Dear Mr. Griffith:

We have reviewed your filing and have the following comments. We have limited our review to only your financial statements and related disclosures and do not intend to expand our review to other portions of your documents. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-K for the Fiscal Year Ended December 31, 2008

General

1. We issued comments related to your Form S-4 filed on May 14, 2009 in a comment letter dated June 10, 2009. You did not respond to those comments as you did not proceed with your registration statement. However, certain comments in our letter related to the financial statements and other information contained in your December 31, 2008 Form 10-K. Therefore you are required to respond to those comments as they relate to information contained in your periodic reports that are publicly filed. Therefore, please address the following comments on your Form 10-K.

Item 2. Description of property, page 12

2. Revise your filing to include all the disclosures required by Industry Guide 2 for your oil and gas operations.

Consolidated Balance Sheet, page F-3

3. We note you account for the investment in GreenStart and note receivable from GreenStart as other assets. Please tell us why you have not consolidated GreenStart as you have disclosed that you own majority interest in the entity. Please clarify the accounting guidance you have relied upon when determining your accounting is appropriate. In addition, please clarify how you have considered the guidance in SFAS 94 when determining that it is appropriate not to consolidate your equity interest in GreenStart.
4. We note your inclusion of the line items, "Proved reserves, net of depletion" and "Unproved reserves, net of depletion: and the absence of the disclosure items required by SFAS 69. Please amend your document to comply with the disclosure requirements of SFAS 69. Otherwise, these two items may be combined as unproved properties.

Consolidated Statements of Stockholder's Equity, page F-5

5. We note that you have reported the 'write off of dissolved and spun off entities' as a \$1.0 million and \$1.1 million debt to equity. Please clarify the entities that were spun off in each of these instances and how you determined that your accounting was appropriate.

Note 2 – Summary of Significant Accounting Policies
Oil and Gas Producing Activities, page F-9

6. Please revise your footnote to provide your accounting policy for your proved and unproved properties. Your disclosure should address whether you are accounting for your oil and gas producing activities in accordance with the Full-Cost Method pursuant to Article 4-10 of Regulation S-X or Successful-Efforts Method pursuant to SFAS 19.

Note 2 – Acquisition and Disposal of Assets, page F-13

7. We note your disclosure with regard to the reorganization agreement between you and Granite Energy, Inc (“Granite”). Please clarify whether you have accounted for this transaction as a reverse merger recapitalization whereby Granite is the accounting acquirer and Amerigo is the accounting acquiree, whereby the assets and liabilities of Amerigo would be recorded on Granite’s financial statements at historical cost on the transaction date. If so, reports filed after the reverse merger recapitalization should parallel the financial reporting required under GAAP, as if Granite were the legal successor to the reporting obligation as of the date of the acquisition. Therefore, please amend your Form 10-K to include the financial statements of Granite as of and for the year ended December 31, 2007 since they are the considered the accounting acquirer.
8. We note you issued 9,254,429 shares of common stock at \$1 per share to acquire various oil interests on December 1, 2008. Please tell us how you determined the value of the common stock issued. As part of your response, please explain how you determined that an Item 2.01 Form 8-K is not required for this asset acquisition.
9. Your disclosure indicates that you acquired ‘various oil interests that were previously sold by Granite Energy.’ Please clarify who owned the interest in the oil and gas properties that you acquired on December 1, 2008 and explain their relationship to Granite.
