**REVISED PROXY STATEMENT**

---

</R>

**ABOUT THE MEETING**

<R>

This revised proxy statement contains information relating to the annual meeting of stockholders of CanArgo Energy Corporation (the “Company”) to be held on May 9, 2005, beginning at 3.00 p.m., at the offices of American Stock Exchange 86 Trinity Place, New York NY10006, and at any postponements or adjournments thereof. A proxy statement was mailed to all stockholders by April 13, 2005 at the direction of the Board of Directors of the Company which contained a proposal relating to the approval of a Change of Control Stock Option Plan (Proposal 2). As was announced by the Company in a Press Release dated April 21, 2005, the Company has withdrawn Proposal 2.

</R>

**ABOUT THE MEETING**

**What is the purpose of the annual meeting?**

<R>

At our annual meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors and such other matters as may be properly brought before the meeting. In addition, management will report on the performance of the Company and respond to questions from stockholders.

</R>

**Who is entitled to vote at the meeting?**

Only stockholders of record at the close of business on March 14, 2005, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting and at any postponements or adjournments thereof. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

**What are the voting rights of the holders of the Company’s Common Stock?**

Each outstanding share of the Company’s common stock will be entitled to one vote on each matter considered at the meeting.

**Who can attend the meeting?**

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 2.30 p.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver’s license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

**What constitutes a quorum?**

The presence at the meeting by proxy of the holders of a majority of the aggregate voting power of the common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 197,766,338 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 98,883,170 votes will be required to establish a quorum.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

**How do I vote?**

<R>

With the exception of Proposal 2 which has been withdrawn, if you complete and properly sign the proxy card that has been sent to you and return it as directed on the form, it will be voted as you direct. A properly

</R>

signed and dated proxy card which does not specify any voting directions will be voted in accordance with the recommendations of the Board.

Because the Company’s stock is traded on the American and the Oslo Stock Exchanges, two separate forms of substantially identical proxy cards are being mailed out to stockholders depending upon the manner in which stockholders hold their stock, that is, generally, to stockholders who hold their shares in registered or “street name” form and to those stockholders whose shareholdings are registered in the Verdipapirsentralen (“VPS”) system used in Norway. Please note that the appropriate proxy card must be received by the party listed on the proxy card as receiving your completed, dated and signed proxy (i.e., Signature Stock Transfer, Inc. or Registrars Department, Den Norske Bank, ASA, respectively) by the date and time set forth therein in order for the proxy to be counted in time to be voted at the annual meeting.

Shareholders who have previously submitted properly completed, dated and signed proxy cards which were mailed with the original proxy statement dated March 18, 2005 should note that their votes with respect to Proposal 2 regarding the Change of Control Stock Option Plan will be disregarded and not voted since that Proposal has been withdrawn by the Company. The remaining Proposal 1 regarding the election of the nominees for directors remains unchanged and the votes of shareholders on this Proposal set forth on previously submitted proxies will be counted. Proxies which have previously been submitted by shareholders may be revoked by them by giving written notice of such revocation to the Secretary of the Company, by duly executing another proxy bearing a later date, or by attending the meeting and voting in person.

**What if my shares are held in “Street Name”?**

We will request brokerage firms, bank nominees and other institutions that act as nominees or fiduciaries for owners of common stock, to forward this proxy statement and proxies to persons for whom they hold shares and to obtain authorization for the execution of proxies. If your shares of common stock are held in the name of a brokerage firm, bank or other nominee, only it can sign a proxy with respect to your shares. Accordingly, you will not be able to vote your shares in person if you attend the meeting. Instead, please contact the person responsible for your account and give instructions for a proxy representing your shares to be signed and voted as you direct.

If you hold your shares in “street name” through a broker, bank or other nominee, your broker, bank or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker, bank or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such “broker non-votes” will, however, be counted in determining whether there is a quorum present at the meeting.

**Can I change my vote after I return my proxy card?**

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date, provided that you were a stockholder of record on the record date.

**What are the Board’s recommendations?**

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board’s recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote **For** election of the nominated slate of directors (see Proposal 1).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, at their own discretion. If you sign your proxy but fail to mark your vote, your shares shall be voted in favor of all the proposals.

**What vote is required to approve each item?**

***Election of Directors.*** The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked “Withhold authority” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

***Other Items.*** For each other item, the affirmative vote of the holders of a majority of the shares represented at the meeting in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked “Abstain” with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

<R>

**Why was Proposal 2 Withdrawn?**

<R>  
<R>

We withdrew Proposal 2 regarding the approval of the Company’s Change of Control Stock Option Plan for further review as a result of the expressed views and concerns of our shareholders. Management has indicated its intention to revise the Proposal to become more aligned with the interests of shareholders and for it to be proposed at a later date.

<R>

See “Proposal 1.—Election of Directors” for biographical information regarding the Directors.

