner return was above the 25th percentile but below the 75th percentile. Final payout was certified at 145% for total Company performance, which was primarily driven by strong performance in net operating profit after tax and effective management of capital. ³ Economic profit is net operating profit after tax less the cost of capital used in the business. The calculation of economic profit growth for the 2017-2019 period was adjusted to exclude items impacting comparability and to exclude acquisitions, divestitures and structural changes that were significant to the Company as a whole, including the refranchising of bottling territories in North America. Economic profit growth is calculated on a currency neutral basis. In addition, economic profit growth for the 2017-2019 period was adjusted for the impact of adoption of Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"), which was adopted by the Company effective January 1, 2018.

⁴ For all periods, the PSU program provides for comparable currency neutral net operating revenue growth to be based on a three-year compound annual growth target tied to total Company results. This measure differs from net operating revenue growth reported under GAAP, primarily due to the impact of currency and items impacting comparability. The calculation of comparable currency neutral net operating revenue growth for the 2017-2019 period was adjusted, and the 2018-2020 and 2019-2021 periods will be adjusted, to exclude acquisitions, divestitures and structural changes that are significant to the Company as a whole, including the refranchising of bottling territories in North America. In addition, net operating revenue growth for the 2017-2019 period was adjusted, and the 2018-2020 period will be adjusted, for the impact of adoption of ASC 606.

- ⁵ The 2018-2020 and 2019-2021 PSU programs provide for comparable currency neutral earnings per share growth to be based on a three-year compound annual growth target tied to total Company results. This measure differs from earnings per share reported under GAAP, primarily due to the impact of currency and items impacting comparability. The calculation of comparable currency neutral earnings per share growth for the 2018-2020 and 2019-2021 periods will be adjusted to exclude acquisitions, divestitures and structural changes that are significant to the Company as a whole, including the refranchising of bottling territories in North America. In addition, earnings per share for the 2018-2020 period will be adjusted for the impact of adoption of ASC 606.
- ⁶ The 2018-2020 and 2019-2021 PSU programs provide for free cash flow to be based on a cumulative three-year absolute target amount tied to total Company results. Free cash flow is a non-GAAP financial measure that represents net cash provided by operating activities less purchases of property, plant and equipment. The net income component of net cash provided by operating activities will be adjusted for the impact of currency. Free cash flow will also be adjusted for certain cash payments for pension plan contributions and acquisitions, divestitures and structural changes that are significant to the Company as a whole.
- ⁷ The net operating revenue, earnings per share and free cash flow targets for the 2019-2021 PSU program include the acquisitions of Costa, CHI and the Philippine bottling operations.

See 2019 Compensation Decisions for Named Executive Officers beginning on **page 60** for details of the 2019 long-term incentive awards granted to each of our Named Executive Officers.

OTHER LONG-TERM INCENTIVE AWARDS

The vast majority of equity awards are made as part of the annual long-term incentive grants in February of each year; however, the Committee may during the course of the year determine to grant additional equity awards, which typically have been limited and in the form of time-based restricted stock units or performance-based awards.

From time to time, we establish additional performance-based programs related to specific performance goals to motivate and reward for specific initiatives. No Named Executive Officer received such awards in 2019.

EQUITY STEWARDSHIP GUIDELINES AND SCORECARD

We have adopted Equity Stewardship Guidelines, which specify how we will use long-term equity compensation with respect to the global employee population. The Equity Stewardship Guidelines can be viewed on the Company's website at www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance" and then "Documents."

Under the Equity Stewardship Guidelines, we have committed to a burn rate of 0.4% or less, which makes availability of shares used for equity awards more certain. With respect to dilution, it is our intention to use the proceeds from stock option exercises by employees to repurchase shares over time, minimizing dilution, but such proceeds may at times be used for other corporate purposes. Actual dilution is expected to continue to be less than 1% per year. This approach provides us the flexibility to consider share repurchases in the context of our overall capital allocation strategy.

For transparency, we also provide an Equity Scorecard. The Equity Scorecard below provides information for 2019.

- The annual equity awards represent the vast majority of equity awards granted during the year.
- Total overhang includes outstanding awards granted under plans ("Prior Plans") in place prior to adoption of The Coca-Cola Company 2014 Equity Plan, as amended (the "2014 Equity Plan"). Awards from Prior Plans that expire or are forfeited will not be issued or available for future issuance. Total overhang will decline each year as equity awards are exercised or realized, and as awards from Prior Plans expire or are forfeited.
- In the Equity Scorecard, actual dilution is how much the equity issued to employees reduces the value of existing shares.

2019 EQUITY SCORECARD

	Description	2019		
Burn Rate Commitment	Maximum average burn rate of 0.4% for the 2014 Equity Plan.	0.40%		
Actual Burn Rate	The total number of shares underlying equity awards granted in the year, as a percentage of Common Stock outstanding.	0.28%		
Overhang	The total number of shares underlying equity awards already granted plus those available for future grants, as a percentage of Common Stock outstanding.	Prior Plans	2014 Equity Plan	Total
	With Equity Stewardship Guidelines ¹	1.70%	4.67%	6.37%
Actual Dilution	A measure of how much the equity issued to employees reduces the value of existing shares. ²	0.33%		

¹ With the burn rate commitment, over the 2014 Equity Plan's ten-year term, the maximum number of shares estimated to be used is 200 million (based on Common Stock outstanding decreasing by 1% each year).

² Calculated by dividing the number of net shares issued to employees during the year by the average number of shares of Common Stock outstanding. The number of net shares issued represents the difference between the total number of shares issued and the number of shares repurchased solely using proceeds from employee stock option exercises. Does not include additional share repurchases which further mitigate dilution.

PERQUISITES AND OTHER PERSONAL BENEFITS

We provide a limited number of perquisites and other personal benefits to our Named Executive Officers. The table below summarizes and provides the business rationale for each of the perquisites and other personal benefits provided to the Named Executive Officers in fiscal year 2019. The Committee reviews and carefully considers the reasonableness of and rationale for providing these perquisites and believes these perquisites are consistent with market practice.

For more information about these perquisites and other personal benefits, and their values, see the discussion beginning on [page 71](#).

How We Make Compensation Decisions

SHAREOWNER ENGAGEMENT AND RESULTS OF 2019 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company has a longstanding shareowner outreach program and routinely interacts with shareowners on a number of matters, including executive compensation (see [page 30](#)).

- At the 2019 Annual Meeting of Shareowners, approximately 97% of the votes cast were in favor of the advisory vote to approve executive compensation. The Company took into account these results as well as feedback received from shareowners during engagement sessions when making the decisions described in this Compensation Discussion and Analysis.
- At the 2020 Annual Meeting, we are again holding an advisory vote to approve executive compensation (see [page 45](#)) and will continue to consider the results of the advisory vote when making future compensation decisions.

DECISION-MAKING PROCESS AND ROLE OF EXECUTIVE OFFICERS

ROLE OF THE COMMITTEE

The Committee reviews and discusses the Board's evaluation of the Chairman and Chief Executive Officer and makes preliminary determinations about his base salary, annual incentive and long-term incentive compensation. The Committee then discusses the compensation recommendations with the full Board, and the Committee approves final compensation decisions after this discussion.

ROLE OF THE CHIEF EXECUTIVE OFFICER

For other Named Executive Officers, the Chief Executive Officer considers performance and makes individual recommendations to the Committee on base salary, annual incentive and long-term incentive compensation. The Committee reviews, discusses, modifies and approves, as appropriate, these compensation recommendations.

TALENT AND COMPENSATION COMMITTEE RESOURCES AND TOOLS

The Committee uses several resources and tools, including competitive market information and "tally sheets," which quantify each of the compensation elements as well as accumulated outstanding long-term equity awards and deferred compensation.

COMPENSATION COMPARATOR GROUP

We use a comparator group of companies when making certain compensation decisions. The comparator group is used as a reference point, but compensation paid at other companies is not the only factor in the decision-making process. As noted above, our employees operate in the much larger Coca-Cola system but, when comparing size with comparator companies, we utilize only the net operating revenue and market capitalization of The Coca-Cola Company. We routinely review the selection criteria and companies in our comparator group. There were no changes to the comparator group for 2019. In 2019, the Committee approved updates to the comparator group to be effective in 2020, which resulted in the addition of Starbucks Corporation to the comparator group.

The table below shows our criteria on how the comparator group was chosen and how it is used.

How the Comparator Group Was Chosen	How We Use the Comparator Group*	2019 Comparator Group

* Since some of the comparator group companies are not U.S.-based, a subgroup of the companies may be used for some of these purposes when data is not publicly available for the foreign companies.

ROLE OF THE COMPENSATION CONSULTANT

COMPENSATION CONSULTANT INDEPENDENCE

The Committee is authorized by its charter to employ independent compensation consultants and other advisors. In 2019, the Committee engaged Meridian Compensation Partners, LLC (“Meridian”) to serve as its independent consultant. Meridian reports directly to the Committee.

In accordance with the Committee’s Independent Compensation Consultant Policy, prior to the retention of a compensation consultant (or any other external advisor), and annually thereafter, the Committee assesses the independence of the compensation consultant. Under the Independent Compensation Consultant Policy, a consultant is considered independent if:

- The individual consultant and any consulting firm or organization that employs the consultant is independent of the Company;
- The individual consultant does not provide services or products of any kind to the Company or its affiliates or to their management, other than in its capacity as the Committee’s advisor; and
- The consulting firm may not provide any other services to the Company without the prior written consent of the Committee Chair.

The Committee assessed Meridian’s independence under the Independent Compensation Consultant Policy, including considering the following factors specified in the NYSE listing standards: (i) the provision of other services by the consulting firm to the Company; (ii) the amount of fees paid as a percentage of the total revenue of the consulting firm; (iii) the policies and procedures of the consulting firm that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the consultant with a member of the Committee; (v) any stock of the Company owned by the consultant; and (vi) any business or personal relationship of the consultant or consulting firm with an executive officer of the Company. Meridian provided the Committee with confirmation of its independent status under the Independent Compensation Consultant Policy. Based on this evaluation, the Committee has determined that Meridian met the criteria for independence.

COMPENSATION CONSULTANT DUTIES:

- Attends all meetings of the Committee, including executive sessions without management present
- Reviews the Company’s executive compensation strategy and programs to ensure appropriateness and market-competitiveness
- Provides research, data analyses, survey information and design expertise in developing compensation programs for executives and incentive programs for eligible employees
- Regularly updates the Committee on market trends, changing practices, and legislation pertaining to executive compensation and benefits
- Advises the Committee on the appropriate comparator group for compensation and benefits

RISK CONSIDERATIONS

- The Committee reviews the risks and rewards associated with the Company’s compensation programs. The programs are designed with features that the Committee believes mitigate risk without diminishing the incentive nature of the compensation. Our compensation programs encourage and reward prudent business judgment and appropriate risk taking over the short term and the long term.
- The Company’s incentive compensation programs contain appropriate risk mitigation factors, including award caps, multiple performance metrics, clawback features and ranges of awards. In addition, the share ownership and retention guidelines also mitigate risk.
- In 2019, the Company conducted, and the Committee reviewed, a global risk assessment. The risk assessment included conducting a global inventory of incentive plans and programs and considered factors such as the plan metrics, number of participants, maximum payments and risk mitigation factors. Management and the Committee do not believe any of the Company’s compensation programs create risks that are reasonably likely to have a material adverse impact on the Company.

2019 Compensation Decisions for Named Executive Officers

TALENT AND COMPENSATION COMMITTEE INSIGHTS

Our compensation programs are consistent with our business strategy, effectively link pay and performance, and align executive officers' and shareowners' interests.

Additional Compensation Information

SHARE OWNERSHIP GUIDELINES

- Share ownership guidelines align the executives' long-term financial interests with those of shareowners.
- All Named Executive Officers are in compliance with the share ownership guidelines.
- The ownership guidelines, which cover approximately 60 executives, are as follows:

Role	Value of Common Stock to be Owned*
Chairman and Chief Executive Officer	8 times base salary 
President and Chief Operating Officer	5 times base salary 
Executive vice presidents and group presidents	4 times base salary 
Other senior executives	2 times base salary 
Business unit presidents below senior executive level	1 times base salary 

* Shares are valued based on the average closing price of Common Stock for the prior one-year period.

- Stock options do not count toward the ownership guidelines, and PSUs count only after the performance criteria have been met.
- To ensure compliance with the guidelines, the Committee may direct that up to 50% of the annual cash incentive be withheld if an executive is not compliant. The Committee also may mandate the retention of 100% of net shares, after settlement of taxes and transaction fees, acquired pursuant to equity awards granted on or after January 1, 2009.

