Please respond to these comments within ten business days by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

Selected Financial Data, page 1

1. We note your disclosure of selected financial data for years 2010 through 2012 under US GAAP and for years 2013 and 2014 under IFRS. In future filings in which you include selected financial data presented in accordance with US GAAP, please confirm to us that you will include narrative footnote disclosures describing the differences between US GAAP and IFRS and will also caution readers that some of the items presented may not be comparable between US GAAP and IFRS, as applicable. In addition, please confirm that you will not present the US GAAP and IFRS financial data side-by-side.

Note 5. Acquisitions

Osisko Mining Corporation, page 25

2. We note from the purchase price allocation included on page 26 of your financial statements that goodwill of \$543,444 was recognized in your financial statements in connection with the joint acquisition of Osisko. Please revise future filings to disclose the amount of this goodwill that is expected to be deductible for tax purposes. Refer to the disclosure requirements outlined in paragraph B64(k) of IFRS 3. Please provide us with your proposed disclosures as part of your response.

Note 17. Equity, page 44

3. We note that the numerators used in calculating your basic and diluted earnings per share for fiscal year 2014 are not the same. Please revise future filings to include a reconciliation of the numerators used in computing your basic and diluted earnings per share as required by paragraph 70(a) of IAS 33. This reconciliation should disclose the individual effects of each class of instruments that affects your earnings per share. Please provide us with your proposed disclosure as part of your response.

Note 29. Transition to IFRS, page 69

4. We note that you do not address the mandatory exceptions, as set forth in paragraphs 14-17 and Appendix B of IFRS 1 that you applied upon adoption of IFRS. To the extent that your consolidated financial statements reflect the use of mandatory exceptions, please identify for us the items or class of items to which the exceptions were applied and describe to us the accounting principle that was used and how it was applied. In addition, to the extent material, also qualitatively describe the impact on the financial condition, changes in financial condition and results of operations that the treatment specified by IFRS would have had absent the election to rely these mandatory exceptions.

Exhibit 99.3 – Management's Discussion and Analysis

5. Please provide us a draft disclosure for future filing describing the nature of your purchase commitments. In addition, we note that your joint arrangement with Yamana is accounted for as joint operation under IFRS 11. Please clarify whether these purchase commitments also include those associated with your joint operations.