**Liz Landles**, a resident of Guernsey, was appointed Corporate Secretary on August 1, 2002, having served as Assistant Corporate Secretary of the Company since December 2000. Mrs Landles also acts as the Company’s Administration Manager and is responsible for organising the Company’s administrative activities. Mrs Landles has worked for the Company since October 1997, principally in an administrative role and more recently as a Director of some of the Company’s subsidiaries. She holds an Advanced Diploma of Business Administration and is a Fellow of The Institute of Business Administration (FInstBA).

Directors hold office until the next annual meeting of stockholders and until their respective successors are duly elected and qualified. Officers serve at the pleasure of the Board of Directors.

The Company’s Board of Directors held ten meetings during the year ended December 31, 2004. No director has attended less than 75% of all meetings of the Board and those Committees on which he served in 2004.

The Board of Directors has standing Audit and Compensation Committees. The Board of Directors has not designated a nominating committee, the functions of such committee being performed by a majority of the independent directors.

***Audit Committee.*** The functions of the Audit Committee are described below under the heading “*Report of the Audit Committee.*” The charter of the Audit Committee is attached to this proxy statement as Annex I and is available on the Company’s website ([www.canargo.com](http://www.canargo.com)). The Audit Committee met four times during fiscal 2004.

The members of the Audit Committee at the end of 2004 were Michael Ayre (Chairman of the Audit Committee), Russ Hammond and Nils Trulsvik. All of the members of the Audit Committee are independent within the meaning of SEC regulations and the listing standards of the American Stock Exchange. Mr Ayre, the Chairman of the Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined, in the exercise of its business judgment, that he has accounting and related financial management expertise within the meaning of the listing standards of the American Stock Exchange.

**Compensation Committee.** The members of the Compensation Committee at the end of 2004 were Nils Trulsvik and Russ Hammond. The function of the Compensation Committee is described in “*Executive Compensation*” below, under the heading “*Compensation Committee Report on Executive Compensation.*” In fiscal 2004, the Compensation Committee met 3 times. All of the members of the Committee are independent within the meaning of the listing standards of the American Stock Exchange.

***How does the Board select nominees for the Board?***

The Board does not have a nominating committee, the functions of which are performed by a majority of the independent directors who consider candidates for Board membership suggested by Board members, as well as management and stockholders and make recommendations for the Board’s selection. The Board may also retain a third-party executive search firm from time to time if it believes such engagement is advisable in order to identify suitable candidates. A shareholder who wishes to recommend a prospective nominee for the Board should notify any independent director in writing with whatever supporting material the shareholder considers appropriate.

Once the independent directors have identified a prospective nominee, the Board makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Board with the recommendation of the prospective candidate, as well as the Board’s own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or to expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Board determines, in consultation with the independent directors and other Board members as appropriate, that additional consideration is warranted, it may request the third-party search firm to gather additional information about the prospective nominee’s background and experience and to report its findings to the Board. The Board then evaluates the prospective nominee against the following standards and qualifications, including:

- the prospective nominee’s standards of integrity, commitment and independence of thought and judgment;
- the prospective nominee’s ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee’s service on other public company boards;
- the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board; and
- the extent to which the prospective nominee helps the Board reflect the diversity of the Company’s stockholders, employees, customers and communities in which the Company operates.

The Board also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Board determines whether to interview the prospective nominee, and if warranted, one or more members of the Board, and others, including members of management, as appropriate. After completing this evaluation and interview, the Board determines the nominees after considering the recommendations and views of the directors and others as appropriate. The Board has adopted Resolutions addressing the nominations process and such related matters as may be required under U.S. federal securities laws and the rules of the American Stock Exchange (the “Exchange”). A copy of the Resolutions is attached as Annex II and is available on the Company’s website ([www.canargo.com](http://www.canargo.com)).

The Company has not received any nominations for director(s) from stockholders in connection with the forthcoming meeting.

***How does the Board determine which directors are considered independent?***

On April 21, 2004, the common stock began trading on the Exchange. In connection with its common stock listing the Company became subject to the new listing standards adopted by the Exchange. The full text of the American Stock Exchange requirements can be found on its website ([www.amex.com](http://www.amex.com)).

Pursuant to Exchange requirements, the Board undertook its annual review of director independence in February 2005. During this review, the Board considered transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates, including those reported under “*Certain Relationships and Related Transactions*” below. The Board also examined transactions and relationships between directors or their affiliates and members of the Company’s senior management or their affiliates. As provided in the Exchange requirements, the purpose of this review

was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that other than for David Robson and Vincent McDonnell all of the directors nominated for election at the annual meeting are independent of the Company and its management under the standards set forth in the requirements of the Exchange. In addition, as further required by the exchange’s listing standards, the Board has made an affirmative determination as to each independent director that no material relationships exist between any non-management director and the Company which, in the opinion of the Board, would interfere with the exercise of their independent judgment. David Robson and Vincent McDonnell are considered inside directors because of their employment as senior executives of the Company. We provide additional information regarding Mr Hammond under “*Certain Relationships and Related Transactions*” below.