SHARE RETENTION POLICY

- To ensure that our executive officers exhibit a strong commitment to Company stock, we have adopted a Share Retention Policy. Our Share Retention Policy applies in addition to the share ownership guidelines described above.
- For equity awards granted between February 2013 and October 2017, executive officers are required to retain 50% of the shares (after paying taxes) obtained from option exercises or from the release of performance shares or restricted stock awards until the earlier of one year after exercise/release of shares or separation from the Company.
- For equity awards granted starting in October 2017, executive officers who have not yet met their stock ownership objective must retain 50% of the shares (after paying taxes) obtained from option exercises or from the release of performance shares or restricted stock awards until the earlier of the date on which the stock ownership objective is met or separation from the Company.
- Limited exceptions apply for donations of stock to charities, educational institutions or family foundations and for sales or divisions of property in the case of divorce, disability or death. The Committee is authorized to grant waivers in exceptional circumstances.

CLAWBACKS

- The Company's short-term and long-term performance compensation, including equity compensation, is subject to recoupment, or "clawback," in certain circumstances. These clawback provisions apply while an individual is employed and, if an employee separates from employment, the later of one year from separation and payment of the applicable compensation.
- In addition to any clawbacks required by law, regulation or applicable listing standards, the clawback provisions allow the Company to recoup payments if an employee or former employee engages in certain prohibited activities, which include violation of any Company policy, including the Company's Code of Business Conduct, disclosing confidential information or trade secrets, accepting employment with competitors or soliciting Company employees.

RETIREMENT AND BENEFIT PLANS

- Named Executive Officers participate in the same retirement and benefit plans as the broader population of non-union employees, as applicable. These plans provide for basic retirement needs and serve as a safety net to protect against the financial catastrophes that can result from illness, disability or death.
- Retirement plans generally include pension plans, retirement savings plans and deferred compensation plans. There are no special or enhanced pension formulas for the Named Executive Officers. See the 2019 Pension Benefits table on [page 78](#) for the value of accumulated pension benefits for the Named Executive Officers.
- Benefit plans generally include medical, dental and disability plans.

CHANGE IN CONTROL

- The Company has change in control provisions in its annual Performance Incentive Plan, its equity plans and some of its retirement plans in which the Named Executive Officers participate. As described beginning on [page 80](#), equity plans include “double-trigger” change in control provisions.
- Change in control provisions apply equally to all plan participants. There are no special change in control agreements or arrangements with any of the Named Executive Officers, and we do not provide a tax gross-up for any change in control situation.
- The change in control provisions are intended to address the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the shareowners.
- For a more detailed discussion of change in control provisions, see the Payments on Termination or Change in Control section beginning on [page 80](#).

TAX AND ACCOUNTING IMPLICATIONS OF COMPENSATION

- Historically, section 162(m) of the Tax Code has limited the deductibility of certain compensation to \$1 million per year for certain executive officers. While the Committee considers tax and accounting implications as factors when considering executive compensation, they are not the only factors considered. Other important considerations outweigh tax or accounting considerations. In addition, the Committee reserves the right to establish compensation arrangements that may not be fully tax deductible under applicable tax laws.
- Historically, the Company’s annual and long-term incentive plans were structured with the intent of being exempt from the deduction limitation of Section 162(m) by enabling the Committee to grant compensation that constitutes “qualified performance-based compensation” under Section 162(m) of the Tax Code, if the Committee determined to do so.
- The exemption from Section 162(m)’s deduction limit for performance-based compensation was repealed by the Tax Cuts and Jobs Act of 2017 (the “TCJA”), effective for tax years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.
- Despite the Committee’s efforts before November 2, 2017 to structure the Company’s annual and long-term incentive plans in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the TCJA, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will be deductible under the TCJA’s transition relief.
- Generally, under GAAP, compensation is expensed as earned. Equity compensation is expensed in accordance with ASC Topic 718, which is generally over the vesting period.

¹ Principal position reflects position held as of December 31, 2019.

² In order to show the effect that the year-over-year change in pension value had on total compensation, as determined under applicable SEC rules, we have included an additional column to show total compensation minus the change in pension value. The amounts reported in the Total Without Change in Pension Value column may differ substantially from the amounts reported in the Total column required under SEC rules and are not a substitute for total compensation. Total Without Change in Pension Value represents total compensation, as determined under applicable SEC rules, minus the change in pension value reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column (but including the nonqualified deferred compensation earnings reported in that column, if any). The change in pension value is subject to many external variables, such as interest rates, that are not related to Company performance. Therefore, we do not believe a year-over-year change in pension value is helpful in evaluating compensation for comparative purposes and instead, believe shareowners may find the accumulated pension benefits in the 2019 Pension Benefits table on [page 78](#) a more useful calculation of the pension benefits provided to the Named Executive Officers.

³ Mr. Quincey was elected to serve as Chairman of the Board following the 2019 Annual Meeting.

⁴ Effective March 16, 2019, Mr. Murphy assumed the role of Executive Vice President and Chief Financial Officer, following Ms. Waller's retirement. Compensation for Mr. Murphy is provided only for 2019 and 2018 because he was not a Named Executive Officer for 2017.

⁵ Ms. Waller retired from the Company on March 15, 2019. As such, her non-equity incentive plan compensation was prorated for time spent in her position.

⁶ Effective January 1, 2020, Mr. Arroyo also assumed the role of Chief Marketing Officer. Compensation for Mr. Arroyo is provided only for 2019 because he was not a Named Executive Officer for 2018 or 2017.

⁷ Compensation for Mr. Dinkins is provided only for 2019 because he was not a Named Executive Officer for 2018 or 2017.

SALARY (COLUMN (c))

The amount in the Salary column represents the base salary earned by each of the Named Executive Officers in the applicable year.

STOCK AWARDS (COLUMN (e))

The amount in the Stock Awards column is the grant date fair value of stock awards determined pursuant to ASC Topic 718. For 2019, all the stock awards reported in the Stock Awards column are PSUs granted under the 2014 Equity Plan, which pay in stock if predetermined performance metrics are met over a three-year period.

If a PSU's minimum performance measure is not met, no award is earned. For grants made in 2019, if at least the minimum performance measure is attained, awards range from 50% to 200% of the target number of shares. In addition, the PSUs are subject to a relative TSR modifier. The relative TSR modifier will reduce or increase the number of shares

earned by 25% if TSR over the three-year performance period relative to our compensation comparator group falls outside of a defined range. See [page 54](#) for more information about the relative TSR modifier.

The amounts for 2019 in the Summary Compensation Table above reflect the value of the annual PSU grants at the target (or 100%) level. The table below provides the potential value of the 2019 annual PSU grants at the threshold, target and maximum levels. The metrics, targets and status of the outstanding PSU programs are described beginning on [page 55](#).

Name	2019-2021 Performance Share Units Granted 02/21/2019		
	Value at Threshold Level (50%) ¹	Value at Target (100%) (Reported in Column (e) Above) ¹	Value at Maximum Level (200%) ¹
Mr. Quincey	\$4,115,555	\$8,231,110	\$16,462,221
Mr. Murphy	1,509,016	3,018,071	6,036,142
Ms. Waller	0	0	0
Mr. Arroyo	905,425	1,810,851	3,621,701
Mr. Dinkins	768,235	1,536,470	3,072,940
Mr. Smith	1,646,206	3,292,452	6,584,904

¹ Pursuant to the relative TSR modifier on PSU awards, the number of shares earned will be reduced or increased by 25% if TSR over the three-year performance period relative to our compensation comparator group (see [page 58](#)) falls outside of a defined range.

For information on the assumptions used by the Company in calculating the value of the awards, see Note 14 to the Company's consolidated financial statements in the Form 10-K. To see the value actually received upon vesting of stock by the Named Executive Officers in 2019, refer to the

2019 Option Exercises and Stock Vested table on [page 76](#). Additional information on all outstanding stock awards is reflected in the 2019 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 75](#).

OPTION AWARDS (COLUMN (f))

The amounts reported in the Option Awards column represent the grant date fair value of stock option awards granted under the 2014 Equity Plan to each of the Named Executive Officers, calculated in accordance with ASC Topic 718.

For information on the assumptions used by the Company in calculating these amounts, see Note 14 to the Company's consolidated financial statements in the Form 10-K. To see

the value actually received upon exercise of options by the Named Executive Officers in 2019, refer to the 2019 Option Exercises and Stock Vested table on [page 76](#). Additional information on all outstanding option awards is reflected in the 2019 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 75](#).

NON-EQUITY INCENTIVE PLAN COMPENSATION (COLUMN (g))

The amounts reported in the Non-Equity Incentive Plan Compensation column reflect the amounts earned by each Named Executive Officer under the Company's annual Performance Incentive Plan. The Annual Incentive

Compensation section of the Compensation Discussion and Analysis, which begins on [page 52](#), describes how the 2019 Performance Incentive Plan awards to the Named Executive Officers were determined.

CHANGE IN PENSION VALUE AND NONQUALIFIED DEFERRED COMPENSATION EARNINGS (COLUMN (h))

The amounts reported for each year in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column are comprised of changes in the actuarial present value of the accumulated pension benefits of each of the Named Executive Officers under the applicable pension plan during such year.

Pension values may fluctuate significantly from year to year depending on a number of factors, including age, years of service, average annual earnings and the assumptions used to determine the present value, such as the discount rate. The assumptions used by the Company in calculating the change in pension value are described on [page 78](#). For 2019, the discount rate assumption used to determine the actuarial present value of accumulated pension benefits was lower than in 2018. For Ms. Waller and for Messrs. Dinkins and Smith, this lower discount rate was a significant reason for the increase in pension value in 2019.

The Company cautions that the values reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column are theoretical as those

amounts are calculated pursuant to SEC requirements and are based on assumptions used in preparing the Company's audited financial statements for the applicable fiscal years. The Company's retirement plans utilize a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any. The change in pension value from year to year as reported in the table is subject to market volatility and may not represent the value that a Named Executive Officer will actually accrue or receive under the Company's retirement plans during any given year.

None of the Named Executive Officers received above-market or preferential earnings (as these terms are defined by the SEC) on their nonqualified deferred compensation accounts.

The material provisions of the Company's retirement plans and deferred compensation plans in which the Named Executive Officers participate are described in the Summary of Plans in [Annex B](#) beginning on [page 104](#).

ALL OTHER COMPENSATION (COLUMN (i))

The amounts reported in the All Other Compensation column reflect, for each Named Executive Officer, the sum of (i) the incremental cost to the Company of all perquisites and other personal benefits; (ii) the amount of any tax reimbursements; (iii) the amounts contributed by the Company to applicable Company 401(k) and savings plans; and (iv) the dollar value of life insurance premiums paid by the Company. For Ms. Waller, the amount reported in the All Other Compensation column also reflects a severance benefit received in connection with her separation. Amounts contributed to Company 401(k) and savings plans are calculated on the same basis for all participants in the relevant plan, including the Named

Executive Officers. The material provisions of the Company 401(k) and savings plans in which the Named Executive Officers participate are described in the Summary of Plans in [Annex B](#) beginning on [page 104](#).

The following table outlines those perquisites and other personal benefits and additional all other compensation required by SEC rules to be separately quantified for 2019. A dash indicates that the Named Executive Officer received the perquisite or personal benefit, but the amount was not required to be disclosed under SEC rules. The narrative following the table describes all categories of perquisites and other personal benefits provided by the Company in 2019.

Name	Perquisites and Other Personal Benefits				Additional All Other Compensation

AIRCRAFT USAGE

The Company owns and operates business aircraft to allow employees to safely and efficiently travel for business purposes around the world. Given the Company's significant global presence, we believe it is a business imperative for senior leaders to be on the ground at our global operations. The Company aircraft allow employees to be far more productive than if commercial flights were utilized, as the aircraft provide a confidential and highly productive environment in which to conduct business without the schedule constraints imposed by commercial airline service.

