General

1. You discuss on page 1 your joint venture with Sinotruk (BVI) Limited, and you disclose in your 2017 Definitive Proxy Statement that Sinotruk (BVI) Limited owns 9.7% of your common stock. We are aware of 2016 and 2017 reports that Sinotruk vehicles carried missiles in military parades in North Korea, and were being used in a North Korean mobile rocket artillery system. We note also that the transcript of a May 18, 2018 House Intelligence Committee Hearing on China's military expansion includes testimony indicating that Sinotruk exports to North Korea parts that country uses in the manufacture of trucks, including trucks built for missile transport, erection and launch. Finally, we are aware of a report that Sinotruk military trucks were spotted in Syria in 2016. North Korea and Syria are subject to U.S. economic sanctions and are designated by the State Department as state sponsors of terrorism. Please address for us the potential for

reputational harm to you as a result of Sinotruk's products reportedly being used in North Korea and Syria for military purposes.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

You may contact Jennifer Hardy, Special Counsel, at (202) 551-3767 or me at (202) 551-3470 if you have any questions about the comments or our review.