***How are non-employee directors compensated?***

**Base Compensation.** In 2004 the Company paid directors’ fees on an adjusted quarterly basis at a rate of £30,000 Pounds Sterling (£) per year plus £1,000 for each meeting of the Audit Committee that they attend, as adjusted for a one time increase in fees payable in U.S. dollars that occurred in September 2004 (using an exchange rate of £1 = \$1.927 as at December 31, 2004 (as quoted on [www.oanda.com](http://www.oanda.com))). The Company also reimburses ordinary out-of-pocket expenses for attending Board and Committee meetings. Directors who are also employees of the Company receive no additional compensation for service as a director. The Company does not provide retirement benefits to directors under any current program.

**Options.** Each non-employee director that was serving in 2004 received options to purchase 255,000 shares of the Company’s common stock in fiscal 2004. Each option grant, vesting over two years in three equal tranches with the first tranche vesting immediately and having a seven-year term, permits the holder to purchase shares at \$0.65, which exceeded their fair market value on the date of grant, which was \$0.59 in the case of options granted in 2004. All of these options must be exercised within three months of termination, but in no event longer than the original expiration date of the option. Michael Ayre also received options to purchase 250,000 shares of the Company’s common stock on joining the Board of Directors in March 2004. These options vested immediately and have a five year term, with an option price of \$1.00.

The following table shows the compensation paid to all persons who were non-employee directors, including their respective affiliates, during the fiscal year ended December 31, 2004:

Name	Directors Fees and Other Compensation*	Payments	Options and Warrants Granted
	\$	\$	
Russ Hammond	\$ 140,518(1)	—	255,000
Nils Trulsvik	\$ 140,518(1)	—	255,000
Michael Ayre	\$ 128,956(1)		505,000

(1) Using December 31, 2004 exchange rate of £1 = \$1.927 (as quoted on [www.oanda.com](http://www.oanda.com))  
\* The Directors compensation included a one time adjustment to their Directors’ fee in the amount of \$75,000 which was paid in US Dollars (\$). The balance of their compensation was paid in Pounds Sterling (£).

***Certain Relationships and Related Transactions***

Dr David Robson, Chief Executive Officer, provides all of his services to the Company through Vazon Energy Limited of which he is the Managing Director. See “*Executive Compensation — Management Agreements*” below for a description of Vazon Energy Limited’s agreement with the Company.

Mr Russ Hammond, a non-executive director of the Company, is also an Investment Advisor to Provincial Securities Limited who became a minority shareholder in the Norio and North Kumisi (Block XI<sup>c</sup>) Production Sharing Agreement through a farm-in agreement to the Norio MK72 well. On September 4, 2003 the Company concluded a deal to purchase Provincial Securities Limited’s minority interest in CanArgo Norio Ltd by a share swap for shares in the Company. The purchase was achieved by issuing 6 million restricted common shares in the Company to the minority interest holders in CanArgo Norio Ltd. Of the interests in CanArgo Norio Ltd, Provincial Securities Limited owned 4% and received 2,234,719 shares of the Company’s common stock. Provincial Securities Limited also has an interest in Tethys Petroleum Investments Limited, a company in which the Company holds a 45% interest, which was established to develop potential projects in Kazakhstan. Mr Hammond did not receive any compensation in connection

with these transactions and disclaims any beneficial ownership of any shares of Company common stock received by Provincial Securities Limited. Mr. Julian Hammond, Mr. Hammond’s son, is employed by the Company as consultant providing investor relations services at an annual salary of £64,800 Pounds Sterling (£).

Transactions with affiliates or other related parties including management of affiliates are to be undertaken on the same basis as third party arms-length transactions. Transactions with affiliates are reviewed and voted on solely by the Audit Committee.

***How do stockholders and employees communicate with the Board and the Audit Committee?***

Stockholders and other parties interested in communicating directly with the non-management directors as a group may do so by writing to: Nils Trulsvik c/o The Corporate Secretary, CanArgo Energy Corporation, PO Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles in an envelope marked “Confidential”. The Corporate Secretary of the Company will promptly forward to Mr. Trulsvik all such correspondence. In addition, if you wish to communicate generally with the Board you may do so by writing to: The Corporate Secretary, CanArgo Energy Corporation, PO Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles. The Corporate Secretary of the Company reviews all such non-confidential correspondence and regularly forwards to the Board a summary of all correspondence as well as copies of all correspondence that, in the opinion of the Corporate Secretary, deals with the functions of the Board or its Committees or that she otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by the Company that is addressed to members of the Board and request copies of any such non-confidential correspondence. Any shareholder and employee may submit at any time a good faith complaint regarding any questionable accounting, internal controls or auditing matters concerning the Company without fear of dismissal or retaliation of any kind. All such complaints are immediately brought to the attention of the Company’s internal audit department and handled in accordance with procedures established by the Audit Committee with respect to such matters. Confidential, anonymous reports may be made by writing to the Chair of the Audit Committee, c/o The Corporate Secretary, CanArgo Energy Corporation, PO Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles, in an envelope marked “Confidential”.