The Company aircraft are made available to the Named Executive Officers for their personal use in the following situations:

- The Company aircraft is the Board's strongly preferred method for all travel by Messrs. Quincey and Smith, for both business and personal travel. This is for security purposes due to the high profile and global nature of our business and our highly symbolic and well-recognized brands, as well as to ensure that they can be immediately available to respond to business priorities from any location around the world. This arrangement also allows travel time to be used productively for the Company. Messrs. Quincey and Smith, and their immediate family members traveling with them, use the Company aircraft for a reasonable number of personal trips. Personal use of the Company aircraft results in imputed taxable income. Neither Messrs. Quincey nor Smith is provided a tax reimbursement for personal use of aircraft.
- No other Named Executive Officer uses the Company aircraft for personal purposes except in extraordinary circumstances. The Company aircraft was not used for personal travel by any Named Executive Officers in 2019, other than Messrs. Quincey and Smith.
- Infrequently, spouses and guests of Named Executive Officers travel on the Company aircraft when the aircraft is already going to a specific destination for a business purpose. This use has minimal cost to the Company and, where applicable, a nominal amount is included in the All Other Compensation table above. Income is imputed to the Named Executive Officer for income tax purposes, but no tax reimbursement is provided since such persons are not traveling for a business purpose.
- In determining the incremental cost to the Company of personal use of the Company aircraft, the Company calculates, for each aircraft, the direct variable operating costs on an hourly basis, including all costs that may vary by the hours flown. Items included in calculating this cost are as follows:
 - aircraft fuel and oil;
 - travel, lodging and other expenses for crew;
 - prorated amount for repairs and maintenance;
 - prorated amount for rental fee on airplane hangar (when away from home base);
 - catering;
 - logistics (landing fees, permits, etc.);
 - telecommunication expenses and other supplies; and
 - the amount, if any, of disallowed tax deductions associated with such use.

When the aircraft is already flying to a destination for business purposes, only the direct variable costs associated with the additional passenger (for example, catering) are included in determining the aggregate incremental cost to the Company. While it happens very rarely, if an aircraft travels empty before picking up or after dropping off a passenger flying for personal reasons, this "deadhead" segment would be included in the incremental cost attributable to overall travel.

INTERNATIONAL SERVICE PROGRAM BENEFITS

The Company provides benefits to globally mobile associates under various international service programs, the material provisions of which are described on [page 106](#). These programs are designed to relocate and support employees who are sent on an assignment outside of their home country. The purpose of the programs is to make sure that when the Company requests that an employee move outside his or her home country, economic considerations do not play a role. This helps the Company quickly meet its business needs around the world and develop its employees.

In connection with Mr. Quincey's appointment as President and Chief Operating Officer and to support his transition to Atlanta from the United Kingdom, Mr. Quincey received benefits under an international service program through April 30, 2017. Certain benefits related to his participation in the program were paid in 2019 and may be paid in future years.

Mr. Murphy participated in an international service program for all of 2019 because he was a citizen of Ireland who relocated to the United States in January 2019. Mr. Murphy will remain in the program through 2020. Benefits related to his participation in the program were paid in 2019 and will continue to be paid in future years.

Mr. Arroyo participated in an international service program for all of 2019 because he was a citizen of Spain based in Singapore. Benefits related to his participation in the program were paid in 2019 and will continue to be paid in future years.

The costs to the Company in 2019 were as follows:

Name	Relocation	Home Leave	Housing Allowance	Cost of Living Allowance	Tax Equalization ¹	Other Program Allowances
Mr. Quincey	\$ 0	\$ 0	\$ 0	\$ 0	\$ 9,107	\$ 0
Mr. Murphy	100,947	33,612	41,261	11,363	1,703,658	98,326
Mr. Arroyo	77,126	37,698	319,633	40,029	0	221,897

¹ The tax equalization amount, which includes tax preparation services, may differ significantly from year to year due to differences in timing of payments and tax reporting years in various countries. For Mr. Arroyo, these payments did not result in a net reportable benefit in 2019.

FINANCIAL AND TAX PLANNING

The Company provides a taxable reimbursement to the Named Executive Officers for financial planning services, which may include tax preparation and estate planning services. No tax gross-ups are provided to the Named Executive Officers for this benefit.

OTHER PERQUISITES

The Company makes available executive physicals to executives, including the Named Executive Officers.

ADDITIONAL ALL OTHER COMPENSATION

TAX REIMBURSEMENT

The amounts reported in the table on [page 71](#) represent tax reimbursements for certain Named Executive Officers. All amounts for 2019 are related to business use of the Company aircraft. No Named Executive Officer is provided a tax reimbursement for personal use of aircraft, but Named Executive Officers are provided a tax reimbursement for taxes incurred when a spouse or significant other travels for business purposes. These taxes are incurred because of the Internal Revenue Service's extremely limited rules concerning business travel by non-employees. It is sometimes necessary for spouses or significant others to accompany Named Executive Officers to business functions. In contrast to personal use, the Company does not believe an employee should pay personally when spousal or significant other travel is required or important for business purposes.

To calculate taxable income, the Standard Industry Fare Level rates set by the Internal Revenue Service are used. Where a tax reimbursement is authorized, it is calculated using the highest marginal federal tax rate, applicable state rate and Medicare rates. The rate used to calculate taxable income has no relationship to the incremental cost to the Company associated with the use of the aircraft.

SEVERANCE

As described below, in connection with Ms. Waller's retirement on March 15, 2019 and pursuant to a letter agreement with the Company, Ms. Waller received a cash severance benefit under the terms of The Coca-Cola

Company Severance Pay Plan (the "TCCC Severance Plan"). The value of this cash severance benefit is included in All Other Compensation above. See [page 80](#) for additional information.

COMPANY CONTRIBUTIONS TO COMPANY 401(K) AND SAVINGS PLANS

The Company makes matching contributions to Named Executive Officers who participate in applicable Company 401(k) or savings plans on the same terms and using the same formulas as other participating employees. In 2019, all Named Executive Officers except for Messrs. Murphy and Arroyo participated in the Company 401(k) Plan and Supplemental 401(k) Plan.

The amounts reported in the table on [page 71](#) represent the following contributions in 2019:

- Mr. Quincey – \$9,800 to the 401(k) Plan and \$221,725 to the Supplemental 401(k) Plan.
- Ms. Waller – \$9,800 to the 401(k) Plan and \$57,014 to the Supplemental 401(k) Plan.
- Mr. Dinkins – \$9,800 to the 401(k) Plan and \$30,577 to the Supplemental 401(k) Plan.
- Mr. Smith – \$9,800 to the 401(k) Plan and \$67,725 to the Supplemental 401(k) Plan.

In 2019, Messrs. Murphy and Arroyo participated in the Mobile Employees Retirement Plan (the "Mobile Plan"), which is included in the 2019 Pension Benefits table on [page 78](#).

LIFE INSURANCE PREMIUMS

The Company provides life insurance to U.S.-based employees, including the Named Executive Officers. In 2019, this coverage was equal to the lesser of 1.5 times pay or \$2 million. The amounts reported in the table on [page 71](#) represent the premiums paid for this insurance by the Company.

¹ In May 2017, Mr. Quincey stopped participating in an international service program and localized to the United States. As a result, he began participating again in the TCCC Pension Plan and TCCC Supplemental Pension Plan and stopped accruing benefits in the Mobile Plan. Mr. Quincey's actual years of service with the Company is 23.4 years. He participated in the Coca-Cola UK Stakeholder Pension Plan (the "UK Savings Plan") for a portion of this time.

² For each person, the same years of service apply to both the TCCC Pension Plan and the TCCC Supplemental Pension Plan, which work in tandem.

³ Mr. Arroyo had a prior period of employment with the Company for which his benefits in the Mobile Plan were fully distributed. The service shown reflects service from 2017 when he rejoined the Company and began participating again in the Mobile Plan. Mr. Arroyo's actual years of service with the Company is 21.9 years. He participated in a savings plan in Spain (the "Spanish Savings Plan") for a portion of this time.

The Company provides retirement benefits from various plans to its employees, including the Named Executive Officers. Due to the Company's global operations, it maintains different plans to address different market conditions, various legal and tax requirements, and different groups of employees.

In 2019, all Named Executive Officers except Messrs. Murphy and Arroyo participated in or had a benefit under The Coca-Cola Company Pension Plan (the "TCCC Pension Plan") and The Coca-Cola Company Supplemental Pension Plan (the "TCCC Supplemental Pension Plan"). In 2019, Messrs. Murphy and Arroyo participated in the Mobile Plan. Mr. Quincey has a benefit under the Mobile Plan for the period he was covered under an international service program. Additional details of these plans are described in the Summary of Plans in **Annex B** beginning on **page 104**. The table above reflects the present value of benefits accrued by each of the Named Executive Officers from the applicable plans.

Compensation used for determining pension benefits under the TCCC Pension Plan, the TCCC Supplemental Pension Plan and the Mobile Plan generally includes only salary and annual cash incentives. The amounts reflected for each plan represent the present value of the maximum benefit payable under the applicable plan. In some cases, the payments may be reduced for early retirement or by benefits paid by other Company-sponsored retirement plans, statutory payments or Social Security.

The Company generally does not grant additional years of benefit service, and no Named Executive Officer has been credited with additional years of benefit service.

The discount rate assumption used by the Company in calculating the present value of accumulated benefits was 3.32% for the TCCC Pension Plan and 3.26% for the TCCC Supplemental Pension Plan. For information on additional assumptions used by the Company in calculating the present value of accumulated benefits, see Note 15 to the Company's consolidated financial statements in the Form 10-K. The calculations assume that the Named Executive Officer continues to live at least until the earliest age at which an unreduced benefit is payable.

The Company's retirement plans utilize a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any. The traditional pension benefit under the TCCC Supplemental Pension Plan is paid in the form of an annuity if the employee has reached at least age 55 with ten years of service at the time of his or her separation from the Company. Therefore, Messrs. Dinkins and Smith are required to take the traditional pension benefit portion of their TCCC Supplemental Pension Plan benefit in the form of an annuity.

2019 Nonqualified Deferred Compensation

The following table provides information on the Named Executive Officers' participation in The Coca-Cola Company Deferred Compensation Plan (the "Deferred Compensation Plan") and the Supplemental 401(k) Plan, as applicable. These plans either allow eligible employees to defer part of their salary and annual incentive on a voluntary basis or make employees whole when the Company matching contribution

is limited under the tax-qualified plan. The Company matching contribution under the Supplemental 401(k) Plan was provided at the same rate as the match in the 401(k) Plan. The Company does not match any additional voluntary deferrals.

Additional details of the Deferred Compensation Plan and the Supplemental 401(k) Plan are described in the Summary of Plans in **Annex B** beginning on **page 104**.

EXECUTIVE CONTRIBUTIONS IN LAST FISCAL YEAR (COLUMN (b))

Mr. Dinkins contributed to the Deferred Compensation Plan in 2019.

REGISTRANT CONTRIBUTIONS IN LAST FISCAL YEAR (COLUMN (c))

All Company matching contributions shown are included in the "All Other Compensation" column of the 2019 Summary Compensation Table.

AGGREGATE EARNINGS IN LAST FISCAL YEAR (COLUMN (d))

The earnings reflected in column (d) represent deemed investment earnings or losses from voluntary deferrals and Company contributions, as applicable. The Deferred Compensation Plan and the Supplemental 401(k) Plan do not

guarantee a return on deferred amounts. For these plans, no amounts included in column (d) are reported in the 2019 Summary Compensation Table because the plans do not provide for above-market or preferential earnings.

AGGREGATE BALANCE AT LAST FISCAL YEAR-END (COLUMN (f))

The amounts reflected in column (f) for Ms. Waller and Messrs. Quincey and Smith, with the exception of amounts reflected in columns (b), (c) and (d), if any, have been reported in prior Company proxy statements. For Mr. Dinkins, no portion of the amount in column (f) has been reported in prior Company proxy statements because Mr. Dinkins was not a Named Executive Officer prior to 2019.

Payments on Termination or Change in Control

General

Most of the Company's plans and programs contain specific provisions detailing how payments are treated upon termination or change in control. The specific termination and change in control provisions under these plans, which are described below, apply to all participants in each plan.

The termination scenarios described in this section include voluntary separation, involuntary separation, disability and death. For more information on the plans described below, see Summary of Plans in **Annex B** beginning on **page 104**.

Retirement of Kathy N. Waller

As disclosed above, Ms. Waller retired from the Company on March 15, 2019. The terms of her separation were governed by a letter, dated October 17, 2018. Among other things, Ms. Waller received a cash severance benefit under the terms of the TCCC Severance Plan of \$1,700,000 and an annual incentive award of \$297,267 for 2019, which reflects a prorated amount for her time spent in her position through March 15, 2019. Ms. Waller did not receive any equity grants during 2019. All of Ms. Waller's outstanding equity incentive awards were treated in accordance with the terms

of the relevant equity plans under which they were granted and related agreements. As such, stock options held by Ms. Waller with a value of \$432,384 as of March 15, 2019 vested upon her retirement and restricted stock units with a value of \$3,889,866 as of March 15, 2019 vested upon her retirement and were released upon the completion of the holding period in February 2020. Ms. Waller's retirement benefits consist of those benefits accrued and vested under the standard terms and conditions of the plans in which she participated.

