Deere & Company increases dividend, strengthens pension plan funding

MOLINE, Illinois (February 25, 2004) – Deere & Company today said that its Board of Directors voted to increase the regular quarterly cash dividend by 27 percent to 28 cents per share, payable May 3, 2004, to shareholders of record on March 31, 2004. At the new level, the indicated annual dividend is \$1.12 per share.

“This action indicates our confidence that we are building a better business and that we can sustain the current momentum,” said Deere & Company Chairman and Chief Executive Officer Robert W. Lane.

The company also announced that it would make a \$1 billion pension plan contribution. Deere elected to make this payment to its U.S. pension plans in order to strengthen their funded status. The contributions will be made from cash on hand and will add approximately \$30 million to net income in 2004. Deere reconfirmed its net income guidance of \$900 million to \$1 billion for the full year.