***Does the Company have a Code of Ethics?***

The Company has a single *Code of Business Conduct and Ethics*, which sets forth the Company’s standards of expected business conduct and which is applicable to all employees, including the chief executive officer, the principal financial officer, principal accounting officer or controller, and persons performing similar functions (each a “Principal Officer”), as well as the directors of the Company. A copy of the Company’s *Code of Business Conduct and Ethics* is available on the Company’s website ([www.canargo.com](http://www.canargo.com)). The Company intends to post amendments to or waivers from its *Code of Business Conduct and Ethics* (to the extent applicable to or affecting any Principal Officer) at this location on its website.

**AUDIT COMMITTEE REPORT**

*The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.*

The Audit Committee of the Board of Directors is responsible for the review and oversight of the Company’s performance with respect to its financial responsibilities and the integrity of the Company’s accounting and reporting practices. The Audit Committee, in its capacity as a Committee of the Board of Directors, is also responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolution of disagreements between management and the auditor regarding financial reporting), and each such registered public accounting firm must report directly to the Audit Committee. The Board of Directors has determined that the members of the Audit Committee are independent in accordance with American Stock Exchange listing standards and are financially literate, as required by such requirements, as such qualification is interpreted by the Board of Directors in its business judgment. The Audit Committee is composed of three non-employee directors and operates under a written charter, a copy of which is attached as Annex I.

The Company, not the Audit Committee or the independent auditor, is responsible for the preparation of its financial statements and its operating results and for the appropriate safekeeping of the Company’s assets.

The independent auditor’s responsibility is to attest to the fair presentation of the financial statements. The role of the Audit Committee is to be satisfied that both the Company and the independent auditor discharge their respective responsibilities effectively. However, no member of the Audit Committee is professionally engaged in the practice of accounting or auditing of the Company’s accounts, including with respect to auditor independence. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

The Audit Committee held four meetings during the fiscal year 2004. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, the Company, and the Company’s independent auditors, L J Soldinger Associates LLC. The Audit Committee discussed with L J Soldinger Associates LLC the overall scope and plan for their audit, and met with L J Soldinger Associates LLC, with and without management present. The Audit Committee has reviewed and discussed the audited financial statements with management.

The Audit Committee also discussed with the independent auditors matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company’s consolidated financial statements, the Company’s internal accounting controls and the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, “*Communication with Audit Committees*”.

The Company’s independent auditors also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, “*Independence Discussions with Audit Committee*”, and discussed their independence from the Company. The Audit Committee also reviewed, among other things, the amount of fees paid to PricewaterhouseCoopers LLP and L J Soldinger Associates LLC for audit and non-audit services.

In accordance with the rules of the SEC, the following chart outlines fees billed during the years ended December 31, 2004 and December 31, 2003 by L J Soldinger Associates LLC:

SERVICES PERFORMED	2004	2003
Audit Fees(1)	\$527,645	\$177,316

## EXECUTIVE COMPENSATION

### Compensation Committee Report on Executive Compensation

*The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.*

The Compensation Committee of the Board has furnished the following report on executive compensation for fiscal 2004.

#### *The Committee's Responsibilities*

The Compensation Committee of the Board of Directors is composed entirely of non-employee directors. The Compensation Committee is responsible for setting and administering policies which govern the Company's executive compensation programs. The purpose of this report is to summarize the compensation philosophy and policies that the Compensation Committee applied in making executive compensation decisions in 2004.

#### *Compensation Philosophy*

The Compensation Committee has approved compensation programs intended to:

- Attract and retain talented executive officers and key employees by providing total compensation competitive with that of other executives employed by companies of similar size, complexity and lines of business;
- Motivate executives and key employees to achieve strong financial and operational performance;
- Emphasize performance-based compensation, which balances rewards for short-term and long-term results;
- Reward individual performance;
- Link the interests of executives with stockholders by providing a significant portion of total pay in the form of stock incentives; and
- Encourage long-term commitment to the Company.