Change in Control

The change in control provisions in the various Company plans were adopted to mitigate the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the shareowners. Thus, the change in control provisions are designed with the intention of ensuring that employees are neither harmed nor given a windfall in the event of a change in control. The Company's plans generally provide that a change in control may occur upon

(i) a greater than 20% change in ownership of the Company; (ii) a change of the majority of the Board within a two-year period; or (iii) certain merger and consolidation transactions. As described below, Company equity plans include "double-trigger" change in control provisions.

The Company does not have individual change in control agreements and no tax gross-up is provided for any taxes incurred as a result of a change in control payment. The Board can determine prior to the potential change in control that no change in control will be deemed to have occurred.

Severance Plan

All the Named Executive Officers are covered by the TCCC Severance Plan.

TERMINATION, DEATH, DISABILITY

Generally, benefits are payable under the TCCC Severance Plan when an employee is terminated involuntarily due to certain circumstances, such as an internal reorganization or

position elimination. The maximum cash severance benefit under this plan is two years of base pay, payable as a lump sum.

CHANGE IN CONTROL

There are no separate change in control provisions included in the TCCC Severance Plan.

Annual Incentive Plan

All the Named Executive Officers participated in the annual Performance Incentive Plan in 2019.

TERMINATION, DEATH, DISABILITY

Generally, participants employed on December 31 are eligible to receive a cash incentive for the year, regardless of whether employment continues through the payment date. Employees who (i) terminate employment prior to December 31 who are

at least 55 years of age with ten years of service; (ii) die; or (iii) move to an affiliate generally receive a prorated incentive based on actual Company performance and the portion of the year actually worked.

CHANGE IN CONTROL

Upon a change in control, participants receive the target amount of the annual incentive after the end of the performance year. This amount is prorated if the participant leaves during the year.

Deferred Compensation Plans

All the Named Executive Officers except Messrs. Murphy and Arroyo were eligible to participate in the Deferred Compensation Plan in 2019. However, not all chose to participate.

TERMINATION, DEATH, DISABILITY

Under the Deferred Compensation Plan, employees who terminate employment after age 50 with five years of service receive payments based on elections made at the time they elected to defer compensation. Other employees receive a lump sum after termination. Individuals who are designated as “specified employees” under Section 409A

of the Tax Code may not receive payments for at least six months following termination of employment to the extent the amounts were deferred after January 1, 2005. There are no enhanced benefits payable under the Deferred Compensation Plan upon a participant’s death or disability.

CHANGE IN CONTROL

Upon a change in control, any Company discretionary contributions to the Deferred Compensation Plan vest. No Named Executive Officers have received a Company discretionary contribution.

Equity Plans

All the Named Executive Officers participated in the Company’s equity plans in 2019.

TERMINATION

The treatment of equity upon termination of employment depends on the reason for the termination and the employee’s age and length of service at termination. The table below details the termination provisions of the various equity award types.

Award Type	Separation Prior to Meeting Age/Service Requirement	Separation After Meeting Age/Service Requirement of 60 years/10 years of service	Involuntary Separation After Meeting Age/Service Requirement of 50 years/10 years of service ¹
Stock Options	Employees have six months to exercise vested options. Unvested options are forfeited.	All options held at least 12 months vest. Employees have the full remaining term to exercise the options.	All options held at least 12 months continue to vest for up to four years.
Restricted Stock/ Restricted Stock Units	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met.	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met. Some grants vest upon meeting age and service requirements.	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met. Some grants vest upon meeting age and service requirements.
PSUs	All PSUs are forfeited if separation occurs prior to satisfaction of performance measures and holding requirements.	For grants held at least 12 months, the employee receives the same number of earned shares as active employees after the results are certified.	Outstanding PSUs held at least 12 months will not be forfeited and a prorated amount will be released after the results are certified.

¹ Applicable for involuntary separations due to specific circumstances, such as an internal reorganization or position elimination. For grants prior to 2013, executive officers are not eligible for this treatment without specific approval by the Talent and Compensation Committee. No Named Executive Officer has been made eligible for this treatment.

DEATH

If an employee dies, all options vest if the options have been accepted. The employee's estate has five years from the date of death to exercise the options. Provided they have been accepted, restricted stock and restricted stock units vest and are released to the employee's estate. Provided the PSUs have been accepted, if death occurs during the performance

period, the employee's estate receives a cash payment equal to the value of the target number of shares. For PSUs where performance has been certified, the employee's estate receives a cash payment based on the certified results within 90 days.

DISABILITY

If an employee terminates employment because of disability, all options vest, and the employee has the full remaining term to exercise the options. Restricted stock and restricted stock units vest and are released to the employee. For PSUs

in the performance period, the employee receives shares equal to the number of shares that the employee would have earned based on actual performance after the end of the performance period.

CHANGE IN CONTROL

Beginning with awards in 2015, the treatment of equity upon a change in control is governed by the 2014 Equity Plan. Awards granted prior to 2015 were governed by applicable plans and agreements. The table below details the double-trigger change in control provisions of the various equity

award types if awards are assumed by the successor company. If awards are not assumed by the successor company, accelerated vesting generally occurs upon a change in control.

Award Type	Grants Prior to 2015	Grants Beginning in 2015
Stock Options	Options vest if an employee is terminated within two years following the change in control.	Options vest if an employee is terminated without cause within one year following the change in control.
Restricted Stock/ Restricted Stock Units	Shares vest if an employee is terminated within two years following the change in control.	Shares vest if an employee is terminated without cause within one year following the change in control.
PSUs	PSUs vest at the target level if an employee is terminated within two years following the change in control.	PSUs vest if an employee is terminated without cause within two years following the change in control (i) at the target level if the change in control occurs during the first half of the performance period and (ii) based on actual performance if the change in control occurs during the second half of the performance period. In each case, the final payout is prorated based on time worked in the performance period.

Retirement and 401(k) Plans

All the Named Executive Officers except Messrs. Murphy and Arroyo were participants in the TCCC Pension Plan, the TCCC Supplemental Pension Plan, the 401(k) Plan and the Supplemental 401(k) Plan in 2019. Messrs. Murphy and

Arroyo participated in the Mobile Plan in 2019. Mr. Quincey has a benefit under the UK Savings Plan related to a prior period of employment. Mr. Arroyo has a benefit under the Spanish Savings Plan related to a prior period of employment.

TERMINATION, DEATH, DISABILITY

No payments may be made under the TCCC Pension Plan or the TCCC Supplemental Pension Plan until an employee has separated from service and met eligibility requirements. Generally, no payments may be made under the 401(k) Plan, the Supplemental 401(k) Plan or the Mobile Plan until separation from service, except distributions may be taken from the 401(k) Plan after age 59½ and distributions related to mandatory tax payments may be made under the Mobile Plan, whether or not the employee has terminated employment.

Individuals who are designated as "specified employees" under Section 409A of the Tax Code, which include the U.S.-based Named Executive Officers, may not receive payments from the TCCC Supplemental Pension Plan, the Supplemental 401(k) Plan or the Mobile Plan for at least six months following termination of employment.

There are no enhanced benefits payable under the TCCC Pension Plan, the TCCC Supplemental Pension Plan, the 401(k) Plan, the Supplemental 401(k) Plan, the Mobile Plan, the UK Savings Plan or the Spanish Savings Plan upon a participant's death or disability.

CHANGE IN CONTROL

The TCCC Pension Plan and the TCCC Supplemental Pension Plan contain change in control provisions that affect all participants equally, including the participating Named Executive Officers. These provisions provide an enhanced benefit to vested participants for benefits accrued under the defined benefit formula if certain conditions are met, including that the employee must actually leave the Company within two years of a change in control. A change in control has no effect on the cash balance portion of the

TCCC Pension Plan and there are no additional credited years of service. Upon a change in control under the TCCC Pension Plan and the TCCC Supplemental Pension Plan, the earliest retirement age is reduced resulting in an enhanced benefit for participants who have not reached the earliest retirement age.

The 401(k) Plan, the Supplemental 401(k) Plan, the Mobile Plan, the UK Savings Plan and the Spanish Savings Plan do not have special provisions for change in control.

Quantification of Payments upon Termination or Change in Control

The following table and footnotes describe the potential payments to the Named Executive Officers upon termination of employment or a change in control of the Company as of December 31, 2019, with the exception of Ms. Waller who retired in 2019 and for whom her actual termination benefits are described above on [page 80](#).

The table does not include:

- compensation or benefits previously earned by the Named Executive Officers or equity awards that are fully vested;

- the value of pension benefits that are disclosed in the 2019 Pension Benefits table beginning on [page 78](#), except for any pension enhancement triggered by the event, if applicable;
- the amounts payable under deferred compensation plans that are disclosed in the 2019 Nonqualified Deferred Compensation table on [page 79](#); or
- the value of any benefits (such as retiree health coverage, life insurance and disability coverage) provided on the same basis to substantially all other employees in the country in which the Named Executive Officer works.

¹ Except upon a change in control, no amounts are included for the Performance Incentive Plan because the Named Executive Officers would be entitled to the same payment regardless of whether the event occurred. Upon a change in control, the target annual incentive amount is guaranteed (subject to proration if the participant leaves before the end of the year).

8 COMPENSATION Payments on Termination or Change in Control

- ² Represents the intrinsic value of the acceleration of vesting of any stock options that vest upon the event. Intrinsic value is the difference between the exercise price of the stock option and the closing price of Common Stock, which was \$55.35 on December 31, 2019, the last trading day of the year.
- ³ No amounts are included for the 2017-2019, 2018-2020 and 2019-2021 PSU programs for Voluntary Separation, Involuntary Termination and Disability because the PSUs remain subject to performance requirements even after the event. See [page 55](#) for the status of these PSU programs.
- ⁴ For Mr. Quincey, represents the value of a more favorable early retirement subsidy in the event of a change in control and subsequent termination. No other Named Executive Officer would receive a pension enhancement upon a change in control.

VOLUNTARY SEPARATION (COLUMN (a))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Mr. Smith because he has satisfied the age and service requirement for acceleration of vesting of certain equity awards held for at least 12 months. The amount included in “PSUs and Restricted Stock Units” reflects

the value of the shares earned under the 2016-2018 PSU program. Messrs. Quincey, Murphy, Arroyo and Dinkins have not satisfied the age and service requirement for acceleration of any equity awards, and therefore, no additional payments would be triggered upon voluntary separation.

INVOLUNTARY TERMINATION (COLUMN (b))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Mr. Smith because he has satisfied the age and service requirement for acceleration of vesting of certain equity awards held for at least 12 months. Amounts are included under “Stock Options” and/or “PSUs and Restricted Stock Units” for Messrs. Quincey, Murphy,

Arroyo and Dinkins because involuntary termination triggers continued vesting of equity awards granted beginning in 2013 after the age and service requirement has been met. The amount included in “PSUs and Restricted Stock Units” reflect the value of the shares earned under the 2016-2018 PSU program.

DEATH (COLUMN (c))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” because death triggers acceleration of vesting of certain equity awards. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares

earned under the 2016-2018 PSU program; and (ii) the value of the target number of shares granted under the 2017-2019, 2018-2020 and 2019-2021 PSU programs.

DISABILITY (COLUMN (d))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” because termination of employment caused by disability triggers acceleration of vesting or

continued vesting of certain equity awards. The amounts for “PSUs and Restricted Stock Units” reflect the value of the shares earned under the 2016-2018 PSU program.

CHANGE IN CONTROL (COLUMN (e))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for all Named Executive Officers because a change in control triggers acceleration of vesting of certain equity awards. Since equity awards have double-trigger change in control provisions, the table above assumes that both a change in control and a subsequent termination of employment have occurred. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the

shares earned under the 2016-2018 PSU program; (ii) the value of the number of shares granted under the 2017-2019 PSU program at the maximum award level; (iii) the value of the number of shares granted under the 2018-2020 PSU program at the maximum award level, prorated for two years of the performance period; and (iv) the value of the number of shares granted under 2019-2021 PSU program at the target award level, prorated for one year of the performance period.

