Item 5. Other Events.

JDCC's net income was \$62.3 million for the first quarter of 2003, compared with \$71.9 million last year. The decrease was primarily due to lower gains resulting from a reduced volume of retail-notes sold and higher administrative expenses related to growth in the portfolio. Partially offsetting these factors was a lower provision for credit losses. Last year's results were negatively affected by after-tax losses of \$6 million in Argentina related to the peso devaluation.

Net receivables and leases financed by JDCC were \$11.423 billion at January, 31, 2003, compared with \$9.978 billion one year ago. The increase resulted from acquisitions exceeding collections during the last 12 months -- including new acquisitions of Deere dealer receivables in Europe — partially offset by sales of retail notes. Net receivables and leases administered, which include receivables previously sold, totaled \$13.732 billion at January 31, 2003, compared with \$12.730 billion a year ago.