The Compensation Committee held three meetings during fiscal 2004

#### *Stock Based Compensation Plans*

At December 31, 2004, stock options and warrants had been issued from the following stock based compensation plans:

- 1995 Long-Term Incentive Plan. Adopted by the Company in February 1996, this plan allows for up to 7,500,000 shares of the Company's common stock to be issued to officers, directors, employees, consultants and advisors. As of December 31, 2004, 2,931,500 options issued under this plan were outstanding;
- Amended and Restated CEI Plan. Adopted by the Company following the acquisition by the Company of CanArgo Oil & Gas Inc. in 1998, this plan allowed for 988,000 shares of the Company's common stock to be issued to employees, consultants and advisors. As of December 31, 2004, 525,000 options issued under this plan were outstanding;

- Special Stock Options and Warrants. Adopted by the Company in September 2000, this plan was created to allow the Company to retain and provide incentives to existing executive officers and directors and to allow recruitment of new officers and directors following the Company's decision to relocate finance and administrative functions from Calgary, Canada, to London, England. As of December 31, 2004, 1,928,333 special stock options and warrants issued under this plan were outstanding; and
- 2004 Long Term Stock Incentive Plan. Adopted by the Company in May 2004, this plan allows for up to 10,000,000 shares of the Company's common stock to be issued to officers, directors, employees, consultants and advisors. As of December 31, 2004, 5,088,000 options issued under this plan were outstanding.

#### *Compensation Methodology*

Each year the Compensation Committee reviews data from market surveys, proxy statements issued by competitors and independent consultants to assess the Company's competitive position with respect to the following three components of executive compensation:

- base salary;
- annual incentives; and
- long-term incentives.

The Compensation Committee also considers individual performance, level of responsibility, and skills and experience in making compensation decisions for each executive.

#### *Components of Compensation*

Base Salary: Base salaries for executives are determined based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions obtained from market surveys, and competitive data obtained from consultants and staff research. The goal for the base pay component is to compensate executives at a level which approximates the median salaries of individuals in comparable positions with comparable companies in the oil and gas industry. The Compensation Committee approves all salary increases for executive officers.

Long-Term Incentive Compensation: The Compensation Committee has structured long-term incentive compensation to provide for an appropriate balance between rewarding performance and encouraging employee retention. Long-term incentives are granted primarily in the form of stock options. The purpose of stock options is to align compensation directly with increases in shareholder value. The number of options granted is determined by reviewing survey data to determine the compensation made to other executives and management employees in comparable positions with comparable companies in the oil and gas sector. In determining the number of options to be awarded, the Compensation Committee also considers the grant recipient's qualitative and quantitative performance, the size of stock option awards in the past, and expectations of the grant recipient's future performance.

In 2004, the Compensation Committee approved the grant of a series of new stock options to a broad range of employees and officers. The stock option awards were granted under the various available Company plans.

#### *Compliance with Section 162(m) of the Internal Revenue Code*

Under Section 162(m) of the Internal Revenue Code, the Company may not deduct annual compensation in excess of \$1 million paid to certain employees; generally its Chief Executive Officer and its four other most highly compensated executive officers, unless that compensation qualifies as performance-based compensation. While the Compensation Committee intends to structure performance-related awards in a way that will preserve the maximum deductibility of compensation awards, the Compensation Committee may from time to time approve awards which would vest upon the passage of time or other compensation which would not result in qualification of those awards as performance-based compensation. It is not anticipated that compensation realized by any executive officer under the Company's plans and programs now in effect will result in a material loss of tax deductions.

*Compensation of the Chief Executive Officer*

The Compensation Committee annually reviews the compensation of the Chief Executive Officer. The Chief Executive Officer participates in the same programs and receives compensation under the same programs as other executives. However, the Chief Executive Officer’s compensation reflects the greater policy and decision-making authority that the Chief Executive Officer holds and the higher level of responsibility he has with respect to the strategic direction of the Company and its financial and operating results. For 2004, the components of Dr. Robson’s compensation were:

- *Base Salary:* After considering the Company’s overall performance and competitive practices, and the signing of a new contract, the Compensation Committee approved a base salary of £175,000 for Dr. Robson, effective January 1, 2004.
- *Performance Bonus:* In September 2004, the Compensation Committee, after considering the overall performance of the Company, awarded the Chief Executive Officer a performance bonus of \$150,000. There is no defined Short-Term Incentive scheme for the Chief Executive Officer, and any bonus is at the discretion of the Compensation Committee. Under Dr. Robson’s previous contract a quarterly Short-Term Incentive scheme was in place. This was replaced by a discretionary scheme in his new contract.

It is the Compensation Committee’s intention that, when taken together, the components of Dr. Robson’s pay, including base salary, performance, annual incentives, short-term incentive opportunity and long-term incentives, will result in compensation which approximates compensation paid by companies of similar size in the same industry.

This report has been provided by the Compensation Committee.

**Nils Trulsvik, Chairman.**  
**Russ Hammond**

**Compensation Committee Interlocks and Insider Participation**

During 2004, the Company’s Compensation Committee consisted of Nils Trulsvik and Russ Hammond, both currently independent non-employee directors. See the section entitled “*Certain Relationships and Related Transactions*”.

The Service Agreement contains a restrictive covenant in terms of which Mr. McDonnell will not during his employment or for a period of 12 months following the termination of his employment (without the prior written consent of the Company) directly or indirectly compete with the Company in the Restricted Area (as defined in the Service Agreement), solicit or induce any critical employee of the Company to terminate their employment, employ or otherwise engage any critical employee in any competing business with the Company or solicit or induce any government body or agency or any third party in the Restricted Area to cease to deal with the Company.