Equity Compensation Plan Information

All numbers in the following table are as of December 31, 2019.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) (c)
Equity Compensation Plans Approved by Security Holders	116,355,656 ¹	\$38.43 ²	370,797,048 ³
Equity Compensation Plans Not Approved by Security Holders	0	N/A	0
TOTAL	116,355,656		370,797,048

¹ Includes 105,470,183 shares issuable pursuant to outstanding options under the 2014 Equity Plan, The Coca-Cola Company 1999 Stock Option Plan and The Coca-Cola Company 2008 Stock Option Plan. The weighted-average exercise price of such options is \$38.43. Also includes 10,885,473 full-value awards of shares outstanding under the 2014 Equity Plan and the 1989 Restricted Stock Award Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met.

² The weighted-average term of the outstanding options is 4.41 years.

³ Includes 367,827,793 shares that may be issued pursuant to future awards under the 2014 Equity Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. The 2014 Equity Plan uses a fungible share pool under which each share issued pursuant to an option reduces the number of shares available by one share, and each share issued pursuant to awards other than options reduces the number of shares available by five shares. See Long-Term Incentive Compensation beginning on [page 54](#) for more information, including the Equity Stewardship Guidelines, which include a burn rate commitment. With this burn rate commitment, over the 2014 Equity Plan's ten-year term, the maximum number of shares that may be used is estimated not to exceed 200,000,000 (based on Common Stock outstanding decreasing by 1% each year). Also includes 2,732,413 options which may be issued pursuant to future awards under The Coca-Cola Company 1999 Stock Option Plan and The Coca-Cola Company 2008 Stock Option Plan and 236,842 shares of Common Stock that may be issued pursuant to the 1989 Restricted Stock Award Plan. The maximum term of the options is ten years.

Share units credited under the Supplemental 401(k) Plan and the Directors' Plan are not included in the table above since payouts under those plans are in cash.

The Company or its applicable subsidiary provides a matching contribution in Common Stock under various plans throughout the world. No shares are issued by the Company under any of these plans, and therefore these plans are not included in the table above. Shares are purchased on the open market by a third-party trustee. These plans are exempt from the shareowner approval requirements of the NYSE.

The Company also sponsors employee share purchase plans in several jurisdictions outside the United States. The Company does not grant or issue Common Stock pursuant to these plans, but does facilitate the acquisition of Common Stock by employees in a cost-efficient manner. These plans are not equity compensation plans.

Pay Ratio Disclosure

As required by SEC rules, we are providing the following information to explain the relationship between the annual total compensation of Mr. Quincey, who served as the Company's Chief Executive Officer in 2019, and the annual total compensation of the median employee of the Company, excluding our CEO. The Company selected October 1, 2019 as the determination date for identifying the median employee for purposes of this pay ratio disclosure.

As of October 1, 2019, the Company employed approximately 86,000 employees globally, including approximately 10,000 in the United States. The median annual total compensation disclosed below is based on the Company's global workforce and is not designed to capture the median compensation of the Company's U.S. employees. Our compensation philosophy is to pay competitively to market and provide fair compensation regardless of the locale. The compensation approach used to determine compensation for our broader workforce is the same approach we use when setting CEO pay, including consideration of pay competitiveness in each jurisdiction consistent with market practice and the use of performance-based metrics that reward exceptional business performance. For more information regarding our compensation philosophy, see [page 47](#).

We are using a different median employee from the person that was identified in the preparation of our pay ratio disclosure for 2018. Since October 1, 2018, the date as of which the Company last identified its median employee, the Company experienced the following significant changes in its employee population, which increased the number of employees globally and changed our median employee compensation:

- In December 2018, the Company acquired a controlling interest in the Philippine bottling operations from Coca-Cola FEMSA, S.A.B. de C.V. and now owns 100% of the Philippine bottling operations. As a result, approximately 10,000 employees in the Philippines are included in the calculation of the pay ratio for 2019. They were not included in the calculation of the pay ratio for 2018.
- In January 2019, the Company acquired Costa, a coffee company with retail outlets in over 30 countries. As a result, approximately 20,000 Costa employees are included in the calculation of the pay ratio for 2019. They were not included in the calculation of the pay ratio for 2018. As is customary in the retail coffee industry, Costa employees frequently work in flexible, part-time roles which has the effect of lowering the annual total compensation for our median employee.

In addition, during the second quarter of 2019, the Company updated its plans for CCBA and now intends to maintain

its controlling stake in CCBA for the foreseeable future. As a result, CCBA no longer qualifies as held for sale or as a discontinued operation, and the Company now presents the financial results of CCBA within its results from continuing operations. Therefore, unlike 2018, we will not be providing a supplemental pay ratio that excludes all of the approximate 19,000 employees, as of October 1, 2019, of CCBA's bottling operations, the vast majority of which are located in Africa.

For 2019, the median annual total compensation of all employees of the Company and its consolidated subsidiaries (other than the Chief Executive Officer) was \$11,285. Mr. Quincey's annual total compensation for 2019, as reported under the "Total" column (column (j)) in the 2019 Summary Compensation Table, was \$18,701,149. Based on this information, for 2019, the ratio of the compensation of the Chief Executive Officer to the median annual total compensation of all other employees was estimated to be 1,657 to 1.

To identify, and to determine the annual total compensation of, the median employee, we used the same methodology that was applied in the calculation of the pay ratio for 2018. Specifically:

- We collected the payroll data of all employees globally, whether employed on a full-time, part-time, temporary or seasonal basis as of October 1, 2019. We did not make any cost-of-living adjustments to compensation.
- We annualized the compensation of all permanent full-time and part-time employees who were hired by the Company and its consolidated subsidiaries between January 1 and October 1, 2019.
- We applied an exchange rate as of October 1, 2019 to convert all foreign currencies into U.S. dollars.
- We used total base pay as of October 1, 2019 as our consistently applied compensation measure. We identified all employees within 5% of the median, and from this group used statistical sampling to select an employee as a reasonable representative of our median employee.

Using this methodology, we determined that the median employee was a part-time, hourly Costa employee located in the United Kingdom with an annual total compensation of \$11,285 for 2019, calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which includes base pay and an employer retirement contribution.

We believe our pay ratio presented above is a reasonable estimate. Because SEC rules for identifying the median employee and calculating the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, our pay ratio may not be comparable to the pay ratio reported by other companies.

Report of the Audit Committee

The Audit Committee operates under a written charter adopted by the Board that outlines its responsibilities and the practices it follows. You can view the charter on the Company's website, www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance," then "Committees." The Audit Committee reviews and assesses the adequacy of its charter at least annually and, when appropriate, recommends to the Board changes to the charter to reflect the evolving role of the Audit Committee.

The Audit Committee is composed entirely of non-employee Directors who meet the independence and financial literacy requirements of the NYSE and additional, heightened independence criteria applicable to members of the Audit Committee under SEC and NYSE rules. The Board designated Ronald W. Allen and David B. Weinberg as "Audit Committee financial experts" under the SEC rules for 2019.

Primary Responsibilities and 2019 Actions

The Audit Committee represents and assists the Board in fulfilling its oversight responsibility relating to the integrity of the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function and the annual independent audit of the Company's financial statements. The Audit Committee oversees the Company's compliance with legal and regulatory requirements, the Independent Auditors' qualifications and independence, the performance of the Company's internal audit function and the Independent Auditors, the Company's ethical compliance programs, including the Company's Codes of Business Conduct, and the Company's quality and food safety programs, workplace and distribution safety programs and information technology security programs. The Audit Committee also generally oversees the Company's overall ERM program and has direct oversight over financial reporting and control and the Company's product integrity assurance and information technology security programs within the ERM framework. In addition, at the request of the Audit Committee, during some of its meetings, the Audit Committee participates in educational sessions on accounting and financial control matters and on areas of the Company's operations, including some of the areas of risk it oversees.

In 2019, the Audit Committee held eight meetings. Meeting agendas are established by the Audit Committee Chair and the Chief of Internal Audit. During 2019, among other things, the Audit Committee:

- met with the senior members of the Company's financial management team at each regularly scheduled meeting;
- held separate private sessions, during its regularly scheduled meetings, with each of the Company's General Counsel, the Independent Auditors and the Chief of

Internal Audit, at which candid discussions regarding financial management, legal, accounting, auditing and internal control issues took place;

- continued its long-standing practice of having independent legal counsel regularly attend Audit Committee meetings;
- met with the Chief Ethics and Compliance Officer to discuss the effectiveness of the Company's compliance program and regularly received status reports of compliance issues;
- received periodic updates on management's process to assess the adequacy of the Company's system of internal control over financial reporting, the framework used to make the assessment and management's conclusions on the effectiveness of the Company's internal control over financial reporting;
- discussed with the Independent Auditors the Company's internal control assessment process, management's assessment with respect thereto and the Independent Auditors' evaluation of the Company's system of internal control over financial reporting;
- reviewed and discussed with management and the Independent Auditors the Company's earnings releases and Quarterly and Annual Reports on Form 10-Q and Form 10-K, respectively, prior to filing with the SEC;
- reviewed the Company's internal audit plan and the performance of the Company's internal audit function;
- reviewed with senior members of the Company's financial management team, the Independent Auditors and the Chief of Internal Audit the overall audit scope and plans, the results of internal and external audits, evaluations by management and the Independent Auditors of the Company's internal controls over financial reporting and the quality of the Company's financial reporting;

- reviewed with management, including the Chief of Internal Audit and General Counsel, and the Independent Auditors, significant risks and exposures identified by management, the overall adequacy and effectiveness of the Company's legal, regulatory and ethical compliance programs, including the Company's Codes of Business Conduct, and the Company's quality and food safety programs, workplace and distribution safety programs and information technology security programs;
- evaluated the performance of the Company's Independent Auditors and interviewed and had direct involvement in the selection of the new global coordinating partner for 2019, in connection with the mandated rotation of such positions;
- received regular updates from management and discussed Company initiatives; and
- participated, with representatives of management and of the Independent Auditors, in educational sessions about topics requested by the Audit Committee.

Oversight of Independent Auditors

The Audit Committee engaged Ernst & Young LLP as the Company's Independent Auditors for the fiscal year ended December 31, 2019. In its meetings with representatives of the Independent Auditors, the Audit Committee asks them to address, and discuss their responses to, several questions that the Audit Committee believes are particularly relevant to its oversight.

These questions include:

- Are there any significant accounting judgments or estimates made by management in preparing the financial statements that would have been made differently had the Independent Auditors prepared and been responsible for the financial statements?
- Based on the Independent Auditors' experience and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with GAAP and SEC disclosure requirements?
- Based on the Independent Auditors' experience and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for the Company?

The Audit Committee believes that using these questions to help focus its discussions with the Independent Auditors promotes a more meaningful dialogue that provides a basis for its oversight judgment.

The Audit Committee also discussed with the Independent Auditors those matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") and the SEC. The Audit Committee received the written disclosures and the letter from the Independent Auditors required by applicable requirements of the PCAOB regarding the Independent Auditors' communication with the Audit Committee concerning independence and has discussed with the Independent Auditors their independence. The Audit Committee considered with the Independent Auditors whether the provision of non-audit services provided by them to the Company during 2019 was compatible with their independence.

2019 Audited Financial Statements

In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the responsibility for establishing and maintaining adequate internal control over financial reporting and for preparing the financial statements and other reports, and of the Independent Auditors, who are engaged to audit and report on the consolidated financial statements of the Company and its subsidiaries and the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed with management and the Independent Auditors the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2019, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates and the clarity of disclosures in the financial statements. In addressing

the quality of management's accounting judgments, members of the Audit Committee asked for management's representations and reviewed certifications prepared by the Chief Executive Officer and the Chief Financial Officer that the unaudited quarterly and audited consolidated financial statements of the Company fairly present, in all material respects, the financial condition, results of operations and cash flows of the Company, and have expressed to both management and the auditors their general preference for conservative policies when a range of accounting options is available.

In reliance on these reviews and discussions, and the reports of the Independent Auditors, the Audit Committee has recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2019, for filing with the SEC.

ITEM 3 RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS

WHAT AM I VOTING ON?

Shareowners are being asked to ratify the appointment of Ernst & Young LLP, a registered public accounting firm, to serve as the Company's Independent Auditors for the fiscal year ending December 31, 2020. Although the Audit Committee has the sole authority to appoint the Independent Auditors, as a matter of good corporate governance, the Board submits its selection of the Independent Auditors to our shareowners for ratification. If the shareowners should not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment.

VOTING RECOMMENDATION:

FOR the ratification of the appointment of Ernst & Young LLP as Independent Auditors.

The Audit Committee has the sole authority and responsibility to hire, evaluate and, where appropriate, replace the Company's Independent Auditors and, in its capacity as a committee of the Board, is directly responsible for the appointment, compensation and general oversight of the work of the Independent Auditors.

