Opinion on the Financial Statements

We have audited the accompanying statements of financial condition of Alliant Securities, Inc. Turner, Nord, Kienbaum (the "Company") as of December 31, 2017 and 2016, the related statements of income, changes in stockholder's equity, and cash flows, for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risk of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

NOTES TO FINANCIAL STATEMENTS

1. The Company and Significant Accounting Policies:

The Company was incorporated under the laws of the State of Washington on October 10, 1978 to operate as a broker/dealer in investment securities. The Company is a member of the Securities and Exchange Commission (SEC) and also a member of the Financial Industry Regulatory Authority (FINRA). The Company's office is located in Liberty Lake, Washington.

The Company is engaged in various trading and brokerage activities with counterparties that primarily include broker/dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of all counterparties.

In the normal course of business, the Company's customer activities involve the execution of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

Use of Estimates in the Preparation of Financial Statements - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Trade Settlement – Customer's securities transactions are recorded on a trade date basis and the related commission revenues and expenses are also recorded on a trade date basis.

Concentration of Credit Risk - The Company maintains its cash and cash equivalents with high quality financial institutions. At times, the amount may be in excess of the FDIC insured limits, however the Company does not consider this to be a significant credit risk.

Receivable from Clearing Broker and Concessions Receivable - The Company's accounts receivable consist of commissions due from our clearing broker/dealer, Wells Fargo, under contractual agreement. The Company has not experienced any losses related to this receivable and does not consider these amounts to be a significant risk.

ALLIANT SECURITIES, INC.
TURNER ♦ NORD ♦ KIENBAUM

NOTES TO FINANCIAL STATEMENTS

As part of this agreement, the Company is required to, and does maintain a deposit in the amount of \$250,000 held at FCC as of December 31, 2017 and 2016.

Revenue Recognition Policies: Investment Advisory Fees and Commissions – Commission revenue consists of revenue generated through providing commission-based brokerage services to our customers. Investment advisory fees are earned in the months for the service provided. Advisory service fees received prior to the delivery of the services are accounted for as deferred revenue. Quarterly fees that are to be refunded to the client for non-use of the full quarter are recorded as a liability.

Concession Receivable/Payable - Concessions receivable consists of an average of 12B-1 fees due over a three month period to the Company from various Mutual Fund Families. The Company's concession receivable as of December 31, 2017 and 2016 was \$25,087 and \$23,158, respectively. The concession is then payable upon receipt to the Company's Registered Representatives. Advertising - The Company's policy is to expense advertising costs when incurred. Advertising expense as of December 31, 2017 and 2016 was \$1,956 and \$1,920.

Property and Equipment - Property and equipment are recorded at cost. Depreciation is computed using straight-line and accelerated methods over estimated useful lives for equipment and the term of the related lease for leasehold improvements, which range from five to ten years.

2. Property and Equipment:

The Company's net capital ratio was .49 to 1 and .63 to 1 at December 31, 2017 and 2016, respectively.

4. Operating Line of Credit:

ALLIANT SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

7. Federal Income Taxes:

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between financial and income tax reporting. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. At the end of the year management reviews the Company's income and accrues bonuses in order to minimize taxable income. Deferred tax expenses or benefits, if material, are recognized in the financial statements for the changes in deferred tax liabilities or assets between years. As of December 31, 2017 and 2016, \$0 and \$0 was accrued for the provision for current or deferred federal taxes. The provision for tax expense was \$804 and \$1,888 at December 31, 2017 and 2016, respectively. The Company has no operating loss carry forward at December 31, 2017 and 2016, respectively.

The Company's effective income tax rate is different than what would be expected if the federal statutory rate were applied to income from continuing operations. As discussed in the previous paragraph, management reviews taxable income to minimize tax expense. As a result, income tax expense is related to permanent differences between items included as an expense for financial statement purposes that are not deductible for income tax purposes. Those items include meals and entertainment and other expenses.

The Company evaluates its tax positions that have been taken or are expected to be taken on income tax returns to determine if an accrual is necessary for uncertain tax positions. As of December 31, 2017 the unrecognized tax benefit accrual was zero. The Company will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if incurred.

8. Related Party Transactions

The financial statements of the Company includes a receivable for advances made to an officer. This receivable was paid in full by taking a deduction out of the officer's paycheck during January 2018.

We have reviewed management's statements, included in the accompanying Management's Statement Regarding Compliance with Certain Exemption Provisions Under Rule 15c3-3 of the Securities Exchange Act of 1934, in which (1) Alliant Securities, Inc. Turner, Nord, Kienbaum identified the following provisions of 17 C.F.R. §15c3-3(k) under which Alliant Securities, Inc. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
