**NOTES TO FINANCIAL STATEMENTS**

---

**1. The Company and Significant Accounting Policies:**

The Company was incorporated under the laws of the State of Washington on October 10, 1978 to operate as a broker/dealer in investment securities. The Company is a member of the Securities and Exchange Commission (SEC) and also a member of the Financial Industry Regulatory Authority (FINRA). The Company's office is located in Liberty Lake, Washington.

The Company is engaged in various trading and brokerage activities with counterparties that primarily include broker/dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of all counterparties.

In the normal course of business, the Company's customer activities involve the execution of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

***Use of Estimates in the Preparation of Financial Statements*** -The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Trade Settlement*** -Customer's securities transactions are recorded on a trade date basis and the related commission revenues and expenses are also recorded on a trade date basis.

***Concentration of Credit Risk*** - The Company maintains its cash with high quality financial institutions. At times, the amount may be in excess of the FDIC insured limits, however the Company does not consider this to be a significant credit risk.

***Receivable from Clearing Broker***- The Company's accounts receivable consist of commissions due from our clearing broker/dealer, Wells Fargo, under contractual agreement. The Company has not experienced any losses related to this receivable and does not consider these amounts to be a significant risk.

**ALLIANT SECURITIES, INC.**  
**TURNER ♦ NORD ♦ KIENBAUM**

**NOTES TO FINANCIAL STATEMENTS**

---

***Deposits*** - The Company has an agreement with First Clearing Corporation (FCC), whereby FCC clears all security transactions, carries all customer accounts, finances and holds the Company's trading inventory, and performs certain other services. The Company is subject to a termination fee if termination is within a specified time frame stated in the agreement. As part of this agreement, the Company is required to, and does maintain a deposit in the amount of \$250,000 held at FCC as of December 31, 2021.

***Concession Receivable/Payable*** - *Concessions* receivable consists of an average of 12B-1 fees due over a three-month period to the Company from various Mutual Fund Families. The Company's concession receivable as of December 31, 2021 was \$28,359. The concession is then payable upon receipt to the Company's Registered Representatives. The Company's concession payable as of December 31, 2021 was \$28,359.

***Advertising*** - The Company's policy is to expense advertising costs when incurred. Advertising expense as of December 31, 2021 was \$485.

***Property and Equipment*** - Property and equipment are recorded at cost. Depreciation is computed using straight-line methods over estimated useful lives for equipment and the term of the related lease for leasehold improvements, which range from five to ten years.

**2. Revenue from Contracts with Customers**

**Commissions**

*Brokerage commissions.* The Company facilitates the execution of buy and sell transactions on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

**Concessions**

*Concessions.* Concessions consist of 12b-1 fees managed by the Company. 12b-1 fees are earned on the Company's client assets under management. The fees are based on contractual rates applied to the average daily net asset value of eligible shares of a respective mutual fund held by the Company's clients. 12b-1 fees are earned over time and collected from the funds on a monthly or quarterly basis.

**Asset Management**

*Premier Fees.* The Company provides investment advisory services on a daily basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received quarterly and are recognized as revenue at that time as they related specifically to the services provided in that period, which are distinct from the services provided in other periods.

**Miscellaneous and Interest**

*Miscellaneous.* The Company charges miscellaneous fees, including postage fees, special handling fees, and others each time a customer enters into a buy or sell transaction. Miscellaneous fees are recorded on the trade date (the date the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer of which the miscellaneous fees are related.

**ALLIANT SECURITIES, INC.**  
**TURNER ♦ NORD ♦ KIENBAUM**

**NOTES TO FINANCIAL STATEMENTS**

**6. Paycheck Protection Program (PPP) Forgiveness:**

On March 4, 2021 the Company received a \$174,467 loan under the PPP established as part of the Coronavirus Aid, Relief and Economic Security Act (CARES) and administered by the Small Business Administration (SBA) approved partner. The loan was uncollateralized and is fully guaranteed by the Federal government. The Company initially recorded a note payable and subsequently recorded forgiveness when the obligation was legally released by the SBA for meeting the forgiveness conditions of the loan. The company recognized \$174,467 of loan forgiveness income for the year ended December 31, 2021.

