1. Please clarify for us, with a view toward disclosure in future filings, how the annual short term incentive amount is determined for each named executive officer. We note the formula provided on page 30; however, it is unclear what the "Target STIP Percent" is and how it and the various payout factors are determined, including the extent to which they are related to the achievement of any goals identified with respect to the various metrics listed in the table. Please also clarify what the "Performance %" depicted in the table at the end of the page is, how it is determined, and how it relates to the weighting and payout factors.
