PLANMEMBER SECURITIES CORPORATION

FINANCIAL STATEMENTS and SUPPLEMENTAL INFORMATION
AND
REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
DECEMBER 31, 2020

This report is deemed **PUBLIC**

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder and the Board of Directors of PlanMember Securities Corporation
Carpinteria, California

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of PlanMember Securities Corporation (the Company) as of December 31, 2020, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended, and the related notes to the financial statements (collectively, the financial statements). In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2020, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplementary information contained in Schedules 1, 2, and 3 (the Supplemental Information) has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The Supplemental Information is the responsibility of the Company's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplementary information contained in Schedules 1, 2, and 3 is fairly stated, in all material respects, in relation to the financial statements as a whole.

Hutchinson and Bloodgood LLP

We have served as the Company's auditor since 2018.

PLANMEMBER SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. Nature of business and significant accounting policies

Nature of Business

PlanMember Securities Corporation (the "Company"), a wholly-owned subsidiary of PlanMember Financial Corporation (the "Parent"), is a corporation organized under the laws of the state of California.

The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). All equity securities transactions of the Company and its customers are introduced on a fully disclosed basis and executed and cleared by other broker-dealers.

The Company is engaged primarily in the sale of mutual funds and annuities through the use of full- and part-time representatives. The Company's customers invest their 403(b), individual retirement account or similar retirement plan contributions into managed portfolios, select individual mutual funds, or annuities. The Company earns advisory fees by providing managed portfolio asset allocation services, and administrative fees for recordkeeping and processing services. The Company's operations are primarily conducted with services provided by an affiliated company, PlanMember Services Corporation ("PSC"), a wholly-owned subsidiary of the Parent.

Basis of Presentation and Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

The Company recognizes revenue when: (a) the performance obligation to customers is satisfied; (b) revenue from a performance obligation transferred at a point in time is recognized at the time when the customer obtains control over the promised good or service; (c) revenue from the performance obligation satisfied over time is recognized in a manner that depicts the performance in transferring control of the good or service, which is measured based on time elapsed; (d) payment for the majority of services is considered to be variable consideration, as the amount of revenues may be subject to market conditions; and (e) variable consideration is included in revenue when amounts are not subject to significant reversals.

Commissions are recognized on a trade date basis, and investment advisory, and asset-based fees are recognized as income during the period when the related services are rendered. Commissions are earned for the sale of securities and asset-based fees are earned for providing marketing services to mutual funds. Advisory fees are earned by providing portfolio asset allocation services.

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

Cash and cash equivalents include all cash balances and highly liquid investments, and the Company places its temporary cash investments with a high credit quality financial institution. At times such investments may be in excess of the FDIC insurance limit.

Intangible assets consist of the value allocated to customer contracts and relationships associated with the Company's acquisition of the assets of Interpacific Investor Services in July 2015. Intangible assets are amortized on a straight-line basis over 7 years. The gross carrying value less accumulated amortization for the intangible assets were \$120,000 less \$94,314. The Company evaluates intangible assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable based on the expected undiscounted cash flows attributable to that asset. The amount of impairment is measured as the difference between the carrying value and the fair value of the impaired asset. No impairment charges were recorded during the year ended December 31, 2020.

PLANMEMBER SECURITIES CORPORATION

The Company maintains a clearing deposit with Pershing, LLC, to satisfy the requirement under its clearing agreement. The clearing deposit can only be returned to the Company if the clearing agreement is terminated, or if Pershing determines that the deposit is no longer required. In such event, the clearing deposit would be returned to the Company within 30 days. As of December 31, 2020, the clearing deposit totaled \$100,000, included within other assets on the statement of financial condition.

The Company files a consolidated income tax return with its Parent. The accompanying financial statements provide for income taxes as if the Company filed a separate return. Income taxes are accounted for in accordance with GAAP, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax bases of assets and liabilities.

The Company follows an asset and liability approach to financial accounting and reporting for income taxes. If applicable, deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities and valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

The determination of the Company's provision for income taxes requires judgment in assessing the timing and amounts of deductible and taxable items and the probability of sustaining uncertain tax positions. In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority. At December 31, 2020, management has determined that the Company had no uncertain tax positions that would require financial statement recognition.

The Company files a consolidated income tax return with its Parent in the U.S. federal and various state jurisdictions. Generally, the Parent's tax return is no longer subject to income tax examinations by major taxing authorities for years before 2016. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

2. Net Capital requirements and Cash Segregated for the Benefit of Customers

The Company, as a member of FINRA, is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2020, the Company's net capital was \$10,212,498 which was \$8,406,865 in excess of its minimum requirement of \$1,805,633. The Company's net capital ratio was 2.7 to 1 at December 31, 2020. As of December 31, 2020, cash of \$8,669,836 was segregated in a special account for the benefit of customers under Rule 15c3-3 (k)(2)(i) of the SEC. This balance represents funds in the process of customers' financial transactions.

3. Income taxes

At December 31, 2020, the provision for income taxes consists of current federal and state income taxes of \$1,430,256 and \$673,564, respectively. Included within Payable to Parent on the Statement of Financial Condition is income taxes payable of \$2,103,820.

4. Exemption from Rule 15c3-3

The Company is exempt from the provisions of Rule 15c3-3 (pursuant to paragraph (k)(2)(i) and (k)(2)(ii) of such rule) under the Securities Exchange Act of 1934 as an introducing broker that carries no margin accounts, promptly transmits any customer funds and customer securities to the clearing broker-dealer, does not otherwise hold funds or securities of customers, and effectuates financial transactions between the broker-dealer and the Company's customers through a bank account designated as a special account for the benefit of customers. Operating under such exemption, the Company is not required to prepare a determination of reserve requirements and is not subject to the provisions of Rule 15c3-3 pertaining to the possession or control requirements for brokers and dealers.

PLANMEMBER SECURITIES CORPORATION

5. Commitments and contingencies

In the normal course of business, the Company has been named as a defendant in various matters. Management of the Company believes that the resolution of these matters will not have a material adverse effect on the financial condition, results of operations or cash flows of the Company.

In September 2020, an error was made when allocating within client portfolios. Because of market appreciation, the error produced a \$1.385 million calculated loss to those clients once discovered in December 2020. A liability of \$1.385 million was recorded as of December 31, 2020, and payments were made to clients in January 2021.

6. Related party transactions

Pursuant to an Intercompany Services and Facilities Agreement, the Company pays PSC a monthly administrative fee which covers the Company's share of facilities, personnel, systems, recordkeeping, and marketing services used. Total expense under this agreement for the year ended December 31, 2020 was \$26,425,100. At December 31, 2020, the Company was owed \$397,281 from PSC (an affiliate). Commissions earned from an entity with a non-controlling ownership interest in the Parent was \$5,311,584 for the year ended December 31, 2020.

7. Subsequent Events

Management evaluated subsequent events through March 15, 2021, the date of issuance of the financial statements. There have been no subsequent events that occurred during such period that would require adjustment to or disclosure in the financial statements as of and for the year ended December 31, 2020.