Under the terms of the Service Agreement, Mr. McDonnell has a duty not to disclose any confidential information of the Company and he must use such information solely for the benefit of the Company. Mr. McDonnell has a contractual obligation under his Service Agreement to disclose and deliver to the Company for its exclusive use and benefit any inventions as a direct result of work performed for the Company.

In terms of benefits, the Company will contribute 9% of Mr. McDonnell’s basic salary into a personal pension. Mr. McDonnell is further entitled to be provided with life assurance with death cover of four times his annual salary, permanent health insurance and family health care insurance.

The Service Agreement does not contain any “gross-up” provisions for “excess parachute” payments, severance payments or provisions requiring Mr. McDonnell’s nomination to the Board of the Company.

Option Grants during the Year Ended December 31, 2004

The following table sets forth information concerning options granted to the Named Officers who were employed during the year ended December 31, 2004.

Name	Number of Securities Underlying Options Granted	% of Total Options Granted to Employees in 2004	Exercise Price	Date	Grant Date Present Value (2)	
					Per Share	Expiration Total
David Robson (1)	1,500,000	24%	\$ 0.65	Sep 24, 2011	\$ 0.52	\$780,000
Vincent McDonnell (1)	900,000	14%	\$ 0.65	Sep 24, 2011	\$ 0.52	\$468,000
Liz Landles (1)	510,000	8%	\$ 0.65	Sep 24, 2011	\$ 0.52	\$265,200

- (1) The options were granted at an exercise price of \$0.65 at the time of issue. All the options vest over two years from the date of issue, 1/3 vesting immediately, 1/3 after 1 year and 1/3 after 2 years.

(2) The hypothetical value of the options as of their date of grant has been calculated using the Black-Scholes option pricing model, as permitted by SEC rules, based upon a set of assumptions set forth in the following table. It should be noted that this model is only one method of valuing options, and the Company’s use of the model should not be interpreted as an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock over the option exercise price at the time of exercise.

<i>Exercise Price</i>	<i>Dividend Yield</i>	<i>Volatility</i>	<i>Risk-Free Interest Rate</i>	<i>Expected Term</i>
\$0.65	0.00%	102%	3.69%	7 Years

The approach used in developing the assumptions upon which the Black-Scholes valuations were calculated is consistent with the requirements of Statement of Financial Accounting Standards No. 123, “*Accounting for Stock-Based Compensation.*”

Pursuant to the terms of the Company’s various stock option plans, the Compensation Committee may, subject to each plan’s limits, modify the terms of outstanding options, including the exercise price and vesting schedule thereof. These values are not intended to forecast future appreciation of the Company’s stock price. The actual value, if any, which an executive officer may realize from his options (assuming that they are exercised) will depend solely on the increase in the market price of the shares acquired through option exercises over the exercise price, measured when the shares are sold.

Equity Compensation Plans

The following table sets forth information concerning equity compensation plans adopted by the Company as at December 31, 2004.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities that remain available for future Issuance under equity compensation plans (excluding securities reflected in column (a))

Equity compensation plans not approved by security holders	1,928,333	\$ 0.71	—
Total	10,472,833	\$ 0.54	4,915,419

The following is a brief summary of our four existing equity compensation plans and arrangements: the 1995 Long-Term Incentive Plan; the CEI Plan, the Special Stock Options and Warrants and the 2004 Long Term Stock Incentive Plan. The Special Stock Options and Warrants Plan is the sole equity compensation plan of the Company that has not been approved by our stockholders.

**1995 Long-Term Incentive Plan.** The 1995 Plan was approved by our stockholders at the annual meeting of stockholders held on February 6, 1996. This Plan allows for up to 7,500,000 shares of the Company’s

common stock to be issued to officers, directors, employees, consultants and advisors pursuant to the grant of stock based awards, including qualified and non-qualified stock options, restricted stock, stock appreciation rights and other stock based performance awards. As of December 31, 2004, options to acquire an aggregate of 2,931,500 shares of common stock had been granted under this Plan and were outstanding, 2,414,000 of which are currently vested. The plan expires on November 13, 2005.

<R>

**The Amended and Restated CanArgo Energy Inc. Plan (the “CEI Plan”).** The CEI Plan (sometimes known as the CAOG Plan) was adopted by the Company’s Board of Directors on September 29, 1998. All Options outstanding under the Plan as of July 15, 1998 were assumed by the Company pursuant to the terms of an Amended and Restated Combination Agreement between the Company and CanArgo Energy Inc. dated February 2, 1998 which was approved by the Company’s stockholders on July 8, 1998. This Plan allowed for up to 1,250,000 shares (of which only 988,000 shares were registered) of the Company’s common stock to be issued to any director or full-time employee of the Company or a subsidiary of the Company.

