FIRST HONOLULU SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – First Honolulu Securities, Inc. (the “Company”) was incorporated in the state of Hawaii on August 30, 1979. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is engaged primarily in the securities trading and brokerage business in the state of Hawaii.

Basis of Presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Recognition of Revenue – The Company follows the revenue recognition guidance that requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies the performance obligation.

Revenues are recognized when control of the promised services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. Revenues are analyzed to determine whether the Company is the principal (i.e., reports revenue on a gross basis) or agent (i.e., reports revenues on a net basis) in the contract. Principal or agent designations depend primarily on the control an entity has over the product or service before control is transferred to a customer. The indicators of which party exercises control include primary responsibility over performance obligations, inventory risk before the good or service is transferred and discretion in establishing the price.

Significant Judgments - The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company’s progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

FIRST HONOLULU SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Leases - The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. At June 30, 2024, the Company did not have any lease obligations, as any potential leased assets are month to month with no written agreement (See Note 5).

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business date as the transaction date. Purchases and sales of securities are also recorded on a trade date basis.

Securities owned - Securities are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, some of the Company's cash is on deposit at one financial institution and the balances at times may exceed the federally insured limit. The Company believes it is not exposed to any risk.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Property and equipment - Depreciation was recorded using the accelerated method over estimated useful lives of the assets ranging from three to five year periods.

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FIRST HONOLULU SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Subsequent Events – Management has evaluated events occurring subsequent to the balance sheet dated September 24, 2024 (the final statement issue date), determining no events require additional disclosure in the financial statements.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Level 1 inputs have been applied to value securities owned.

Securities owned consist of the following:

Description	Fair Values as of June 30, 2024	Fair Value Measurements at Reporting Date Using		
		Level 1	Level 2	Level 3
Equities	\$ 199,634	\$ 199,634	\$ -0-	\$ -0-
Corporate Bonds	202,093	-0-	202,093	-0-
Municipal Bonds	138,394	-0-	138,394	-0-
Total Securities Owned	\$ 540,121	\$ 199,634	\$ 340,487	\$ -0-

FIRST HONOLULU SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 2 - FAIR VALUE MEASUREMENT - *(Continued)*

No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

NOTE 3 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the FINRA, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At June 30, 2024, the Company's net capital and required net capital were \$517,220 and \$100,000, respectively. The ratio of aggregate indebtedness to net capital was 36%.

NOTE 4 - INCOME TAXES

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2021.

The income tax expense and deferred tax benefit for federal income taxes is calculated using the statutory rate of 21%. Current year tax expense attributable to income from operations consists of:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
Federal	\$ 28,504	\$ (122,466)	\$ (93,962)

At June 30, 2024, the corporation has available income tax loss carryforwards and income tax deductions of approximately \$447,440 which are available to reduce future years' taxable income to various dates through 2041. Realization of future tax benefits is dependent upon many factors, including the Company's ability to generate taxable income within the loss carry-forward periods.

FIRST HONOLULU SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 5 - COMMITMENT

The Company rents office space from Aquasearch Investment Partners (AIP), which is owned by certain shareholders of the Company. The Company has no written lease for the office space and is paying \$4,388 per month in rent and maintenance fees, under a month to month agreement. For the year ended June 30, 2024, the Company paid \$50,862 to AIP.

NOTE 6 – SHAREHOLDER AGREEMENT

If any shareholder during his/her lifetime desires to sell his/her shares of stock in the Company, the Company shall have the first right to purchase the stock, except shares owned by any director of the Company. The restrictions shall not apply to any transaction between any of the directors. Upon the death of a shareholder, the Company shall purchase all, and not less than all, of the deceased shareholder's shares of stock in the Company at book value.

NOTE 7 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

Clearing Agreement - To facilitate transactions on the Company's and its customers behalf, the Company has an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/dealer. The customer accounts are therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. The Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions.

The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

FIRST HONOLULU SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 7 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT - *(Continued)*

Under the terms of the agreement the Company is required to deposit \$120,000 in cash or marketable securities with the Clearing Broker/dealer and is prohibited from using other Clearing Broker/dealers for securities transactions unless written consent is given by the Clearing Broker/dealer.

NOTE 8 - LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

The borrowing under subordination agreement at June 30, 2024, is as follows:

Liabilities Pursuant to a Secured Demand Note

Collateral Agreement:

2.00%	Expires December 31, 2024	<u>\$ 200,000</u>
-------	---------------------------	-------------------

Total Subordinated Liabilities	<u>\$ 200,000</u>
--------------------------------	-------------------

The subordinated borrowings are covered by agreements approved by FINRA and are thus available in computing net capital under the Securities and Exchange Commission's Uniform Net Capital Rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

NOTE 9 – REVENUE FROM CONTRACTS WITH CUSTOMERS

In regard to ASC Topic 606, revenue has been disaggregated on the Statement of Operations. For presentation purposes, revenue on the Statement of Operations is disaggregated further than what was presented on the FOCUS filings. No further disaggregation is warranted at June 30, 2024.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors  
First Honolulu Securities, Inc.

We have reviewed management's statements, included in the accompanying exemption report, in which (1) First Honolulu Securities, Inc. identified the following provisions of 17 C.F.R. section 15c3-3(k) under which First Honolulu Securities, Inc. claims an exemption from 17 C.F.R. section 240.15c3-3(k)(2)(ii) (the "exemption provisions") and (2) First Honolulu Securities, Inc. stated that First Honolulu Securities, Inc. met the identified exemption provisions throughout the most recent year ended June 30, 2024 without exception. First Honolulu Securities, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about First Honolulu Securities, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