**7. Profit Sharing Plan:**

The Company has established a profit-sharing plan with 401(k) features available to all eligible employees. Contributions to the plan are determined annually by the Company. Profit sharing plan contributions for the years ended December 31, 2021 were \$76,680.

**8. Lease Commitments:**

The Company leases its offices in a building which is owned 27% by two of the stockholders of the Company and the lease expires September 2023 and the Company classifies this lease as an operating lease and included with that is two renewal options. Because the Company is reasonably certain to exercise the renewal options, the optional periods are included in determining the lease term. The Company's leases do not include termination options for either party to the lease or restrictive financial or other covenants. The weighted average discount rate is based on the Company's incremental borrowing rate. Total rent to related parties was \$95,112 for the year ended December 31, 2021.

The components of lease costs for the year ended December 31, 2021 are as follows:

Other information related to leases as of December 31, 2020 as follows:

Weighted average remaining lease term:	1.75 years
Weighted average discount rate:	2.31%

Maturities of lease liabilities under noncancelable operating leases as of December 31, 2021, are as follows:

Years ending December 31,

2022	94,379
2023	<u>73,307</u>
	<u>\$167,686</u>

**9. Federal Income Taxes:**

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between financial and income tax reporting. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. At the end of the year management reviews the Company's income and accrues bonuses in order to minimize taxable income. Deferred tax expenses or benefits, if material, are recognized in the financial statements for the changes in deferred tax liabilities or assets between years. As of December 31, 2021, \$73,200 was accrued for the benefit of deferred federal taxes. The provision for tax benefit, net of tax expense, was \$36,600 for December 31, 2021.

**ALLIANT SECURITIES, INC.**  
**TURNER ♦ NORD ♦ KIENBAUM**

**NOTES TO FINANCIAL STATEMENTS**

---

The Company has an unused operating loss carryforward of approximately \$345,000 at December 31, 2021. The carry forward may be applied against future taxable income and expires in varying amounts between 2041 and 2042. The deferred tax asset represents the future tax return consequences of the net operating loss, which can be used to decrease tax liabilities in the future. The deferred tax asset can be reduced by a valuation allowance if management deems it more likely than not that some or all of the deferred tax asset will not be realized. The Company has not recorded a valuation allowance for deferred tax asset, as it is management's opinion the deferred tax asset will be fully realized. There was no change in the valuation allowance during the year.

Deferred tax asset-net operating loss carry forward	\$73,200
Less valuation allowance	<u>\$0</u>
	\$73,200

The Company's effective income tax rate differed from the actual federal statutory tax rate of 21% in 2021. As discussed in the previous paragraph, management reviews taxable income to minimize tax expense. As a result, income tax expense is related to differences between items included as an expense for financial statement purposes that are not deductible for income tax purposes. Those items include meals and entertainment and other expenses, and income related to PPP loan forgiveness that is not taxable income for tax purposes.

A reconciliation of income taxes computed at the federal statutory rate of 21% is as follows:

Federal income taxes at statutory rate	\$0
Effect of meals, entertainment, and other differences	0
Effect of PPP loan forgiveness	<u>(36,600)</u>
Income tax benefit	<u>\$(36,600)</u>

The Company evaluates its tax positions that have been taken or are expected to be taken on income tax returns to determine if an accrual is necessary for uncertain tax positions. As of December 31, 2021, the unrecognized tax benefit accrual was zero. The Company will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if incurred.

of Alliant Securities, Inc. Turner, Nord, Kienbaum

We have reviewed management's statements, included in the accompanying Management Statement Regarding Compliance with Exemption Provisions Under Rule 15c3-3 of the Securities Exchange of 1934, in which (1) Alliant Securities, Inc. Turner, Nord, Kienbaum identified the following provisions of 17 C.F.R. §15c3-3(k) under which Alliant Securities, Inc. Turner, Nord, Kienbaum claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) and (2) Alliant Securities, Inc. Turner, Nord, Kienbaum stated that Alliant Securities, Inc. Turner, Nord, Kienbaum met the identified exemption provisions throughout the most recent fiscal year without exception. Alliant Securities, Inc. Turner, Nord, Kienbaum's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Alliant Securities, Inc. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