The Company’s Compensation Committee have the authority to determine the number of shares subject to each option, the option price, the expiration date of each option, the extent to which each option is exercisable during the term of the option and the other terms and conditions relating to each such option. As of December 31, 2004, five year options to acquire an aggregate of 525,000 shares of common stock had been granted under this Plan and were outstanding, all of which are currently 100% vested.

**Special Stock Options and Warrants.** This plan was created to allow the Company to retain and provide incentives to existing executive officers and directors and to allow retirement of new officers and directors following the Company’s decision to relocate finance and administration functions from Calgary, Canada, to London, England. As of December 31, 2004, special stock options and warrants issued under this plan exercisable for an aggregate of 1,928,333 shares of common stock were outstanding, subject to customary anti-dilution adjustments.

The Special Stock Options were granted on September 1, 2000 at an exercise price of \$1.437 per common share. They expire on September 1, 2005 and vested 1/2 on or after March 1, 2001, 1/4 on or after March 1, 2002 and 1/4 on or after March 1, 2003. The exercise period has been extended for serving directors and personnel by the Company’s Board of Directors.

The Special Stock Purchase Warrants were granted on September 1, 2000 at an exercise price of \$1.27. They expire on September 1, 2005 and vested 100% on March 1, 2001. Under the terms of the plan the expiration date of the plan has been extended for serving directors by the Company’s Board of Directors.

Neither the Special Stock Options nor the Special Stock Purchase Warrants qualify as “Incentive Stock Options” within the meaning of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder. Accordingly, upon exercise, the holders of such options and warrants would be taxed on the same basis as holders of non-qualified stock options.

**2004 Long Term Stock Incentive Plan.** The 2004 LTSIP was approved by our stockholders at the annual meeting of stockholders held on May 18, 2004. This Plan allows for up to 10,000,000 shares of the Company’s common stock to be issued to officers, directors, employees, consultants and advisors pursuant to the grant of stock based awards, including qualified and non-qualified stock options, restricted stock, stock appreciation rights and other stock based performance awards. As of December 31, 2004, seven year options to acquire an aggregate of 5,088,000 shares of common stock had been granted under this Plan and were outstanding, 1,696,000 of which are currently 100% vested. The 2004 Long Term Stock Incentive Plan will expire on May 17, 2014, although the Board of Directors may terminate the 2004 Long Term Stock Incentive Plan at any time prior to that date.

The above description of the 1995 Long-Term Incentive Plan is qualified in its entirety by reference to the copy of the plan filed as an exhibit to the Forms S-8 covering the Plan filed by the Company with the SEC on April 19, 1996, September 2, 1999 and September 21, 2001. **“Householding” of Proxy Materials.** The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Corporate Secretary, CanArgo Energy Corporation, P.O Box 291, St. Peter Port, Guernsey, GY1 3RR, British Isles or by facsimile to +44 1481 729 982.

## **CanArgo Energy Corporation**

### **AUDIT COMMITTEE CHARTER**

The Audit Committee of CanArgo Energy Corporation (the “Company”) is a standing committee of the Board of Directors whose primary function is to carry out a detailed and thorough review of audit matters, to be responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (including resolution of disagreements between management and the auditor regarding financial reporting), to consider and approve related party transactions and to offer the Company’s auditors, Stockholders and employees a direct link to the non-executive Directors. This Committee will assist the Board in fulfilling its oversight responsibilities by reviewing the financial information which will be provided to the Stockholders and others, the internal control structure, the audit process, and adherence to applicable laws and regulations. Given the growing size and complexity of the Company, the Committee will apply reasonable materiality standards to all of its activities.

The Committee shall be solely comprised of independent members of the Board of Directors. The Board shall appoint Committee members and the Committee Chairman. There shall be not less than three members of the Committee. For purposes hereof, “independent” shall mean a director who both meets the American Stock Exchange and the Securities and Exchange Commission’s definition of independence as determined by the Board in its business judgment. Each member of the Audit Committee shall be financially literate and at least one member of the Audit committee shall have accounting or related financial management expertise, both as the Board interprets such qualifications in its business judgment. Also, at least one member of the Audit Committee shall meet the Securities and Exchange Commission’s definition of an “audit committee financial expert”, as determined by the Board in its business judgment. One member may satisfy both qualifications.

The Committee shall meet at least quarterly. No meeting shall be held unless a quorum of members is present. A majority of the members shall constitute a quorum. The Committee may ask members of management or others to attend meetings and provide pertinent information as necessary. The meetings may be in person or telephonically.

The Committee shall have the power to conduct or authorize investigations into any matters within the Committee’s scope of responsibilities. The resources of the Company shall be available to the Committee to carry out its duties and, if needs be, the Committee may (at the Company’s cost) take external professional advice and invite outsiders with relevant experience to attend if necessary.