The Audit Committee has appointed Ernst & Young LLP ("EY") to serve as Independent Auditors for the fiscal year ending December 31, 2020. EY (including its predecessors) has served as the Company's Independent Auditors since 1921.

Annual Evaluation and Selection of Independent Auditors

The Audit Committee annually evaluates the performance of the Company's Independent Auditors, including the senior audit engagement team, and determines whether to reengage the current Independent Auditors or consider other audit firms. Factors considered by the Audit Committee in deciding whether to retain the current Independent Auditors include:

- EY's global capabilities;
- EY's technical expertise and knowledge of the Company's global operations and industry;
- the quality and candor of EY's communications with the Audit Committee and management;
- EY's independence;
- the quality and efficiency of the services provided by EY, including input from management on EY's performance and how effectively EY demonstrated its independent judgment, objectivity and professional skepticism;
- external data on audit quality and performance, including recent PCAOB reports on EY and its peer firms; and
- the appropriateness of EY's fees, EY's tenure as Independent Auditors, including the benefits of a longer tenure, and the controls and processes in place that help ensure EY's continued independence.

BENEFITS OF LONGER TENURE

- ✓ **Enhanced audit quality** – EY's significant institutional knowledge and deep expertise of the Company's global business, accounting policies and practices, and internal control over financial reporting enhance audit quality.
- ✓ **Competitive fees** – Because of EY's familiarity with the Company, audit and other fees are competitive with peer companies.
- ✓ **Avoid costs associated with new auditor** – Bringing on new Independent Auditors would be costly and require a significant time commitment, which could lead to management distractions.

INDEPENDENCE CONTROLS

- ✓ **Audit Committee oversight** – Oversight includes regular private sessions with EY, discussion with EY about the scope of audit and business imperatives, a comprehensive annual evaluation when determining whether to reengage EY and direct involvement by the Audit Committee and its Chair in the selection of the new lead assurance engagement partner and new global coordinating partner in connection with the mandated rotation of these positions.
- ✓ **Limits on non-audit services** – The Audit Committee pre-approves audit and permissible non-audit services provided by EY in accordance with its pre-approval policy.
- ✓ **EY's internal independence process** – EY conducts periodic internal reviews of its audit and other work, assesses the adequacy of partners and other personnel working on the Company's account and rotates the lead assurance engagement partner, the global coordinating partner and other partners on the engagement consistent with independence requirements. A new global coordinating partner was appointed in 2019.
- ✓ **Strong regulatory framework** – EY, as an independent registered public accounting firm, is subject to PCAOB inspections, "Big 4" peer reviews and PCAOB and SEC oversight.

Based on this evaluation, the Audit Committee and the Board believe that retaining EY to serve as Independent Auditors for the fiscal year ending December 31, 2020 is in the best interests of the Company and its shareowners.

Audit Fees and All Other Fees

The Audit Committee is responsible for approving the audit and permissible non-audit services provided by the Independent Auditors and the associated fees.

The following table shows the fees for audit and other services provided by EY for fiscal years 2019 and 2018.

	2019 Fees (In thousands)	2018 Fees (In thousands)	Description
Audit Fees	\$29,701	\$27,210	Includes fees associated with the annual audit and the audit of internal control over financial reporting, registration statements in 2019 and 2018, the reviews of the Company's Quarterly Reports on Form 10-Q, and statutory audits required internationally.
Audit-Related Fees	2,089	4,801	Fees for services that are reasonably related to the performance of the audit or review of financial statements and are not included in "Audit Fees." These services principally include due diligence in connection with acquisitions, carve-out audits, consultation on accounting and internal control matters, employee benefit plan audits, information systems audits and other attest services.
Tax Fees	6,287	6,169	Fees for tax services, including tax compliance, tax advice and tax planning.
All Other Fees	269	—	Fees for services that are not included in the above categories and primarily include benchmarking services.
TOTAL	\$38,346	\$38,180	

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Independent Auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the Independent Auditors.

Under the policy, pre-approval is generally provided for work associated with the following:

- registration statements under the Securities Act of 1933, as amended (for example, comfort letters or consents);
- statutory or other financial audit work for non-U.S. subsidiaries that is not required for the 1934 Act audits;
- due diligence work for potential acquisitions or dispositions;
- attest services not required by statute or regulation;
- adoption of new accounting pronouncements or auditing and disclosure requirements for financial or non-financial data and accounting or regulatory consultations;

- internal control reviews and assistance with internal control reporting requirements;
- review of information systems security and controls;
- tax compliance, tax planning and related tax services, excluding any tax service prohibited by regulatory or other oversight authorities, expatriate and other individual tax services; and
- assistance and consultation on questions raised by regulatory agencies.

For each proposed service, the Independent Auditors provide the Audit Committee with a description of the service and sufficient information to confirm the Independent Auditors' determination that the provision of such service will not impair the Independent Auditors' independence.

The Audit Committee has approved in advance certain permitted services whose scope is routine across business units, including statutory or other financial audit work for non-U.S. subsidiaries that is not required for the 1934 Act audits.

Other Information

The Company has been advised by EY that neither the firm, nor any covered person of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

One or more representatives of EY will be present at the 2020 Annual Meeting. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Ratification of the appointment of the Independent Auditors requires the affirmative vote of a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the 2020 Annual Meeting.

The Board of Directors recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as Independent Auditors.

10 Shareowner Proposal

ITEM 4 SHAREOWNER PROPOSAL ON SUGAR AND PUBLIC HEALTH

WHAT AM I VOTING ON?

The following proposal was submitted by a shareowner. If a shareowner proponent, or a representative who is qualified under state law, is present and submits a proposal for a vote, then the proposal will be voted on at the 2020 Annual Meeting. Approval of the following proposal requires the affirmative vote of a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the 2020 Annual Meeting.

In accordance with federal securities regulations, we included the shareowner proposal plus any supporting statements exactly as submitted by the proponent. To make sure readers can easily distinguish between materials provided by the proponent and materials provided by the Company, we have placed a black box around the materials provided by the proponent and a red box around the materials provided by the Company.

VOTING RECOMMENDATION:

AGAINST the shareowner proposal.

John C. Harrington, President & CEO, Harrington Investments, Inc., 1001 2nd Street, Suite 325, Napa, California 94559, owner of 100 shares of Common Stock, submitted the following proposal:

Coke – 2020

Whereas, our Company has historically been involved in multiple lawsuits and controversies, including but not limited to, employee labor and racial discrimination issues, apartheid in South Africa, violence in foreign countries related to bottling franchises, environmental issues, including related water quality and scarcity issues, animal testing, consumer issues, including labeling of products, packaging and containers, use of genetically modified organisms, air pollution;

More importantly, the most serious issues continue to be related to the public health and safety impacts of our Company's beverages, including syrups and sugary drinks, and the growing national health epidemic relating to increasing uses of sugar in our diet;

Our Company continues to be the target of multiple campaigns related to our Company's products that contribute to general level of decline in public health of consumers, including reports that 1 in 3 United States children born in the year 2000 will develop diabetes, resulting from poor diet, as increase in obesity in turn increases the risk of diabetes, hypertension, heart disease, cancers, asthma, arthritis, reproductive complications and premature death;

Our Company continues to directly market sugary drinks with advertising directly influencing children's food preferences, diets and health;

In 2011, the American Academy of Pediatrics released a policy statement calling for a total ban on child-targeted and interactive junk food advertising as a response to concerns regarding childhood obesity;

Public pressure against junk food and sugary drinks linked to obesity and diabetes, has led to numerous community campaigns to impose local taxes on sugary beverages, which include our products, to which our Company has responded by lobbying efforts in numerous state legislatures to preempt local control or restrict local taxation on our Company's products linked to obesity and diabetes;

In 2019 the American Academy of Pediatrics and the American Heart Association released a joint statement in support of such taxes, potentially increasing our Company's risk associated with its business of sugary drinks;

Shareholders believe our Company should be part of the solution to solving the problem of the obesity epidemic in working with healthcare professionals and experts in diet and nutrition, not promoting advertising campaigns and funding Global Energy Balanced Network to shift the blame from poor diet causing obesity to lack of exercise;

Be It, Therefore, Resolved, that shareholders request the board of directors issue a report on Sugar and Public Health, with support from a group of independent and nationally recognized scientists and scholars providing critical feedback on our Company's sugar products marketed to consumers, especially those Coke products targeted to children and young consumers. Such report to shareholders should be produced at reasonable expense, exclude proprietary or legally privileged information and be published no later than November 1st, 2020, and include an assessment of risks to the company's finances and reputation associated with changing scientific understanding of the role of sugar in disease causation.

The Board's Statement in Opposition to Item 4

The Board of Directors has carefully considered this shareowner proposal and recommends that shareowners vote **AGAINST** it for the following reasons:

This proposal requests that the Board issue a report focused on the topics of sugar and public health, with support from a group of independent and nationally recognized scientists and scholars. However, the Access to Nutrition Foundation (the "ATNF"), a respected independent nonprofit organization, based in the Netherlands and funded by third parties, such as the Bill & Melinda Gates Foundation, the Dutch Ministry of Foreign Affairs and the Robert Wood Johnson Foundation, already produces credible reports covering our Company that encompass sugar and public health, which we believe address the essential objectives sought by the proposal.

The ATNF hosts the "Access to Nutrition Index" and prominently addresses sugar in its reports, which is the ATNF's key focus regarding the Company. Both the Global Index and the Spotlight Indexes released by the ATNF are intended to provide analysis and commentary on leading food and beverage manufacturers' efforts to improve consumers' access to nutritious foods and beverages. They were designed through an extensive, multi-stakeholder consultative process to ensure that they would be a useful tool for different stakeholder groups, including academia, civil society organizations, industry members and investors.

The Global Index was first released in 2013 and was updated in 2016 and 2018, each time with input from the Company, and assesses the Company's policies and products with regard to nutrition and sugar, in particular. Part of the value of the ATNF's findings in this report is that the Company now has a benchmark and improved awareness of where it stands compared to other manufacturers in the food and beverage industry. A link to the Global Index can be found at <https://www.accesstonutrition.org/global-index>.

In November 2018, the ATNF released the U.S. Spotlight Index, a separate report on ten leading food and beverage manufacturers' performance in the U.S. market as it relates to healthy product portfolios and corporate transparency to assist consumers in making healthy choices. A link to the U.S. Spotlight Index can be found at <https://www.accesstonutrition.org/us-spotlight-index>. We believe it is important that our shareowners know that our Company acknowledges the ATNF findings and recognizes the role the Company must play in addressing health challenges.

This proposal, however, might lead the reader to believe that our Company is not a responsible player with respect to this issue. We could not disagree more strongly with this implication. Our Company fully understands that people should not eat or drink too much sugar and supports the recommendations of leading health authorities that individuals should not get more than 10% of their daily calories from added sugar. We are taking specific, meaningful actions, including reducing sugar in many of our products, to help people everywhere more easily control the consumption of added sugar.

We continue to make progress on sugar reduction in our beverages by changing our recipes to reduce added sugar as well as by using our marketing resources and distribution network to boost awareness of, and interest in, our ever-expanding portfolio of low- and no-calorie beverages and smaller packaging options, such as 7.5-ounce mini cans. We have also been accelerating the expansion of beverage options across our portfolio, such as tea, coconut water, dairy and plant-based beverages, juice, water and coffee, including less sweet beverages. In 2019, we reduced sugar in more than 200 beverages, following our work to reduce sugar in more than 400 of our drinks in 2018, bringing the cumulative total since 2016 to nearly 1,000 drinks. In 2018, we launched more than 600 new products across our beverage portfolio, including Sprite Fiber+, a no-sugar drink with dietary fiber, and smartwater alkaline. Through innovation, including recipe and package size changes, we removed 425,000 tons of sugar from our Company's products on an annualized basis between 2017 and 2018.

The Company reported on its sugar and calorie reduction efforts in its 2018 Business & Sustainability Report, which is available on our website, and we will continue to transparently report on our sugar reduction efforts in the 2019 Business & Sustainability Report, which is scheduled to be released in April 2020. For the reasons stated above, we believe that producing a report as the proposal suggests would be a redundant exercise and divert Company resources.

Finally, the Board's position on this proposal is informed by what shareowners have told us. This same proposal was filed last year by the proponent and was supported by less than 5% of the shares voted at the 2019 Annual Meeting of Shareowners.

The Board of Directors recommends a vote **AGAINST** the shareowner proposal on sugar and public health.