Specifically, the Committee shall:

1. Retain and terminate the Company’s independent accountants, evaluate the performance and qualifications of the independent auditors and be directly responsible for the appointment, compensation and oversight of the work of any independent registered public accounting firm engaged by the Company. The Committee will also periodically consider the independence of the independent accountants, including an annual review of non-audit services provided and related fees received. This evaluation and review should include the evaluation and review of the lead partner of the independent registered public accounting firm including such partner’s regular rotation as required by law. In making its evaluations, the Audit Committee should take into account the opinions of management and the Company’s internal auditors (or other personnel responsible for the internal audit function) and shall present its conclusions to the Board.
2. Pre-approve all permissible non-audit services and all audit, review or attest engagements, and the compensation, fees and terms for such services provided by the independent auditors. By

approving the audit engagement, an audit service within the scope of the engagement shall be deemed to have been pre-approved. Establish policies and procedures as warranted for the pre-approval of services by the independent auditors and review such proposed services on a periodic basis. The Audit Committee shall also consider whether the independent auditor's performance of permissible non-audit services is compatible with the auditor's independence. The Audit Committee shall also review with the independent auditor the written statement from the auditor, required by the Independence Standards Board, concerning any relationships between the auditor and the Company or any other relationships that may adversely affect the independence of the auditor.

2. Discuss with the external auditors before the annual audit commences the nature, scope and timing of the audit and ensure co-ordination where more than one audit firm is involved.
3. Enquire of management, the independent accountants, the Chief Financial Officer and the Chief Executive Officer about significant risks or exposures to loss or liability facing the Company and enquire as to the steps management has taken to minimize such risks.
4. Consider, in consultation with the independent accountants and the Chief Financial Officer, the combined audit scope and budget to ensure completeness of coverage, reduction in redundant efforts, and the effective use of audit resources.
5. Review with management and the independent accountants:
  - The Company's quarterly and annual financial statements and related footnotes and the independent accountants' report thereon, as applicable, including the Company's specific disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations", the adequacy of the Company's internal controls, including management's evaluation of and report on the Company's disclosure controls and procedures and internal controls, any significant recommendations they may offer to improve disclosure controls and procedures and internal controls, major judgmental areas and significant adjustments resulting from the audit;
  - Any significant reserves, accruals or estimates which may have a material impact on the financial statements, including engineering reserves;
  - Any difficulties or disputes with management encountered by the independent accountants during the course of the audit and any instances of second opinions sought by management;
  - Management letters to the auditors;
  - Other matters related to the conduct of the audit and financial reviews which are communicated to the Committee under generally accepted auditing standards;
  - Review and approve any related party transactions; and
  - Review the performance of the Company's Internal Audit Department and provide a direct line of communication between the Internal Audit Department, the independent accountants and the Board of Directors.
6. Review and recommend approval to the Board of Directors of the inclusion of the Company's financial statements in the Company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and in other public filing documents that require approval of the Board of Directors.

7. Consider and review with the independent accountants, management and the CFO:
  - The adequacy of the Company's internal controls and any significant findings during the year and management's responses thereto; and
  - Any difficulties encountered in the course of the independent accountants' audits, including any restrictions on the scope of their work or access to required information.
8. Consider with management and the independent accountants the possible impact on any pending changes in accounting standards or rules or any significant changes in the Company's accounting policies.
9. Meet periodically with the Company's legal advisor (and other lawyers as required) to review legal and regulatory matters, including any material pending legal proceedings involving the Company and any reports received from regulators that may have a material impact on the Company's financial statements, environmental compliance and financial liabilities or reserves.
10. Meet periodically with the independent accountants in separate executive sessions without any member of the executive management present to discuss any matters that they or the Committee believe should be discussed privately with the Committee.
11. Report Committee actions to the Board of Directors with such recommendations as the Committee may deem appropriate. Minutes will be taken for each Committee meeting which will then be approved at the next meeting.
12. Review with the Chief Financial Officer, legal advisors, and the independent accountants, as appropriate, the results of their review of the Company's monitoring compliance with the Company's Code of Conduct.
13. If appropriate, review any letter to be included in the annual report that describes the "Committee" composition and responsibilities and how they were discharged.
14. Review the annual expense reports of the Chairman, Chief Executive and other key officers.
15. Other Responsibilities:
  - Review the appointment and termination by the Chief Executive Officer of the Chief Financial Officer;

  - Education and training for members of the Committee;
  - Periodic local visits to meet local managers on site;
  - Review with management and the auditors the potential risks facing the Company, the steps management is taking to mitigate such risks, and the adequacy of public disclosure of these risks; and

- If material, recommend the disclosure both to the public and to appropriate regulatory agencies of the results of any such investigation and any remedial actions to be taken by the Company in response thereto.

16. Perform such other duties and responsibilities as may be assigned to the Audit Committee, from time to time, by the Board and/or the Chairman and Chief Executive Officer.

17. Approved Minutes of Committee meetings shall be circulated to all members of the Board.