11 Annexes

Annex A — Questions and Answers

Proxy Materials and Voting Information

1. Who may vote at the 2020 Annual Meeting?

Only shareowners of record of our Common Stock as of the close of business on February 24, 2020, the record date, are entitled to notice of, and to vote at, the meeting or at any adjournments or postponements of the meeting.

Each owner of record on the record date is entitled to one vote for each share of Common Stock held by such shareowner. On February 24, 2020, there were 4,293,401,515 shares of Common Stock issued and outstanding.

2. What is included in the proxy materials? What is a Proxy Statement and what is a proxy?

The proxy materials for our 2020 Annual Meeting include the Notice of Annual Meeting, this Proxy Statement and our Form 10-K. If you received a paper copy of these materials, the proxy materials also include a proxy card or voting instruction form.

If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated three of our officers as proxies for the 2020 Annual Meeting. These three officers are James Quincey, John Murphy and Jennifer D. Manning.

A proxy statement is a document that SEC regulations require us to give you when we ask you to sign a proxy designating individuals to vote on your behalf. A proxy is your legal designation of another person to vote the stock you own. That other person is called a proxy.

The form of proxy and this Proxy Statement have been approved by the Board of Directors and are being provided to shareowners by the Board's authority.

3. Why did I receive a "Notice Regarding the Availability of Proxy Materials" instead of a full set of proxy materials?

We are furnishing proxy materials to our shareowners primarily via "Notice and Access" delivery pursuant to SEC rules. On March 5, 2020, we mailed to our shareowners (other than those who previously requested a printed set) a "Notice Regarding the Availability of Proxy Materials" (the "Notice") containing instructions on how to access the proxy materials via the Internet. Utilizing this method of proxy delivery expedites receipt of proxy materials by our shareowners, reduces the cost of producing and mailing the full set of proxy materials and helps us contribute to sustainable practices.

If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access the proxy materials and vote over the Internet. If you received a Notice by mail and would like to receive paper copies of our proxy materials in the mail, you may follow the instructions in the Notice for making this request. The Notice also contains instructions on how you may request to receive an electronic copy of our proxy materials by e-mail.

4. Why did I receive more than one Notice, proxy card or voting instruction form?

If you received more than one Notice, proxy card or voting instruction form, you own shares registered in different names or own shares held in more than one account. To ensure that all shares are voted, please vote each account over the Internet or by telephone, or sign and return by mail all proxy cards and voting instruction forms. If you

would like to consolidate your accounts, please contact our transfer agent, Computershare Trust Company, N.A. ("Computershare"), at (888) 265-3747 for assistance. If you hold your shares through a bank, broker or other nominee, you should contact them directly and request consolidation.

5. What is the difference between holding shares as a shareowner of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's registrar and transfer agent, Computershare, you are considered the "shareowner of record" with respect to

those shares. If your shares are held in a bank or brokerage account, you are considered the "beneficial owner" of those shares.

6. What shares are included on the proxy card?

If you are a shareowner of record, you will receive only one Notice or proxy card for all the shares of Common Stock you hold in certificate form, in book-entry form and in any Company benefit plan.

If you are a Company employee and hold shares of Common Stock in The Coca-Cola Company 401(k) Plan, the Caribbean Refrescos, Inc. Thrift Plan, or any other of our U.S. 401(k) plans (collectively, the "Plans"), it is important that you direct the trustee(s) of the Plans how to vote your shares held in such Plans. If you do not vote your shares or specify your voting

instructions on your proxy card, the trustee of the applicable Plan will vote your shares in the same proportion as the shares for which they have received voting instructions in accordance with the trustees' duties. **To allow sufficient time for voting by the trustee(s), your voting instructions must be received by April 17, 2020.**

If you are a beneficial owner (other than as a participant in a Plan set forth above), you will receive voting instruction information from the bank, broker or other nominee through which you own your shares of Common Stock.

7. What are my voting choices for each of the proposals to be voted on at the 2020 Annual Meeting and what are the voting standards?

Proposal	Voting Choices and Board Recommendation	Voting Standard
Item 1: Election of Directors	<ul style="list-style-type: none"> • vote in favor of all nominees; • vote in favor of specific nominees; • vote against all nominees; • vote against specific nominees; • abstain from voting with respect to all nominees; or • abstain from voting with respect to specific nominees. <p>The Board recommends a vote FOR each of the Director nominees.</p>	Majority of votes cast

As an advisory vote, the proposal to approve executive compensation is not binding on the Company. The Talent and Compensation Committee will consider the outcome of the vote when making future compensation decisions.

8. What different methods can I use to vote?

See [page 3](#) for additional information about how to vote.

By Telephone or Internet. All shareowners of record can vote through the Internet, using the procedures and instructions described on the Notice or proxy card, or by touchtone telephone within the United States, U.S. territories and Canada, using the toll-free telephone number on the Notice or proxy card. Beneficial owners may vote through

the Internet or by telephone if their bank, broker or other nominee makes those methods available, in which case the bank, broker or other nominee will include the instructions with the proxy materials. The Internet and telephone voting procedures are designed to authenticate shareowners' identities, to allow shareowners to vote their shares and to confirm that their instructions have been recorded properly.

By Written Proxy. All shareowners of record can vote by written proxy card. If you are a shareowner of record and receive the Notice, you may request a written proxy card by following the instructions included in the Notice. 9. What if I am a shareowner of record and do not specify a choice for a matter when returning a proxy?

Shareowners should specify their choice for each matter on the proxy card. If no specific instructions are given on all matters, proxies which are signed and returned will be voted:

- FOR the election of all Director nominees as set forth in this Proxy Statement

- FOR the advisory vote to approve executive compensation
- FOR the proposal to ratify the appointment of Ernst & Young LLP as Independent Auditors
- AGAINST the shareowner proposal on sugar and public health

10. What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you must provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. If you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends on the type of item being considered for a vote.

Non-Discretionary Items. The election of Directors, the advisory vote to approve executive compensation and the shareowner proposal are non-discretionary items and may

Discretionary Items. The ratification of the appointment of Ernst & Young LLP as Independent Auditors is a discretionary item. Generally, banks, brokers and other nominees that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

11. How can I vote in person at the 2020 Annual Meeting if I am a beneficial owner?

If you are a beneficial owner and want to vote your shares in person at the 2020 Annual Meeting, you will need to ask your bank, broker or other nominee to furnish you with a legal proxy. You will need to follow the procedures described in the response to question 23 and then bring the legal proxy with you to the meeting and hand it in with a signed ballot that will be provided to you at the meeting. You will not be able to vote your shares in person at the meeting without a legal proxy. If you do not have a legal proxy, you can still attend

the meeting by following the procedures described in the response to question 23. However, you will not be able to vote your shares at the meeting. Accordingly, we encourage you to vote your shares in advance, even if you intend to attend the meeting.

Please note that if you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the meeting and vote in person or legally appoint another proxy to vote on your behalf.

12. How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present but will not be included in vote totals and will not affect the outcome of the vote.

13. What can I do if I change my mind after I vote my shares?

Shareowners can revoke a previously delivered proxy prior to the completion of voting at the meeting by:

- giving written notice to the Office of the Secretary of the Company

- delivering a later-dated proxy
- voting in person at the meeting (if you are a beneficial owner, see the response to question 11)

14. Can I access the proxy materials on the Internet? How can I sign up for the electronic proxy delivery service?

The Notice, Proxy Statement and Form 10-K are available at www.edocumentview.com/coca-cola. In addition, shareowners are able to access these documents on the 2020 Annual Meeting page of the Company's website at www.coca-colacompany.com/annual-meeting-of-shareowners. Instead of receiving future copies of the Notice or proxy materials by mail, shareowners of record and

most beneficial owners can elect to receive an e-mail that will provide electronic links to these documents. Opting to receive your Notice or proxy materials online will save us the cost of producing and mailing documents, help us contribute to sustainable practices, and give you an electronic link to the proxy voting site.

ELECTRONIC DOCUMENT DELIVERY

- Electronic delivery offered since 2005.
- The Company has a tree planted on behalf of each shareowner that signs up.
- Over 387,000 trees planted on behalf of Company shareowners.

Shareowners of Record. If you vote on the Internet, simply follow the prompts for enrolling in the electronic document delivery service. You also may enroll in this service at any time in the future by going directly to www.computershare.com/coca-cola and following the instructions.

Beneficial Owners. If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information in the proxy materials provided to you by your bank, broker or other nominee regarding the availability of this service.

15. Are votes confidential? Who counts the votes?

We will continue our long-standing practice of holding the votes of all shareowners in confidence from Directors, officers and employees except:

- as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company
- in the case of a contested proxy solicitation
- if a shareowner makes a written comment on the proxy card or otherwise communicates his or her vote to management

- to allow the independent inspectors of election to certify the results of the vote

We also will continue, as we have for many years, to retain an independent tabulator to receive and tabulate the proxies and independent inspectors of election to certify the results.

16. When will the Company announce the voting results?

We will announce the preliminary voting results at the 2020 Annual Meeting. The Company will report the final results on our website and in a Current Report on Form 8-K filed with the SEC within four business days after the 2020 Annual Meeting.

17. Does the Company have a policy about Directors' attendance at the Annual Meeting of Shareowners?

The Company does not have a policy about Directors' attendance at the Annual Meeting of Shareowners, but Directors are encouraged to attend. All Director nominees and Directors at the time, except for two, attended the 2019 Annual Meeting of Shareowners.

18. How are proxies solicited and what is the cost?

We bear all expenses incurred in connection with the solicitation of proxies. We have engaged Alliance Advisors LLC to assist with the solicitation of proxies for an estimated fee of \$30,000 plus expenses. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of Common Stock.

Our Directors, officers and employees also may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities.

19. What is householding?

As permitted by the 1934 Act, only one copy of the Notice or proxy materials is being delivered to shareowners residing at the same address, unless the shareowners have notified the Company of their desire to receive multiple copies of the Notice or proxy materials. This is known as “householding.”

The Company will promptly deliver, upon oral or written request, a separate copy of the Notice or proxy materials to any shareowner residing at an address to which only one copy was mailed. Requests for additional copies should be directed to the Office of the Secretary as described in the

response to question 31. Shareowners of record residing at the same address and currently receiving multiple copies of the Notice or proxy materials may contact our registrar and transfer agent, Computershare, to request that only a single copy of the Notice or proxy materials be mailed in the future.

Contact Computershare by phone at (888) 265-3747 or by mail at P.O. Box 505005, Louisville, KY 40233.

Beneficial owners should contact their bank, broker or other nominee.

20. Will you make a list of shareowners entitled to vote at the 2020 Annual Meeting available?

We will make available a list of shareowners of record as of the record date for inspection by shareowners for any purpose germane to the meeting during normal business hours from

April 8 through April 21, 2020, at One Coca-Cola Plaza, Atlanta, Georgia 30313. This list also will be available to shareowners for any such purpose at the 2020 Annual Meeting.

Proposals should be addressed to the Office of the Secretary as specified in question 31. For a shareowner proposal other than a Director nomination to be considered for inclusion in our Proxy Statement for our 2021 Annual Meeting of Shareowners, we must receive the written proposal on or before November 5, 2020. In addition, shareowner proposals must otherwise comply with the requirements of Rule 14a-8 promulgated under the 1934 Act.

Our By-Laws also establish an advance notice procedure for shareowners who wish to present a proposal, including the nomination of Directors, before an annual meeting of shareowners, but do not intend for the proposal to be included in our proxy materials. Pursuant to our By-Laws, in order for business to be properly brought before an annual meeting by a shareowner, the shareowner must have complied with the notice procedures specified in our By-Laws and such business must be a proper matter for shareowner action under the Delaware General Corporation Law. To be timely for our 2021 Annual Meeting of Shareowners, we must receive the written notice on or before December 23, 2020. 33. How do I nominate a director using the proxy access provisions of the Company’s By-Laws?

The proxy access bylaw permits a shareowner, or a group of up to 20 shareowners, owning 3% or more of the Company’s outstanding Common Stock continuously for at least three years to nominate and include in the Company’s proxy materials Director nominees constituting up to two individuals or 20% of the Board (whichever is greater), provided that the shareowner(s) and the nominee(s) satisfy the requirements specified in Article I, Section 12 of our By-Laws.

Pursuant to our By-Laws, to be timely for inclusion in the proxy materials for our 2021 Annual Meeting of Shareowners, we must receive a shareowner’s notice to nominate a Director using the Company’s proxy materials between October 6, 2020 and November 5, 2020. Such notice should be addressed to the Office of the Secretary as specified in question 31. The notice must contain the information required by our By-Laws, and the shareowner(s) and nominee(s) must comply with the information and other requirements in our By-Laws relating to the inclusion of shareowner nominees in our proxy materials.

Annex B — Summary of Plans

The following section provides information on Company-sponsored plans in 2019 in which the Named Executive Officers participated.

Retirement Plans – Pension

TCCC Pension Plan. The TCCC Pension Plan is a broad-based tax-qualified defined benefit plan for substantially all U.S. employees of the Company and its participating subsidiaries. A participant's benefit formula in the TCCC Pension Plan is dependent on when the participant was hired. The information below summarizes the provisions applicable to employees, including the participating Named Executive Officers, who were hired by the Company or its subsidiaries prior to 2010. There are no special or enhanced pension plans for the Named Executive Officers.

Vesting. Pension benefits vest after completing three years of service or attaining age 60 with one year of service.

Benefit Formula. Prior to 2010, all pension benefits were based on a percentage of the employee's final average compensation (the five highest consecutive years out of the last 11) up to the limit for each year as set by the Tax Code, multiplied by the employee's years of credited service. Effective January 1, 2010, participants began accruing a pension benefit under a new cash balance formula (known as the Part B benefit). Participants employed as of December 31, 2009 retained the pension benefit they accrued under the prior benefit calculation formula through December 31, 2009 (known as the Part A benefit) and were eligible for one or more special transition benefits. As a result, beginning in 2010, a participant's benefit was potentially based on two formulas, Part A (prior benefit calculation formula) plus Part B (new cash balance formula). Under the cash balance formula, the Company makes an annual pay credit allocation to each active participant's account on December 31, ranging from 3% to 8% of compensation, based on the participant's date of hire and age. In addition, on December 31 of each year, the Company makes an annual interest credit allocation based on the value of the participant's account as of January 1 of the same year.

The term "compensation" for determining the pension benefit generally includes salary, overtime, commissions and cash incentive awards, but excludes any amounts related to stock options, performance cash awards, PSUs, restricted stock or restricted stock units. It also excludes deferred compensation and any extraordinary payments related to hiring or termination of employment.

Payment of Benefits. When benefits become payable upon separation from service, participants may choose between an annuity or a lump sum option. The TCCC Pension Plan provides for payment of a reduced benefit prior to normal retirement age and/or the current cash balance amount, as applicable.

Limitations on Benefits. In 2019, a participant could receive no more than \$225,000 annually from the TCCC Pension Plan and no compensation in excess of \$280,000 for the year could be taken into account for calculating benefits under the TCCC Pension Plan.

TCCC Supplemental Pension Plan. Supplemental pension plans make employees whole when the Tax Code limits the benefit that otherwise would accrue under the applicable pension plan. The TCCC Supplemental Pension Plan also operates to keep employees whole when they defer part of their salary or annual incentive under the Deferred Compensation Plan. Otherwise, electing to defer would reduce an employee's pension benefits.

Vesting. Vesting and benefits under the TCCC Supplemental Pension Plan are calculated generally in the same manner as if the participant's otherwise eligible compensation or full annual benefit were able to be paid from the TCCC Pension Plan.

Payment of Benefits. Benefits become payable upon separation from service. The form of payment is dictated by the terms of the plan and the participant's age and years of service at the time of separation. The cash balance portion of the TCCC Supplemental Pension Plan is paid as a lump sum. The traditional pension benefit portion is paid as an annuity if the participant separates on or after the earliest retirement date (generally, age 55 with ten years of service). Otherwise, the traditional pension benefit portion is paid as a lump sum.

Mobile Plan. The Mobile Plan provides a retirement benefit to globally mobile associates. The Mobile Plan applies on the same terms to the general population of international service associates worldwide. Under the Mobile Plan, a globally mobile associate's account is credited with a monthly percentage of pay ("pay credit") and a defined rate of return ("interest credit"). The pay credit is generally 10% of pay, less any benefits provided by local retirement plans. Both pay credits and interest credits are immediately vested. A participant will continue to receive monthly interest credits for as long as participation in the plan continues, even if the associate is no longer on a global assignment. International service associates who participated in certain other plans were transitioned to the Mobile Plan as of December 31, 2011. Benefits accrued under such other plans were converted to an opening balance in the Mobile Plan as part of the transition.

Retirement Plans – 401(k) and Savings Plans

401(k) Plan. The 401(k) Plan is a broad-based tax-qualified defined contribution plan for most U.S. employees of the Company and its participating subsidiaries. The Company matches participant contributions up to a maximum of 3.5% of the participant's compensation or the amount allowable under the limits imposed under the Tax Code, whichever is lower. The Company's matching contribution is initially invested in Common Stock, but participants may move the contribution to any other available investment option. Employees become 100% vested in Company matching contributions after two years. For 2019, compensation over \$280,000 could not be taken into account under the 401(k) Plan.

Supplemental 401(k) Plan. The Supplemental 401(k) Plan makes employees whole when the Tax Code limits the Company matching contributions that otherwise would be credited to them under the 401(k) Plan. The Supplemental 401(k) Plan also operates to keep employees whole when they defer part of their salary or annual incentive under the Deferred Compensation Plan. The Company credits the employee with the Company matching contributions in hypothetical share units of Common Stock. The value of the accumulated share units, including dividend equivalents, is paid in cash after separation from service. Participants are immediately vested in their contributions. Employees are not permitted to make contributions to the Supplemental 401(k) Plan.

Spanish Savings Plan. The Spanish Savings Plan consists of a general plan and supplementary plans which are broad-based defined contribution plans that complement

social security coverage provided in Spain for eligible employees. In the general plan, employees contribute according to their pensionable salary, in fixed percentages according to applicable legislation. The Company triples the employee's contribution to the general plan. Participation in the supplementary plans is optional and being active in the general plan is a requirement to contribute. Employees can choose to contribute to the supplementary plans from 1% to a maximum of 5% of their pensionable salary. The Company matches contributions to supplementary plans into an early retirement insurance policy. Vesting of these contributions occurs upon fulfillment of applicable social security early retirement rules, while still employed with the Company. Generally, under the Spanish Savings Plan, normal retirement age is 65 and benefits may not be drawn before age 60.

UK Savings Plan. The UK Savings Plan is a broad-based registered defined contribution plan in which the majority of employees in the UK participate. Effective April 2019, participants must contribute 4% of pensionable salary and the Company contributes 10% of pensionable salary. There are no limits to the amount of contributions that employees can make to their pension account; however, tax effectiveness of contributions is limited by both a lifetime allowance as well as an annual allowance. These amounts have changed frequently over recent years and continue to be subject to change. For the 2018/2019 tax year, the annual allowance was up to £40,000 and the lifetime allowance was £1.03m. Generally, under the plan, normal retirement age is 65 and benefits may not be drawn before age 55.

Incentive Plans

Annual Incentive Plan. The Company maintains the Performance Incentive Plan for employees above a specified job grade level. The Performance Incentive Plan provides an annual cash payment based on predetermined performance measures. The Talent and Compensation Committee may designate one or more performance measures from the list contained in the plan. Annual incentive ranges are established for each participant. Payments are generally made in March in the year following the applicable performance year. No participant may receive an annual payment greater than \$10 million. The Performance Incentive Plan was designed to satisfy the requirements of Section 162(m) of the Tax Code, but because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the TCJA, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will be deductible under the TCJA's transition relief. See [page 52](#) for additional information about the Performance Incentive Plan.

Long-Term Incentive Plans. The Company maintains long-term incentive plans for employees above a specified job grade level. The following types of awards may be granted under the plans, as designated by the Talent and Compensation Committee: (i) stock options; (ii) PSUs; (iii) restricted stock and restricted stock units; (iv) other performance awards, including performance-based awards, payable in cash or Common Stock; (v) stock appreciation rights ("SARs"); and (vi) other stock-based awards. The Company currently has outstanding awards of stock options, PSUs, restricted stock, restricted stock units and performance cash awards, which are described below. See [page 54](#) for additional information about long-term incentive compensation.

Stock Options. Stock options give the holder the right to purchase shares of Common Stock at a specified price during specified time periods. The exercise price of an option may not be less than the fair market value of Common Stock on the grant date. The fair market value is the average of the high and low prices of Common Stock on the grant date. In certain foreign jurisdictions, the law requires additional

restrictions on the calculation of the option price. The grants provide that stock options generally may not be exercised during the first 12 months after the grant date. Generally, options vest 25% on the first, second, third and fourth anniversaries of the grant date and have a term of ten years. The Company's current compensation programs include stock options as part of the annual long-term equity compensation awards made to eligible employees.

Performance Share Units. PSUs provide an opportunity for employees to receive Common Stock if predetermined performance measures are met for a predefined performance period. The Company's current compensation programs include PSUs as part of the annual long-term equity compensation awards made to eligible employees.

Restricted Stock and Restricted Stock Units. Restricted stock awards may be performance-based or time-based. Shares of stock are granted and transferred into the employee's name. Shares remain subject to forfeiture until the shares are released under the terms of the awards. Restricted

stock unit awards may be performance-based or time-based and are settled in stock when all required criteria are met. Employees do not receive any dividend equivalents on restricted stock units during the term. The Company's current compensation programs include restricted stock units as part of the annual long-term equity compensation awards made to eligible employees.

Performance Cash Awards. Performance cash awards are used in countries where it is difficult to grant equity. Employees who receive performance cash awards do not receive equity awards as part of the annual long-term incentive program. No Named Executive Officers received performance cash awards.

Other Awards. While the 2014 Equity Plan provides the Talent and Compensation Committee discretion to grant different types of equity awards, including SARs and other stock-based awards such as unrestricted shares, no such awards have been or are expected to be granted.

Other Plans

Deferred Compensation Plan. The Deferred Compensation Plan is a nonqualified and unfunded deferred compensation program offered to approximately 400 U.S.-based Company employees in 2019. International service associates do not participate in the Deferred Compensation Plan. Eligible participants may defer up to 80% of base salary and up to 95% of their annual incentive. The Company has the benefit of full unrestricted use of all amounts deferred under the Deferred Compensation Plan until such amounts are required to be distributed to the plan participants. Gains and losses are credited based on the participant's election of a variety of deemed investment choices. The Company does not match any employee deferral or guarantee a return. Participants' accounts may or may not appreciate and may depreciate depending on the performance of their deemed investment choices. None of the deemed investment choices provide returns at above-market or preferential rates. All deferrals are paid out in cash upon distribution. Participants may schedule a distribution during employment or may opt to receive their balance after separation from service. Participants who are considered "specified employees" under Section 409A of the Tax Code (generally, the top 50 highest paid executives) may not receive a post-termination distribution for at least six months following separation. On occasion, the Company may provide a one-time credit to the Deferred Compensation Plan to make up for benefits lost under various circumstances, such as benefits lost at a prior employer. The Company has not provided any such credits for any of the Named Executive Officers.

International Service Programs. International service program benefits generally include relocation expenses, a housing allowance (including certain housing expenses), a cost of living adjustment (a cash adjustment designed to provide equivalent purchasing power), certain cash allowances recognizing differences in living conditions in the host location, a home leave allowance and currency protection. The programs also provide tax preparation services and tax equalization, where applicable. There were approximately 500 participants in these programs in 2019.

TCCC Severance Plan. The TCCC Severance Plan provides cash severance benefits to eligible employees who are involuntarily terminated. Eligible employees include regular, non-union, non-manufacturing U.S. employees and international service associates. Generally, benefits are payable when an employee is terminated involuntarily due to certain circumstances such as an internal reorganization or position elimination. Benefits are not payable if the employee is offered a comparable position with the Company or one of its affiliates, is terminated for cause or has entered into a separate agreement. The benefit payable is determined based on job grade level, salary and/or length of service. The minimum benefit is eight weeks of base pay and the maximum benefit is two years of base pay.

Annex C — Reconciliation of GAAP and Non-GAAP Financial Measures

The Company reports its financial results in accordance with accounting principles generally accepted in the United States (“GAAP” or referred to herein as “reported”). However, management believes that certain non-GAAP financial measures provide investors with additional meaningful financial information that should be considered when assessing our underlying business performance and trends. Management also uses these non-GAAP financial measures in making financial, operating, compensation and planning decisions and in evaluating the Company’s performance. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company’s reported results prepared in accordance with GAAP. Our non-GAAP financial measures do not represent a comprehensive basis of accounting.

For additional details regarding the reconciliation of GAAP and non-GAAP financial measures below, see the Company’s Current Report on Form 8-K filed with the SEC on January 30, 2020. This information is also available on the Company’s website, www.coca-colacompany.com by clicking on “Investors,” then “Filings & Reports” and then “All SEC Filings.”
